

Mental Health (Scotland) Act 1984

1984 CHAPTER 36

PART V

ADMISSION TO AND DETENTION IN HOSPITAL AND GUARDIANSHIP

Grounds for hospital admission

17 Patients liable to be detained in hospital

- (1) A person may, in pursuance of an application for admission under section 18(1) of this Act, be admitted to a hospital and there detained on the grounds that—
 - (a) he is suffering from mental disorder of a nature or degree which makes it appropriate for him to receive medical treatment in a hospital; and
 - (i) in the case where the mental disorder from which he suffers is a persistent one manifested only by abnormally aggressive or seriously irresponsible conduct, such treatment is likely to alleviate or prevent a deterioration of his condition; or
 - (ii) in the case where the mental disorder from which he suffers is a mental handicap, the handicap comprises mental impairment (where such treatment is likely to alleviate or prevent a deterioration of his condition) or severe mental impairment; and
 - (b) it is necessary for the health or safety of that person or for the protection of other persons that he should receive such treatment and it cannot be provided unless he is detained under this Part of this Act
- (2) Nothing in this Act shall be construed as preventing a patient who requires treatment for mental disorder from being admitted to any hospital or nursing home for that treatment in pursuance of arrangements made in that behalf without any application, recommendation or order rendering him liable to be detained under this Act, or from remaining in any hospital in pursuance of such arrangements if he has ceased to be so liable to be detained.

Procedure for admission of patients: hospital

18 Admission and detention of patients: hospital

- (1) A patient may be admitted to a hospital and there detained for the period allowed by this Part of this Act in pursuance of an application in the prescribed form (in this Act referred to as " an application for admission ") approved by the sheriff and made in accordance with this Part of this Act.
- (2) An application for admission shall be founded on and accompanied by 2 medical recommendations which shall be in the prescribed form and each such recommendation shall include the following statements, being statements of opinion, and the grounds on which each statement is based—
 - (a) a statement of the form of mental disorder from which the patient is suffering, being mental illness or mental handicap or both ; and
 - (b) a statement as to which of the grounds set out in section 17(1) of this Act apply in relation to the patient.
- (3) An application for admission shall be of no effect unless the patient is described in each of the medical recommendations as suffering from the same form of mental disorder, whether or not he is described in either of those recommendations as suffering also from the other form.

19 General provisions as to applications: hospital

- (1) Subject to the provisions of this section, an application for admission may be made either by the nearest relative of the patient or by a mental health officer; and every such application shall be addressed to the managers of the hospital to which admission is sought.
- (2) The nearest relative of the patient shall not make an application for admission unless he has personally seen the patient within the period of 14 days ending with the date on which the proposed application is submitted to the sheriff for his approval.
- (3) A local authority shall, if so required by the nearest relative of a patient residing in their area, direct a mental health officer as soon as practicable to take the patient's case into consideration with a view to making an application for admission in respect of the patient; and if in any such case that officer decides not to make an application he shall inform the nearest relative of his reasons in writing.
- (4) A mental health officer shall make an application for admission in respect of a patient within the area of the local authority by whom that officer was appointed in any case where he is satisfied that such an application ought to be made and is of the opinion, having regard to any wishes expressed by relatives of the patient and to any other relevant circumstances, that it is necessary or proper for the application to be made by him.
- (5) A mental health officer who proposes to make an application for admission shall—
 - (a) interview the patient within the period of 14 days ending with the date on which the proposed application is submitted to the sheriff for his approval and satisfy himself that detention in a hospital is, in all the circumstances of the case, the most appropriate way of providing the care and medical treatment which the patient needs; and

- (b) take such steps as are reasonably practicable to inform the nearest relative of the patient of the proposed application, and of his right to object thereto in accordance with the provisions of section 21 of this Act.
- (6) A mental health officer shall make an application for admission in respect of a patient where—
 - (a) he has received the 2 medical recommendations required for the purposes of such an application ; and
 - (b) he has been requested to do so by a medical practitioner who gave one of the medical recommendations,
 - and the application shall include—
 - (i) a statement of the mental health officer's opinion as to whether or not the application should be granted; and
 - (ii) a statement of the grounds on which that opinion is based.
- (7) An application under this section by a mental health officer may be made outside the area of the local authority by whom he is appointed.

20 Medical recommendations: hospital

- (1) The medical recommendations required for the purposes of an application for admission shall satisfy the following requirements—
 - (a) such recommendations shall be signed on or before the date of the application and shall be given by medical practitioners (neither being the applicant) who have personally examined the patient separately, in which case not more than 5 days must have elapsed between the days on which the separate examinations took place, or, where no objection has been made by the patient or his nearest relative, together;
 - (b) one of the recommendations shall be given by a practitioner approved for the purposes of this section by a Health Board as having special experience in the diagnosis or treatment of mental disorder and the other recommendation shall, if practicable, be given by the patient's general medical practitioner or another medical practitioner who has previous acquaintance with him;
 - (c) neither recommendation shall be given by a practitioner on the staff of the hospital named in the application where the patient is to be accommodated under section 57 or 58 of the National Health Service (Scotland) Act 1978 (which relates to accommodation for private patients) or in a private hospital and, subject to subsection (2) of this section, where the patient is to be accommodated otherwise one only of the recommendations may be given by such a practitioner;
 - (d) such recommendations shall contain a statement as to whether the person signing the recommendation is related to the patient and of any pecuniary interest that that person may have in the admission of the patient to hospital.
- (2) Notwithstanding the provisions of paragraph (c) of subsection (1) of this section, both medical recommendations may be given by practitioners on the staff of the hospital named in the application where—
 - (a) compliance with the said paragraph (c) would result in a delay involving serious risk to the health or safety of the patient or to the safety of other persons;

- (b) one of the practitioners giving the recommendations works at the hospital for less than half the time which he is bound by contract to devote to work in the health service; and
- (c) if one of the practitioners is a consultant, the other does not work (whether at the hospital or elsewhere) in a grade in which he is under that consultant's directions.
- (3) For the purposes of this section a general practitioner who is employed part-time in a hospital shall not be regarded as a practitioner on its staff.

21 Approval of applications by the sheriff: hospital

- (1) An application for admission shall be submitted to a sheriff of the sheriffdom—
 - (a) within which the patient is resident at the time when the application is submitted; or
 - (b) where the patient is a resident patient in a hospital at the time when the application is submitted, within which the hospital is situated,

for his approval within 7 days of the last date on which the patient was examined for the purposes of any medical recommendation accompanying the application.

- (2) Subject to the following provisions of this section and to section 113 of this Act, the sheriff, in considering an application submitted to him under this section—
 - (a) may make such inquiries and hear such persons (including the patient) as he think fit; and
 - (b) where an application is the subject of objection by the nearest relative of the patient, shall afford that relative and any witness that relative may call an opportunity of being heard ; and
 - (c) shall, where a mental health officer makes an application for admission in respect of a patient under section 19(6) of this Act and such application includes a statement of the mental health officer's opinion that the application should not be granted, afford the mental health officer an opportunity of being heard.
- (3) The sheriff shall not withhold approval to an application submitted under this section without affording to the applicant and any witness the applicant may call an opportunity of being heard.
- (4) Any proceedings under this section shall, where the patient or applicant so desires or the sheriff thinks fit, be conducted in private.
- (5) The sheriff in the exercise of the functions conferred on him by this section shall have the like jurisdiction, and the like powers as regards the summoning and examination of witnesses, the administration of oaths, the awarding of expenses, and otherwise, as if he were acting in the exercise of his civil jurisdiction.

22 Effect of applications: hospital

(1) Where an application for admission has been approved by the sheriff, that application shall be sufficient authority for the removal of the patient to the hospital named in the application and, when the application has been forwarded to the managers of the hospital, for the admission of the patient to that hospital at any time within a period of 7 days from the date on which the sheriff approved the application and for his detention there in accordance with the provisions of this Act.

- (2) Where a patient has been admitted to a hospital in pursuance of an application under this Part of this Act, it shall be the duty of the managers of the hospital to notify—
 - (a) the Mental Welfare Commission ; and
 - (b) the local authority for the area in which the hospital is situated (except where the admission is in pursuance of an application made by a mental health officer appointed by that authority),

of that admission together with a copy of the application and recommendations relating to the patient's admission within 7 days of its taking place.

- (3) A local authority shall, on being notified under subsection (2) of this section, arrange for a mental health officer as soon as practicable and, in any event, not later than 7 days before the expiry of the period of 28 days beginning with the day on which the patient was admitted to a hospital—
 - (a) to interview the patient whose admission has been notified to them ; and
 - (b) to provide the responsible medical officer and the Mental Welfare Commission with a report on the patient's social circumstances,

unless the mental health officer has done so under section 26(5) of this Act within the previous 28 days.

- (4) Where a patient has been admitted as aforesaid the responsible medical officer shall—
 - (a) within the period of 7 days ending on the 28th day after the patient's admission—
 - (i) examine the patient or obtain from another medical practitioner a report on the condition of the patient; and
 - (ii) consult such other person or persons who appear to him to be principally concerned with the patient's medical treatment; and
 - (b) if he is satisfied, as a result of the examination or report, that—
 - (i) the patient is not suffering from mental disorder of a nature or degree which makes it appropriate for him to be liable to be detained in a hospital for medical treatment; or
 - (ii) it is not necessary for the health or safety of the patient or for the protection of other persons that he should receive such treatment, order the discharge of the patient; or
 - (c) if he does not order the discharge of the patient, so inform the Mental Welfare Commission, the nearest relative of the patient, the local authority and the managers concerned.

23 Rectification of application and recommendations: hospital

- (1) If within the period of 14 days beginning with the day on which a patient has been admitted to a hospital in pursuance of an application for admission, the application, or any medical recommendation given for the purposes of the application, is found to be in any respect incorrect or defective, the application or recommendation may, not later than 7 days after the expiration of the said period, with the approval of the sheriff, be amended by the person by whom it was signed; and upon such amendment being made the application or recommendation shall have effect, and shall be deemed always to have had effect, as if it had been originally made as so amended.
- (2) Without prejudice to the provisions of subsection (1) of this section, if within the period first mentioned therein it appears to the managers of the hospital, that one of the 2 medical recommendations on which the application for admission is founded is

insufficient to warrant the detention of the patient in pursuance of the application, they may within that period give notice in writing to that effect to the applicant and to the sheriff; and where any such notice is given in respect of a medical recommendation that recommendation shall be disregarded, but the application shall be, and shall be deemed always to have been, sufficient if—

- (a) a fresh medical recommendation complying with the relevant provisions of this Part of this Act (other than the provisions relating to the time of signature and the interval between examinations) is furnished to the managers and to the sheriff; and
- (b) the sheriff is satisfied that that recommendation and the other recommendation on which the application is founded together comply with those provisions.
- (3) Where the medical recommendations upon which an application for admission is founded are, taken together, insufficient to warrant the detention of the patient in pursuance of the application, a notice under subsection (2) of this section may be given in respect of either of those recommendations; but this subsection shall not apply in a case where the application is of no effect by virtue of section 18(3) of this Act.

24 Emergency admission: hospital

- (1) In any case of urgent necessity a recommendation (in this Act referred to as " an emergency recommendation ") may be made by a medical practitioner in respect of a patient stating that by reason of mental disorder it is urgently necessary for his health or safety or for the protection of other persons, that he should be admitted to a hospital, but that compliance with the provisions of this Part of this Act relating to an application for admission before the admission of the patient to a hospital would involve undesirable delay.
- (2) An emergency recommendation shall not be made unless, where practicable, the consent of a relative or of a mental health officer has been obtained ; and the recommendation shall be accompanied by a statement that such a consent as aforesaid has been obtained or, as the case may be, by a statement of the reasons for the failure to obtain that consent.
- (3) An emergency recommendation shall be sufficient authority for the removal of the patient to a hospital at any time within a period of 3 days from the date on which it was made and for his detention therein for a period not exceeding 72 hours from the time of his admission.
- (4) An emergency recommendation shall be made only by a medical practitioner who has personally examined the patient on the day on which he signed the recommendation.
- (5) Where a patient is admitted to a hospital in pursuance of this section, it shall, where practicable, be the duty of the managers without delay to inform the nearest relative of the patient, the Mental Welfare Commission and, except in the case of a patient referred to in section 25 of this Act, some responsible person residing with the patient.
- (6) A patient who has been detained in a hospital under this section shall not be further detained under this section immediately after the expiry of the period of detention.

25 Detention of patients already in hospital

(1) An application for admission or an emergency recommendation may be made under this Part of this Act notwithstanding that the patient is already in a hospital; and where

the application or recommendation is made in such a case the patient shall be treated for the purposes of this Part of this Act as if he had been admitted to the hospital on the date on which the application was forwarded to the managers of the hospital, or, as the case may be, the recommendation was made.

- (2) If, in the case of a patient who is already in a hospital receiving treatment for mental disorder and who is not liable to be detained therein under this Part of this Act, it appears to a nurse of the prescribed class—
 - (a) that the patient is suffering from mental disorder to such a degree that it is necessary for his health or safety or for the protection of other persons for him to be immediately restrained from leaving the hospital; and
 - (b) that it is not practicable to secure the immediate attendance of a medical practitioner for the purpose of making an emergency recommendation,

the patient may be detained in the hospital for a period of 2 hours from the time when he was first so detained or until the earlier arrival at the place where the patient is detained of a medical practitioner having power to make an emergency recommendation.

- (3) Where a patient is detained under subsection (2) of this section the nurse shall as soon as possible record in writing—
 - (a) the facts mentioned in paragraphs (a) and (b) of the said subsection (2);
 - (b) the fact that the patient has been detained; and
 - (c) the time at which the patient was first so detained.
- (4) A record made by a nurse under subsection (3) of this section shall, as soon as possible after it is made, be delivered by the nurse, or by a person authorised by the nurse in that behalf, to the managers of the hospital; and a copy of the record shall, within 14 days of the date on which the managers received it, be sent to the Mental Welfare Commission.
- (5) A patient who has been detained in a hospital under subsection (2) of this section shall not be further detained thereunder immediately after the expiry of that period of detention.
- (6) In subsection (2) of this section " prescribed " means prescribed by an order made by the Secretary of State.

26 Short term detention

- (1) Where a patient is admitted to a hospital in pursuance of section 24 of this Act, he may be detained in that hospital after the expiry of the period of 72 hours referred to in subsection (3) of that section if—
 - (a) a report on the condition of the patient has been furnished to the managers of the hospital; and
 - (b) where practicable, consent to the continued detention has been given by the nearest relative of the patient or by a mental health officer.
- (2) The report referred to in subsection (1)(a) of this section shall—
 - (a) be given by a medical practitioner approved for the purposes of section 20(1)
 (b) of this Act who has personally examined the patient and shall include a statement that in the opinion of the medical practitioner—
 - (i) the patient is suffering from mental disorder of a nature or degree which makes it appropriate for him to be detained in a hospital for at least a limited period; and

- (ii) the patient ought to be so detained in the interests of his own health or safety or with a view to the protection of other persons ;
- (b) include, where consent to the continued detention has not been obtained, a statement of the reasons for not obtaining such consent; and
- (c) contain a statement as to whether the person signing the report is related to the patient and of any pecuniary interest that that person may have in the admission of the patient to hospital.
- (3) Subject to subsection (6) of this section, where a report is duly furnished under subsection (1) of this section the authority for the detention of the patient shall be thereby renewed for a further period of 28 days from the expiry of the period of 72 hours referred to in the said subsection (1).
- (4) Where a patient is detained in a hospital in pursuance of this section, the managers of the hospital shall so inform—
 - (a) the Mental Welfare Commission ;
 - (b) where practicable, the nearest relative of the patient (except where the nearest relative has consented under subsection (1)(b) of this section); and
 - (c) the local authority (except in a case where a mental health officer appointed by that local authority has consented under subsection (1)(b) of this section),

not later than 7 days after the patient was detained.

- (5) A local authority, on being informed under subsection (4) of this section of the admission of a patient, shall arrange for a mental health officer as soon as practicable and in any event not later than 7 days before the expiry of the period of 28 days referred to in subsection (3) of this section—
 - (a) to interview the patient; and
 - (b) to provide the responsible medical officer and the Mental Welfare Commission with a report on the patient's social circumstances.
- (6) Any patient may, within the period for which the authority for his detention is renewed by virtue of a report furnished in respect of him under this section, appeal to the sheriff to order his discharge and the provisions of section 33(2) and (4) of this Act shall apply in relation to such an appeal.
- (7) A patient who has been detained in a hospital under this section shall not be further detained under this section nor detained under section 24 of this Act immediately after the ex-expiry of the period of detention under this section.

- (2) Leave of absence may be granted to a patient under this section either on specified occasions or for any specified period of not more than 6 months; and where leave is so granted for a specified period it may be extended for further such periods as aforesaid.
- (3) Where it appears to the responsible medical officer that it is necessary so to do in the interests of the patient or for the protection of other persons, he may, upon granting

leave of absence under this section, direct that the patient remain in custody during his absence; and where leave of absence is so granted the patient may be kept in the custody of any officer on the staff of the hospital, or of any other person authorised in writing by the managers of the hospital, or, if the patient is required in accordance with conditions imposed on the grant of leave of absence to reside in another hospital, of any officer on the staff of that other hospital.

- (4) Where leave of absence is granted to a patient under this section or where a period of leave is extended by further leave and the leave or the extension is for a period of more than 28 days, it shall be the duty of the responsible medical officer to inform the Mental Welfare Commission within 14 days of the granting of leave or of the extension, as the case may be, of the address at which the patient is residing and, on the return of the patient, to notify the Commission thereof within 14 days.
- (5) In any case where a patient is absent from a hospital in pursuance of leave of absence granted under this section, and it appears to the responsible medical officer that it is necessary so to do in the interests of the health or safety of the patient or for the protection of other persons, that officer may, subject to subsection (6) of this section, by notice in writing given to the patient or to the person for the time being in charge of the patient, revoke the leave of absence and recall the patient to the hospital.
- (6) A patient to whom leave of absence is granted under this section shall not be recalled under subsection (5) of this section after he has ceased to be liable to be detained under this Part of this Act.

he may, subject to the provisions of this section, be taken into custody and returned to the hospital or place by any mental health officer, by any officer on the staff of the hospital, by any constable, or by any person authorised in writing by the managers of the hospital.

- (2) Where the place referred to in subsection 1(c) of this section is a hospital other than the one in which the patient is for the time being liable to be detained, the references in that subsection to an officer on the staff of the hospital and to the managers of the hospital shall respectively include references to an officer on the staff of the first-mentioned hospital and to the managers of that hospital.
- (3) A patient shall not be taken into custody under this section after the expiration of the period of 28 days beginning with the first day of his absence without leave and a patient who has not returned or been taken into custody under this section within the said period shall cease to be liable to be detained at the expiration of that period.

(4) A patient shall not be taken into custody under this section if the period for which he is liable to be detained is that specified in section 24(3), 25(2) or 26(3) of this Act and that period has expired.

 - (a) where the patient, being liable to be detained in a hospital by virtue of an application for admission, is transferred to another hospital, as if the application were an application for admission to that other hospital, and as if the patient had been admitted to that other hospital at the time when he was originally admitted in pursuance of the application ;
 - (b) where the patient, being liable to be detained as afore said, is transferred into guardianship, as if the application were a guardianship application duly forwarded to the local authority at the time aforesaid.
- (4) Where a patient is transferred to a State hospital under subsection (1)(a) of this section he or his nearest relative may, within 28 days of the date of the transfer, appeal by way of summary application to a sheriff of the sheriffdom within which the hospital from which the patient was transferred is situated against the decision of the managers of that hospital to transfer the patient; and on any such appeal the sheriff shall order the return of the patient to the hospital from which he was transferred unless he is satisfied that the patient, on account of his dangerous, violent or criminal propensities, requires treatment under conditions of special security, and cannot suitably be cared for in a hospital other than a State hospital.

30 Duration of authority: hospital

 - (b) consult such other person or persons who appear to him to be principally concerned with the patient's medical treatment,

- (2) Where any such patient is detained in custody as aforesaid for a period not exceeding 6 months, or for successive periods that do not in the aggregate exceed 6 months, then—

 - (b) in any case, sections 28 and 31 of this Act shall apply in relation to the patient as if he had absented himself without leave on that day.

33 Discharge of patients: hospital

- (1) Subject to the provisions of this and the next following section, a patient who is liable to be detained in a hospital under this Part of this Act shall cease to be so liable if an order in writing discharging him from detention (in this Act referred to as " an order for discharge ") is made in accordance with the following provisions of this section.
- (2) An order for discharge may be made in respect of a patient by the responsible medical officer, the Mental Welfare Commission or, where an appeal has been taken under sections 26, 30 or 34 of this Act, by the sheriff:

Provided that such an order shall not be made by the responsible medical officer in respect of a patient detained in a State hospital without the consent of the managers of the hospital.

- (3) The responsible medical officer or the Mental Welfare Commission shall make an order for discharge in respect of a patient where he is or they are satisfied that—
 - (a) he is not suffering from mental disorder of a nature or degree which makes it appropriate for him to be liable to be detained in a hospital for medical treatment; or
 - (b) it is not necessary for the health or safety of the patient or for the protection of other persons that he should receive such treatment.
- (4) Where an appeal is made to the sheriff by a patient under sections 26, 30 or 34 of this Act, the sheriff shall order the discharge of the patient if he is satisfied that—

34 Restrictions on discharge by nearest relative: hospital

- (1) An order for the discharge of a patient who is liable to be detained in a hospital shall not be made by his nearest relative except after giving not less than 7 days' notice in writing to the managers of the hospital; and if within that period the responsible medical officer furnishes to the managers a report certifying that, in his opinion, the grounds set out in section 17(1) of this Act apply in relation to the patient—
 - (a) any order for the discharge of the patient made by that relative in pursuance of the notice shall be of no effect; and
