## **EXPLANATORY NOTE**

*(This note is not part of the Regulations)*

These Regulations amend the Smoke Control Areas (Authorised Fuels) Regulations (Northern Ireland) 2013 ([S.R. 2013 No. 205](#)), to add two new fuels to the list of fuels declared to be authorised fuels, for the purposes of Article 2(2) of the Clean Air (Northern Ireland) Order 1981.

A further entry has also been included as a substitute for Ecoal briquettes (in paragraph 21 of the Schedule), due to a number of changes to the product.

These fuels are authorised as smokeless fuels for use in areas that have been designated by district councils as smoke control areas.
