COMMISSION DIRECTIVE 2009/152/EC

of 30 November 2009

amending Council Directive 91/414/EEC as regards the expiry date for inclusion in Annex I of the active substance carbendazim

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market⁽¹⁾, and in particular the second indent of the second subparagraph of Article 6(1) thereof,

Whereas:

- (1) By Commission Directive 2006/135/EC⁽²⁾ carbendazim was included as an active substance in Annex I to Directive 91/414/EEC. That inclusion expires on 31 December 2009.
- (2) On request the inclusion of an active substance may be renewed for a period not exceeding 10 years. On 6 August 2007 the Commission received such a request from the notifier regarding the renewal of the inclusion for this substance.
- (3) On 10 January 2008 the notifier submitted a technical dossier to the rapporteur Member State Germany in support of its request. Germany delivered its draft reassessment report on 27 July 2009. It is necessary that the European Food Safety Authority performs a peer review.
- (4) Since it is impossible to complete the renewal procedure before the date when the inclusion of carbendazim will expire and since the request for renewal was made in sufficient time, in accordance with Article 5(5) of Directive 91/414/EEC a renewal should be granted for the period necessary to complete that procedure.
- (5) It is therefore appropriate to amend Directive 91/414/EEC accordingly.
- (6) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:
