#### 4 Effect of re-employment.

(1) Where a person has been in receipt of an official pension in respect of any service, and in consequence of any further service rendered by him the pension falls to be recalculated as to its basic rate and to be treated for purposes of this Act as beginning at a later date, then the rate of the pension as recalculated, with any increase under this

Part apart from this section, may be further increased up to the rate, if it is higher, at which the pension would have been payable with any such increase if—

- (a) the further service had not been rendered; and
- (b) where the pension is one of those specified in subsection (4) and the recalculation is on the basis there mentioned, the length of the previous service had been increased by the length of the further service.

- (2) Where a person has terminated his service in circumstances such that he is or may<sup>[F16]</sup> (without rendering further reckonable service)] become eligible for an official pension, but has not been in receipt of that pension before rendering further service in consequence of which the pension falls to be recalculated or to be calculated on a different basis, subsection (1) shall apply as it would apply if he had been in receipt of the pension before rendering the further service.

<sup>[F16]</sup>(2A) In subsection (2) “reckonable service”, in relation to a person and his official pension, means service which falls to be taken into account in calculating the basic rate of the pension.]

- (3) Where the basic rate of a derivative pension, not being a substituted pension, falls to be calculated

<sup>[F16]</sup>(a) by reference to that of a principal pension which is authorised to be increased under subsection (1) or (2) (or which would have been, if the further service had been terminated by retirement)<sup>[F16]</sup> or]

<sup>[F16]</sup>(b) by reference to a rate of emoluments (whether actual emoluments or not and whether final or average emoluments) and a period of service of the person who was or, had he survived, would have been the pensioner in relation to such a principal pension,]

, the derivative pension may be increased in the way in which subsection (1) authorises (or would have authorised) the principal pension to be increased; and for this purpose the reference in subsection (1)( b) to the pension is to be taken as a reference to the principal pension, not the derivative pension.

- (4) Subsection (1)( b) shall apply to pensions specified in paragraphs 2, 3, <sup>[F17]</sup> 3A, 5( b) and ( c) and 7A] of Schedule 2, but shall apply only in a case where the recalculation falls to be made by reference—

- (a) to the aggregate of the further service and the previous service; and
- (b) to emoluments attributed to a period immediately preceding the termination of the further service not lower than the emoluments by reference to which the pension was to be calculated before the further service.

## 5 Scope of Act, and general powers to extend and adapt increases.

- (1) For purposes of this Act “official pension” means, subject to subsection (2), any of the pensions specified in Schedule 2; and in the case of a pension specified in Part II of the Schedule it shall be the duty of a pension authority to increase the pension in accordance with this Act.
- (2) The Ministry may by regulations provide that this Act shall have effect in relation to any pensions not specified in Schedule 2 as if they were specified in such Part

of that Schedule as may be directed by the regulations; and regulations under this subsection—

- (a) may include such incidental, consequential and supplemental provisions as appear to the Ministry to be expedient; and
  - (b) may in particular make provision for securing that the cost of increasing any pension is borne by the appropriate authority.
- (3) The Ministry, if satisfied in the case of any official pension that it is proper so to do, may by regulations direct (either generally or [<sup>F18</sup> for any particular purpose]) that the provisions of this Act shall apply in relation to that pension subject to such modifications, adaptations and exceptions as may be specified in the regulations.

The power conferred by this subsection on the Ministry may be exercised also, with its consent, by any other department of the Government of Northern Ireland.

- (4) Any regulations under this section may provide for increases to take effect from a date before the making of the regulations or the passing of this Act, but not before 1st September 1971.

**F18** 1975 NI 15

## **6 Preservation for certain purposes of benefit of previous Acts.**

- (1) If in the case of an official pension beginning before the year 1969 the 1969 standard is less than the 1971 rate of the pension with the addition, if any, to be made to that rate under subsection (6), then the increase that may be made in the pension under section 1(1)(a) shall be of the amount necessary to bring the annual rate up to 118 per cent. of the 1971 rate or, if subsection (6) applies, to 118 per cent. of the 1971 rate with the addition under that subsection.
- (2) For any pension that qualified for an increase under the Pensions (Increase) Act 1920, the 1971 rate shall be taken to be the annual rate at which it was being paid on 31st August 1971 (or, if payment was then suspended, was last paid before that date).
- (3) In the case of a pension payable under the Belfast Corporation Act (Northern Ireland) 1943, the 1971 rate shall, if the pension was payable on 31st August 1971, be taken to be the annual rate at which it was payable on that date and, if it became or becomes payable after 31st August 1971, shall be taken to be the annual rate at which it would have been payable on 31st August 1971, if the conditions for payment of the pension had been satisfied before 31st August 1971 and the service in respect of which the pension became or becomes payable had been rendered over a period immediately preceding 31st August 1971.
- (4) Where an official pension not falling within subsection (2) or (3) was being paid on 31st August 1971 at a rate which included any relevant increases, then the annual rate at which it was then being paid shall be taken as the 1971 rate, unless it is shown that the rate should have been revised or there is a change of circumstances that would affect the 1971 rate if ascertained under subsection (5).
- (5) Subject to the provisions of this section, the Ministry shall by order prescribe tables and rules for ascertaining, for any pension to which subsection (1) may apply (other than a pension falling within subsection (2) or (3)), the annual rate at which it would have been payable if paid with any relevant increases; and the rate so ascertained shall be taken to be the 1971 rate, unless subsection (4) applies.

*Status: Point in time view as at 01/01/2006.*

*Changes to legislation: There are currently no known outstanding effects for the Pensions (Increase) Act (Northern Ireland) 1971. (See end of Document for details)*

- (6) Where a pension beginning on or before 1st April 1961 is one that (but for this Act) might have been increased under section 1 of the Pensions (Increase) Act (Northern Ireland) 1963 , and any of the qualifying conditions other than those specified in section 3(3)( *b*), ( *c*) and ( *d*) is satisfied [<sup>F19</sup> or the pension is a widow's pension], then there shall for purposes of this section be made to the 1971 rate as ascertained under subsection (5) an addition of the amount prescribed by order of the Ministry as corresponding to that of the increase provided for by section 2 of that Act (additional increase for pensioners over 70); and where subsection (3) or (4) applies, the like addition shall be made to the 1971 rate given by that subsection, unless the pensioner had attained the age of 70 on or before 31st August 1971.
- (7) Orders made for the purposes of this section shall include such provision as may be necessary to enable the pensions to which subsections (1) and (6) relate to be identified without reference to the Pensions (Increase) Acts (Northern Ireland) 1920 to 1969, except that pensions which qualified for an increase under the Pensions (Increase) Act 1920 need not be otherwise identified.
- (8) This section shall have effect subject to any provision made in the exercise of the powers conferred by section 5(3); and accordingly an order under this section may disregard any provision made in the exercise of corresponding powers conferred by the Pensions (Increase) Acts (Northern Ireland) 1920 to 1969.
- (9) An order under this section shall take no account of any provision of the Pensions (Increase) Acts (Northern Ireland) 1920 to 1969 whereby a fraction of a pound was to be treated as a whole pound and may make such other departures from the effect of those Acts as in the opinion of the Ministry will, without materially reducing the rate of any pension, simplify the tables or rules or make for ease of calculation.
- (10) For purposes of this section, “relevant increase” means, in relation to any pension, any increase that might (but for this Act) have been made in the annual rate of the pension under section 1 of any of the following Acts, that is to say the Pensions (Increase) Act (Northern Ireland) 1944 , the Pensions (Increase) Act (Northern Ireland) 1952 , the Pensions (Increase) Act (Northern Ireland) 1956 , the Pensions (Increase) Act (Northern Ireland) 1959 , the Pensions (Increase) Act (Northern Ireland) 1963 , the Pensions (Increase) Act (Northern Ireland) 1966 and the Pensions (Increase) Act (Northern Ireland) 1969 ; but an order under this section may for purposes of subsection (5) treat as a relevant increase any increase authorised by or under any enactment by reference to a relevant increase, and may repeal or amend the provision authorising it accordingly.
- (11) An order made (or purporting to be made) under this section shall have effect notwithstanding any error or omission in reproducing the effect of any Act or instrument, but may be amended by a further order for the purpose of correcting any such error or omission; and any such amendment may be made so as to have effect from such date as may be specified in the further order (including a date before the making of that order), and with such savings and transitional provisions as the Ministry thinks proper.
- (12) If an order made by virtue of subsection (11) has the effect of reducing the rate of any pension, the order shall be subject to negative resolution.

*Status: Point in time view as at 01/01/2006.*

*Changes to legislation: There are currently no known outstanding effects for the Pensions (Increase) Act (Northern Ireland) 1971. (See end of Document for details)*

## 7 Administrative provisions.

- (1) In this Act “pension authority” means the authority by whom the pension is payable; but the Ministry or, with its approval, any other department of the Government of Northern Ireland may by regulations provide that, in relation to any class of pensions specified in the regulations, all or any of the functions of the pension authority under this Act shall be performed on behalf of the pension authority by such other authority as may be so specified.

- (4) Except as provided by subsection (3), an increase of a pension under this Act shall not be treated as part of the pension for the purposes of any provision made by or under any enactment; and in calculating the rate of a derivative pension, any increase under this Act of the principal pension shall be disregarded.
