- (1) In relation to each financial year a billing authority [^{F104}in Wales] shall calculate the basic amount of its council tax by applying the formula—

$$\frac{R - P}{T}$$

where—

R is the amount calculated (or last calculated) by the authority under section 32(4) above as its budget requirement for the year;

Status: Point in time view as at 27/03/2013. This version of this Act contains provisions that are prospective.
Changes to legislation: Local Government Finance Act 1992 is up to date with all changes known to be in force on or before 27 July 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

P is the aggregate of the sums which the authority estimates will be payable for the year into its ^{F105}...^{F106} council fund] in respect of redistributed non-domestic rates, revenue support grant, ^{F107}its council tax reduction scheme,] additional grant ^{F108}or ^{F109}special grant^{F110} ...;];

T is the amount which is calculated by the authority as its council tax base for the year and, where one or more major precepting authorities have power to issue precepts to it, is notified by it to those authorities (“the major precepting authorities concerned”) within the prescribed period.

- (iii) an authority’s council tax reduction scheme,
- (iv) additional grant, and
- (v) special grant,

are to be construed in accordance with section 32(12).]

(2) Where the aggregate calculated (or last calculated) by the authority for the year under subsection (2) of section 32 above does not exceed that so calculated under subsection (3) of that section, the amount for item R in subsection (1) above shall be nil.

^{F112}(3)

^{F112}(3A)

^{F113}(3B) ^{F114}... the aggregate of the sums mentioned in item P in subsection (1) above shall be reduced by the amount calculated in accordance with the following formula—

$$(J+K)L$$

J is the ^{F115}authority's] estimate of the amount by which the aggregate for the year of the chargeable amounts under Part III of the 1988 Act (non-domestic rating) will be less than it would be apart from section 47 of that Act (discretionary relief);

K is the ^{F115}authority's] estimate of the reductions and remittances which will be made for the year under section 49 of that Act (reduction or remission of liability);

^{F116}^{F117}(3C) In the case of a Welsh county council or county borough council the aggregate of the sums mentioned in item P in subsection (1) above shall be reduced by an amount calculated by applying the formula—

$$E \times B \times 0.51B (E \times B \times 0.5)$$

where—E is the product of the formula set out in subsection (3D) below or, if that is a negative amount, is nil;

B is the proportion of council tax benefit prescribed for the authority for the year.

^{F116}^{F117}(3D) E is to be calculated by applying the formula—

- (1) This section applies where for any financial year an item mentioned in section 35(1) below relates to a part only of a billing authority's area; and in this section "special item" means any such item which so relates and "the relevant part", in relation to such an item, means the part concerned.
- (2) The authority shall calculate the basic amount of its council tax for dwellings in a part of its area to which no special item relates by applying the formula—

$$B - \frac{A}{T}$$

where—

B is the amount calculated (or last calculated) by the authority under [^{F120}section 31B(1) above or] section 33(1) above as the basic amount of its council tax;

A is the aggregate amount of all special items;

T is the amount determined for item T [^{F121}in section 31B(1) above or] in section 33(1) above.

- (3) The authority shall calculate the basic amount of its council tax for dwellings in a part of its area to which one or more special items relate by adding to the amount given by the formula in subsection (2) above the aggregate of the amounts which, in relation to each of those special items, are given by the formula—

$$\frac{S}{TP}$$

There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

where—

S is (in each case) the amount of the special item;

TP is (in each case) the amount of the authority's council tax base for the relevant part as calculated by it for the year.

(4) The Secretary of State shall make regulations containing rules for making for any year any calculation required by item TP in subsection (3) above; and a billing authority shall make the calculation for any year in accordance with the rules for the time being effective (as regards the year) under the regulations.

[^{F122}(5) Regulations under subsection (4) that apply to billing authorities in England may contain different rules for the purposes of calculating item TP in relation to different kinds of special item.]

Calculations by major precepting authorities

[^{F159}42A Calculation of council tax requirement by authorities in England **E+W**]

- (1) In relation to each financial year a major precepting authority in England must make the calculations required by this section.
- (2) The authority must calculate the aggregate of—
- (a) the expenditure the authority estimates it will incur in the year in performing its functions and will charge to a revenue account for the year in accordance with proper practices,
 - (b) such allowance as the authority estimates will be appropriate for contingencies in relation to amounts to be charged or credited to a revenue account for the year in accordance with proper practices,
 - (c) the financial reserves which the authority estimates it will be appropriate to raise in the year for meeting its estimated future expenditure, and
 - (d) such financial reserves as are sufficient to meet so much of the amount estimated by the authority to be a revenue account deficit for any earlier financial year as has not already been provided for.
- (3) The authority must calculate the aggregate of—
- (a) the income which it estimates will accrue to it in the year and which it will credit to a revenue account for the year in accordance with proper practices, other than income which it estimates will accrue to it in respect of any precept issued by it, and
 - (b) the amount of the financial reserves which the authority estimates that it will use in order to provide for the items mentioned in paragraphs (a) and (b) of subsection (2) above.

Status: Point in time view as at 27/03/2013. This version of this Act contains provisions that are prospective.
Changes to legislation: Local Government Finance Act 1992 is up to date with all changes known to be in force on or before 27 July 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)

- (4) If the aggregate calculated under subsection (2) above exceeds that calculated under subsection (3) above, the authority must calculate the amount equal to the difference; and the amount so calculated is to be its council tax requirement for the year.
- (5) In making the calculation under subsection (2) above the authority must ignore payments which must be met from a trust fund.
- (6) In estimating under subsection (2)(a) above an authority must take into account—
 - (a) the amount of any expenditure which it estimates it will incur in the year in making any repayments of grants or other sums paid to it by the Secretary of State, and
 - (b) in the case of an authority which is a county council, the amount of any levy issued to it for the year.
- (7) But (except as provided by regulations under section 74 of the 1988 Act) the authority must not anticipate a levy not issued.
- (8) For the purposes of subsection (2)(c) above an authority's estimated future expenditure is—
 - (a) that which the authority estimates it will incur in the financial year following the year in question, will charge to a revenue account for the year in accordance with proper practices and will have to defray in the year before the following sums are sufficiently available—
 - (i) sums which will be payable to it for the year, and
 - (ii) sums in respect of which amounts will be credited to a revenue account for the year in accordance with proper practices, and
 - (b) that which the authority estimates it will incur in the financial year referred to in paragraph (a) above or any subsequent financial year in performing its functions and which will be charged to a revenue account for that or any other year in accordance with proper practices.
- (9) In making the calculation under subsection (3) above the authority must ignore payments which must be made into a trust fund.
- (10) In estimating under subsection (3)(a) above the authority must take into account the sums which the authority estimates will be paid to it in the year by billing authorities in accordance with regulations under section 99(3) of the 1988 Act.
- (11) The Secretary of State may by regulations do one or both of the following—
 - (a) alter the constituents of any calculation to be made under subsection (2) or (3) above (whether by adding, deleting or amending items);
 - (b) alter the rules governing the making of any calculation under subsection (2) or (3) above (whether by deleting or amending subsections (5) to (10) above, or any of them, or by adding other provisions, or by a combination of those methods).
- (12) This section is subject to section 52ZT below (which requires a direction to a major precepting authority that the referendum provisions in Chapter 4ZA are not to apply to the authority for a financial year to state the amount of the authority's council tax requirement for the year).

Status: Point in time view as at 27/03/2013. This version of this Act contains provisions that are prospective.
Changes to legislation: Local Government Finance Act 1992 is up to date with all changes known to be in force on or before 27 July 2024.
