(Codified version)

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 66/401/EEC of 14 June 1966 on the marketing of fodder plant seed<sup>(1)</sup>, and in particular Article 3(3) thereof,

In the interests of clarity and rationality the said Directive should be codified, together with Commission Directive 75/502/EEC of 25 July 1975 limiting the marketing of seed of smooth-stalk meadow grass (*Poa pratensis* L.) to seed which has been officially certified as ‘basic seed’ or ‘certified seed’<sup>(5)</sup>, by assembling them in a single text.
- (2) Directive 66/401/EEC allows the marketing of basic seed, certified seed and commercial seed of certain species of fodder plants.
- (3) Directive 2002/57/EC allows the marketing of basic seed, certified seed of all kinds and commercial seed of certain species of oil and fibre plants.
- (4) Both Directives authorise the Commission to prohibit the marketing of seed unless it has been officially certified as ‘basic seed’ or ‘certified seed’.
- (5) Member States are in a position to produce sufficient basic seed and certified seed to satisfy within the Community the demand for seed of some of the species referred to above with seed of those categories.
