 - (b) is satisfied that it is appropriate for him to intervene under this section,
 he may make an order under this section in respect of the body (an “intervention order”).
- (3) An intervention order may make any provision authorised by section 67 (including any combination of such provisions).

 - (b) those specified in the order,
- and for the powers of the suspended members to be exercised, and their duties performed, during their suspension by individuals specified in or determined in accordance with the order (who need not be the same in number as the suspended individuals).
- (4) The powers and duties referred to in subsection (3) are, in the case of an employee member, only those which he has in his capacity as a member.
- (5) An intervention order may contain directions to the body to which it relates to secure that a function of the body specified in the directions—
- (a) is performed, to the extent specified in the directions, on behalf of the body and at its expense, by such person as is specified in the directions, and
 - (b) is so performed in such a way as to achieve such objectives as are so specified, and the directions may require that any contract or other arrangement made by the body with that person contains such terms and conditions as may be so specified.
