TITLE IV

IMPLEMENTATION OF THE SPECIAL PROVISIONS OF THE REGULATION RELATING TO THE VARIOUS CATEGORIES OF BENEFITS

CHAPTER 3

INVALIDITY, OLD-AGE AND DEATH (PENSIONS)

Investigation of claims for benefits in respect of invalidity, old age and survivors in the cases referred to in Article 36 of the implementing Regulation

Article 41

Determination of the investigating institutions

1 Claims for benefit shall be investigated by the institution to which they have been sent or forwarded in accordance with the provisions of Article 36 of the implementing Regulation. This institution is hereinafter referred to as the ‘investigating institution’.

2 The investigating institution shall forthwith notify claims for benefits to all the institutions concerned on a special form, so that the claims may be investigated simultaneously and without delay by all these institutions.

Article 42

Forms to be used for the investigation of claims for benefits

1 When investigating claims for benefits the investigating institution shall use a form which will include, in particular, a statement and a summary of the periods of insurance or residence completed by the employed or self-employed person under the legislation of all the Member States concerned.

2 These forms, when forwarded to the institution of any other Member State, shall take the place of supporting documents.

Article 43

Procedure to be followed by the institution concerned in the investigation of a claim

1 The investigating institution shall enter on the form provided for in Article 42 (1) of the implementing Regulation the periods of insurance or residence completed under the legislation

Status: Point in time view as at 25/02/2008.

Changes to legislation: There are currently no known outstanding effects for the Council Regulation (EEC) No 574/72 (repealed), Cross Heading: Investigation of claims for benefits in respect of invalidity, old age and survivors in the cases referred to in Article 36 of the implementing Regulation. which it administers and it shall forward a copy of that form to the institution administering insurance in respect of invalidity, old-age or death (pensions) of any Member State with which the employed or self-employed person has been insured enclosing, where appropriate, any employment certificates produced by the claimant.

2 Where only one other institution is involved, that institution shall complete the said form by indicating:

- a the periods of insurance or residence completed under the legislation which it administers;
- b the amount of benefit which the claimant could claim in respect of those periods of insurance or residence only;
- c the theoretical amount and the actual amount of benefits calculated in accordance with the provisions of Article 46 (2) of the Regulation.

The form, thus completed, shall be returned to the investigating institution.

If a right to benefits is acquired taking into account only the periods of insurance or residence completed under the legislation administered by the institution of the second Member State, and if the amount of benefit corresponding to those periods can be determined without delay, whereas the calculation procedure referred to in subparagraph (c) requires an appreciably longer period of time, the form shall be returned to the investigating institution with the information referred to in subparagraphs (a) and (b); the information referred to in subparagraph (c) shall be forwarded to the investigating institution as soon as possible.

3 If two or more other institutions are involved, each one of those institutions shall complete the said form by indicating the periods of insurance or residence completed under the legislation which it administers, and shall return it to the investigating institution.

If a right to benefits is acquired taking into account only the periods of insurance or residence completed under the legislation administered by one or more of those institutions, and if the amount of benefit corresponding to those periods can be determined without delay, the investigating institution shall be simultaneously notified of that amount and of the periods of insurance or residence; if the determination of the said amount involves some delay, the investigating institution shall be notified of that amount as soon as it has been determined.

On receipt of all the forms giving information concerning periods of insurance or residence and, where appropriate, the amount or amounts due under the legislation of one or more of the Member States concerned, the investigating institution shall forward a copy of the forms thus completed to each of the institutions concerned which shall specify thereon the theoretical amount and the actual amount of the benefits, calculated in accordance with the provisions of Article 46 (2) of the Regulation, and shall return the form to the investigating institution.

4 As soon as the investigating institution, upon receipt of the information referred to in paragraphs 2 or 3, establishes the fact that the provisions of Article 40 (2) or 48 (2) or (3) of the Regulation should be applied, it shall inform the other institutions concerned accordingly.

5 In the case provided for in Article 37 (d) of the implementing Regulation, the institutions of the Member States to whose legislation the claimant has been subject but to which he has applied for postponement of the award of the benefits shall enter on the form provided for in Article 42 (1) of the implementing Regulation only the periods of insurance or residence completed by the claimant under the legislation which they administer.

It shall take such a decision as soon as it is in a position to determine whether, taking account, where appropriate, of the provisions of Article 45 of the Regulation, the conditions for entitlement fixed by the legislation which it administers are fulfilled. It shall notify such decision forthwith to the other institutions concerned.

2 If, taking account of the provisions of Article 45 of the Regulation, the conditions for entitlement, other than those relating to the degree of invalidity, laid down by the legislation administered by the investigating institution are not fulfilled, that institution shall immediately notify the competent institution in respect of invalidity of the other Member State to whose legislation the employed or self-employed person was last subject. This institution shall, if the conditions for entitlement laid down by the legislation which it administers are fulfilled, be empowered to take the decision relating to the degree of invalidity of the claimant; it shall forthwith notify that decision to the other institutions concerned.

2 If the claimant is not entitled to benefits under paragraph 1 but, from information supplied to the investigating institution pursuant to Article 43 (2) or (3) of the implementing Regulation, it transpires that a right to benefits is acquired under the legislation of another Member State taking into account only the periods of insurance or residence completed under that legislation, the institution which administers the said legislation shall pay such benefits on a provisional basis as soon as the investigating institution has informed it of its obligation to do so.

3 If, in the case referred to in paragraph 2, a right to benefits is acquired under the legislation of more than one Member State, taking into account only those periods of insurance or residence completed under each one of those legislations, the payment of benefits on a provisional basis shall be the responsibility of the institution which in the first place informed the investigating institution of the existence of such a right; it shall be the duty of the investigating institution to inform the other institutions concerned.

4 The institution required to pay benefits under paragraph 1, 2 or 3 shall forthwith inform the claimant of the fact, drawing his attention explicitly to the provisional nature of the measure taken and to the fact that is not open to appeal.
