40 Carrying amounts from one budgetary period to another

- (1) The Welsh Ministers may decide to carry part of the carbon budget for a budgetary period back to the preceding budgetary period.
- (2) The carbon budget for the later period is reduced, and that for the earlier period is increased, by the amount carried back.

- (5) The carbon budget for the later period is increased, and that for the earlier period is reduced, by the amount carried forward.
- (6) The carbon budget for a period is “unused” to the extent that it exceeds the net Welsh emissions account for the period.
- (7) Before deciding to carry an amount back or forward under this section, the Welsh Ministers must consult the advisory body.

- (3) It must—
 - (a) state the total amount of carbon units that have been credited to or debited from the net Welsh emissions account for the period, and
 - (b) give details of the number and type of those units.
- (4) It must state the final amount of the net Welsh emissions account for the period.
- (5) It must state whether the Welsh Ministers have decided to carry an amount back or forward under section 40 so as to increase or reduce the carbon budget for the period, and if so must state the amount carried back or forward.
- (6) It must state the final amount of the carbon budget for the period.
- (7) Whether the carbon budget for the period has been met is to be determined by reference to the information in the statement.

42 Proposals and policies where carbon budget not met

- (1) This section applies if the Welsh Ministers have laid a final statement before the National Assembly for Wales in respect of a budgetary period for which the net Welsh emissions account exceeds the carbon budget.
