

SCHEDULE 3

CLEANSING AND DISINFECTION OF PREMISES AND VEHICLES

PART II

CLEANSING AND DISINFECTION OF INFECTED PREMISES

CHAPTER 1

Preliminary disinfection of infected premises

2. Cleansing and disinfection shall be carried out during and immediately following slaughter so as to minimise the risk of disease spread and in accordance with the directions of an inspector.

.....
Commencement Information

I1 Sch. 3 Pt. II Ch. 1 para. 2 in operation at 23.2.2006, see [reg. 1](#)

3. Following slaughter—

- (a) every carcase shall be sprayed with disinfectant;
- (b) carcasses shall be removed from the holding in covered, leak-proof containers;
- (c) all parts of a holding which housed susceptible animals, and any buildings and yards or other surfaces which may have been contaminated during or after slaughter shall be sprayed with disinfectant.

.....
Commencement Information

I2 Sch. 3 Pt. II Ch. 1 para. 3 in operation at 23.2.2006, see [reg. 1](#)

4. Disinfectant shall not be removed for at least 24 hours after application.

.....
Commencement Information

I3 Sch. 3 Pt. II Ch. 1 para. 4 in operation at 23.2.2006, see [reg. 1](#)

Changes to legislation:

There are currently no known outstanding effects for the The Foot-and-Mouth Disease Regulations (Northern Ireland) 2006, CHAPTER 1.
