- (2) Where a report under subsection (1) above in respect of a patient detained in a hospital is to the effect that he is suffering from psychopathic disorder or mental impairment but not from mental illness or severe mental impairment the appropriate medical officer shall include in the report a statement of his opinion whether further medical treatment in hospital is likely to alleviate or prevent a deterioration of the patient's condition; and if he states that in his opinion such treatment is not likely to have that effect the authority of the managers to detain the patient shall cease.
- (3) Before furnishing a report under subsection (1) above the appropriate medical officer shall consult one or more other persons who have been professionally concerned with the patient's medical treatment.

  - (b) an approved mental health professional states in writing—

- (7) In this Act—
- “community patient” means a patient in respect of whom a community treatment order is in force;
