Section 2

Provisions for checks

Article 48

Administrative checks

1. Administrative checks shall be carried out on all applications for support, payment claims or other declarations required to be submitted by a beneficiary or a third party, and shall cover all elements that can be checked and are appropriate to be checked by means of administrative checks. The procedures shall require recording of the control work undertaken, the results of the verification and the measures taken in the event of discrepancies.

2. Administrative checks on applications for support shall ensure the compliance of the operation with applicable obligations established by Union or national law or by the rural development programme, including those of public procurement, State aid and other obligatory standards and requirements. The checks shall in particular include verification of:

- (a) the eligibility of the beneficiary;
- (b) the eligibility criteria, commitments and other obligations of the operation for which support is requested;
- (c) compliance with the selection criteria;
- (d) the eligibility of the costs of the operation, including compliance with the category of costs or calculation method to be used when the operation or part of it falls under Article 67(1)(b), (c) and (d) of Regulation (EU) No 1303/2013;
- (e) for costs referred to in Article 67(1)(a) of Regulation (EU) No 1303/2013, excluding contributions in kind and depreciation, a verification of the reasonableness of the costs submitted. The costs shall be evaluated using a suitable evaluation system, such as reference costs, a comparison of different offers or an evaluation committee.

3. Administrative checks on payment claims shall include in particular, and where appropriate for the claim in question, verification of:

- (a) the completed operation compared with the operation for which the application for support was submitted and granted;
- (b) the costs incurred and the payments made.

4. Administrative checks shall include procedures to avoid irregular double financing with other Union or national schemes and with the previous programming period. Where financing from other sources exists, those checks shall ensure that the total support received does not breach the maximum permissible amounts or support rates.

5. Administrative checks on investment operations shall include at least one visit to the operation supported or the investment site to verify the realisation of the investment.

However, the competent authority may decide not to carry out such visits for duly justified reasons, such as the following:

- (a) the operation is included in the sample for an on-the-spot check to be carried out in accordance with Article 49;

Status: Point in time view as at 04/07/2017.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 809/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

- (b) the competent authority considers that the operation in question is a small investment;
- (c) the competent authority considers that the risk that the conditions for receiving support are not met is low, or that the risk that the investment has not been realised is low.

The decision referred to in the second subparagraph and its justification shall be recorded.

Article 49

On-the-spot-checks

1. Member States shall organise on-the-spot checks on approved operations using an appropriate sampling basis. Those checks shall, to the extent possible, be carried out before the final payment is made for an operation.
2. The inspectors undertaking the on-the-spot check shall not have been involved in administrative checks of the same operation.

Article 50

Control rate and sampling of on-the-spot-checks

1. The expenditure covered by on-the-spot checks shall represent at least 5 % of the expenditure referred to in Article 46 which is co-financed by the European Agricultural Fund for Rural Development (EAFRD) and which is to be paid by the paying agency each calendar year.

[^{F1}Where an operation subject to on-the-spot check has received advance or interim payments, those payments shall be counted towards the expenditure covered by on-the-spot checks as referred to in the first subparagraph.]

2. Only checks carried out until the end of the calendar year in question shall be counted towards the achievement of the minimum level referred to in paragraph 1.

Payment claims found not to be eligible after administrative checks shall not be counted towards the achievement of the minimum level referred to in paragraph 1.

3. Only checks meeting all the requirements of Articles 49 and 51 may be counted towards achievement of the minimum level referred to in paragraph 1.

4. The sample of approved operations to be checked in accordance with paragraph 1 shall take into account in particular:

- (a) the need to check an appropriate mix of types and sizes of operations;
- (b) any risk factors identified following national or Union checks;
- (c) the type of operation's contribution to the risk of error in implementation of the rural development programme;
- (d) the need to maintain a balance between the measures and types of operations;
- (e) the need to select randomly between 30 % and 40 % of expenditure.

Status: Point in time view as at 04/07/2017.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) No 809/2014. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

5. Where on-the-spot checks reveal any significant non-compliance in the context of a support measure or type of operation, the competent authority shall increase the control rate to an appropriate level in the following calendar year for the measure or type of operation concerned.

6. By way of derogation from paragraph 1, Member States may decide to reduce the minimum level of on-the-spot checks carried out each calendar year as referred to in paragraph 1 to 3 % of the amount co-financed by EAFRD.

Member States may apply the first subparagraph only if the general conditions for reducing the minimum level of on-the-spot checks laid down by the Commission in accordance with Article 62(2)(b) of Regulation (EU) No 1306/2013 are fulfilled.

Where any of the conditions referred to in the second subparagraph are no longer met, Member States shall immediately revoke their decision to reduce the minimum level of on-the-spot checks. They shall apply the minimum level of on-the-spot checks referred to in paragraph 1 as of the following calendar year.

On-the-spot checks shall verify that the operation has been implemented in accordance with the applicable rules and shall cover all the eligibility criteria, commitments and other obligations relating to the conditions for the granting of support, which can be checked at the time of the visit. They shall ensure that the operation is eligible for an EAFRD support.

2. On-the-spot checks shall verify the accuracy of the data declared by the beneficiary against underlying documents.

3. On-the-spot checks shall verify that the use or intended use of the operation is consistent with the use described in the application for support and for which the support was granted.

2. The *ex-post* checks shall cover in each calendar year at least 1 % of EAFRD expenditure for investment operations that are still subject to commitment as referred to in paragraph 1 and for which the final payment has been made from the EAFRD. Only checks carried out until the end of the calendar year in question shall be taken into account.
3. The sample for operations to be checked in accordance with paragraph 1 shall be based on an analysis of the risks and financial impact of different operations, types of operations or measures. Between 20 % and 25 % of the sample shall be selected randomly.

Article 53

3. The beneficiary shall be given the opportunity to sign the report during the check, to attest the beneficiary's presence at the check and to add observations. Where Member States make use of a control report established by electronic means during the check, the competent authority shall provide for the possibility of an electronic signature by the beneficiary or the control report shall be sent without delay to the beneficiary giving him the opportunity to sign the report and to add any observations. Where any non-compliance is found, the beneficiary shall receive a copy of the control report.

However, Member States shall remain responsible for verifying that those local action groups have the administrative and control capacity to undertake that work.

In case of delegation referred to in the first subparagraph, the competent authority shall carry out regular checks of the local action groups, including bookkeeping checks and repetition of administrative checks on a sample basis.

The competent authority shall also carry out on-the-spot checks as referred to in Article 49 of this Regulation. As regards the control sample for expenditure concerning LEADER, at least the same percentage as that referred to in Article 50 of this Regulation shall apply.

If the amount established pursuant to point (a) of the second subparagraph exceeds the amount established pursuant to point (b) of that subparagraph by more than 10 %, an administrative penalty shall be applied to the amount established pursuant to that point (b). The amount of the penalty shall be the difference between those two amounts but shall not go beyond full withdrawal of the support.

However, no penalties shall be applied if the beneficiary can demonstrate to the satisfaction of the competent authority that he is not at fault for the inclusion of the ineligible amount or if the competent authority is otherwise satisfied that the beneficiary concerned is not at fault.

2. The administrative penalty referred to in paragraph 1 shall be applied *mutatis mutandis* to non-eligible expenditure identified during on-the-spot checks referred to in Article 49. In that case the expenditure examined shall be the cumulative expenditure incurred for the operation concerned. This is without prejudice to the results of the previous on-the-spot checks of the operations concerned.
