 - (a) it is satisfied of the presence on the premises of—
 - (i) an invasive animal at a place outwith its native range; or
 - (ii) an invasive plant at a place outwith its native range; and
 - (b) any of subsections (2) to (4) applies.

 - (a) the relevant body has given notice in accordance with subsection (6) stating that it wishes to offer to enter into a species control agreement;

- (6) A notice under this subsection must be addressed to “The owners and any occupiers” of the premises (describing it) and a copy of it must be affixed to some conspicuous object on the premises (in so doing the relevant body is to be treated as having provided notice to each owner or occupier whose name and address is unknown).

14E Emergency species control orders

- (1) Where a relevant body considers that the making of a species control order is urgently necessary, the relevant body may, despite section 14D(1)(b), make a species control order whether or not any of subsections (2) to (4) of section 14D apply (such an order is referred to in this Part as an “emergency species control order”).
- (2) An emergency species control order expires 49 days after it is made.

14F Content of species control orders

- (1) A species control order must—
 - (a) describe the premises to which it relates;
 - (b) be accompanied by a map on which the premises to which it relates are delineated;
 - (c) specify the type of invasive animal or plant in question;
 - (d) specify—
 - (i) any operations which are to be carried out on the premises for the purpose of controlling or eradicating the type of invasive animal or plant in question;

- (2) A species control order—

Status: This is the original version (as it was originally enacted).

 - (b) other than an emergency species control order, may provide for the making of payments by the owner or occupier of the premises to which the order relates,
- to any person in respect of reasonable costs incurred by a person carrying out an operation under the order.

14G Notice of species control orders

- (1) A relevant body making a species control order must give notice of the making of the order—

 - (i) the expiry of the time limit for appealing against the decision to make the order; or
 - (ii) where such an appeal is made, its withdrawal or final determination.

14J Review of species control orders

- (1) A relevant body which has made a species control order may, when it thinks fit, review the order prior to its expiry for the purposes of determining whether it should make an order revoking the order.
- (2) If, on completion of a review, the relevant body decides that the species control order should be revoked, it may make an order to that effect.
- (3) The making of an order to revoke a species control order does not prevent a relevant body subsequently making a species control order in relation to the same premises.

- (1) If a sheriff or justice of the peace is satisfied, by evidence on oath, that there are reasonable grounds for a person authorised by a relevant body to enter premises for a purpose mentioned in section 14M(1) and that—
 - (a) admission to the premises has been refused;
 - (b) such refusal is reasonably apprehended;
 - (c) the premises are unoccupied;
