ARTICLE 5

Permanent establishment

- (1) For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
- (2) The term “permanent establishment” includes especially:
 - (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop; and
 - (f) a mine, quarry or any other place of extraction of natural resources.
- (3) A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.
- (4) Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:
 - (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e) of this paragraph, provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

(5) Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts on behalf of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income from immovable property

(1) Income derived from immovable property (including income from agriculture or forestry) situated in a Contracting State may be taxed in that State.

(2) The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, aircraft and railway vehicles shall not be regarded as immovable property.

(3) The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

(4) The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

(5) Where shares or other rights in a company, other legal person, partnership, trust or any similar body give an entitlement to enjoy immovable property situated in a Contracting State and held by that company, other legal person, partnership, trust or similar body, income derived from the direct use, letting, or use in any other form of that entitlement to enjoy, may be taxed in that State notwithstanding the provisions of Article 7.

ARTICLE 7

Business profits

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

(4) Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

(5) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(6) For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) Where profits include items of income or capital gains which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

International transport

(1) Profits derived by a resident of a Contracting State from the operation of ships, aircraft or railway vehicles in international traffic shall be taxable only in that State.

(2) Where profits within paragraph 1 are derived by a resident of a Contracting State from participation in a pool, a joint business or an international operating agency, the profits attributable to that resident shall be taxable only in the Contracting State of which he is a resident.

(3) For the purposes of this Article, profits derived from the operation of ships, aircraft or railway vehicles in international traffic include:

- (a) profits derived from the rental on a bareboat basis of ships, aircraft or railway vehicles; and
- (b) profits derived from the use, maintenance or rental of containers;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships, aircraft or railway vehicles in international traffic.

ARTICLE 9

Channel tunnel

(1) In this Article:

- (a) the term “Treaty” means the Treaty between the United Kingdom of Great Britain and Northern Ireland and the French Republic concerning the Construction and Operation by Private Concessionaires of a Channel Fixed Link signed at Canterbury on 12th February 1986;
- (b) the term “Fixed Link” has the meaning given by paragraph 2 of Article 1 of the Treaty;
- (c) the term “Concession” means the Concession Agreement concerning the development, financing, construction and operation of a fixed link across the English Channel signed at Paris on 14th March 1986 between the Secretary of State for Transport of the Government of the United Kingdom of Great Britain and Northern Ireland and Le Ministre de l’Urbanisme, du Logement et des Transports representing the French State of the one part, and The Channel Tunnel Group Limited and France-Manche SA of the other part;
- (d) the term “Concessionaire(s)” means The Channel Tunnel Group Limited and France-Manche SA or any transferee or successor permitted in accordance with the Concession;
- (e) the term “holding companies” means:
 - (i) the company which is a resident of the United Kingdom and beneficially owns all the issued share capital of the Concessionaire which is an enterprise of the United Kingdom; and
 - (ii) the company which is a resident of France and holds all the issued share capital of the Concessionaire which is an enterprise of France, with the exception of shares held compulsorily by other shareholders in accordance with French commercial law;
- (f) the term “associated company” means:
 - (i) either of the holding companies; or
 - (ii) a company in which one of the Concessionaires owns directly or indirectly more than 50 per cent either of the voting power or of the ordinary share capital; or
 - (iii) a company in which one of the holding companies owns directly or indirectly more than 50 per cent either of the voting power or of the ordinary share capital;
- (g) the term “ordinary share capital” as used in sub-paragraph (f) of this paragraph means:
 - (i) in the United Kingdom, all the issued share capital in the company, other than share capital the holders of which have a right to a dividend at a fixed rate but have no other right to share in the profits of the company;
 - (ii) in France, all the issued share capital in the company the holders of which have no special right to a dividend nor a special voting right.

(2) The provisions of this Article shall apply for the purposes of the taxation by the Contracting States of income derived from immovable property forming a part of the Fixed Link and of profits derived from the construction and operation of the Fixed Link, notwithstanding anything to the contrary in Article 6, 7 or 8 of this Convention, so long as:

- (a) one of the Concessionaires is an enterprise of one Contracting State and the other Concessionaire is an enterprise of the other Contracting State; and
- (b) the Concession provides for the equal sharing of costs and revenues between the two Concessionaires; and
- (c) the Concessionaires effectively share such costs and revenues equally during the construction and operation of the Fixed Link.

(3) The Contracting States shall for the purposes of their taxation laws compute the income or profits of each of the Concessionaires separately (whether or not any partnership exists between them) on the basis that the costs and revenues which are shared between them in accordance with

sub-paragraph (c) of paragraph 2 have been respectively incurred and received by each of them in equal shares.

(4) If and so long as the holders of shares in one of the Concessionaires, or in one of the holding companies, are required simultaneously to hold an equivalent number of shares of the same description in the other Concessionaire or, as the case may be, the other holding company, the income or profits of each of the Concessionaires computed in accordance with paragraph 3 shall be taxable only in the Contracting State of which it is an enterprise.

(5) If the requirements of paragraph 4 are not satisfied, the income or profits of each of the Concessionaires computed in accordance with paragraph 3 shall be attributable as to one half thereof to a permanent establishment which the Concessionaire has in the Contracting State of which it is not an enterprise and shall be taxable in that Contracting State accordingly.

(6) (a) Notwithstanding the provisions of Article 15 of this Convention, salaries, wages and other similar remuneration received by an employee of one of the Concessionaires or an associated company in respect of an employment which is exercised wholly or mainly within the Fixed Link in both Contracting States may be taxed in the Contracting State in which the place of effective management of that Concessionaire or associated company is situated.

(b) For the purposes of paragraph 2 of Article 15 of this Convention, remuneration shall not be regarded as borne by a permanent establishment which a Concessionaire has in the Contracting State of which it is not an enterprise by reason only that a partnership exists between the two Concessionaires.

ARTICLE 10

Associated enterprises

(1) Where:

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State;

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

(2) Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 11

Dividends

(1) (a) Dividends arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

- (b) Subject to the provisions of sub-paragraph (c) of this paragraph, any such dividends as are mentioned in sub-paragraph (a) of this paragraph may also be taxed in the first-mentioned State, and according to the laws of that State, but if the recipient is the beneficial owner of the dividends, the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

- (c) Such dividends as are mentioned in sub-paragraph (a) of this paragraph and are paid by a company which is a resident of the first-mentioned State shall not be taxable in that State if the beneficial owner is a company liable to corporation tax which holds, directly or indirectly, at least 10 per cent of the capital in the company paying the dividends and which is a resident of the other Contracting State.
- (d) Notwithstanding the provisions of Article 1, the tax charged in France on dividends derived therefrom and beneficially owned by a pension fund (other than a company) created, established, and approved for tax purposes in the United Kingdom may not be imposed at a rate exceeding that specified in sub-paragraph (b) of this paragraph.
- (e) The provisions of this paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

(2) The term “dividends” as used in this Article means income from shares, jouissance shares or jouissance rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income treated as a distribution by the taxation law of the Contracting State of which the company making the distribution is a resident. The term “dividends” does not include income referred to in Article 16.

(3) The provisions of paragraph 1 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

(4) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

(5) The provisions of subparagraphs (b), (c) and (d) of paragraph 1 shall not apply to dividends paid out of income or gains derived from immovable property within the meaning of Article 6 by an investment vehicle:

- (a) which distributes most of this income annually; and
- (b) whose income or gains from such immovable property are exempted from tax;

where the beneficial owner of those dividends holds, directly or indirectly, 10 per cent or more of the capital of the vehicle paying the dividends. In such case, the dividends may be taxed at the rate provided for by the domestic law of the Contracting State in which the dividends arise.

(6) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 12

Interest

(1) Interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

(2) The term “interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from Government securities and income from bonds or debentures. The term “interest” shall not include any item which is treated as a dividend under the provisions of Article 11.

(3) The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the

interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

(4) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount of interest. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(5) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 13

Royalties

(1) Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

(2) The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematograph films and software, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

(3) The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, and the right or property giving rise to the royalties is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

(4) Where, by reason of a special relationship between the payer and the beneficial owner, or between both of them and some other person, the amount of the royalties paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(5) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the right or property in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

ARTICLE 24

Elimination of double taxation

(1) Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom (which shall not affect the general principle hereof):

- (a) French tax payable under the laws of France and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains from sources within France (excluding in the case of a dividend, tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which French tax is computed;
- (b) in the case of a dividend paid by a company which is a resident of France to a company which is a resident of the United Kingdom and which controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend, the credit shall take into account (in addition to any French tax for which credit may be allowed under

the provisions of sub-paragraph (a)) the French tax payable by the company in respect of the profits out of which such dividend is paid.

(2) For the purposes of paragraph 1:

- (a) profits, income and capital gains owned by a resident of the United Kingdom which may be taxed in France in accordance with the other Articles of this Convention (except capital gains which may be taxed in accordance with paragraph 6 of Article 14) shall be deemed to arise from sources in France;
- (b) capital gains from sources neither in France nor the United Kingdom which may be taxed in the United Kingdom in accordance with paragraph 6 of Article 14 shall be deemed to arise from sources in France;
- (c) the taxes referred to in clauses (i) to (iv) of subparagraph (b) of paragraph 1 of Article 2 and, in respect of the taxes mentioned in those clauses, in paragraph 2 of Article 2, shall be considered French tax.

(3) In the case of France, double taxation shall be avoided in the following manner:

- (a) notwithstanding any other provision of this Convention, income which may be taxed or shall be taxable only in the United Kingdom in accordance with the provisions of this Convention shall be taken into account for the computation of the French tax where such income is not exempted from corporation tax according to French domestic law. In that case, the United Kingdom tax shall not be deductible from such income, but the resident of France shall, subject to the conditions and limits provided for in sub-paragraphs (i), (ii) and paragraph 4, be entitled to a tax credit against French tax. Such tax credit shall be equal:
 - (i) in the case of income other than that mentioned in sub-paragraph (ii), to the amount of French tax attributable to such income provided that the resident of France is subject to United Kingdom tax in respect of such income;
 - (ii) in the case of income referred to in Article 7 and paragraph 3 of Article 14 when that income is subject to French corporation tax, and in the case of income referred to in Article 11, paragraphs 1, 2 and 6 of Article 14, paragraph 3 of Article 15, Article 16, paragraphs 1 and 2 of Article 17 and paragraph 3 of Article 23, to the amount of tax paid in the United Kingdom in accordance with the provisions of those Articles; however, such credit shall not exceed the amount of French tax attributable to such income ;
- (b) for the purposes of sub-paragraph (a) of this paragraph the term “amount of French tax attributable to such income” means:
 - (i) where the tax on such income is computed by applying a proportional rate, the amount of the net income concerned multiplied by the rate which actually applies to that income;
 - (ii) where the tax on such income is computed by applying a progressive scale, the amount of the net income concerned multiplied by the rate resulting from the ratio of the tax actually payable on the total net income taxable in accordance with French law to the amount of that total net income;
- (c) for the purposes of sub-paragraph (a) of this paragraph, the term “amount of tax paid in the United Kingdom” means the amount of United Kingdom tax effectively and definitively borne in respect of the income concerned, in accordance with the provisions of this Convention.

(4) (a) Where gains may be taxed by a Contracting State by reason only of paragraph 6 of Article 14, that Contracting State, and not the other Contracting State, shall eliminate double taxation in accordance with the methods set out in this Article as if the gains arose from sources in the other Contracting State.

- (b) Where gains may be taxed by a Contracting State by reason of paragraphs 1, 2, or 3 of Article 14, the other Contracting State, and not the first-mentioned Contracting State, shall eliminate double taxation in accordance with the methods set out in this Article.

(5) In paragraph 3 the term “income” means income or capital gains as the context requires.

ARTICLE 25

Non-discrimination

(1) Individuals who are nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected.

(2) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

(3) Except where the provisions of paragraph 1 of Article 10, paragraph 4 or 5 of Article 12, paragraph 4 or 5 of Article 13, or paragraph 3 or 4 of Article 23 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall be deductible, for the purpose of determining the taxable profits of that enterprise, under the same conditions as if they had been paid to a resident of the first-mentioned State.

(4) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

(5) Nothing contained in this Article shall be construed as obliging either Contracting State to grant to individuals not resident in that State any of the personal allowances, reliefs and reductions for tax purposes which are granted to individuals so resident.

(6) Where an individual exercises an employment in a Contracting State and makes contributions to a pension scheme established in and recognised for tax purposes in the other Contracting State, such contributions shall, in the first-mentioned State, be deductible in determining that individual’s taxable income and shall be treated in that State in the same way and subject to the same conditions and limitations as contributions made to a pension scheme that is recognised for tax purposes in that State, provided that:

- (a) the individual was not a resident of that State, and was contributing to the pension scheme, or to another pension scheme for which it has been substituted, immediately before he began to exercise employment in that State; and
- (b) the pension scheme is accepted by the competent authority of that State as generally corresponding to a pension scheme recognised as such for tax purposes by that State.

(7) Where the enterprise paying the remuneration of an individual described in paragraph 6 makes contributions to a pension scheme described in that paragraph, such contributions shall not be treated as the taxable income of that individual and shall be allowed as a deduction in computing the profits of the enterprise.

(8) For the purposes of paragraph 6:

- (a) the term “a pension scheme” means an arrangement in which the individual participates in order to secure retirement benefits payable in respect of the employment; and
- (b) a pension scheme is recognised for tax purposes in a State if the contributions to the scheme would qualify for tax relief in that State.

ARTICLE 26

Mutual agreement procedure

(1) Where a resident of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those

States, present his case to the competent authority of the State of which he is a resident, or if his case comes under paragraph 1 of Article 25, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Convention or within six years from the end of the taxable year or chargeable period in respect of which that taxation is imposed or proposed.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

(4) The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

(5) Where,

- (a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention; and
- (b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within two years from the presentation of the case to the competent authority of the other Contracting State;

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either State or if the case has been presented to either competent authority under the European convention on the elimination of double taxation in connection with the adjustment of profits of associated enterprises, signed on 23rd July 1990. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic law of these States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

ARTICLE 27

Exchange of information

(1) The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws of the Contracting States concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Convention, in particular, to prevent fraud and to facilitate the administration of statutory provisions against legal avoidance. The exchange of information is not restricted by Articles 1 and 2.

(2) Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(3) In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

(4) If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

(5) In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 28

Diplomatic and consular officials

(1) Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions and their personal domestic staff, of members of consular posts, or of members of permanent missions to international organisations under the general rules of international law or under the provisions of special agreements.

(2) This Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of a diplomatic mission, consular post or permanent delegation of a third State, being present in a Contracting State and who are not liable in either Contracting State to the same obligations in relation to tax on their total income and capital gains as are residents thereof.

ARTICLE 29

Miscellaneous rules

(1) Where under any provision of this Convention any income is relieved from tax in a Contracting State and, under the domestic law in force in the other Contracting State, a person, in respect of that income, is subject to tax by reference to the amount thereof which is remitted to or received in that other State and not by reference to the full amount thereof, then the relief to be allowed under this Convention in the first-mentioned State shall apply only to so much of the income as is taxed in the other State. This provision shall not apply to income referred to in Articles 7 and 11.

(2) Where under Article 14 gains may only be taxed in one of the Contracting States and under the domestic law in force in that State a person is subject to tax in respect of those gains by reference to the amount thereof which is remitted to or received in that State and not by reference to the full amount thereof, the relief to be allowed under that Article in the other Contracting State shall apply only to so much of the gains as are taxed in the first mentioned State.

the basis of assessment of the tax pertaining to each of those five years. If that person loses the status of resident of France for a period of at least three years, and then becomes a resident of France again, property situated outside France which he owns on 1st January in each of the five calendar years following that in which he became a resident of France again shall not be included in the basis of assessment of the tax pertaining to each of those five years.

PART 2 PROTOCOL

At the signing of the Convention between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the French Republic for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income and on Capital Gains, the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of the French Republic have agreed that the following provisions shall form an integral part of the Convention.

1. In relation to Article 2, it is understood that the tax on salaries referred to in sub-paragraph (b) of paragraph 1 of Article 2 is governed by the provisions of the Convention applicable to business profits.

2. In relation to Article 3, it is understood that the term "United Kingdom" as defined in paragraph 1 of Article 3 does not include the Channel Islands, the Isle of Man, Gibraltar, the Sovereign Base Areas of the United Kingdom in Cyprus or any other overseas country or territory having special relations with the United Kingdom.

3. In relation to Article 5, it is understood that where a partnership which is not a resident of a Contracting State has a permanent establishment in a Contracting State, that permanent establishment shall be regarded as a permanent establishment in that State of each member of the partnership who is entitled to the benefits of the Convention. Income or gains attributable to a permanent establishment which a partnership which is not a resident of a Contracting State has in a Contracting State shall be regarded as attributable to a permanent establishment which each member of the partnership possesses in that State to the extent that each member of the partnership who is entitled to the benefits of the Convention shares in such income or gain.

4. In relation to Article 6, it is understood that the term "immovable property" as defined in Article 6 includes options and similar rights in connection with such property.

5. In relation to Article 7, it is understood that where a resident of a Contracting State is a member of a partnership established under the laws of the other Contracting State, nothing in the Convention shall prevent the first-mentioned Contracting State from taxing that resident on his share of any income, profits or gains derived from or through that partnership; but any such income, profits or gains shall be treated for the purposes of Article 24 as income, profits or gains from sources in that other State.

6. In relation to Article 11, it is understood that where a Contracting State applies the exemptions of its domestic regime applicable to investment vehicles as mentioned in paragraph 5 of Article 11 to the permanent establishment of an entity established in the other Contracting State, no provision of this Convention restricts the right of the first-mentioned Contracting State to tax, according to its domestic law, income from immovable property deemed to be distributed by that permanent establishment.

7. In relation to Articles 11, 12, 13, it is understood that managers of investment companies or funds established in a Contracting State may submit a claim relating to the benefits afforded by the provisions of those Articles. In the case of investment companies or funds not falling within Article 1, managers may submit claims and the competent authorities shall agree the mode of application of the Convention to those claims.

8. In relation to Articles 12, 13 and 23, it is understood that where, under the terms of paragraph 5 of Article 12, paragraph 5 of Article 13 or paragraph 4 of Article 23, the provisions of the Article do not apply to an item of income then that income may be taxed in both Contracting States in accordance with the domestic law of each State.

In witness whereof the undersigned, duly authorised thereto by their respective Governments, have signed this Protocol
