 - (h) the amount that is the total of the payments that were made by way of remuneration to or in respect of the person under categories (a) to (f) in the financial year preceding that to which the Remuneration Report relates.

Pension rights - disclosure of information and calculation of value

9. The Remuneration Report must show, in tabular form, against the post held and name of each relevant person the value of pension rights held and acquired by that person, as required by paragraphs 11 and 12.

10. The Remuneration Report must group in separate tables—
- (a) relevant persons who are senior employees or senior police officers;
 - (b) relevant persons who are senior councillors; and
 - (c) relevant persons who do not fall within sub-paragraphs (a) or (b) and who are included in a Remuneration Report for that financial year by virtue of paragraph 5.

11.—(1) Where a relevant person included in a Remuneration Report under paragraph 9 has rights under a pension scheme which will provide defined benefits (within the meaning of section 99 of the Pensions Act 2008⁽⁵⁾), the information to be provided in respect of the person is—

- (a) the value of the person's accrued pension benefits under the scheme as at 31st March in the financial year to which the Remuneration Report relates, rounded to the nearest £1,000;

- (c) the amount, rounded to the nearest whole pound, of any pension contributions made to that scheme by the local authority producing the Remuneration Report, or a local authority subsidiary body named in that Report, during the financial year to which that Report relates, including any contributions which that local authority, or a local authority subsidiary body named in that Report, has agreed to pay in respect of the relevant person at a later date.
- (2) In sub-paragraph (1)(a) and (b) the value of accrued pension benefits is to be calculated—
- (a) on the basis of the age at which the person will first become entitled to receive a full pension on retirement without reduction on account of its payment at that age, disregarding any entitlement to payment upon retirement on the grounds of illness, incapacity or redundancy;
 - (b) assuming that the person left the related employment or service as at 31st March in the year to which the value relates without exercising any option to commute pension entitlement into a lump sum;
 - (c) including any contributions that the relevant person is required to make in terms of the scheme rules, but disregarding any voluntary contributions made by the relevant person; and
 - (d) without any adjustment for the effects of future inflation.

12.—(1) Where a relevant person included in a Remuneration Report under paragraph 9 has rights under a pension scheme which is a money purchase scheme (within the meaning of sub-paragraph (2)), the information to be provided in respect of the person is the amount, rounded to the nearest whole pound, of any pension contributions made to that scheme by the local authority producing that Report, or a local authority subsidiary body named in that Report, during the financial year to which that Report relates, including any contributions which that local authority, or a local authority subsidiary body named in that Report, has agreed to pay in respect of the relevant person at a later date.

(2) A “money purchase scheme” means a scheme under which all the benefits that may become payable to or in respect of a person are retirement benefits, the rate or amount of which is calculated by reference to payments made, or treated as made, by the person (or by any other person in respect of that person) and which are not average salary benefits.”

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the Local Authority Accounts (Scotland) Regulations 1985 to require a local authority to prepare as part of its annual accounts a Remuneration Report.

Regulation 2 provides that this duty arises in respect of the 2010/11 accounts onwards, with saving provision for cases where there are contractual issues about disclosure in respect of the year in which the Regulations come into force.

Regulation 3 sets out the detail that is to be included in such a Report, by reference to a Schedule inserted into the 1985 Regulations.

Paragraphs 2 to 4 of that Schedule require such a Report to provide relevant general information. Paragraph 5 provides that details must be provided in respect of subsidiary bodies, in addition to the local authority itself.

Paragraphs 6, 7, 9 and 10 of that Schedule make further provision as to the structure of the Remuneration Report.

Paragraph 8 of that Schedule describes the categories in respect of which information must be shown in a Remuneration Report, and paragraphs 11 and 12 describe what is to be included in respect of pension values and contributions.

The accounts of each local authority require to be audited by virtue of section 96(4) of the Local Government (Scotland) Act 1973. These Regulations do not make any other change to the need for an audit of those accounts, or alter the timescales within which such accounts require to be submitted for audit.
