
STATUTORY RULES OF NORTHERN IRELAND

2002 No. 225

**EUROPEAN COMMUNITIES
ANIMALS**

**Transmissible Spongiform Encephalopathy
Regulations (Northern Ireland) 2002**

Made - - - - - *24th June 2002*

Coming into operation *18th July 2002*

**TRANSMISSIBLE SPONGIFORM ENCEPHALOPATHY
REGULATIONS (NORTHERN IRELAND) 2002**

PART I

INTRODUCTION

1. Citation and commencement
2. Application
3. Interpretation

PART II

TSE MONITORING

4. TSE monitoring
5. Movement prohibitions and restrictions of TSE susceptible animals
6. Slaughter of TSE susceptible animals at slaughterhouses
7. Slaughter of TSE susceptible animals at other premises
8. Retention, seizure and disposal of carcasses etc. of TSE susceptible animals
9. Compensation for slaughtered TSE susceptible animals
10. Notifications

PART III

ANIMAL FEEDING

Mammalian protein and mammalian meat and bone meal

11. Mammalian protein

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

12. Mammalian meat and bone meal for use in feedingstuffs for livestock
13. Mammalian meat and bone meal for use in fertilisers on agricultural land

Processed animal protein

14. Feeding of processed animal protein to farmed animals
15. Sale or supply of processed animal protein intended for the feeding of farmed animals
16. Production of fishmeal for feeding to farmed animals other than ruminants
17. Production of dicalcium phosphate and hydrolysed protein for feeding to farmed animals other than ruminants
18. Transport and storage of processed animal protein

Approval of premises

19. Application for approval and approval of premises
20. Suspension and withdrawal of approval
21. Appeals

Feedingstuffs

22. Manufacture of feedingstuffs containing processed animal protein
23. Production of feedingstuffs containing fishmeal for feeding to farmed animals other than ruminants
24. Production of feedingstuffs containing dicalcium phosphate and hydrolysed protein for feeding to farmed animals other than ruminants
25. Use and storage of feedingstuffs containing fishmeal, dicalcium phosphate or hydrolysed protein

Administration and enforcement

26. Records relating to mammalian meat and bone meal and processed animal protein
27. Cleansing and disinfection
28. Powers of inspectors
29. Disposal and recall of mammalian meat and bone meal and MBM products

PART IV

SPECIFIED RISK MATERIAL

Introduction

30. Interpretation of expressions used in this Part
31. Extended meaning of sale etc.
32. Presumptions that food is intended for human consumption

Carcases and specified risk material

33. Removal of specified risk material from carcasses in slaughterhouses
34. Removal of specified risk material from carcasses elsewhere
35. Inspection and marking of carcasses in a slaughterhouse

36. Removal of vertebral column of bovine animals in cutting premises
37. Removal of SRM spinal cord of sheep and goats
38. Young lamb stamp
39. Staining of specified risk material
40. Consignment of specified risk material after removal from carcasses
41. Presence of an official veterinary surgeon

Prohibitions: slaughter and carcasses

42. Pithing
43. Prohibition on sale of non-compliant carcasses for human consumption
44. Prohibition on the removal of brain and eyes
45. Prohibition on the removal of spinal cord
46. Transport of carcasses containing specified risk material
47. Possession of carcasses containing specified risk material

Prohibitions on sale and use of specified risk material

48. Prohibition on sale of specified risk material for human consumption
49. Prohibition on feeding specified risk material to animals
50. Specified risk material for use in cosmetic, pharmaceutical and medical products
51. Mechanically recovered meat

Prohibitions on collection, transport, rendering, incineration etc. and storage of specified risk material

52. Use of premises for collection, transport, rendering, incineration etc. of specified risk material
53. Storage of specified risk material
54. Transport of specified risk material
55. Procedure for bringing in specified risk material from Great Britain, the Isle of Man or any of the Channel Islands

Approval or licensing

56. Approval or licensing of premises
57. Licensing of premises for the use of specified risk material in production or research
58. Application for approval or licence
59. Requirements of use of approved or licensed premises
60. Suspension of approval or licence
61. Revocation of approval or licence
62. Appeals against suspension and revocation of approval or licence

Collection centres and incinerators

63. Collection centres
64. Incinerators

Rendering plants

65. Delivery of specified risk material to rendering plants
66. Storage etc. of specified risk material at rendering plants
67. Rendering of specified risk material

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- 68. Rendered material

Administration and enforcement

- 69. Records
- 70. Cleansing and disinfection
- 71. Powers of inspectors
- 72. Recall, seizure and destruction of feedingstuffs
- 73. Directions
- 74. Compliance with notices
- 75. Slaughterhouse staff training
- 76. Offences and penalties
- 77. Inspection and seizure of suspected food

PART V

CONTROL AND ERADICATION OF TSEs: CHAPTER
IV OF THE COMMUNITY TSE REGULATION

- 78. Notifications for the purposes of Chapter IV of the Community TSE Regulation
- 79. Measures for the purposes of Chapter IV of the Community TSE Regulation
- 80. Movement prohibitions and restrictions of TSE susceptible animals for the purposes of Chapter IV of the Community TSE Regulation
- 81. Slaughter of TSE susceptible animals at slaughterhouses for the purposes of Chapter IV of the Community TSE Regulation
- 82. Slaughter of TSE susceptible animals at other premises for the purposes of Chapter IV of the Community TSE Regulation
- 83. Retention, seizure and disposal of carcasses etc. of TSE susceptible animals for the purposes of Chapter IV of the Community TSE Regulation
- 84. Compensation for slaughtered TSE susceptible animals for the purposes of Chapter IV of the Community TSE Regulation
- 85. Prohibition of sale, supply and use of milk from affected or suspected animals
- 86. Cleansing and disinfection

PART VI

ARTICLE 15(2) OF AND CHAPTER B OF ANNEX
VIII TO THE COMMUNITY TSE REGULATION

- 87. Notification of progeny of certain TSE suspect and confirmed animals
- 88. Measures to administer and enforce Article 15(2) of and Chapter B of Annex VIII to the Community TSE Regulation
- 89. Movement prohibitions and restrictions
- 90. Slaughter at slaughterhouses
- 91. Slaughter at other premises
- 92. Retention, seizure and disposal of carcasses etc.
- 93. Compensation for slaughtered animals
- 94. Offspring slaughter
- 95. Cleansing and disinfection

PART VII

SAMPLING AND LABORATORY METHODS

96. Sampling and laboratory methods

PART VIII

COMMUNITY CONTROLS, OFFENCES, PENALTIES AND ENFORCEMENT

97. Community controls: powers of inspectors
98. Obstruction
99. Offences and penalties
100. Offences due to fault of another person and defence of due diligence
101. Enforcement

PART IX

MISCELLANEOUS

102. General provisions relative to slaughter and compensation

PART X

SUPPLEMENTARY PROVISIONS

103. Amendments
104. Revocations and savings
Signature

SCHEDULE **COMPENSATION**

1

Part I — **COMPENSATION FOR TSE SUSCEPTIBLE ANIMALS
SLAUGHTERED UNDER REGULATIONS 6 OR 7**

1. The compensation payable for a TSE susceptible animal slaughtered under...
2. (1) The market value of the animal shall be determined...
3. Where an animal was certified by a veterinary surgeon before...

Part II — **COMPENSATION FOR CARCASSES, PARTS OF CARCASSES
OR BLOOD OF TSE SUSCEPTIBLE ANIMALS, SEIZED OR
DISPOSED OF UNDER REGULATION 8**

1. Subject to paragraph 5, the compensation for any carcase, part...
2. The value of any carcase, part of any carcase or...
3. The owner of a carcase, part of a carcase or...
4. These costs or expenses shall be deducted from the amount...
5. If the amount of these costs and expenses exceed the...
6. The owner shall pay to the Department the amount of...
7. On the expiry of this period, the amount of the...

Part III — **COMPENSATION FOR TSE SUSCEPTIBLE ANIMALS
SLAUGHTERED UNDER REGULATIONS 81 OR 82**

Compensation for sheep and goats

1. The compensation payable for a sheep or a goat slaughtered...

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

2. Where an examination, at a veterinary laboratory of the Department,...
3. Where an examination, at a veterinary laboratory of the Department,...

Compensation for bovine animals

4. The compensation payable for a bovine animal slaughtered under regulation...
5. Where examination, at a veterinary laboratory of the Department, of...
6. Where examination, at a veterinary laboratory of the Department, of...
7. Where an exposed animal (other than an offspring animal) is...
8. Where the Department causes 10% or more of the animals...
9. For the purposes of paragraph 8, the appropriate sum in...
10. For the purposes of paragraph 8(a) –
11. For the purposes of paragraphs 5 and 6 –
12. The Department shall take such steps as it considers appropriate...
13. (1) The following definitions apply for the purposes of this...

Part IV — COMPENSATION FOR CARCASSES, PARTS OF CARCASSES OR BLOOD OF TSE SUSCEPTIBLE ANIMALS RETAINED, SEIZED OR DISPOSED OF UNDER REGULATION 83

1. Subject to paragraph 5, the compensation for any carcass, part...
2. The value of any carcass, part of a carcass or...
3. The owner of a carcass, part of a carcass or...
4. These costs or expenses shall be deducted from the amount...
5. If the amount of these costs and expenses exceed the...
6. The owner shall pay to the Department the amount of...
7. On the expiry of this period, the amount of the...

Part V — COMPENSATION FOR TSE SUSPECT OR CONFIRMED ANIMAL OR A FIRST GENERATION PROGENY OF ANY SUCH ANIMAL SLAUGHTERED UNDER REGULATIONS 90 OR 91

1. The compensation payable for a TSE suspect or confirmed animal,...
2. (1) The market value of the animal shall be determined...
3. Where an animal was certified by a veterinary surgeon before...

Part VI — COMPENSATION FOR SEIZURE OR DISPOSAL UNDER REGULATION 92

1. Subject to paragraph 5, the compensation for any
2. The value of any carcass, part of a carcass, blood,...
3. The owner of a carcass, part of a carcass, blood,...
4. These costs or expenses shall be deducted from the amount...
5. If the amount of these costs and expenses exceed the...
6. The owner shall pay to the Department the amount of...
7. On the expiry of this period, the amount of the...

Part VII — COMPENSATION FOR OFFSPRING ANIMALS OF TSE SUSCEPTIBLE ANIMALS SLAUGHTERED UNDER REGULATION 94(1)

1. The compensation payable for an offspring animal slaughtered in accordance...
2. (1) The market value of the animal shall be determined...

- SCHEDULE 2 **CONDITIONS FOR THE TRANSPORT OF FISHMEAL FOR FEEDING TO FARMED ANIMALS OTHER THAN RUMINANTS**
1. Fishmeal for use in the manufacture of feedingstuffs for farmed...
 2. If a vehicle used for the transport of fishmeal for...
 3. Intermediate storage of fishmeal is allowed only if it is...
 4. Fishmeal imported from a third country for use in the...
 5. If a vehicle used for the transport of fishmeal imported...
- SCHEDULE 3 **CONDITIONS FOR THE PRODUCTION OF DICALCIUM PHOSPHATE FOR FEEDING TO FARMED ANIMALS OTHER THAN RUMINANTS**
1. Dicalcium phosphate for feeding to farmed animals other than ruminants...
 2. The dicalcium phosphate shall be derived from bones derived from...
 3. The dicalcium phosphate shall be produced by a process which...
 4. Dicalcium phosphate for use in the manufacture of feedingstuffs for...
 5. If a vehicle used for the transport of dicalcium phosphate...
- SCHEDULE 4 **CONDITIONS FOR THE PRODUCTION OF HYDROLYSED PROTEIN FOR FEEDING TO FARMED ANIMALS OTHER THAN RUMINANTS**
1. Hydrolysed protein from hides and skins shall –
 2. Hydrolysed protein from fish, feather, hides and skins shall be...
 3. Hydrolysed protein for use in the manufacture of feedingstuffs for...
 4. If a vehicle used for the transport of hydrolysed protein...
- SCHEDULE 5 **APPLICATION OF PART IV OF THE REGULATIONS TO SCHEME ANIMALS**
- SCHEDULE 6 **RENDERING REQUIREMENTS**
- Part I — **REQUIREMENTS FOR PREMISES USED FOR RENDERING SPECIFIED RISK MATERIAL**
1. The premises shall be adequately separated from the public highway...
 2. Unauthorised persons and animals shall not be permitted to have...
 3. The premises or part of the premises used to process...
 4. The premises shall have sufficient capacity of hot water and...
 5. The equipment used to render specified risk material shall include...
 6. To prevent recontamination of processed specified risk material by incoming...
 7. The premises must have adequate facilities for cleaning and disinfecting...
 8. Adequate facilities must be provided for disinfecting the wheels, immediately...
- Part II — **METHODS OF RENDERING**
- METHOD 1
- NATURAL FAT BATCH*
1. **Reduction**
 2. **Time and temperature**
 3. The rendering shall be carried out in a batch system....

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.
