- (2) If any person without such permission uses any waggon drawn or propelled by a locomotive on any highway to carry weights in excess of those mentioned in section four of the Locomotive Act, 1861, as amended by this Act, or, being the owner of the waggon, permits it so to be used, that person shall be liable for each offence, on summary conviction, to a fine not exceeding ten pounds.
- (3) The proviso to section four of the Locomotive Act, 1861, is hereby repealed, and in lieu thereof it is enacted as follows :—

Provided that the regulation of weight herein mentioned shall not extend to any waggon carrying only one block, plate, cable, roll, vessel of stone or metal, or other single article, being of greater weight than sixteen tons, but the fellies, tires, or shoes of such waggon shall not be less than eight inches in breadth, and any damage arising from the user of any such waggon shall be deemed to be damage caused by excessive weight within the meaning of section twenty-three of the Highways and Locomotives Amendment Act, 1878, as amended by this Act.

The weight unloaded of every waggon drawn or propelled by a locomotive shall be conspicuously and legibly affixed thereon, and every owner not having affixed such weight shall be liable for each offence, on summary conviction, to a fine not exceeding five pounds, and any owner who shall fraudulently affix thereon any incorrect weight shall be liable for each offence, on summary conviction, to a fine not exceeding ten pounds,

3 Limit to number of waggons.

- (1) A locomotive shall not be used on any highway to draw more than three loaded waggons (exclusive of any waggon solely used for carrying water for the locomotive) without the consent, so far as regards highways situated in a municipal borough, of the council of the borough, and, so far as regards highways not so situated, of the county council.
- (2) If any person uses a locomotive in contravention of this section, or being an owner of a locomotive permits it to be so used, that person shall be liable for each offence, on summary conviction, to a fine not exceeding ten pounds.

4 Erection and use of weighing machines.

- (1) Road authorities shall have power to erect in their districts machines for weighing locomotives and loaded waggons drawn by them, and shall have power by their servants to require the persons in charge of such locomotives and waggons to proceed thither for the purpose of having such locomotives and waggons weighed: Provided that the road authority making such requirement shall pay for any loss caused by the delay if the weight should be found to be within the limits authorised by law, and that any person in charge of a locomotive who refuses or neglects to comply with any such requirement shall be liable for each offence, on summary conviction, to a fine not exceeding ten pounds..
- (2) Where a road authority and the engine owner fail to agree as to the amount of compensation to be paid under this section, the differences between them shall be settled by arbitration under the Arbitration Act, 1889.

Where a road authority weighs locomotives and waggons under this section, a certificate of weight shall be given which shall exempt such locomotives and waggons from being weighed during the continuance of that journey.

- (3) For the purposes of this section the council of any county borough and any district council may borrow under and subject to the provisions of the Public Health Act, 1875.

5 Regulations for locomotives passing on highways.

- (1) When a locomotive is passing on any highway—
 - (a) two persons shall be employed in driving or attending to the locomotive; and
 - (b) in the case of any locomotive not being a steam roller another person shall be employed to accompany the locomotive in such a manner as to be able to give assistance to any person with horses or carriages drawn by horses meeting or overtaking the locomotive, and shall give such assistance when required: and
 - (c) when a locomotive is drawing more than three waggons, another person shall be employed for the purpose of attending to the waggons :

Provided that it shall not be necessary in the case of two locomotive plough engines (including their necessary gear) closely following one another, to employ more than five persons in all under the foregoing enactment, but one of these persons shall be employed to accompany the engines and give assistance in manner thereby required.

- (2) So long as the fires of a locomotive are alight, or the locomotive contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any highway although it is stationary.

- (3) The lights required to be carried on a locomotive, whether stationary or passing on any highway, shall be carried between the hours of one hour after sunset and one hour before sunrise during the six months beginning the first day of April in any year, and between sunset and sunrise during the six months beginning the first day of October in any year, and there shall be carried in addition during those hours an efficient red light on the rear of the locomotive, or if it is drawing waggons on the rear of the last waggon, fixed in such a manner as to be conspicuous.
- (4) Every light carried on a locomotive, or on a waggon drawn by a locomotive, shall be fitted with such shutters or other contrivances as will enable the light to be temporarily screened in an effective manner.
- (5) If any of the provisions of this section are not complied with in the case of any locomotive, the owner of the locomotive shall be liable for each offence, on summary conviction, to a fine not exceeding ten pounds.

6 Restriction of locomotive traffic by byelaw.

- (1) The council of a county and of any borough containing, according to the census of one thousand eight hundred and eighty-one, a population of ten thousand or upwards, may by byelaw—
 - (a) prohibit or restrict the use of locomotives on any specified highway in their county or borough on account of the highway being crowded or unfitted for locomotive traffic, or of the inconvenience caused to inhabitants, or of any other reasonable cause; and
 - (b) regulate the use of locomotives and of waggons drawn by locomotives on any highway ; and
 - (c) prohibit or restrict the use of a locomotive on any specified bridge in their county or borough, if they are satisfied that such bridge is unsuited for locomotive traffic, or that such use would be attended with damage to the bridge or danger to the public.

Provided that the council of any such county or borough may, where their byelaw prohibits the use of locomotives on any highway, give special authority for the use of a locomotive on the highway, if in any case it appears necessary for the purpose of the delivery of goods or for any other particular purpose. Provided also that the council of any such county or borough shall not give any such special authority for the use of a locomotive on any bridge except with consent of the person liable to the repair of such bridge, and the council of any such county or borough may with such consent give such special authority subject to payment being made by the person applying for such special authority to the person liable to the repair of such bridge of the cost of temporarily strengthening such bridge on each occasion of such use.

- (2) If any person in charge of a locomotive acts in contravention of any byelaw under this section, and without any such special authority, he shall be liable for each offence on summary conviction, to a fine not exceeding five pounds.
- (3) Any byelaw made under this section shall be subject to confirmation by the Local Government Board, and sections one hundred and eighty-four, one hundred and eighty-five, and one hundred and eighty-six of the Public Health Act, 1875 (which relate to the confirmation, printing, and evidence of byelaws), shall accordingly apply to any byelaws under this section as they apply to byelaws made by a local authority under that Act. Provided that, in addition to the notice of intention to apply for

confirmation of any byelaw which is required by section one hundred and eighty-four of the said Act, notice of such intention shall in the case of any byelaw made under this section be given in the London Gazette one month at least before making the application.

- (4) The Local Government Board in connexion with the confirmation of any byelaw under this section shall have all proper regard to the necessities of through locomotive traffic, and of persons who own or use locomotives, and shall, consider any representations made to them by any local authority concerned, and shall also have regard to the advantage of byelaws being uniform in adjoining areas except where uniformity is, in their opinion, made inexpedient by difference in the circumstances of the areas.
- (5) The mayor, aldermen, and commons of the city of London may make byelaws under this section as to the city of London in the same manner as the council of a borough.
- (6) For the purpose of byelaws under this section, a borough, the council of which may make such byelaws, shall not form part of the administrative county in which it is situate.

- (2) The authority by whom a restriction or prohibition has been imposed shall comply within a time to be specified in the order with any order of the Local Government Board made under this section.
- (3) The Local Government Board may determine any appeal under this section either as arbitrators or otherwise at their option, and, where they determine any such appeal as arbitrators, section sixty-three of the Local Government Act, 1888, as amended by the Local Government (Determination of Differences) Act, 1896, shall apply for the purpose.
- (4) An order of the Local Government Board under this section with regard to any bridge shall not prevent the imposition of any restriction or prohibition with regard to the bridge at a future time, if the authority having power to impose the restriction or prohibition consider that it is necessary to do so, having regard to any change in the circumstances of the bridge or the traffic, but the imposition of any such restriction or prohibition shall be subject to appeal under this section.
- (5) The Local Government Board may refuse to consider any appeal under this section with regard to any bridge if the question raised by the appeal has been already considered by them either on the confirmation of a byelaw or under a former appeal.
- (6) In the case of any bridge which a railway company is liable to repair, the Board of Trade shall be substituted for the Local Government Board, and this section shall be read and construed accordingly.
