- (6) But for the purposes of this Chapter, the question whether the distribution under subsection (2) is a distribution by a company that is UK resident is determined by reference to the year in which the company paid the dividend applied to acquire the shares on the participant's behalf.

 - (b) the income tax charged on the person's income under section 3 of ICTA (certain income charged at basic rate) for that year.
- (3) Subsection (1) only applies so far as the distribution is brought into charge to tax, and accordingly if the person's total income is reduced by any deductions which fall to be made from the distribution, the tax credit for the distribution is reduced in the same proportion as the distribution.
- (4) For the purposes of this section “eligible non-UK resident”, in relation to a qualifying distribution, means an individual who at any time in the tax year in which it is received is a non-UK resident within section 278(2) of ICTA (Commonwealth citizens, EEA nationals etc.).
- (5) If a distribution is, or is treated under any provision of the Tax Acts as, the income of a person (“P”) other than the recipient (“R”), P (not R) is treated as receiving it for the purposes of this section (and so P (not R) is entitled to a tax credit if P falls within subsection (1)).

- (2) The person is treated as having paid income tax at the dividend ordinary rate on the amount or value of the distribution (but see subsection (7)).
- (3) For the purposes of subsection (2), if the person is non-UK resident the amount or value of the distribution is treated as the grossed up amount, unless the person is a company which is beneficially entitled to the income.
- (4) If the person is non-UK resident and the distribution is income to which section 686 of ICTA applies (accumulation and discretionary trusts: special rates of tax), for the purposes of that section the amount or value of the distribution is treated as the grossed up amount.
- (5) In this section “the grossed up amount” means the actual amount or value of the distribution, grossed up by reference to the dividend ordinary rate for the tax year.
- (6) The income tax treated as paid under subsection (2) is not repayable.

- (5) The amount of the reduction is equal to income tax at the dividend ordinary rate on so much of the distribution as is assessed at the dividend trust rate.
- (6) In this section and section 401 “non-qualifying distribution” means a distribution which is not a qualifying distribution.

401 Relief: qualifying distribution after linked non-qualifying distribution U.K.

- (1) Where a person pays an amount in respect of extra liability for a non-qualifying distribution, the person's extra liability for a subsequent qualifying distribution is reduced by that amount if conditions A and B are met.

- (3) Condition B is that the qualifying distribution consists of a repayment of the share capital or the principal of the security.
- (4) A person's extra liability for a distribution charged to tax for the tax year 1999-2000 or a later tax year is the amount by which the person's liability to income tax on the distribution exceeds the amount it would be if it were charged only at the dividend ordinary rate.

405 SIP shares: introduction U.K.

- (1) Sections 406 to 408 contain special rules about the charge under this Chapter in respect of shares awarded to an individual under an approved share incentive plan.
- (2) Those sections only apply if the condition in section 392(3) or (5) was met at the time the shares in question were so awarded (earnings within ITEPA 2003).

- (3) Tax so charged is charged on the amount of the cash dividend paid over.
- (4) The person liable for any tax so charged is the participant.
- (5) For the purposes of this Chapter, the question whether a cash dividend so paid over is a dividend paid by a company that is non-UK resident is determined by reference to the tax year in which the dividend was originally paid.

407 Dividend payment when dividend shares cease to be subject to SIP U.K.

- (1) This section applies if dividend shares cease to be subject to an approved share incentive plan before the end of the period of 3 years beginning with the date on which the shares were acquired on the participant's behalf.
- (2) For income tax purposes a dividend is treated as paid to the participant in the tax year in which the shares cease to be subject to the plan.

- (2) If an individual is beneficially entitled to that share capital, income is treated as arising to the individual.
- (3) If—
 - (a) the share capital is issued to trustees in respect of shares they hold in the company (alone or with others), and
 - (b) a cash dividend paid to them in respect of the shares would have been to any extent income to which section 686 of ICTA applies (accumulation and discretionary trusts: special rates of tax),income is treated as arising to the trustees.
- (4) If the share capital is issued to personal representatives during the administration period, income is treated as arising (but see section 413(4)).
- (5) In subsection (4) “administration period” has the meaning given by section 653.
- (6) Income within this section is treated as arising on the earliest date on which the company is required to issue the share capital in question.
- (7) See section 413(5) (apportionment) if two or more persons are entitled to the share capital.

411 Income charged U.K.

- (1) Tax is charged under this Chapter on the amount of stock dividend income treated for income tax purposes as arising in the tax year.

412 Cash equivalent of share capital U.K.

- (1) The cash equivalent of share capital within section 249(1)(a) of ICTA (an issue in lieu of cash dividend) is the amount of the cash dividend alternative.

- (4) For the purposes of this section, market value is determined—
- (a) in the case of listed share capital, on the date of first dealing, and

 - (a) section 664 (under which the income treated as arising to the personal representatives under section 410 is treated as part of the aggregate income of the estate for the purposes of Chapter 6 of Part 5), and
 - (b) section 701(8) of ICTA (under which similar provision is made for the purposes of Part 16 of ICTA).
- (5) If two or more persons are entitled to the share capital on the issue of which the stock dividend income arises, this Chapter applies as if the company issuing it had issued to each of those persons a proportionate part of the share capital.
- (6) In subsection (5) “proportionate part” means a part proportionate to the person's interest on the earliest date on which the company is required to issue the share capital.

414 Income tax treated as paid U.K.

- (1) A person liable to tax under this Chapter is treated as having paid income tax at the dividend ordinary rate on the income charged, and where trustees are so liable (because a cash dividend paid to them in respect of the shares would have been to any extent income to which section 686 of ICTA applies) the income is treated as if it had been chargeable to tax at that rate.

- (3) The amount on which an individual is treated under subsection (1) as having paid income tax is reduced if subsection (4) applies.

- (2) Tax is not charged under this Chapter if at the time of the release or writing off the debt is due from the person's personal representatives in that capacity, but see—

Deeply discounted securities

430 Meaning of “deeply discounted security” U.K.

- (1) The general rule is that a security is a “deeply discounted security” for the purposes of this Chapter if, as at the time it is issued, the amount payable on maturity or any other possible occasion of redemption (“A”) exceeds or may exceed the issue price by more than—

$$A \times 0.5 \% \times Y.$$

where Y is the number of years in the redemption period or 30, whichever is the lower.

- (2) If the redemption period is not a number of complete years, for the purposes of subsection (1) the incomplete year is expressed as twelfths, treating each complete month and any remaining part of a month as one-twelfth.
- (3) In this section “redemption period” means the period between the date of issue and the date of the occasion of redemption in question.
- (4) Interest payable on an occasion of redemption is ignored in determining for the purposes of this section the amount payable on that occasion.
- (5) For the purposes of this section, in the case of an issue to which section 442 applies (securities issued in accordance with qualifying earn-out right), the issue price of the security is to be taken as the amount paid to acquire it (see section 442(2)).
- (6) The general rule in subsection (1) is subject to—
section 431 (excluded occasions of redemption),
section 432 (securities which are not deeply discounted securities),
sections 434 to 436 (securities issued in separate tranches),^{F1} . . .
section 443(1) (strips of government securities) [^{F2}, and

431 Excluded occasions of redemption U.K.

- (1) An occasion of redemption of a security other than maturity is ignored for the purposes of section 430(1) if the third-party option conditions or the commercial protection conditions are met.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (2) The third-party option conditions are that—
- (a) the security may be redeemed on the occasion at the option of a person other than its holder,
 - (b) the security is issued to a person who is not connected with the issuer, and
 - (c) the obtaining of a tax advantage by any person is not the main benefit, or one of the main benefits, that might have been expected to accrue from the provision in accordance with which the security may be redeemed on the occasion.
- (3) The commercial protection conditions are that—
- (a) the security may be redeemed on the occasion as the result of an exercise of an option that is exercisable only on the occurrence of—
 - (i) an event adversely affecting the holder (see subsection (8)), or
 - (ii) a default by any person, and
 - (b) as at the time of the security's issue it appears unlikely that the option will be exercisable on the occasion.
- (4) Subsection (1) does not apply to an occasion just because the occasion coincides or may coincide with an occasion meeting the third-party option conditions or the commercial protection conditions.
- (5) If—
- (a) the only reason that a security is not a deeply discounted security is that an occasion on which it may be redeemed is ignored because the third-party option conditions are met, and
 - (b) at some time after its issue the security is acquired by, or its holder becomes, a person connected with the issuer,
- in relation to that time and later this Chapter applies as if the security were a deeply discounted security.
- (6) If a person (“P”) who is not connected with the issuer acquires—
- (a) a security which is only a deeply discounted security because it was issued to a person connected with the issuer and so fails to meet the condition specified in subsection (2)(b), or
 - (b) a security within subsection (5),
- this Chapter applies in relation to P as if the security ceased to be a deeply discounted security on the acquisition.
- (7) For the purposes of the application of this section to a security, the question whether persons are connected is determined without regard to the security or any other security issued under the same prospectus.
- (8) In this section “event adversely affecting the holder”, in relation to a security, means an event the occurrence of which appears, as at the time of the security's issue, likely to have an adverse effect on the interests of its holder at the time of the event if there were no provision for redemption on its occurrence.

432 Securities which are not deeply discounted securities **U.K.**

- (1) The following are not deeply discounted securities—

- (2) An excluded indexed security (see section 433) is only a deeply discounted security if treated as such under section 431(5) (acquisition by a person connected with the issuer or holder becoming such a person).
- (3) In this section “capital redemption policies” has the same meaning as in Chapter 9 of this Part (see section 473(2)).
- (4) See also sections 434 to 436 (rules under which securities issued under the same prospectus on separate occasions may be treated as being, or as not being, deeply discounted securities).

433 Meaning of “excluded indexed security” U.K.

- (a) the value of chargeable assets of a particular description, or
 - (b) an index of the value of such assets.
- (2) The fact that the terms under which the security is issued include a provision to the effect that the amount payable on its redemption must be at least a specified percentage of the amount for which it was issued only prevents it from falling within the definition in subsection (1) if that percentage exceeds 10%.
- (3) Interest payable on redemption is ignored in determining for the purposes of this section the amount payable on redemption.
- (4) In subsection (1) “redemption period” means—
- (a) the period beginning with the date of issue and ending with the date of redemption, or
 - (b) a period which is or includes almost all that period and only differs from it for purposes connected with giving effect to a valuation in relation to rights or liabilities under the security.
- (5) An asset is a chargeable asset for the purposes of subsection (1) if a gain accruing to a person on its disposal would be a chargeable gain for the purposes of TCGA 1992 on the assumptions specified in subsection (6).
- (6) The assumptions are that—
- (a) the asset is an asset of the person,
 - (b) the person is not entitled to the exemption conferred by section 100 of TCGA 1992 (exemption for authorised unit trusts etc.),
 - (c) disposal of the asset by the person would not be treated for income tax purposes as a disposal in the course of a trade, profession or vocation, and
 - (d) section 116(10) of TCGA 1992 is ignored (chargeable gains on subsequent disposals of qualifying corporate bonds acquired in reorganisations, conversions and reconstructions).
- (7) For the purposes of this section—

- (2) If any of the securities in the original issue under the prospectus is a deeply discounted security—
 - (a) the rule in section 435 applies to securities in later issues under it, and
 - (b) the rule in section 436 does not apply to any securities issued under it.
- (3) If none of the securities in the original issue under the prospectus is a deeply discounted security, the rule in section 435 applies to securities in a later issue except where the rule in section 436 applies.

435 Securities issued in separate tranches: basic rule U.K.

- (1) The rule in this section is that if securities in any of the issues made on separate occasions under the same prospectus are not deeply discounted securities, securities in any later issue under it are not deeply discounted securities, unless they are treated as such for one of the reasons specified in subsection (2).
- (2) The reasons are—
 - (a) that the securities were issued to a person connected with the issuer and so fail to meet the condition specified in section 431(2)(b), and
 - (b) that such a person has acquired or become the holder of the securities and so section 431(5) applies to them.

436 Deeply discounted securities issued in separate tranches: nominal value rule U.K.

- (1) This section only applies if some of the securities in one or more later issues under the same prospectus are deeply discounted securities (or are such securities if the rule in section 435 is ignored).
- (2) The rule in this section applies for any disposal or acquisition after the time when the condition specified in subsection (3) is first met.
- (3) The condition is that the aggregate nominal value as at a particular time of the securities within subsection (1) exceeds the aggregate nominal value as at that time of all the other securities issued under the prospectus at any time.
- (4) The rule is that all securities issued under the prospectus (including those issued after the time when the condition specified in subsection (3) is first met) are to be treated as deeply discounted securities and as having been acquired as such (whenever actually issued or acquired).

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (5) Subsection (6) applies where the question is whether a security held by a person who is not connected with the issuer is a deeply discounted security as a result of the rule in this section.
- (6) For the purpose of determining whether the rule in this section applies, securities that are only within subsection (1) for one of the reasons specified in section 435(2) are treated as not being within it.

- (6) If the policy has been varied so as to increase the premiums payable under it, subsections (2), (3) and (5) apply as if they referred instead to the following periods—
- (a) 10 years from the variation taking effect, and
 - (b) three-quarters of the term for which the policy is to run from the variation (assuming it is not ended by death or disability).

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (7) If a qualifying policy is substituted for another policy in circumstances where paragraph 25(1) or (3) of Schedule 15 to ICTA applies (replacement of a policy issued by a non-UK resident company by a policy which is not so issued), the surrender of the rights conferred by the other policy is not a chargeable event.

486 Exclusion of maturity of capital redemption policies in certain circumstances **U.K.**

The maturity of a capital redemption policy is not a chargeable event if the sums payable on maturity—

- (a) are chargeable to income tax because they fall within—
- (i) Chapter 7 (purchased life annuities),
 - (ii) Chapter 7 of Part 5 (annual payments not otherwise charged),
 - (iii) section 609 of ITEPA 2003 (annuities for the benefit of dependants),
 - (iv) section 610 of that Act (annuities under non-registered occupational pension schemes), or
 - (v) section 611 of that Act (annuities in recognition of another's services), or
- (b) are chargeable to corporation tax under Schedule D.

487 Disregard of certain assignments **U.K.**

For the purposes of this Chapter, an assignment of rights under a policy or contract or a share in such rights is ignored if it is—

- (a) by way of security for a debt,
- (b) on the discharge of a debt secured by the rights or share, or
- (c) between spouses living together.

488 Disregard of some events after alterations of life insurance policy terms **U.K.**

- (1) This section applies if—
- (a) the terms of a policy of life insurance are altered,
 - (b) the alteration is not itself a chargeable event, and
 - (c) the conditions specified in section 489 are met.
- (2) After the alteration a chargeable event is only treated as occurring in relation to the policy if one would have been treated as occurring had the alteration not occurred.
- (3) If the alteration results in the policy being regarded as replaced by another, this section and section 489 apply as if they were a single policy.

489 Conditions applicable to alterations of life insurance policy terms **U.K.**

- (1) Conditions A to E are the conditions referred to in section 488.
- (2) Condition A is that the policy was issued in respect of an insurance made at least 20 years before the alteration.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (3) Condition B is that the alteration results from a decision by the insurance company that it will not collect further premiums due from any of the holders under a number of policies of the same description if a particular period of time has elapsed since the contracts were made.
- (4) Condition C is that no premiums are payable or paid after the date of the alteration.
- (5) Condition D is that the benefits to be provided under the policy after the alteration are the same or substantially the same as those before the alteration.
- (6) A deduction from the benefits is ignored for the purposes of subsection (5) if it does not exceed the total net premiums which, apart from the alteration, would have been payable under the policy between—
 - (a) the date of the alteration, and
 - (b) the date on which the benefits become payable.
- (7) In subsection (6) “net premiums” means the premiums reduced by any tax relief which would have been due on the premiums had they been paid.
- (8) Condition E is that the premiums payable under the policy before the alteration—
 - (a) have not been reduced to a nominal amount on the exercise of an option, in circumstances where the reduction is connected with a right to surrender in part the rights conferred by the policy after the date of the reduction, and
 - (b) are not capable of being so reduced in such circumstances.

490 Last payment under guaranteed income bonds etc. treated as total surrender **U.K.**

- (1) This section applies to a payment that would fall within section 500(d) (payments under guaranteed income bonds etc. treated as surrenders of part of the rights under the contract) apart from section 504(5) (which prevents payments comprising the whole of the last benefit to be paid under such contracts from being so treated).
- (2) The payment is treated for the purposes of this Chapter as the surrender of all the rights under the contract.
- (3) A payment to which this section applies is not regarded as interest or as an annual payment for any income tax purposes.

Calculating gains: general

491 Calculating gains: general rules **U.K.**

- (1) This section deals with calculating—
 - (a) whether a gain has arisen on a chargeable event within section 484(1)(a)(i) to (iii) or (b) to (e) (surrender or assignment of all rights, final participation in profits, death, maturity, or taking a capital sum as a complete alternative to annuity payments), and
 - (b) if so, the amount of the gain.
- (2) There is a gain if TB exceeds the sum of TD and PG where—
TB is the total benefit value of the policy or contract (see section 492),

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

TD is the total allowable deductions for the policy or contract (see section 494), and

PG is the total amount of gains treated as arising on calculation events occurring in relation to the policy or contract before the chargeable event in question.

- (3) The gain is equal to the excess.
- (4) In this Chapter—
- “calculation event” means an excess event, a part surrender or assignment event or a personal portfolio bond event,
 - “excess event” means a chargeable event within section 509(1),
 - “part surrender or assignment event” means a chargeable event within section 514(1), and
 - “personal portfolio bond event” means a chargeable event within section 525(2).
- (5) The reference to the policy in the definition of “PG” in subsection (2) includes any related policy.
- (6) For the purposes of this Chapter, a policy (“policy A”) is a related policy as respects another (“policy B”) if—
- (a) policy B is a new policy (as defined in paragraph 17 of Schedule 15 to ICTA (substitutions and variations)) in relation to policy A, or
 - (b) policy B is a new policy (as so defined) in relation to another policy (“policy C”) and policy C is a new policy (as so defined) in relation to policy A,
- and so on.
- (7) See section 539 (relief for deficiencies) if there is no gain under subsection (2), but a gain arose on a calculation event occurring in relation to the policy or contract before the chargeable event in question.
- (8) For the rules about calculating gains on calculation events, see—
- section 507 (method for making periodic calculations under section 498),
 - section 511 (method for making transaction-related calculations under section 510), and
 - section 522 (method for making annual calculations under section 515).

492 The total benefit value of a policy or contract **U.K.**

- (1) To calculate the total benefit value of a policy or contract for the purposes of section 491, add together—
- (a) its value in accordance with section 493,
 - (b) any capital sum paid under the policy or contract before the event,
 - (c) the value of any other benefit of a capital nature conferred by the policy or contract before the event,
 - (d) the amount of any loan made before the event, the making of which is treated as the surrender of a part of the rights under the policy or contract under section 500(c) (loans by insurers to which section 501 applies),
 - (e) in the case of a guaranteed income bond contract, as defined in section 504(7), any amount paid before the event, the payment of which is treated as a surrender of a part of the rights under the contract under section 500(d) of this Act (payments by insurers under such contracts), and

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

(f) in the case of an assignment, the amount or value of any share in the rights under the policy or contract that was assigned before the event.

(2) References to the policy in subsection (1)(b) to (e) include any related policy.

(3) This section is subject to—

section 495 (disregard of certain amounts in calculating gains under section 491), and

section 497 (disregard of trivial inducement benefits).

493 The value of a policy or contract **U.K.**

(1) In the case of a chargeable event within section 484(1)(a) (i) or (iii), (c), (d) or (e) (surrender of all rights, final participation in profits, maturity or, in the case of a contract for a life annuity that provides for taking a capital sum on death, death or taking a capital sum as a complete alternative to annuity payments), the value of the policy or contract is the total of—

(a) any sum payable because of the event, and

(b) in the case of a policy of life insurance or a capital redemption policy, any value or amount specified in subsection (2).

(2) The value or amount is—

(a) if a right to periodical payments arises because of the event, an amount equal to the capital value of those payments at the time the right arises, and

(b) the amount or value of any other benefits arising because of the event.

(3) Subsection (1) does not apply to a surrender treated as made under section 490 (last payment under guaranteed income bond contracts etc. treated as total surrender).

(4) In that case the value of the rights treated as surrendered is treated as being equal to the amount of the payment treated as the surrender.

(5) In the case of a chargeable event within section 484(1)(a)(ii) (assignment of all rights), the value of the policy or contract is the amount or value of the consideration for the assignment.

(6) But an assignment of a policy of life insurance or a contract for a life annuity between connected persons is treated as made for a consideration equal to the market value of the policy or contract.

(7) In the case of a chargeable event within section 484(1)(b) (death), the value of the policy is its surrender value immediately before the death.

(8) This section is subject to—

section 495 (disregard of certain amounts in calculating gains under section 491), and

section 497 (disregard of trivial inducement benefits).

494 The total allowable deductions for a policy or contract **U.K.**

(1) To calculate the total allowable deductions for a policy or contract for the purposes of section 491—

Step 1

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

Add together—

- (a) the total amount of premiums paid under the policy or contract before the event, and
- (b) if the event occurs at the end of the final insurance year (see section 499), the amount of any repayment or partial repayment of a loan treated under section 500(c) as a surrender of a part of the rights under the policy or contract.

Step 2

In the case of a contract for a life annuity under which any annuity payments have been made, reduce the result of step 1 by so much of those payments as is—

- (a) exempt under section 717 (exemption for part of purchased life annuity payments), or
 - (b) determined to be the capital element in those payments under section 658 of ICTA.
- (2) In the case of a capital redemption policy which has been assigned for money or money's worth before the event, the reference in paragraph (a) of step 1 in subsection (1) to the total amount of premiums paid under the policy or contract before the event is a reference to the total of—
- (a) the amount or value of the consideration given for the last such assignment, and
 - (b) the total amount of premiums paid under the policy or contract after that assignment and before the event.
- (3) References to the policy in paragraphs (a) and (b) of step 1 in subsection (1) and in subsection (2) include any related policy.
- (4) Subsection (1) is subject to—
- section 495 (disregard of certain amounts in calculating gains under section 491), and
 - section 496 (modification of this section: qualifying endowment policies held as security for company debts).

495 Disregard of certain amounts in calculating gains under section 491 **U.K.**

- (1) A retained replacement policy premium is ignored in calculating—
 - (a) the total benefit value of a policy under section 492(1), or
 - (b) the total allowable deductions for a policy under section 494(1).
- (2) In subsection (1) “retained replacement policy premium” means a sum which—
 - (a) has been payable under a policy which is one of two or more policies treated as a single policy under section 542(1) (qualifying policies and policies replacing them), and
 - (b) is such a sum as is mentioned in section 542(4) and meets the condition in that section.
- (3) For the purposes of section 492(1)(b) and (c) (total benefit value: capital sums and benefits paid or conferred before the event in question), any sum paid or benefit conferred under a policy is ignored if it is attributable to a person's disability.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (4) For the purposes of section 492(1)(f) (total benefit value: assignments), a share assigned before the event is ignored if—
- (a) it was assigned in an insurance year (see section 499) that began on or after 6th April 2001, and
 - (b) it was not assigned for money or money's worth.
- (5) The reference to the policy in subsection (3) includes any related policy.

496 Modification of section 494: qualifying endowment policies held as security for company debts U.K.

- (1) This section applies if—
- (a) a chargeable event within section 484(1)(a)(i), (b) or (c) (surrender of all rights, death or maturity) occurs in relation to a qualifying endowment policy (see subsection (7)),
 - (b) immediately before the event occurs the rights under the policy are held as security for a debt owed by a company, and
 - (c) the company debt conditions are met (see subsection (4)).
- (2) If—
- (a) the amount of the debt exceeds the amounts referred to in paragraph (a) of step 1 in section 494(1) (the total amount of premiums paid before the event), and
 - (b) the company makes a claim within two years after the end of the accounting period in which the chargeable event occurs,
- section 494 applies as if that paragraph referred instead to the amount of the debt.
- (3) If the amount of the debt varied during the policy period, it is to be taken for the purposes of subsection (2) as the lowest amount at which it stood during that period.
- (4) The company debt conditions are that—
- (a) throughout the policy period, the rights conferred by the policy have been held as security for a debt owed by the company referred to in subsection (1) (b),
 - (b) the capital sum payable under the policy in the event of death during the term of the policy is not less than the amount of the debt when the insurance was made,
 - (c) any sum payable under the policy as a result of the event is applied in repayment of the debt (except so far as it exceeds the debt), and
 - (d) the debt was incurred to pay money applied for the purposes of the company's trade premises.
- (5) Money is applied for the purposes of a company's trade premises if it is applied—
- (a) in purchasing an estate or interest in land to be occupied by the company for the purposes of a trade carried on by it, or
 - (b) for the purpose of the construction, extension or improvement (but not the repair or maintenance) of buildings which are or are to be so occupied.
- (6) If during the policy period the company incurs a debt by borrowing in order to repay another debt, references to a debt in subsections (3) and (4) include both debts where appropriate.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

(7) In this section—

“accounting period” is to be read in accordance with section 12 of ICTA,
“the policy period” means the period beginning with the making of the insurance and ending immediately before the chargeable event, and
“qualifying endowment policy” means a policy which is a qualifying policy as a result of paragraph 2 of Schedule 15 to ICTA.

497 Disregard of trivial inducement benefits **U.K.**

- (1) A benefit other than a payment of money is ignored for the purposes of calculating any gain under this Chapter if—
- (a) it is provided by an insurance company for any person as an inducement for the person to enter into—
 - (i) a policy or contract to which this Chapter applies, or
 - (ii) a later transaction in relation to such a policy or contract, and
 - (b) the condition specified in subsection (2) is met.
- (2) The condition is that the total cost to the insurance company of providing the benefit and any other such benefits provided by it at any time in connection with the policy or contract, or any linked policy or contract, does not exceed £30.
- (3) The Treasury may by order amend the sum for the time being specified in subsection (2) so as to increase it.
- (4) For the purposes of this section, a policy or contract is linked to another policy or contract if—
- (a) their terms are substantially identical, and
 - (b) when one of them is issued or made the issue or making of the other is contemplated.

Part surrenders and assignments: periodic calculations and excess events

498 Requirement for periodic calculations in part surrender or assignment cases **U.K.**

- (1) This section applies if—
- (a) a part of, or share in, the rights under a policy or contract is surrendered, or
 - (b) such a part or share is assigned for money or money's worth.
- (2) A calculation is to be made in accordance with section 507 in relation to the policy or contract as at the end of the insurance year in which the surrender or assignment occurs (see section 499) to determine—
- (a) whether a gain has arisen on the policy or contract, and
 - (b) if so, the amount of the gain.
- (3) For cases where surrenders and assignments of a part of the rights under a policy or contract are treated as occurring where they would not otherwise do so, see sections 500 to 506.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

 - (a) the date on which the insurance or contract is made, or
 - (b) any anniversary of that date.
- (2) Subsection (1) is subject to subsections (3) and (5).
- (3) An event referred to in section 484(1)(a)(i) or (iii) or (b) to (e) (surrender of all rights, final participation in profits, death, maturity, or taking a capital sum as a complete alternative to annuity payments) is treated as ending the insurance year in which it occurs.
- (4) In this Chapter “final insurance year” means an insurance year that is ended as a result of subsection (3).
- (5) But if, as a result of subsection (3), an insurance year would begin and end in the same tax year—
 - (a) that insurance year and the previous insurance year are treated as one insurance year, and
 - (b) “final insurance year” needs to be read accordingly.

500 Events treated as part surrenders U.K.

The following events are treated for the purposes of this Chapter as a surrender of a part of the rights under the policy or contract in question—

- (a) the falling due of a sum payable as a result of a right under a policy or contract to participate in profits where further rights remain under it,
- (b) in the case of a contract for a life annuity which provides for a capital sum to be taken as an alternative in part to the annuity payments, taking the capital sum,
- (c) the making of a loan to which section 501 applies, and
- (d) the making of a payment to which section 504 applies (payments by insurers under guaranteed income bonds etc.).

501 Part surrenders: loans U.K.

- (1) This section applies to a loan (and so it falls within section 500(c)) if it is made by the insurer under a policy or contract—
 - (a) to an individual falling within subsection (2),
 - (b) to trustees falling within subsection (3), or
 - (c) to a company falling within subsection (4).
- (2) An individual falls within this subsection at any time if, were a gain to arise in respect of the policy or contract at that time, the individual would be liable for tax under this Chapter as a result of section 465 (person liable: individuals).
- (3) Trustees fall within this subsection at any time if, were a gain to arise in respect of the policy or contract at that time, they would be liable for tax under this Chapter as a result of section 467 (person liable: UK resident trustees).

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (4) A company falls within this subsection at any time if, were a gain to arise in respect of the policy or contract at that time, it would be treated as forming part of the company's income under section 547 of ICTA (method of charging gain to corporation tax).
- (5) For the purposes of subsection (1), a loan—
 - (a) is treated as made by an insurer if it is made by arrangement with it, and
 - (b) is treated as made to an individual, trustees or a company if it is made at the individual's, trustees' or company's direction.
- (6) In this section “insurer”, in relation to a policy or contract, means the body issuing the policy or with which the contract is made.

 - (b) section 503 (exception for certain loans under qualifying policies).

502 Exception from section 501 for loans to buy life annuities U.K.

- (1) Section 501 does not apply to a loan made under a contract for a life annuity if all the interest on the loan is eligible for tax relief.
- (2) If part of the interest is eligible for tax relief, section 501 only applies to the part of the loan carrying ineligible interest.
- (3) For the purposes of this section, interest is eligible for tax relief if it is eligible for relief under section 353 of ICTA (general provision for relief for interest) as a result of section 365 of ICTA (loan to buy life annuity).

503 Exception from section 501 for certain loans under qualifying policies U.K.

- (1) Section 501 does not apply to a loan made by the body issuing a qualifying policy if either or both of conditions A and B are met.
- (2) Condition A is that interest is payable on the loan at a commercial rate.
- (3) Condition B is that the loan was made—
 - (a) before 6th April 2000,
 - (b) to a full-time employee of the body issuing the policy, and
 - (c) to assist the employee in purchasing or improving a dwelling to be used as the employee's only or main residence.

504 Part surrenders: payments under guaranteed income bonds etc. U.K.

- (1) This section applies to so much of any payment of an amount by an insurer under a guaranteed income bond contract as meets conditions A to C (and so it falls within section 500(d)).
- (2) Condition A is that it is a sum which, but for subsection (6), would be treated for income tax purposes as interest or an annual payment.
- (3) Condition B is that it is not a sum paid or falling to be paid because of provisions of the guaranteed income bond contract which, taken alone, would constitute a contract of insurance—

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (a) within Part 1 or 2 of Schedule 1 to the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (S.I. 2001/544), but
 - (b) not within paragraph 1 or 3 of Part 2 of that Schedule (life and annuity contracts including certain linked long-term contracts).
- (4) Condition C is that it does not represent late payment interest.
- (5) This section does not apply if the payment comprises the whole of the last benefit to be paid under the contract (ignoring late payment interest).
- (6) A sum to which this section applies is not regarded as interest or as an annual payment for any income tax purposes.
- (7) In this section—
- “guaranteed income bond contract” means a policy of life insurance that is a contract of insurance which—
 - (a) is within paragraph 1 or 3 of Part 2 of Schedule 1 to the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001, and
 - (b) is neither an annuity contract nor a contract effected in the course of a company's pension business,
 - “late payment interest”, in relation to a contract, means interest on an amount payable under the contract which is paid for a period beginning on or after the date of the occurrence as a result of which the amount is payable, and
 - “pension business” has the meaning given by section 431B of ICTA (or the corresponding enactment in force when the contract was effected).

505 Assignments etc. involving co-ownership **U.K.**

- (1) For the purposes of this Chapter (except this section and section 506)—
- (a) a transaction to which this section applies is taken to be one or more assignments of part only of the rights under the policy or contract in respect of which the transaction occurs, and
 - (b) those assignments are the ones specified in section 506.
- (2) If subsection (1) applies to a transaction that is an assignment—
- (a) of the whole of the rights under a policy or contract, or
 - (b) of a part of or a share in those rights,
- any reference to the assignment in this Chapter (except this section and section 506) is to be read as a reference to the assignment or assignments that the transaction is taken to be under subsection (1).
- (3) This section applies to a transaction in respect of which conditions A and B and either condition C or D or E are met.
- (4) Condition A is that—
- (a) immediately before the transaction the whole or part of, or a share in, the rights under the policy or contract (“the ownership interest”) was in the beneficial ownership of one person or of two or more persons jointly (“the old ownership”), and
 - (b) as a result of the transaction the ownership interest becomes beneficially owned by one person or by two or more persons jointly or in common (“the new ownership”).

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (5) Condition B is that at least one person who is a member of the old ownership is also a member of the new ownership.
- (6) Condition C is that there is only one member of the old ownership and there are two or more members of the new ownership.
- (7) Condition D is that there are two or more members of the old ownership and at least one of them is not a member of the new ownership.
- (8) Condition E is that there are two or more members of the old ownership and the share in the ownership interest of at least one of those members (see section 506(5)) exceeds that member's share in the ownership interest as a member of the new ownership (see section 506(6)).

506 Assignments occurring when there is a co-ownership transaction **U.K.**

- (1) This section sets out the assignment or assignments that are taken to occur under section 505 when there is a transaction to which that section applies (“a co-ownership transaction”).
- (2) If there is only one member of the old ownership, that member is to be treated as if the co-ownership transaction had been the assignment by that member of so much of the ownership interest as exceeds that member's share in the ownership interest as a member of the new ownership.
- (3) If there are two or more members of the old ownership, each such member who is not a member of the new ownership is to be treated as if the co-ownership transaction had been the assignment by that member of that member's share in the ownership interest.
- (4) If there are two or more members of the old ownership, each such member whose share in the ownership interest as a member of the old ownership exceeds that member's share in the ownership interest as a member of the new ownership is to be treated as if the co-ownership transaction had been the assignment by that member of that excess.
- (5) If the old ownership consists of two or more persons beneficially entitled jointly, the members of the old ownership are to be treated as if the ownership interest had been in their beneficial ownership in equal shares instead of jointly.
- (6) If the new ownership consists of two or more persons beneficially entitled jointly, the members of the old ownership are to be treated as if the result of the co-ownership transaction had been that the ownership interest was in the beneficial ownership of the members of the new ownership in equal shares instead of jointly.
- (7) In this section “the ownership interest”, “the old ownership” and “the new ownership” are to be read as indicated in section 505(4).

507 Method for making periodic calculations under section 498 **U.K.**

- (1) This section deals with the calculation required to be made in relation to a policy or contract as at the end of an insurance year under section 498(2) (requirement for periodic calculations in part surrender and assignment cases) to determine—
 - (a) whether a gain has arisen, and
 - (b) if so, the amount of the gain.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

(2) There is a gain if the net total value of rights surrendered or assigned exceeds the net total allowable payments (see subsections (4) and (5)).

(3) The gain is equal to the excess.

(4) To calculate the net total value of rights surrendered or assigned—

Step 1

Find—

- (a) the value, as at the time of its surrender or assignment, of any part of or share in the rights under the policy or contract which has been surrendered at any time or assigned at any time for money or money's worth, and
- (b) the value, as at the time of its assignment, of any part of or share in the rights under the policy or contract which has been assigned otherwise than for money or money's worth in an insurance year beginning on or before 5th April 2001,

in each case determining the value in accordance with section 508.

Step 2

Add together those values.

Step 3

If any previous calculation events (other than personal portfolio bond events) have occurred in relation to the policy or contract—

- (a) add together each such value which has been brought into account under this subsection on those events, and
- (b) subtract the result of paragraph (a) from the result of step 2.

(5) To calculate the net total allowable payments—

Step 1

Find the allowable element in each allowable payment by multiplying the amount of the payment by—

$$\frac{X}{20}$$

where X is the number of insurance years in the period beginning with the year in which the payment is made and ending with the insurance year as at the end of which the calculation under this section is required to be made or, if it is less, 20.

Step 2

Add together the allowable elements for all allowable payments.

Step 3

Add together all the allowable elements brought into account under this subsection on a previous calculation event.

Step 4

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

Subtract the result of step 3 from the result of step 2.

(6) In this section—

“allowable payment” means a premium, other than a retained replacement policy premium, and

“retained replacement policy premium” has the meaning given in section 495(2).

508 The value of rights partially surrendered or assigned U.K.

- (1) For the purposes of sections 507, 511 and 512, where any part of or share in rights conferred by a policy or contract is surrendered, the value of the part of or share in the rights surrendered is the amount or value of the sum payable or other benefits arising because of the surrender, except where subsection (2) or (3) applies.
- (2) In the case of a surrender within section 500(c) (loans by insurers to which section 501 applies), the value for those purposes is an amount equal to the loan.
- (3) In the case of a surrender within section 500(d) (payments by insurers under guaranteed income bonds etc.), the value for those purposes is the amount to which section 504 applies.
- (4) For the purposes of sections 507, 511 and 512, where any part of or share in rights conferred by a policy or contract is assigned, the value of the part or share as at the time of the assignment is its surrender value at that time.
- (5) For the requirement to ignore certain benefits, see section 497 (disregard of trivial inducement benefits).

509 Chargeable events in certain cases where periodic calculations show gains U.K.

- (1) If the calculation in section 507 shows that a gain has arisen as at the end of the insurance year, the gain is treated as arising on the occurrence of a chargeable event at the end of that year, unless condition A, B or C is met.
- (2) Subsection (1) is subject to section 485(3) (which restricts the circumstances in which such events occur in relation to qualifying policies).
- (3) Condition A is that during the insurance year there has been an assignment for money or money's worth of part of or a share in the rights conferred by the policy or contract.
- (4) Condition B is that during the insurance year there has been both—
 - (a) a surrender of part of or a share in the rights conferred by the policy or contract, and
 - (b) a later assignment, otherwise than for money or money's worth, of the whole or part of or a share in the rights conferred by the policy or contract.
- (5) Condition C is that the insurance year is the final insurance year.
- (6) See section 510 (transaction-related calculations in certain part surrender and assignment cases) if one or both of conditions A and B are met.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

Transaction-related calculations and part surrender or assignment events

510 Requirement for transaction-related calculations in certain part surrender and assignment cases **U.K.**

- (1) This section applies if—
 - (a) the calculation in section 507 shows that a gain has arisen as at the end of the insurance year, but
 - (b) one or both of the conditions specified in section 509(3) and (4) are met (and so no chargeable event is treated as occurring at the end of the year under section 509).
- (2) A calculation is to be made in accordance with section 511 in relation to each relevant transaction during the insurance year to determine—
 - (a) whether the transaction resulted in a gain arising on the policy or contract, and
 - (b) if so, the amount of the gain.
- (3) In this section and sections 511 to 514 “relevant transaction” means—
 - (a) a surrender of part of or a share in the rights under the policy or contract, or
 - (b) an assignment of such a part or share for money or money's worth.
- (4) If two or more relevant transactions occurred during the insurance year, a calculation in accordance with section 511 is to be made in relation to each of them successively in the order in which they occurred.
- (5) A calculation falling to be made in accordance with section 511 in relation to a relevant transaction occurring in the final insurance year is to be made before any calculation under section 491 for the chargeable event that ends that year.
- (6) But, in the case of a relevant transaction so occurring, subsections (2) and (4) are subject to section 513(5) (under which those subsections do not apply to some such relevant transactions).

511 Method for making transaction-related calculations under section 510 **U.K.**

- (1) This section deals with the calculation required to be made under section 510 to determine—
 - (a) whether a relevant transaction which has occurred during an insurance year resulted in a gain arising on the policy or contract, and
 - (b) if so, the amount of the gain.
- (2) There is a gain if the transaction value for the relevant transaction (see subsection (4)) exceeds the amount of available premium left for the relevant transaction as calculated in accordance with section 512.
- (3) The gain is equal to the excess.
- (4) The transaction value for the relevant transaction is the value in accordance with section 508, as at the time of its surrender or assignment, of the part of or share in the rights under the policy or contract which has been surrendered or assigned in the transaction.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (5) Subsections (2) and (4) are subject to section 513(4) (under which the transaction value is to be reduced in certain cases where the relevant transaction occurs in the final insurance year).

512 Available premium left for relevant transaction U.K.

- (1) For the purposes of section 511(2), the amount of available premium left for a relevant transaction is the amount, if any, by which the available net allowable payments (see subsection (3)) exceed the available net total values for the year (see subsection (4)).
- (2) But the amount of available premium left for the relevant transaction is nil if—
- one or more other relevant transactions have occurred in respect of the relevant contract earlier in the insurance year, and
 - for the latest of them the calculation in section 511(2) produced a gain.
- (3) To calculate the available net allowable payments—

Step 1

Calculate the net total allowable payments as at the end of the insurance year in accordance with section 507(5).

Step 2

If—

- one or more other relevant transactions (“the earlier transactions”) have occurred in respect of the policy or contract earlier in the insurance year, and
- for the latest of them the calculation in section 511(2) produced no gain,

subtract the sum of the transaction values for the earlier transactions from the result of step 1.

- (4) To calculate the available net total values for the year—

Step 1

Calculate the net total value of rights surrendered or assigned, as at the end of the insurance year, in accordance with section 507(4), ignoring for the purposes of step 3 in that section any relevant transactions in that year that are treated as chargeable events under section 514.

Step 2

Subtract from the result of step 1 the value, as at the time of its surrender or assignment, of any part of or share in the rights under the policy or contract which has been surrendered in the insurance year or assigned in that year for money or money's worth, determining the value in accordance with section 508.

513 Special rules for part surrenders and assignments in final insurance year U.K.

- (1) This section applies if—
- the calculation in section 511 falls to be made in relation to a relevant transaction occurring in the final insurance year,

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (b) the total transaction value for that transaction exceeds the gains limit (see subsections (2) and (3)), and
 - (c) paragraph (b) has not applied to a relevant transaction occurring earlier in the final insurance year in respect of the policy or contract in question.
- (2) The total transaction value is the total of—
- (a) the transaction value for the transaction in question in accordance with section 511(4), and
 - (b) the transaction values for any relevant transactions occurring earlier in the final insurance year in respect of the policy or contract in accordance with that section.
- (3) The gains limit is the amount calculated, as at the end of the final insurance year, as the amount of the gain that would have been treated as arising on the occurrence of the chargeable event that ends that year if in relation to that year—
- (a) section 509(1) did not refer to condition C, and
 - (b) sections 510(2) and (4) and 514(1) did not apply.
- (4) The transaction value for the relevant transaction used for the calculation in section 511(2) is reduced by the excess mentioned in subsection (1)(b).
- (5) No calculations are required to be made under section 510(2) and (4) in relation to any subsequent relevant transaction in respect of the policy or contract.

514 Chargeable events where transaction-related calculations show gains U.K.

- (1) If the calculation in section 511 shows that a relevant transaction resulted in a gain arising on the policy or contract, the relevant transaction is treated as a chargeable event.
- (2) Subsection (1) is subject to section 485(5) (which restricts the circumstances in which such events occur in relation to qualifying policies).
- (3) Subsection (4) applies if—
 - (a) a relevant transaction that is a chargeable event occurs in a different tax year from that in which the insurance year ends, and
 - (b) apart from subsection (4), a person would be liable to tax on the gain under this Chapter for the tax year in which the transaction occurs.
- (4) The gain is charged to tax under this Chapter for the tax year in which the insurance year ends instead.
- (5) If the relevant transaction occurs in the final insurance year, the chargeable event within subsection (1) is treated as occurring before the chargeable event that ends that year.

Personal portfolio bonds

515 Requirement for annual calculations in relation to personal portfolio bonds

9 U.K.

- (1) This section applies if a policy or contract to which this Chapter applies is a personal portfolio bond at the end of an insurance year.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (2) But this section does not apply if the insurance year is the final insurance year.
- (3) A calculation is to be made in accordance with section 522 in relation to the policy or contract as at the end of the insurance year to determine—
 - (a) whether a gain has arisen on the policy or contract in relation to that year, and
 - (b) if so, the amount of the gain.
- (4) The calculation is in addition to any other calculation which is required to be made under this Chapter in relation to the policy or contract.

516 Meaning of “personal portfolio bond” U.K.

- (1) In this Chapter “personal portfolio bond” means a policy of life insurance, contract for a life annuity or capital redemption policy which meets conditions A and B.

This is subject to section 517.

 - (a) fluctuations in, or in an index of, the value of property of any description, or
 - (b) the value of, or the income from, property of any description.
- (3) For this purpose it does not matter whether or not the index or property is specified in the policy or contract.

- (5) In subsection (4) “holder”, in the case of a policy or contract held by two or more persons, means any of them.

517 Policies and contracts which are not personal portfolio bonds U.K.

- (1) A policy or contract is not a personal portfolio bond merely because its terms permit the selection of an index as described in section 516(4) if that index—
 - (a) falls within one of the categories listed in section 518, and
 - (b) meets one of the index selection conditions (see section 519).
- (2) A policy or contract is not a personal portfolio bond merely because its terms permit the selection of property as described in section 516(4) if all of the property which may be so selected—
 - (a) falls within one or more of the categories listed in section 520, and
 - (b) meets one or both of the property selection conditions (see section 521).

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

 - (a) all policy holders of the insurance company, or
 - (b) persons acting on behalf of those policy holders.
- (3) An index meets the class selection condition if, at the time when it may be selected, the opportunity to select the same index is available to—
 - (a) a particular class or classes of policy holders of the insurance company, or
 - (b) persons acting on behalf of the members of that class or those classes.
- (4) A group of policy holders to whom the opportunity to select an index is available is a “class” for the purposes of subsection (3) if—
 - (a) neither membership of the class nor the opportunity are limited to connected persons,
 - (b) the question whether a policy holder is a member of the class, or has the opportunity, is determined solely by the insurance company, and
 - (c) the opportunity is clearly identified in marketing or other promotional material published by the insurance company to members of the public, or members of the public who are intending investors, as available generally to any person falling within its terms.
- (5) In this section—

 - (a) whether a gain has arisen in relation to that year, and
 - (b) if so, the amount of the gain.
- (2) There is a gain if, as at the end of the insurance year, the sum of PP and TPE exceeds TSG.
- (3) In subsection (2)—

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

TSG is the total amount of part surrender gains (see section 524).

(4) The gain is equal to 15% of the excess.

523 The total amount of personal portfolio bond excesses **U.K.**

(1) To calculate the total amount of personal portfolio bond excesses—

Step 1

Apply the calculation in section 522 in relation to the policy or contract as at the end of each previous insurance year during its existence in succession starting with the first such year.

Step 2

Determine whether in each case the calculation produces a gain and, if so, its amount.

Step 3

Add together all the amounts produced by step 2.

(2) But if there is no previous insurance year during the existence of the policy or contract, the total amount of personal portfolio bond excesses is nil.

524 The total amount of part surrender gains **U.K.**

(1) To calculate the total amount of part surrender gains—

Step 1

Apply the provisions of this Chapter mentioned in subsection (3) as modified by subsections (4) and (5) in relation to the policy or contract as at the end of each previous insurance year during its existence.

Step 2

Determine whether in each case those provisions produce a gain and, if so, its amount.

Step 3

Add together all of the amounts produced by step 2.

(2) But if there is no previous insurance year during the existence of the policy or contract, the total amount of part surrender gains is nil.

(3) The provisions of this Chapter which apply for the purposes of the calculation in subsection (1) are—

- (a) subsections (2) to (6) of section 507 (method for making periodic calculations), and
- (b) subsections (1) to (3) and (5) of section 508 (the value of rights partially surrendered).

- (4) The provisions of section 507 mentioned in subsection (3) apply for the purposes of this section with the omission of all references in that section—
- (a) to the assignment of any part of or share in the rights under the policy or contract, or
 - (b) to the value of any part of or share in the rights under the policy or contract so assigned.
- (5) In the application of step 3 in subsection (4) of section 507 for the purposes of this section, the reference in that step to previous calculation events does not include a reference to an excess event consisting of the assignment of a part of or share in the rights under the policy or contract.

525 Chargeable events where annual calculations show gains U.K.

- (1) This section applies if the calculation in section 522 shows that a gain has arisen in relation to an insurance year.
- (2) The gain is treated as arising at the end of the insurance year on the occurrence of a chargeable event at that time.

526 Power to make regulations about personal portfolio bonds U.K.

- (1) The Treasury may by regulations make provision about the administration of the charge to tax on personal portfolio bonds.

 - (a) the amount of a gain treated as arising under this Chapter, and
 - (b) an amount on which income tax is charged otherwise than under this Chapter or on which corporation tax is charged.
- (2) The amount of the gain on which tax is charged under this Chapter is reduced by so much of the amount of that receipt or other credit item as is taken into account in both those calculations.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (2) The amount of the reduction is the appropriate fraction of the gain.
- (3) The appropriate fraction is—

$$\frac{A}{B}$$

where—

A is the number of days on which the policy holder was not UK resident in the policy period, and

B is the number of days in that period.

- (4) In this section and section 529 (exceptions from this section), “the policy period” means the period for which the policy has run before the chargeable event occurs.
- (5) If the gain is from a policy of life insurance which is a new policy in relation to another policy, for the purposes of subsection (4) the new policy is taken to have run—
 - (a) from the issue of the other policy, or
 - (b) if it also was a new policy in relation to an earlier policy, from the issue of the earlier policy,and so on.

533 Meaning of “comparable EEA tax charge” U.K.

- (1) In section 532 “comparable EEA tax charge” in relation to the company liable to make payments under the policy or contract under which the gain has arisen (“the insurer”) means a charge that meets conditions A to F.
- (2) Condition A is that the charge is imposed on the insurer under the laws of a territory outside the United Kingdom that is within the European Economic Area when the gain arises.
- (3) Condition B is that the charge has applied to the insurer—
 - (a) as a body deriving its status as a company from those laws,
 - (b) as a company with its place of management there, or
 - (c) as a company falling under those laws to be regarded for any other reason as resident or domiciled there.
- (4) Condition C is that the charge applies at a rate of at least 20% in relation to the amounts subject to tax in the insurer's hands, other than amounts arising or accruing in respect of investments of a description for which a special relief or exemption is generally available.
- (5) Condition D is that the charge is made otherwise than by reference to the insurer's profits.
- (6) Condition E is that the charge requires sums payable and other liabilities arising under policies or contracts of the same class as the policy or contract in question to be treated as falling to be met out of amounts subject to tax in the insurer's hands.
- (7) Condition F is that the charge so requires them by disallowing their deduction in calculating the amount chargeable.

534 Regulations providing for relief in other cases where foreign tax chargeable U.K.

- (1) This section applies if—
 - (a) apart from this section, as a result of section 531 or paragraph 109(2) of Schedule 2, section 530 would not apply to gains from a policy or contract (except for the purposes of section 535 (top slicing relief)), and
 - (b) the Board of Inland Revenue consider it appropriate to disapply section 531 and paragraph 109(2) of Schedule 2 in relation to such gains by reference to tax chargeable under the laws of a territory outside the United Kingdom in cases other than those where they are disapplied as a result of section 532.
- (2) The Board of Inland Revenue may by regulations provide for section 530 to apply to those gains (and accordingly section 531 and paragraph 109(2) of Schedule 2 not to apply to them) if a claim is made that the conditions specified in the regulations are met in relation to any time.
- (3) That time may be a time before the regulations are made or a later time.

535 Top slicing relief U.K.

- (1) An individual is entitled to relief under this section for a tax year if—

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (a) the individual's liability for the tax year, as calculated under subsection (3), exceeds
 - (b) the individual's relieved liability for the tax year, as calculated under—
section 536 (top slicing relieved liability: one chargeable event), or
section 537 (top slicing relieved liability: two or more chargeable events).
- (2) The relief is given by a reduction in or repayment of income tax equal to the excess.
- (3) An individual's liability for a tax year for the purposes of subsection (1)(a) equals TL — LRL, where—
TL is the amount of the individual's total liability to income tax on income charged to tax under this Chapter for the tax year, calculated on the basis that no relief is available under this section and the highest part assumptions apply, and
LRL is the amount of income tax at the lower rate that the individual is treated as having paid under section 530(1) for the tax year.
- (4) For the purposes of subsection (3) and sections 536 and 537, the highest part assumptions, in calculating liability to income tax on an amount, are that—
 - (a) the amount is the highest part of the individual's total income for the tax year, and
 - (b) any provision directing any other amount to be treated as the highest part is ignored.
- (5) For the purposes of this section and sections 536 and 537, an individual's total income is treated as not including any amount which—
 - (a) is charged to tax under Chapter 4 of Part 3 (profits of property businesses: lease premiums etc.) as the profits of a UK property business, or
 - (b) counts as employment income under section 403 of ITEPA 2003 (payments and benefits on termination of employment etc.).
- (6) For the purposes of this section and sections 536 and 537—
 - (a) any chargeable event under section 525(2) (chargeable events where annual personal portfolio bond calculations show gains),
 - (b) any gain treated as arising on the occurrence of such an event, and
 - (c) the amount of any liability to income tax arising on such a gain,are ignored.

536 Top slicing relieved liability: one chargeable event **U.K.**

- (1) To calculate an individual's relieved liability for the purposes of section 535(1) for a tax year for which the individual is only liable for tax on a gain from one chargeable event—

Step 1

Find the annual equivalent of the amount of that gain (“the annual equivalent”) by dividing that amount by the number of complete years for which the policy or contract has run before the chargeable event (“N”).

See subsections (2) to (8) for further provisions about calculating N.

Step 2

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

Find the relieved liability on the annual equivalent by—

- (a) calculating the individual's liability (if any) to income tax on the annual equivalent, on the basis that—
 - (i) the gain from the chargeable event is limited to the amount of the annual equivalent, and
 - (ii) the highest part assumptions apply, and
- (b) subtracting the amount of income tax at the lower rate on the annual equivalent which the individual is treated as having paid under section 530(1).

Step 3

Multiply the relieved liability on the annual equivalent by N.

- (2) In the case of a calculation event that is not the first calculation event in relation to the policy or contract, for steps 1 and 3 in subsection (1) N is the number of complete years since the previous such event (but see subsection (6)).
- (3) For the purposes of subsection (2), part surrender or assignment events are taken to occur at the end of the insurance year in which the surrender or assignment occurs.
- (4) If, in a case where subsection (2) does not apply, the gain is from a policy of life insurance which is a new policy in relation to another policy, for steps 1 and 3 N is calculated from—
 - (a) the issue of the other policy, or
 - (b) if it also was a new policy in relation to an earlier policy, the issue of the earlier policy,
 and so on.
- (5) In subsection (4) “new policy” has the meaning given in paragraph 17 of Schedule 15 to ICTA.
- (6) Subsection (2) does not apply if the gain is from a foreign policy of life insurance or a foreign capital redemption policy.
- (7) If the gain is from such a policy, for steps 1 and 3 in subsection (1) N is reduced by the number of complete years during which the policy holder was non-UK resident.
- (8) If subsections (4) and (7) both apply, subsection (7) applies to N as calculated under subsection (4).

537 **Top slicing relieved liability: two or more chargeable events** **U.K.**

To calculate an individual's relieved liability for the purposes of section 535(1) for a tax year for which the individual is liable for tax on gains from two or more chargeable events—

Step 1

Calculate the total annual equivalent by adding together the annual equivalents for each of the chargeable events, found as specified in step 1 in section 536(1).

Step 2

Find the total relieved liability on the total annual equivalent by—

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (a) calculating the individual's liability to income tax (if any) on the total annual equivalent, on the basis that—
 - (i) the total gains from the chargeable events are limited to the amount of the total annual equivalent, and
 - (ii) the highest part assumptions apply, and
- (b) subtracting the amount of income tax at the lower rate on the total annual equivalent which the individual is treated as having paid under section 530(1).

Step 3

Multiply the total relieved liability on the total annual equivalent by the total gains charged to tax under this Chapter for the tax year in respect of all the events.

Step 4

Divide the result of step 3 by the total annual equivalent.

538 Recovery of tax from trustees **U.K.**

- (1) This section applies if—
 - (a) immediately before a chargeable event the rights under the policy or contract, or the part of or share in them in question, were held on non-charitable trusts,
 - (b) an individual is liable for tax under this Chapter for the tax year on the gain from the event, and
 - (c) the income tax for which the individual is liable for the tax year, after any relief available in respect of the gain under section 535 (top slicing relief), exceeds that for which the individual would have been liable apart from the event.
- (2) The individual is entitled to recover that excess from the trustees, subject to the restriction specified in subsection (3).
- (3) The amount recovered must not exceed the total of—
 - (a) any sums received by the trustees because of the chargeable event, and
 - (b) the value of any benefits so received.
- (4) If the individual's relief under section 535 for the tax year does not relate only to the gain from the event in question, for the purposes of subsection (1)(c) a proportionate part of that relief is taken to be relief in respect of that gain.
- (5) An individual may require the Inland Revenue to certify an amount recoverable by the individual under this section.
- (6) Such a certificate is conclusive evidence of the amount.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

Deficiencies

539 Relief for deficiencies **U.K.**

- (1) A deficiency from a policy or contract arising on a chargeable event is allowable as a deduction from an individual's total income for a tax year if, had a gain arisen instead on that event—
 - (a) the individual would have been liable to income tax on the gain for that year, or
 - (b) the individual would have been so liable apart from the requirement in section 465(1) that the individual must be UK resident in the tax year in which the gain arises.
- (2) See section 540 for the cases in which such a deficiency is treated as arising, section 541 for how the deficiency is calculated and section 469(5) for the apportionment of deficiencies in cases where two or more persons are interested in a policy or contract.
- (3) Subsection (1) only applies for the purpose of determining the individual's extra liability.
- (4) For this purpose, an individual's extra liability is the amount by which the individual's liability to income tax exceeds the amount it would be on the assumptions specified in subsections (5) and (6).
- (5) It is assumed that income charged to tax at the higher rate is charged—
 - (a) in the case of income within section 1A(1A)(c) of ICTA (income charged at the lower rate instead of the basic rate), at the lower rate, and
 - (b) in any other case, at the basic rate.
- (6) It is assumed that income charged to tax at the dividend upper rate is charged at the dividend ordinary rate.

540 When deficiencies arise: events following calculation events **U.K.**

- (1) A deficiency is treated as arising from a policy or contract on a chargeable event (“the later event”) if conditions A to C are met.
- (2) Condition A is that the later event is an event within section 484(1)(a)(i) or (iii) or (b) to (e) (surrender of all rights, final participation in profits, death, maturity, or taking a capital sum as a complete alternative to annuity payments).
- (3) Condition B is that a gain from the policy or contract has arisen on a calculation event other than a personal portfolio bond event, occurring in relation to the policy or contract in question before the later event.
- (4) Condition C is that on the later event no gain is shown by the calculation in section 491(2) (calculation of gains for such events).

541 Calculation of deficiencies **U.K.**

- (1) This section sets out how the amount of a deficiency treated as arising under section 540(1) on a chargeable event (“the later event”) is calculated.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (2) If, when the calculation in section 491(2) is made for the later event, the total allowable deductions equal or exceed the total benefit value, the amount of the deficiency is equal to the total previous gains.
- (3) If, when that calculation is made, the total benefit value exceeds the total allowable deductions, the amount of the deficiency is equal to the total previous gains, less that excess.
- (4) In this section “the total previous gains” means the total amount of gains that—
 - (a) were treated as arising on calculation events (other than personal portfolio bond events) occurring in relation to the policy or contract in question before the later event, and
 - (b) formed part of the total income of the individual mentioned in section 539(1) for a tax year earlier than the tax year mentioned in that section.

CHAPTER 10 **U.K.**

DISTRIBUTIONS FROM UNAUTHORISED UNIT TRUSTS

547 Charge to tax under Chapter 10 **U.K.**

- (1) Income tax is charged on income treated as received by a unit holder from a scheme to which section 469 of ICTA applies (unauthorised unit trust schemes).
- (2) For the purposes of this Chapter, a unit holder is treated as receiving such income if an amount is shown in the scheme's accounts as income available for payment to unit holders or for investment.

548 Income charged **U.K.**

- (1) Tax is charged under this Chapter on the gross amount of the income treated as received by the unit holder in the tax year.
- (2) To calculate the gross amount of the income treated as received by a unit holder for a distribution period—

Step 1

Calculate the unit holder's share of the scheme's available income by applying the formula—

$$\text{SAI} \times \frac{R}{\text{TR}}$$

where—

SAI is the total amount shown in the scheme's accounts as income available for payment to unit holders or for investment,

R is the unit holder's rights, and

TR is all the unit holders' rights.

Step 2

Gross up the unit holder's share of the scheme's available income by reference to the basic rate for the tax year in which the income from the scheme is treated as received.

- (3) The income from a scheme for a distribution period is treated as received on the date or latest date provided by the terms of the scheme for any distribution for the period, unless that date is more than 12 months after it ends.
- (4) If—
 - (a) that date is more than 12 months after the distribution period ends, or

(b) no date is so provided,
the income for the period is treated as received on the last day of the period.

(5) In this section “distribution period” means a period over which income from the investments subject to the trusts is aggregated to ascertain the amount available for distribution to unit holders.

This is subject to subsections (6) and (7).

(6) If the scheme does not provide for distribution periods, its distribution periods are taken to be successive periods of 12 months, the first of which began with the day on which the scheme took effect.

(7) If the scheme provides for a distribution period of more than 12 months, each successive period of 12 months within that period and any remaining period of less than 12 months are taken to be distribution periods.

549 Person liable **U.K.**

The person liable for any tax charged under this Chapter is the unit holder treated as receiving the income under section 547(2).

550 Income tax treated as paid **U.K.**

Income tax treated as deducted from income within this Chapter as a result of section 469(3) of ICTA (treatment of income within this Chapter as annual payments for certain purposes) is treated as income tax paid by the recipient.

- (2) For the purposes of this section, the exercise of a deposit right is a disposal of it, except so far as the right is a right to receive interest.

552 Meaning of “deposit rights” **U.K.**

- (1) In this Chapter “deposit rights” means—
 - (a) a right to receive, with or without interest, a principal amount stated in, or determined in accordance with, the current terms of issue of an eligible debt security, where in accordance with those terms the issue of uncertificated units of the eligible debt security corresponds to the issue of a certificate of deposit,

(2) In this section—

“certificate of deposit” means a document—

- (a) relating to the deposit of money in any currency,

Charge to tax under Chapter 12

555 Charge to tax under Chapter 12 U.K.

- (1) Income tax is charged on profits and gains from a disposal of a future or option that is a disposal involving guaranteed returns.
- (2) Those profits and gains are treated as income for income tax purposes even if they would otherwise be taken to be a capital item.

556 Income charged U.K.

- (1) Tax is charged under this Chapter on the full amount of profits or gains arising in the tax year.
- (2) The profits and gains from a disposal are taken to arise when the disposal occurs.

557 Person liable U.K.

The person liable for any tax charged under this Chapter is the person realising the profits or gains.

558 Meaning of “future”, “option” etc. U.K.

- (1) In this Chapter “future” means outstanding rights and obligations under a commodity or financial futures contract.
- (2) In this Chapter “option” means—
 - (a) an option relating to—
 - (i) currency, shares, stock, securities or an interest rate, or
 - (ii) rights under a commodity or financial futures contract, or
 - (b) any other option which at the time of the disposal in question is listed on a recognised stock exchange or recognised futures exchange,
 and includes any liability or entitlement under an option within paragraph (a) or (b).
- (3) In this Act “recognised futures exchange” means the London International Financial Futures Exchange and any other futures exchange which is for the time being designated for the purposes of TCGA 1992 by order made by the Board of Inland Revenue under section 288(6) of that Act.

When disposals involve guaranteed returns

559 When disposals involve guaranteed returns U.K.

- (1) For the purposes of this Chapter, a disposal of a future or option involves guaranteed returns if conditions A to C are met.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (2) Condition A is that the disposal is one of two or more related transactions (see section 566).
- (3) Condition B is that those transactions are designed to produce a guaranteed return (see subsection (5)).
- (4) Condition C is that the guaranteed return comprises—
 - (a) the return from the disposal (see section 561), or
 - (b) the return from a number of disposals of futures or options, of which the disposal is one, taken together.
- (5) For the purposes of this Chapter, two or more related transactions are transactions designed to produce a guaranteed return if, taking them together, it would be reasonable to assume from one or more of the matters specified in subsection (6) that—
 - (a) the main purpose of the transactions is or was the production of a guaranteed return from one or more disposals of futures or options (see section 560), or
 - (b) that is or was one of their main purposes.
- (6) Those matters are—
 - (a) the likely effect of the transactions,
 - (b) the circumstances in which the transactions are entered into, and
 - (c) the circumstances in which any one of the transactions is entered into.
- (7) In the case of a transaction which is a disposal, the references in subsection (6) to entering into the transaction are references to making the disposal.

560 Production of guaranteed returns **U.K.**

- (1) For the purposes of this Chapter, a guaranteed return is produced from a disposal of a future or option if risks from fluctuations in the underlying subject matter are so eliminated or reduced as to produce a return from the disposal that meets conditions A and B.
- (2) If there is more than one such disposal, a guaranteed return is produced from them if, taking them together, such risks are so eliminated or reduced.
- (3) Condition A is that the amount of the return is not to any significant extent attributable (otherwise than incidentally) to any such fluctuations.
- (4) Condition B is that the return equates, in substance, to the return on an investment of money at interest.
- (5) For the purposes of subsections (1) and (2), the cases where risks from fluctuations in the underlying subject matter are eliminated or reduced include any case where the main reason or one of the main reasons for the choice of that subject matter is—
 - (a) that there appears to be no risk that it will fluctuate, or
 - (b) that the risk that it will do so appears insignificant.
- (6) In this section the references, in relation to a disposal of a future or option, to the underlying subject matter are references to, or to the value of, the commodities, currencies, shares, stock or securities, interest rates, indices or other matters—
 - (a) to which the future or option is referable, or

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

(b) to the value of which it is referable.

561 The return from one or more disposals **U.K.**

- (1) In this Chapter, references to the return from one or more disposals are references to the return on investment represented by—
 - (a) the total net profits and gains arising from the disposal or disposals, or
 - (b) all but an insignificant part of those net profits and gains.
- (2) For the purposes of subsection (1), if there are two or more disposals, it is to be assumed that profits and gains realised, and losses made, by persons who are associated with each other are all realised or made by the same person.
- (3) For the purposes of subsection (2), persons are associated with each other in relation to any two or more disposals if conditions A to C are met.
- (4) Condition A is that the disposals are made in pursuance of the same scheme or arrangements.
- (5) Condition B is that each of the persons shares or is to share in the net return represented by the total of all the profits, gains and losses realised or made on the disposals.
- (6) Condition C is that the extent of the persons' shares is determined for the purposes of, or in accordance with, the scheme or arrangements.
- (7) For the purposes of this section—
 - (a) “scheme or arrangements” includes understandings of any kind, and
 - (b) it does not matter whether any scheme or arrangements are legally enforceable.

When disposals of futures and options occur

562 When disposals of futures and options occur: general **U.K.**

- (1) Any question whether there is a disposal for the purposes of this Chapter, or as to when such a disposal is made, is to be determined—
 - (a) in accordance with sections 143(5) and (6), 144 and 144A of TCGA 1992 (closing out and settlement of futures contracts and rules in relation to options),
 - (b) otherwise in accordance with the provisions having effect for determining for the purposes of TCGA 1992 whether or when an asset has been disposed of, and
 - (c) on assumptions A to C.
- (2) Assumption A is that all futures are assets for the purposes of TCGA 1992.
- (3) Assumption B is that the words “in the course of dealing in commodity or financial futures” are omitted from section 143(5) and (6) of TCGA 1992 in each place where they occur.
- (4) Assumption C is that any reference in TCGA 1992 to a financial option within the meaning given by section 144(8) of that Act is a reference to any option that at the time of the disposal in question is not listed on a recognised stock exchange or

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

recognised futures exchange (regardless of whether the conditions in section 144(8)(c)(i) to (iv) of that Act are met).

- (5) Subsection (1) is subject to section 563 (timing of certain grants of options where related disposals occur later), and see also section 564 (deemed disposal where futures run to delivery or options are exercised).

563 Timing of certain grants of options where related disposals occur later U.K.

- (1) For the purpose of this Chapter, a disposal consisting in the grant of an option (“the grant”) is treated as taking place at a later time than it would be taken as occurring under section 562 if conditions A to C are met.
- (2) Condition A is that the grant is one of a number of related transactions designed to produce a guaranteed return.
- (3) Condition B is that at least one of the other transactions is a transaction entered into after the grant.
- (4) Condition C is that one or more of the transactions entered into after the grant is a disposal which is not itself the grant of an option.
- (5) The grant is treated as taking place when the first such later disposal takes place.
- (6) Subsection (5) does not apply in any case where, by applying sections 144(2) and 144A(2) of TCGA 1992, section 562(1)—
- (a) requires the grant of an option and the transaction entered into by the grantor in fulfilment of the grantor's obligations under the option to be treated as a single transaction, or
 - (b) determines when such a single transaction is to be treated as entered into, and that requirement or determination has a different effect from subsection (5).

564 Deemed disposal where futures run to delivery or options are exercised U.K.

- (1) This section applies if there are two or more related transactions (see section 566) in relation to which conditions A and B are met.
- (2) Condition A is that one of the transactions is the creation or acquisition (by the making or receiving of a grant or otherwise) of a future or option.
- (3) Condition B is that the other transaction or one of the other transactions—
- (a) is the running of the future to delivery or the exercise of the option, and
 - (b) is not treated for the purposes of this Chapter as a disposal of a future or option.
- (4) In relation to the parties to the future or option, this Chapter applies as if—
- (a) a disposal of the future or option takes place at the time (“the relevant time”) immediately before the future runs to delivery or, as the case may be, the option is exercised, and
 - (b) the scheme or arrangements by reference to which the transactions are related transactions provide for the disposal.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (5) In the case of a person whose rights and entitlements under the future or option have a market value at the relevant time, the disposal referred to in subsection (4)(a) is taken to be for a consideration equal to that market value.
- (6) In the case of any other party to the future or option (“P”), the disposal is taken—
 - (a) to be made for a nil consideration, and
 - (b) to involve P in incurring costs equal to the release amount.
- (7) In subsection (6) “the release amount” means the amount which P might reasonably have been expected to pay, in a transaction at arm's length entered into at the relevant time, for the release of P's obligations and liabilities under the future or option.
- (8) Section 144(2) and (3) of TCGA 1992 are ignored for the purposes of subsections (1) to (3).

565 Interpretation of section 564 U.K.

- (1) References in section 564 to the running of a future to delivery are references to performing (and so discharging) the obligations owed under the commodity or financial futures contract in question to the party to the future whose rights as a party relate to the underlying subject matter.
- (2) In subsection (1) the reference to the underlying subject matter is a reference to, or to the value of, the commodities, currencies, shares, stock or securities, interest rates, indices or other matters—
 - (a) to which the future is referable, or
 - (b) to the value of which it is referable.
- (3) In section 564 and this section “party”, in relation to a future or option, means one of the persons who—
 - (a) has any right or entitlement comprised in or arising under the future or option, or
 - (b) is subject to any obligation or liability so comprised or arising.
- (4) In section 564 “market value” has the same meaning as in TCGA 1992 (see sections 272 to 274).

566 When transactions are related U.K.

- (1) For the purposes of this Chapter, two or more transactions are related if all of them are entered into in pursuance of the same scheme or arrangements.
- (2) For this purpose the cases where any two or more transactions are to be taken to be entered into in pursuance of the same scheme or arrangements include any case where it would be reasonable to assume from one or more of the matters specified in subsection (3) that none of them would have been entered into independently of the others.
- (3) The matters are—
 - (a) the likely effect of the transactions,
 - (b) the circumstances in which the transactions are entered into, and
 - (c) the circumstances in which any one of the transactions is entered into.

Status: Point in time view as at 24/03/2005. This version of this part contains provisions that are not valid for this point in time.

Changes to legislation: There are currently no known outstanding effects for the Income Tax (Trading and Other Income) Act 2005, Part 4. (See end of Document for details)

- (4) Nothing in this Chapter prevents transactions from being related transactions just because they are transactions—
 - (a) with different parties, or
 - (b) with parties different from the parties to the scheme or arrangements in pursuance of which they are entered into.
- (5) In the case of a transaction which is a disposal, the references in this section to entering into the transaction are references to making the disposal.
- (6) In this section “scheme or arrangements” includes schemes, arrangements and understandings of any kind, whether or not they are legally enforceable.

Losses

567 Losses U.K.

- (1) This section applies if—
 - (a) losses are made by a person from a disposal, and
 - (b) had profits or gains arisen to the person from the disposal, they would be chargeable under this Chapter.
- (2) The losses are not to be brought into account for income tax purposes, except where section 392 of ICTA (losses from miscellaneous transactions) applies.
- (3) For the purposes of that section, the losses are taken to be made at the time when the disposal occurs.
- (4) For the treatment of the losses for capital gains tax purposes, and how TCGA 1992 applies where a profit arises or a loss is made from a deemed disposal under section 564(4), see sections 148A to 148C of that Act.

Trustees

568 Special rule for certain income of trustees U.K.

- (1) This section applies if the profits or gains charged under this Chapter and arising to trustees do not meet any of conditions A to C.
- (2) Condition A is that the profits or gains fall to be treated for income tax purposes as income of a settlor.
- (3) Condition B is that the profits or gains arise under a trust established for charitable purposes.
- (4) Condition C is that the profits or gains are from property held for the purposes of a superannuation fund to which section 615(3) of ICTA applies.
- (5) The profits or gains are to be treated for income tax purposes as if they were income to which section 686 of ICTA applies (accumulation and discretionary trusts: special rates of tax).
- (6) In this section “trustees” does not include personal representatives, but where, during or at the end of the administration period, personal representatives pay trustees any

- (a) being paid as income, and
- (b) having borne income tax at the applicable rate.

(7) In subsection (6)—

- (a) “administration period” has the meaning given by section 653, and
- (b) “the applicable rate” means the rate referred to in section 663(1) (the applicable rate for grossing up basic amounts of estate income).

Transfer of assets abroad

569 Anti-avoidance: transfer of assets abroad U.K.

- (1) This section applies if profits or gains arising from a transaction to which this Chapter applies are realised by a person (“A”) who is resident or domiciled outside the United Kingdom.
- (2) For the purpose of determining whether an individual ordinarily UK resident is liable for income tax in respect of the profits or gains, sections 739 and 740 of ICTA (transfer of assets abroad) have effect as if the profits or gains, when realised, constituted income becoming payable to A.

CHAPTER 13 U.K.
