an applicant may enter authorised land for such of the purposes set out in paragraph (2) as are permitted by that authorisation.

(4) Entry to authorised land pursuant to this article is subject to—

Pre application conditions

4. No application may be made by an applicant unless the applicant—

- (a) is considering making an application for an order to be made under section 1 of the Act; and
- (b) has attempted to obtain entry to the relevant land with the agreement of the owner and (where their agreement is also required) of every tenant and occupier of that relevant land.

Application

5.—(1) An application for authorisation to enter relevant land shall be made in writing, dated and shall be addressed to the Scottish Ministers.

(2) A separate application shall be made by the applicant for each area of relevant land in separate ownership or which would likely be in separate ownership if an owner could be traced.

(3) In the application the applicant shall give the name and the address to which any request for further information, notice or other document to be given to the applicant are to be sent.

- (e) a report of the reasons as to why entry to that relevant land is required and why that cannot be achieved without such entry;
- (f) a report of each activity the applicant wishes to undertake in and on that relevant land including the type of activity, the impact on that relevant land, the duration required for entry, the preferred times and dates of entry and the number of persons, and details of any vehicles, plant, materials and apparatus, that will be required;
- (g) a list of other consents, permissions or licences required under other enactments in connection with the proposed entry to that relevant land, which at the date of the application are being sought or which have been obtained or refused, specifying for each such consent, permission or licence—
 - (i) from whom the consent, permission or licence is or was required;
 - (ii) the date of the application for, or of the grant or refusal of, the consent, permission or licence (as the case may be); and
 - (iii) the reference number (if any) of the application; and

(6) The applicant may combine the reports, schedule, list and memorandum referred to in paragraph (5)(b) to (h) into a single document.

(3) The notice to be published for the purposes of paragraph (2) may be combined with the newspaper notice of any other application by the applicant relating to other relevant land.

(4) If any person makes a request for further details as to the relevant land to which an application relates which is received by the applicant on or before the expiry date for representations, the applicant shall provide to that person, free of charge, further details sufficient to identify that relevant land.

(5) The applicant may comply with the applicant's obligation under paragraph (4) by providing the person making the request with a plan showing the relevant land.

(6) As soon as practicable after making the application the applicant shall submit to the Scottish Ministers copies of—
