

SCHEDULES

SCHEDULE 4

PROVISIONS TO BE INCORPORATED IN ORDERS RELATING TO WATER UNDERTAKINGS

PART V

SUPPLY OF WATER FOR PUBLIC PURPOSES

Undertakers to fix and maintain fire hydrants on pipes.

- 19 The undertakers shall, at the request of the fire authority concerned, fix fire hydrants on their mains (other than trunk mains) at such places as may be most convenient for affording a supply of water for extinguishing any fire which may break out within the limits of supply, and shall keep in good order and from time to time renew every such hydrant.

Undertakers to deposit keys of hydrants at certain places.

- 20 As soon as any such hydrant is complete, the undertakers shall, if required by the fire authority, deposit a key thereof at each place within the limits of supply where any public fire engine is kept, and in such other places as may be appointed by the fire authority.

Cost of hydrants.

- 21 The cost of such hydrants as aforesaid and of fixing, maintaining and renewing them, and of providing such keys as aforesaid shall be defrayed by the fire authority.

Hydrants to be placed near factories, etc., at request of owners of occupiers.

- 22 The undertakers shall, at the request and expense of the owner or occupier of any factory or place of business situated in, or near to, a street in which a pipe of the undertakers is laid (not being a trunk main, and being of sufficient dimensions to carry a hydrant) fix on the pipe and keep in good order and from time to time renew one or more fire hydrants, to be used only for extinguishing fires, as near as conveniently may be to that factory or place of business, and shall also at his expense comply as respects each such hydrant with the requirements of the last but one foregoing section.

Water to be taken to extinguish fires without charge.

- 23 The undertakers shall allow any person to take without payment water for extinguishing fires from any pipe on which a hydrant is fixed.

Status: This is the original version (as it was originally enacted).

Supply of water for cleansing sewers, etc., and for other public purposes.

- 24 (1) In every pipe on which a hydrant is fixed the undertakers shall provide a supply of water for cleansing sewers and drains, for cleansing and watering streets and for supplying any public pumps, baths or washhouses.
- (2) A supply of water for the said purposes shall be provided at such rates, in such quantities and upon such terms and conditions as may be agreed between the regional islands or district council or highway authority concerned and the undertakers.
