

## SCHEDULE

Regulation 16(1)

Conditions for movements of poultry, other captive birds and poultry products

### PART 1

1. In this Schedule “the movement licence” means a licence issued under regulation 15(2) for the particular movement described in the relevant sub-paragraph of this Schedule.

### PART 2

Movements of live poultry or other captive birds or poultry eggs within a vaccination zone

2.—(1) Where any person moves live poultry or other captive birds or poultry eggs within a vaccination zone—

- (a) hatching eggs must—
  - (i) originate from a vaccinated or unvaccinated breeding flock which has been examined with favourable results by a veterinary inspector;
  - (ii) have been disinfected before dispatch in accordance with instructions issued by a veterinary inspector;
  - (iii) be transported directly to the hatchery of destination; and
  - (iv) be traceable within the hatchery;
- (b) eggs must originate from a vaccinated or non-vaccinated layer flock which has been examined with favourable results by a veterinary inspector and must be transported to—
  - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the movement licence are applied; or
  - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No. 853/2004<sup>(1)</sup> to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No. 852/2004<sup>(2)</sup>;
- (c) day-old chicks must—
  - (i) originate from hatching eggs satisfying the conditions set out in sub-paragraph (a); and
  - (ii) be placed in a poultry-house or shed where there is no resident poultry;
- (d) live poultry or other captive birds must—
  - (i) have been vaccinated against avian influenza if vaccination is required by a declaration or notice under regulation 12(1);
  - (ii) have been examined by a veterinary inspector with favourable results; and
  - (iii) be placed in a poultry-house or shed where there is no resident poultry.
- (e) poultry for slaughter must—
  - (i) be examined by a veterinary inspector with favourable results before loading; and
  - (ii) be sent directly to a designated slaughterhouse for immediate slaughter.

<sup>(1)</sup> O.J. No. L 139, 30.4.04, p.55.

<sup>(2)</sup> O.J. No. L 139, 30.4.04, p.1.

*Status: This is the original version (as it was originally made).*

(2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

### PART 3

Movements of live poultry or other captive birds or poultry eggs from premises outside a vaccination zone or premises which are not under notice to premises within a vaccination zone or to premises which are under notice

3.—(1) Where any person moves live poultry or other captive birds or poultry eggs from premises outside a vaccination zone, or premises which are not under notice, to premises within a vaccination zone or to premises which are under notice—

- (a) hatching eggs must—
  - (i) be transported directly to the hatchery of destination; and
  - (ii) be traceable within the hatchery;
- (b) eggs must be transported to—
  - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the movement licence are applied; or
  - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No. 853/2004 to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No. 852/2004;
- (c) day-old chicks must be placed in a poultry house or shed where there is no resident poultry;
- (d) live poultry or other captive birds must—
  - (i) be placed in a poultry-house or shed where there is no resident poultry; and
  - (ii) be vaccinated at the farm of destination if vaccination is required by a declaration or notice under regulation 12(1);
- (e) poultry for slaughter must be sent directly to a designated slaughterhouse for immediate slaughter.

(2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

### PART 4

Movements of live poultry or other captive birds or poultry eggs from premises within a vaccination zone or premises which are under notice to premises outside a vaccination zone or to premises which are not under notice

4.—(1) Where any person moves live poultry or other captive birds or poultry eggs from premises within a vaccination zone, or from premises which are under notice, to premises outside a vaccination zone or to premises which are not under notice—

- (a) hatching eggs must—
  - (i) originate from a vaccinated or unvaccinated breeding flock which has been examined with favourable results by a veterinary inspector;
  - (ii) have been disinfected before dispatch in accordance with instructions issued by a veterinary inspector;

- (iii) be transported directly to the hatchery of destination; and
  - (iv) be traceable within the hatchery;
  - (b) eggs must originate from a vaccinated or non-vaccinated layer flock which has been examined by a veterinary inspector and shall be transported to—
    - (i) a designated packing centre, provided that they are packed in disposable packaging and that all biosecurity measures required by the licence are applied; or
    - (ii) an establishment for the manufacture of egg products as set out in Chapter II of Section X of Annex III to Regulation (EC) No. 853/2004 to be handled and treated in accordance with Chapter XI of Annex II to Regulation (EC) No. 852/2004;
  - (c) day-old chicks must—
    - (i) not have been vaccinated;
    - (ii) originate from hatching eggs satisfying the conditions set out in paragraph 2(1)(a) or 3(1)(a) or 4(1)(a);
    - (iii) be placed in a poultry-house or shed where there is no resident poultry;
  - (d) live poultry or other captive birds must—
    - (i) not have been vaccinated;
    - (ii) have been examined by a veterinary inspector; and
    - (iii) be placed in a poultry-house or shed where there is no resident poultry;
  - (e) poultry for slaughter must—
    - (i) be examined by a veterinary inspector before loading; and
    - (ii) be sent directly to a designated slaughterhouse for immediate slaughter.
- (2) Sub-paragraph (1)(b) does not apply to the retail distribution of poultry eggs and movements subsequent to such distribution.

## PART 5

### Meat obtained from poultry kept within a vaccination zone or premises under notice

- 5.—**(1) For meat obtained from vaccinated poultry kept within a vaccination zone or premises under notice and which have been sent for slaughter, that poultry must—
- (a) have been vaccinated with a vaccine specified in a declaration or notice under regulation 12(1);
  - (b) have been inspected and tested with favourable results by a veterinary inspector;
  - (c) have been clinically inspected by a veterinary inspector within 48 hours before loading and if appropriate any sentinel birds on the premises must have been examined by a veterinary inspector; and
  - (d) have been sent directly to a designated slaughterhouse for immediate slaughter.
- (2) For meat obtained from non-vaccinated poultry kept within a vaccination zone or premises under notice and which have been sent for slaughter, the poultry must have undergone monitoring by a veterinary inspector or an inspector under the direction of a veterinary inspector.

**Status:** This is the original version (as it was originally made).

## PART 6

### General provisions

#### **Movement outwith the United Kingdom of poultry or other captive birds from Scotland**

6. The movement outwith the United Kingdom of poultry or other captive birds kept within a vaccination zone or premises under notice from Scotland is prohibited unless authorised by the receiving Member State.
