EXPLANATORY NOTE

(This note is not part of the Order)

This Order further amends the Export of Goods (Control) Order 1994 by—

- (a) changing the contact address of the Department of Trade and Industry for the purposes of notifications under Article 8(5);
- (b) extending the controls to include all types of all wheel drive vehicles capable of off road use that satisfy the conditions stated in that Order, apart from certain vehicles (other than those specially designed or modified for military use) for the transport of valuable items or money or equipped for clearing land mines, not just all wheel drive utility vehicles that satisfy those conditions;
- (c) controlling individual cuffs and extending controls on shackles (which include handcuffs) that satisfy certain conditions stated in that Order.

This Order supersedes the Export of Goods (Control) (Amendment No. 4) Order 2000, which is revoked before it comes into force. That Order omitted to insert into entry PL 5031.a. of Schedule 1 to the 1994 Order the exceptions now in Article 4(2)(b) of this Order.
