The Avian Influenza and Influenza of Avian
Origin in Mammals (Scotland) Order 2006

PART 8

General measures on suspicion or confirmation of avian influenza

Poultry and eggs moved to premises outside controlled zones other than for slaughter

62.—(1) The occupier of any premises (other than a slaughterhouse) not in a protection zone or a surveillance zone to which day old chicks hatched from eggs originating in such a zone are moved must ensure that they are not moved off the premises for at least 21 days from the date they arrive there.

(2) The occupier of any premises (other than a slaughterhouse) not in a protection zone or a surveillance zone to which ready to lay poultry from a protection zone are moved must ensure that they are not moved off the premises for at least 21 days from the date they arrive there.

(3) The occupier of any premises (other than a slaughterhouse) outside a low pathogenic avian influenza restricted zone to which poultry (including day old chicks) are moved from such a zone must ensure that the poultry are not moved off the premises for at least 21 days from the date they arrived there.

(4) The Scottish Ministers must ensure that such veterinary surveillance as they consider necessary to monitor for avian influenza take place at the premises to which things are moved.
