(2012/701/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 64/432/EEC of 26 June 1964 on animal health problems affecting intra-Community trade in bovine animals and swine⁽¹⁾, and in particular Articles 9(2) and 10(2) thereof,

Whereas:

- (1) Directive 64/432/EEC lays down rules applicable to trade in the Union in bovine animals and swine. Article 9 of that Directive lays down criteria for the approval of compulsory national control programmes for certain contagious diseases, including Aujeszky's disease. In addition, Article 10 of that Directive provides that where a Member State considers its territory or part thereof to be free of such diseases, including Aujeszky's disease, it is to present appropriate supporting documentation to the Commission.
- (2) Commission Decision 2008/185/EC of 21 February 2008 on additional guarantees in intra-Community trade of pigs relating to Aujeszky's disease and criteria to provide information on this disease⁽²⁾ lays down the additional guarantees for movements of pigs between Member States. Those guarantees are linked to the classification of Member States according to their Aujeszky's disease status.
- (3) Annex I to Decision 2008/185/EC lists Member States or regions thereof which are free of Aujeszky's disease and where vaccination is prohibited. Annex II to that Decision lists Member States or regions thereof where approved national control programmes for the eradication of Aujeszky's disease are in place.

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Decision of 13 November 2012 amending Decision 2008/185/EC as regards the inclusion of Ireland, Northern Ireland and the province of Bolzano in Italy in the list of Member States or regions thereof free of Aujeszky's disease (notified under document C(2012) 7976) (Text with EEA relevance) (2012/701/EU). (See end of Document for details)

- (4) Ireland, Northern Ireland and the Italian province of Bolzano are currently listed in Annex II to Decision 2008/185/EC, as a Member State or region thereof where approved national control programmes for the eradication of Aujeszky's disease have been implemented.
- (5) Ireland, the United Kingdom as regards Northern Ireland and Italy as regards the province of Bolzano have now submitted documentation in support of their application to declare those Member States and the province of Bolzano free from Aujeszky's disease.
- (6) Following the evaluation of the supporting documentation submitted by Ireland, by the United Kingdom and by Italy, it is appropriate that Ireland, Northern Ireland and the province of Bolzano are no longer listed in Annex II to Decision 2008/185/EC, but instead be listed in Annex I thereto.
- (7) Decision 2008/185/EC should therefore be amended accordingly.
- (8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:
