 - (c) what is commercial exploitation, and
 - (d) who is liable to pay the tax.

- (4) Chapter 3 contains provisions about the calculation of the tax, including—
 - (a) how the tax is calculated, and
 - (b) when credit is available in relation to the tax.

CHAPTER 2

KEY CONCEPTS

Meaning of “aggregate”

3 **Meaning of “aggregate”**

In this Part “aggregate” means (subject to section 4) any rock, gravel or sand, together with whatever substances—

- (a) are for the time being incorporated in the rock, gravel or sand, or
- (b) naturally occur mixed with it.

4 **Excepted processes**

- (1) In this Part references to aggregate—
 - (a) include references to the spoil, waste, off-cuts and other by-products resulting from the application of any excepted process to any aggregate, but
 - (b) do not include references to anything else resulting from the application of any excepted process to any aggregate.
- (2) In this Part “excepted process” means—
 - (a) the cutting of any rock to produce stone with one or more flat surfaces,
 - (b) any process by which a relevant substance is extracted or otherwise separated (whether as part of the process of winning it from any land or otherwise) from any aggregate,
 - (c) any process for the production of lime or cement from limestone (which for the purposes of this paragraph includes chalk and dolomite) or from limestone and anything else,
 - (d) in the case of aggregate consisting of shale, any process consisting of a use of the shale that—
 - (i) is not a use of it as material or support in the construction or improvement of any structure, and
 - (ii) is not mixing it with anything as part of the process of producing mortar, concrete, tarmacadam, coated roadstone or any similar construction material.

- (3) In subsection (2)(b), “relevant substance” means any of the following—
- (a) anhydrite,
 - (b) ball clay,
 - (c) barytes,
 - (d) china clay,
 - (e) feldspar,
 - (f) fireclay,
 - (g) fluorspar,
 - (h) fuller’s earth,
 - (i) gems and semi-precious stones,
 - (j) gypsum,
 - (k) any metal or the ore of any metal,
 - (l) muscovite,
 - (m) perlite,
 - (n) potash,
 - (o) pumice,
 - (p) rock phosphates,
 - (q) sodium chloride,
 - (r) talc,
 - (s) vermiculite.
- (4) The Scottish Ministers may by regulations add a substance to, or remove a substance from, the list in subsection (3).

Taxable and exempt aggregate

5 Taxable aggregate

- (1) Tax is to be charged only on taxable aggregate.
- (2) In this Part a quantity of aggregate is taxable aggregate on any occasion that it is subjected to commercial exploitation, except to the extent that it is exempt aggregate under section 6.

6 Exempt aggregate

- (1) A quantity of aggregate is exempt aggregate to the extent that it falls within subsections (2) to (8) of this section.
- (2) Aggregate is exempt under this subsection if it is, or derives from, any aggregate that has already been subjected to a charge to tax.
- (3) Aggregate is exempt under this subsection if it has previously been used for construction purposes (whether before or after the date on which this section comes into force).

- (4) Aggregate is exempt under this subsection if it is aggregate that, on the date on which this section comes into force, is on a site other than—
- (a) its originating site, or
 - (b) a site that is required to be registered under section 18 under the name of a person who is the operator, or one of the operators, of that originating site.
- (5) Aggregate is exempt under this subsection if it consists wholly of aggregate won by being removed from the ground on the site of any structure or any proposed structure, or the site of any infrastructure or any proposed infrastructure relating to transportation or utilities, in the course of excavations lawfully carried out—
- (a) in connection with, and necessary for, the construction, modification, maintenance or improvement of the structure or infrastructure, and
 - (b) not for the purpose of extracting that aggregate.
- (6) Aggregate is exempt under this subsection if it consists wholly of aggregate won—
- (a) by being removed from the bed of any river, canal or watercourse (whether natural or artificial) or of any channel in or approach to any port or harbour (whether natural or artificial), and
 - (b) in the course of the carrying out of any dredging undertaken exclusively for the purpose of creating, restoring, improving or maintaining that river, canal, watercourse, channel or approach.
- (7) Aggregate is exempt under this subsection if it consists wholly of the spoil from any process by which—
- (a) coal (including bituminous coal, cannel coal and anthracite),
 - (b) lignite,
 - (c) slate, or
 - (d) a substance listed in section 4(3),
- has been separated from other rock after being extracted or won with that other rock.
- (8) Aggregate is exempt under this subsection if it consists wholly or mainly of any one or more of the following, or is part of anything consisting wholly or mainly of the following—
- (a) coal (including bituminous coal, cannel coal and anthracite),
 - (b) lignite,
 - (c) slate,
 - (d) the spoil or waste from, or other by-products of—
 - (i) any industrial combustion process, or
 - (ii) the smelting or refining of metal,
 - (e) the drill-cuttings resulting from any operations carried out in accordance with a licence granted under the Petroleum Act 1998 or the Petroleum (Production) Act (Northern Ireland) 1964,
 - (f) clay, soil or vegetable or other organic matter.

- (9) For the purposes of subsection (2), aggregate has already been subjected to a charge to tax if and only if—
- (a) there has been a previous occasion on which a charge to tax on that aggregate has arisen and at least some of the tax previously charged on that aggregate is either—
 - (i) tax in respect of which there is or was no entitlement to a tax credit, or
 - (ii) tax in respect of which any entitlement to a tax credit is or was an entitlement to a tax credit of an amount less than the amount of the tax charged on it, or
 - (b) before the date on which this section comes into force, there has been an occasion on which a charge to aggregates levy on that aggregate has arisen under the Finance Act 2001.
- (10) An entitlement to tax credit which arises where a quantity of aggregate is used in an industrial or agricultural process specified in regulations by virtue of section 15(6) is to be disregarded for the purposes of paragraph (a) of subsection (9) (and therefore for the purposes of that paragraph no entitlement to a tax credit has arisen).

Commercial exploitation of aggregate

7 Commercial exploitation

- (1) In this Part a quantity of aggregate is subjected to exploitation if and only if—
- (a) it is removed from a site falling within subsection (2),
 - (b) it becomes the subject of an agreement to supply it to any person,
 - (c) it is used for construction purposes, or
 - (d) it is mixed, otherwise than in permitted circumstances, with any material or substance (other than water).
- (2) The sites which fall within this subsection are—
- (a) the originating site of the aggregate,
 - (b) any site which is not the originating site of the aggregate but is registered under the name of a person under whose name the originating site is also registered,
 - (c) any site not falling within paragraph (a) or (b) to which the quantity of aggregate had been removed for the purpose of having an excepted process applied to it on that site, but at which no such process has been applied to it.
- (3) In this Part a quantity of aggregate is subjected to commercial exploitation if and only if its exploitation is carried out in the course or furtherance of a business carried on by a person responsible for subjecting it to exploitation (and for the purposes of this subsection “business” includes any activity of the Scottish Administration, a Minister of the Crown, local authority or charity).
- (4) But a quantity of aggregate is not subjected to commercial exploitation if its exploitation—
- (a) consists in the removal of aggregate from one registered site to another, where both sites are registered under the name of the same person,

- (b) consists in or requires the removal of aggregate to a registered site for the purpose of having an excepted process applied to it on that site,
 - (c) consists in or requires the removal of aggregate to any site for the purpose of having china clay or ball clay extracted or otherwise separated from it on that site, or
 - (d) has the result that—
 - (i) without it being subjected to any process involving it being mixed with any other substance or material (other than water), and
 - (ii) by virtue of it being used for a purpose connected with winning aggregate or other minerals from that site,it again becomes part of the land at the site from which it was won.
- (5) For the purposes of subsection (1)(b), the time when a quantity of aggregate becomes the subject of an agreement to supply it to any person is—
 - (a) when the agreement is entered into, or
 - (b) in a case where the quantity of aggregate is not separately identifiable when the agreement is entered into, the time when it is appropriated to the agreement.
- (6) But references in this Part to the supply of a quantity of aggregate do not include references to any supply which is effected, or is to be effected, by the transfer or creation of any interest or right in or over land.
- (7) For the purposes of this Part, a quantity of aggregate is mixed with any material or substance in permitted circumstances if—
 - (a) the material or substance with which it is mixed consists wholly of a quantity of taxable aggregate that has not previously been subjected to commercial exploitation in Scotland, and
 - (b) the mixing takes place on a site which, in a case where it falls within subsection (2) in relation to any part of the aggregate included in the mixture, falls within subsection (2) in relation to every part of it.
- (8) For the purposes of this Part, the commercial exploitation of a quantity of aggregate is taken to occur in Scotland if—
 - (a) the aggregate is in Scotland at the time when it is subjected to exploitation, or
 - (b) subsection (9) applies.
- (9) This subsection applies where a quantity of aggregate is subjected to exploitation under subsection (1)(a) or (b) as a result of the movement of aggregate to Scotland from a place in the rest of the United Kingdom or from United Kingdom waters.
- (10) The Scottish Ministers may by regulations modify this Part so as to make further provision about the circumstances in which the exploitation of a quantity of aggregate is taken to occur in Scotland for the purposes of subsection (8).
- (11) Subsection (12) applies where, at the time when any aggregate is won from any site, a person (“P”) is in occupation of that site, or both that site and other land, for the purposes of—
 - (a) the carrying on of any agricultural business, or
 - (b) the carrying on of any forestry business, or otherwise for the purposes of forestry.

- (12) Where this subsection applies, subsection (4)(d) has effect as if—
- (a) (where relevant) the reference to the land at the site from which the aggregate was won included P’s other land, and
 - (b) the words “by virtue of it being used for a purpose connected with winning aggregate or other minerals from that site” were omitted.

8 Persons liable to pay tax

- (1) The persons liable to pay the tax charged on a quantity of taxable aggregate are the persons responsible for subjecting it to commercial exploitation.
- (2) For the purposes of subsection (1), the persons responsible are each of the following—
- (a) in a case of the commercial exploitation of a quantity of aggregate by its removal from its originating site or from a connected site, the operator of that site,
 - (b) in a case of the commercial exploitation of a quantity of aggregate by its removal from a site falling within section 7(2)(c), the operator of the site and (if different) the owner of the aggregate at the time when the removal takes place,
 - (c) in a case of the commercial exploitation of a quantity of aggregate at a time when it is not on its originating site or a connected site—
 - (i) by its becoming the subject of any agreement to supply it, or
 - (ii) by its being used at such a time for construction purposes,the person agreeing to supply it or using it for construction purposes,
 - (d) in a case of the commercial exploitation of a quantity of aggregate at a time when it is on its originating site or a connected site—
 - (i) by its becoming the subject of any agreement to supply it, or
 - (ii) by its being used at such a time for construction purposes,the person mentioned in paragraph (c) and (if different) the operator of that site,
 - (e) in a case of the commercial exploitation of a quantity of aggregate by its being mixed with any material or substance at its originating site or a connected site, the owner of the aggregate at the time when the mixing takes place and (if different) the operator of the site,
 - (f) in a case of the commercial exploitation of a quantity of aggregate by its being mixed with any material or substance at premises that are not comprised in its originating site or a connected site, the owner of the aggregate at the time when the mixing takes place and the occupier of the premises where it takes place.
- (3) A person who is responsible for subjecting a quantity of aggregate to exploitation is not responsible for subjecting it to commercial exploitation unless that takes place in the course or furtherance of a business carried on by that person (and for the purposes of this subsection “business” includes any activity of the Scottish Administration, a Minister of the Crown, local authority or charity).
- (4) In this section “connected site”, in relation to any quantity of aggregate, means any site that falls within section 7(2)(b) in relation to that quantity of aggregate.

- (5) Where—
- (a) the commercial exploitation of a quantity of aggregate occurs by its becoming the subject of an agreement to supply it, and
 - (b) a person (“P”) is one of multiple persons involved in the chain of supply that arises from that original agreement (whether or not the chain of supply involves further agreements between the persons involved),

P is liable to pay the total amount of tax chargeable on the quantity of aggregate as a result of the original agreement, unless P has acquired the quantity of aggregate from a person who, at the time of P’s acquisition of the aggregate, is registered.

- (6) Where by virtue of this section more than one person is charged with the tax, their liabilities under this Part as persons charged with the tax are joint and several.

Sites and site operators

9 Originating sites

- (1) In this Part references to the originating site of any aggregate are references—
- (a) in the case of aggregate which has been won from the seabed of the Scottish marine area, to the site where it is first landed after being won,
 - (b) in the case of aggregate which results from the application of an excepted process to any aggregate, to the site where that process was applied,
 - (c) in any other case, to the site from which the aggregate was won or (as the case may be) from which it was most recently won.
- (2) Where any aggregate—
- (a) is on its originating site on the date on which this section comes into force, and
 - (b) has been mixed before that date with aggregate from a different originating site,
- the originating site of all the aggregate comprised in the mixture is, for the purposes of this Part, the site where the mixture is situated on the date on which this section comes into force.

10 Operators of sites

- (1) For the purposes of this Part, the operators of a site are each of the following—
- (a) the person who occupies the site, and
 - (b) if a person other than the occupier exercises control over aggregate on that site, that other person.
- (2) In subsection (1)(b), the reference to exercising control over aggregate on a site is a reference to doing any of the following—
- (a) winning aggregate from land at that site,
 - (b) carrying out any excepted process at that site,
 - (c) storing aggregate at that site.

CHAPTER 3

CALCULATION OF TAX

Amount of tax

11 Weight of aggregate

- (1) The Scottish Ministers may make regulations for determining the weight of any aggregate for the purposes of calculating the tax.
- (2) Regulations under subsection (1) may—
 - (a) specify rules for determining the weight,
 - (b) authorise rules for determining the weight to be specified by Revenue Scotland in a manner set out in the regulations, or
 - (c) authorise rules for determining the weight to be agreed between the person liable to pay the tax and a person designated by Revenue Scotland.
- (3) Regulations under subsection (1) may, in particular, provide for the rules specified or authorised under the regulations to include rules about—
 - (a) the method by which the weight is to be determined,
 - (b) the time by reference to which the weight is to be determined,
 - (c) the discounting of constituent ingredients (such as water).
- (4) Regulations under subsection (1) may include provision that rules specified by virtue of subsection (2)(b)—
 - (a) are to have effect only in such cases as may be described in the rules, and
 - (b) are not to have effect in particular cases unless Revenue Scotland is satisfied that such conditions as may be set out in the rules are met in those cases.
- (5) Conditions for which provision is made by virtue of subsection (4)(b) may be framed by reference to such factors as Revenue Scotland considers appropriate (such as the consent, in a particular case, of a person designated by Revenue Scotland).
- (6) Regulations under subsection (1) may include provision that where—
 - (a) rules are agreed as mentioned in subsection (2)(c), and
 - (b) Revenue Scotland believes that they should no longer be applied (whether because they do not give an accurate indication of the weight or are not being fully observed or for some other reason),

Revenue Scotland may direct that the agreed rules are no longer to have effect.

12 Rate of tax

- (1) The amount of tax charged on taxable aggregate is calculated by multiplying the applicable rate of tax by the weight in tonnes of the taxable aggregate.
- (2) The amount of tax charged on a part of a tonne of aggregate is to be the proportionately reduced amount.
- (3) The Scottish Ministers may make regulations specifying the applicable rate (or rates) of tax for the purposes of this section.

*Repayments***13 Repayments of overpaid tax**

- (1) The Revenue Scotland and Tax Powers Act 2014 is modified as follows.

- (3) The section title of section 108 becomes “**Claim for repayment if instrument changing tax basis not approved**”.

14 Adjustment of contracts

- (1) This section applies where—
 - (a) an agreement to supply a quantity of taxable aggregate to any person has been entered into,
 - (b) a payment falls to be made under the agreement relating to the aggregate, and
 - (c) after entering into the agreement there is a change to the tax chargeable in relation to the supply of the aggregate referred to in the agreement.
- (2) The amount of any payment mentioned in subsection (1)(b) is to be adjusted (unless the agreement provides otherwise) so as to secure that the cost of discharging the liability to pay the tax, to the extent that it would otherwise have been borne by the supplier, is borne by the person making the payment.
- (3) The reference in subsection (1)(c) to a change in the tax chargeable is a reference to a change—
 - (a) to or from no tax being chargeable, or
 - (b) in the amount of tax chargeable.

*Credits***15 Tax credits**

- (1) The Scottish Ministers may by regulations provide that where—
 - (a) a charge to tax has arisen on any quantity of aggregate, and

(b) specified conditions are fulfilled,

a person liable to pay the tax is to be entitled to credit of such an amount as is determined in accordance with specified rules.

- (2) Regulations under subsection (1) may include provision for determining the amount of credit (including provision for limiting it).
- (3) Regulations under subsection (1) may include provision in relation to cases where any quantity of taxable aggregate is moved outwith Scotland to a place in the rest of the United Kingdom, or to United Kingdom waters, in the form of aggregate.

- (6) Regulations under subsection (1) may include provision in relation to cases where any quantity of taxable aggregate is used in a specified industrial or agricultural process.
- (7) Regulations under subsection (1) may include provision in relation to cases where any quantity of taxable aggregate is disposed of (by dumping or otherwise) in such a manner, not constituting its use for construction purposes, as may be specified.
- (8) Regulations under subsection (1) may include—
 - (a) provision in relation to cases where the whole or part of a debt which is due to the person liable to pay the tax is written off in the person's accounts as a bad debt, and
 - (b) provision for determining whether, and to what extent, a debt is to be taken to be bad for the purposes of paragraph (a).
- (9) In this section, "specified" means specified in the regulations.

16 Tax credits: further provision

- (1) Regulations under section 15(1) may make provision as to the manner in which a person is to benefit from credit, and may, in particular, make provision—

- (f) as to the manner in which a person who has ceased to be registrable is to benefit from credit.
- (2) Regulations made by virtue of subsection (1)(c) or (d) may provide that where at the end of an accounting period an amount is due to a person who has failed to submit returns for an earlier period as required by this Act, Revenue Scotland may withhold payment of the amount until the person has complied with that requirement.
- (3) Regulations made by virtue of subsection (1)(e) may—
- (a) provide for credit to be held over either on the person's application or in accordance with directions given by Revenue Scotland from time to time, and
 - (b) allow directions to be given generally or with regard to particular cases.
- (4) Regulations under section 15(1) may provide that—
- (a) no benefit is to be conferred in respect of credit except on a claim made in such manner and at such time as may be determined by or under regulations,
 - (b) payment in respect of credit is to be made subject to such conditions (if any) as Revenue Scotland thinks fit to impose, including conditions as to repayment in specified circumstances,
 - (c) deduction in respect of credit is to be made subject to such conditions (if any) as Revenue Scotland thinks fit to impose, including conditions as to the payment to Revenue Scotland, in specified circumstances, of an amount representing the whole or part of the amount deducted.
