

Directive 2010/75/EU of the European Parliament and of the Council of 24 November 2010 on industrial emissions (integrated pollution prevention and control) (Recast) (Text with EEA relevance)

CHAPTER II

**PROVISIONS FOR ACTIVITIES LISTED IN ANNEX I**

*Article 12*

**Applications for permits**

1 Member States shall take the necessary measures to ensure that an application for a permit includes a description of the following:

- a the installation and its activities;
- b the raw and auxiliary materials, other substances and the energy used in or generated by the installation;
- c the sources of emissions from the installation;
- d the conditions of the site of the installation;
- e where applicable, a baseline report in accordance with Article 22(2);
- f the nature and quantities of foreseeable emissions from the installation into each medium as well as identification of significant effects of the emissions on the environment;
- g the proposed technology and other techniques for preventing or, where this is not possible, reducing emissions from the installation;
- h measures for the prevention, preparation for re-use, recycling and recovery of waste generated by the installation;
- i further measures planned to comply with the general principles of the basic obligations of the operator as provided for in Article 11;
- j measures planned to monitor emissions into the environment;
- k the main alternatives to the proposed technology, techniques and measures studied by the applicant in outline.

An application for a permit shall also include a non-technical summary of the details referred to in the first subparagraph.

2 Where information supplied in accordance with the requirements provided for in Directive 85/337/EEC or a safety report prepared in accordance with Directive 96/82/EC or other information produced in response to other legislation fulfils any of the requirements of paragraph 1, that information may be included in, or attached to, the application.
