- (2) For that purpose “exemption adjustments” means any such adjustments as are appropriate to secure that there are left out of account any profits and losses taken into account in arriving at the foreign permanent establishments amount in relation to any relevant accounting period.
- [ But profits and losses are not to be left out of account as mentioned in subsection (2) so far as they are <sup>F32</sup>or, if the company were non-UK resident, would be—
- (a) profits or losses of the company's trade of dealing in or developing UK land (see section 5B),
  - (b) profits or losses of the company's UK property business,
  - (c) profits consisting of the company's other UK property income, or
  - (d) profits or losses arising from loan relationships or derivative contracts that the company is a party to for the purposes of its UK property business or for the purposes of enabling it to generate other UK property income.]]
- <sup>F34</sup>(2B) [ Profits and losses are not to be left out of account as mentioned in subsection (2) so far as, if the company were non-UK resident, they would be gains or losses accruing on disposals of assets within section 2B(4)(a) or (b) of TCGA 1992 (interests in UK land or other assets deriving at least 75% of their value from UK land).]
- (3) In this Chapter “relevant accounting period”, in relation to a company by which an election is made under this section, means an accounting period of the company to which the election applies (as to which see section 18F).
- (4) For the purposes of this Chapter the “foreign permanent establishments amount”, in relation to an accounting period of a company, is—

- (6) For the purposes of this Chapter “relevant profits amount”, in relation to a relevant foreign territory and an accounting period of a company, means—

  - (b) in the case of any other territory, profits which would be taken to be so attributable for that purpose if the territory were a full treaty territory and the double taxation arrangements having effect in relation to the territory were in the terms of the OECD model.

  - (b) in the case of any other territory, any losses which would be taken to be so attributable on that basis if it were a full treaty territory and the double taxation arrangements having effect in relation to the relevant foreign territory were in the terms of the OECD model.
- (8) Subsection (9) applies if the amount of any credit to be allowed under TIOPA 2010 in relation to a company in the case of a full treaty territory does not depend on the profits taken to be attributable to the permanent establishment of the company in the territory because tax under the law of the territory is charged, pursuant to the double taxation arrangements having effect in relation to the territory, otherwise than by reference to such profits (as an alternative to a charge by reference to such profits).
- (9) The reference in subsection (6)(a) to profits which would be taken to be attributable to the permanent establishment of the company in the territory is to the profits that would be so taken if tax under the law of the territory were charged by reference to such profits; and subsection (7)(a) is to be construed accordingly.
- (10) For the purposes of subsections (6) and (7) if double taxation arrangements having effect in relation to a relevant foreign territory do not include provision for the credit to be allowed against tax to be computed by reference to the same profits as those by reference to which the tax was computed under the law of the relevant foreign territory, they are to be assumed to do so.
- (11) This section is subject to the following provisions of this Chapter.

### TRADE PROFITS: BASIC RULES

#### 46 Generally accepted accounting practice U.K.

- (1) The profits of a trade must be calculated in accordance with generally accepted accounting practice, subject to any adjustment required or authorised by law in calculating profits for corporation tax purposes.
- (2) This does not—
  - (a) require a company to comply with the requirements of the Companies Act 2006 (c. 46) or subordinate legislation made under that Act except as to the basis of calculation, or
  - (b) impose any requirements as to audit or disclosure.
- (3) This section does not affect any provisions of the Corporation Tax Acts—
  - (a) relating to the calculation of the profits of—
    - (i) Lloyd's underwriters, <sup>F61</sup> ...
    - <sup>F61</sup>(ii) .....
  - (b) otherwise laying down special rules for the calculation of the profits of a particular description of business.

#### 47 Losses calculated on same basis as profits U.K.

- (1) The same rules apply for corporation tax purposes in calculating losses of a trade as apply in calculating profits.
- (2) This is subject to any express provision to the contrary.

#### 48 Receipts and expenses U.K.

- (1) In the Corporation Tax Acts, in the context of the calculation of the profits of a trade, references to receipts and expenses are to any items brought into account as credits or debits in calculating the profits.
- (2) It follows that references in that context to receipts or expenses do not imply that an amount has actually been received or paid.
- (3) This section is subject to any express provision to the contrary.

#### 49 Items treated as receipts and expenses U.K.

The rules for calculating the profits of a trade need to be read with—

- (a) the provisions of CAA 2001 which treat allowances as expenses of a trade,
- (b) the provisions of CAA 2001 which treat charges as receipts of a trade,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

#### [<sup>F62</sup>49A Money's worth **U.K.**

- (1) Subsection (2) applies—
  - (a) for the purpose of bringing into account an amount arising in respect of a transaction involving money's worth entered into in the course of a trade, and
  - (b) if an amount at least equal to the amount that would be brought into account under that subsection is not otherwise brought into account as a receipt in calculating the profits of a trade under a provision of this Part other than a provision mentioned in subsection (3).
- (2) For the purpose of calculating the profits of the trade, an amount equal to the value of the money's worth is brought into account as a receipt if, had the transaction involved money, an amount would have been brought into account as a receipt in respect of it.
- (3) But where another provision of this Part makes express provision for the bringing into account of an amount in respect of money's worth as a receipt in calculating the profits of a trade (however expressed), that other provision applies instead of subsection (2).]

[<sup>F64</sup>(1A) But, if the relevant permissive rule would allow a deduction in calculating the profits of a trade in respect of an amount which arises directly or indirectly in consequence of, or otherwise in connection with, relevant tax avoidance arrangements, that rule—

  - (d) Chapter 12 (deductions from profits: unremittable amounts),
- which allows a deduction in calculating the profits of a trade.

- (3) In this section “any relevant prohibitive rule”, in relation to any deduction, means any provision of this Part or Chapter 1 of Part 20 (apart from those mentioned in subsection (1)(b)) which might otherwise be read as—
- (a) prohibiting or deferring the deduction, or
  - (b) restricting the amount of the deduction.

- (a) to which the company carrying on the trade is a party, and

“unreduced amount” (see section 230(2)).

- (5) Section 230(3) and (4) (unreduced amount of taxed receipt under section 217 as a result of section 218) applies for the purposes of sections 63 to 67.
- (6) In the application of sections 66 and 67 to Scotland—
- (a) references to a lease being granted out of a taxed lease are to the grant of a sublease of land subject to the taxed lease, and
  - (b) references to the lease so granted are to be read as references to the sublease.

### 63 Tenants occupying land for purposes of trade treated as incurring expenses **U.K.**

- (1) The tenant under the taxed lease is treated as incurring an expense of a revenue nature in respect of the land subject to the taxed lease for each qualifying day.
- (2) If there is more than one taxed receipt, this section applies separately in relation to each of them.
- (3) A day is a “qualifying day”, in relation to a taxed receipt, if it is a day—
- (a) that falls within the receipt period of the taxed receipt, and
  - (b) on which the tenant occupies the whole or part of the land subject to the taxed lease for the purposes of carrying on a trade.
- (4) If on the qualifying day the tenant occupies the whole of the land subject to the taxed lease for the purposes of the trade, the amount of the expense for the qualifying day by reference to the taxed receipt is given by the formula—

$$\frac{A}{\text{TRP}}$$

A is the unreduced amount of the taxed receipt, and

TRP is the number of days in the receipt period of the taxed receipt.

- (5) If on the qualifying day the tenant occupies part of the land subject to the taxed lease for the purposes of the trade, the amount of the expense for the qualifying day by reference to the taxed receipt is given by the formula—

### 64 Limit on deductions if tenant entitled to mineral extraction allowance **U.K.**

- (1) This section applies if the tenant under the taxed lease has become entitled, in respect of expenditure on the acquisition of an interest in the land subject to the taxed lease, to an allowance for an accounting period under Part 5 of CAA 2001 (mineral extraction allowances) in respect of expenditure falling within section 403 of that Act (qualifying expenditure on acquiring a mineral asset).
- (2) If the allowance is in respect of the whole of the expenditure, no deduction is allowed for expenses under section 63 for a qualifying day falling within that or a later accounting period.
- (3) If the allowance is in respect of only part of the expenditure (“the allowable part”) the amount of the deduction for expenses under section 63 for a qualifying day falling within that or a later accounting period is calculated by multiplying the amount that, apart from this section, would be the amount of the deduction for the qualifying day by—

$$\frac{WE - AP}{WE}$$

where—

WE is the whole of the expenditure, and

AP is the allowable part of the expenditure.

### 65 Tenants dealing with land as property employed for purposes of trade **U.K.**

- (1) This section applies if the tenant under the taxed lease—
  - (a) does not occupy the land subject to the taxed lease, or a part of it, but

- (b) deals with its interest in the land, or the part of it, as property employed for the purposes of carrying on a trade.
- (2) Section 63 applies as if the land or the part of it were occupied by the tenant for the purposes of the trade.
- (3) But the tenant is not treated as incurring an expense in respect of the land for a qualifying day as a result of this section so far as the tenant is treated as incurring an expense under section 232 (tenants under taxed leases treated as incurring expenses) in respect of the land for the day in calculating the profits of the tenant's property business.
- (4) This section is subject to sections 66 and 67 (restrictions on section 63 expenses where the additional calculation rule is relevant).

## 66 Restrictions on section 63 expenses: lease premium receipts **U.K.**

- (1) This section applies if a lease has been granted out of the taxed lease and—
  - (a) in calculating the amount of a receipt of a property business under Chapter 4 of Part 4 (profits of property businesses: lease premiums etc) in respect of the lease, there is a reduction under section 228 (the additional calculation rule) by reference to the taxed receipt, or
  - (b) in calculating the amount of a receipt of a property business under Chapter 4 of Part 3 of ITTOIA 2005 (profits of property businesses: lease premiums etc) in respect of the lease, there is a reduction under section 288 of that Act (the additional calculation rule) by reference to the taxed receipt.

In this section and section 67 the receipt that is so reduced is referred to as a “lease premium receipt”.

- (2) Subsections (3) to (5) provide for the application of section 63 as a result of section 65 for a qualifying day that falls within the receipt period of the lease premium receipt.
- (3) The tenant under the taxed lease is treated as incurring an expense under section 63 as a result of section 65 for the qualifying day by reference to the taxed receipt only if the daily amount of the taxed receipt exceeds the daily reduction of the lease premium receipt.
- (4) If the condition in subsection (3) is met, the amount of that expense for the qualifying day by reference to the taxed receipt is equal to that excess.
- (5) If the qualifying day falls within the receipt period of more than one lease premium receipt, the reference in subsection (3) to the daily reduction of the lease premium receipt is to be read as a reference to the total of the daily reductions of each of the lease premium receipts whose receipt period includes the qualifying day.
- (6) In this section—
  - the “daily amount” of the taxed receipt is given by the formula—

$$\frac{A}{\text{TRP}}$$

where—

A is the unreduced amount of the taxed receipt, and

TRP is the number of days in the receipt period of the taxed receipt, and the “daily reduction” of a lease premium receipt is given by the formula—

$$\frac{\text{AR}}{\text{RRP}}$$

where—

AR is the reduction under section 228 below or section 288 of ITTOIA 2005 by reference to the taxed receipt, and

RRP is the number of days in the receipt period of the lease premium receipt.

- (7) In this section references to a reduction under section 228 below or section 288 of ITTOIA 2005 by reference to a taxed receipt have the same meaning as in Chapter 4 of Part 4 (see section 230(6)).
- (8) Section 67 explains how this section operates if the lease does not extend to the whole of the premises subject to the taxed lease.

**67 Restrictions on section 63 expenses: lease of part of premises** U.K.

- (1) This section applies if—
- (a) section 66 applies, and
  - (b) the lease granted out of the taxed lease does not extend to the whole of the premises subject to the taxed lease.
- (2) Subsections (3) to (5) apply for a qualifying day that falls within the receipt period of the lease premium receipt.
- (3) Sections 63, 65 and 66 apply separately in relation to the part of the premises subject to the lease and to the remainder of the premises.
- (4) If—
- (a) more than one lease that does not extend to the whole of the premises subject to the taxed lease has been granted out of the taxed lease, and
  - (b) the qualifying day falls within the receipt period of two or more lease premium receipts that relate to different leases,

## 110 Meaning of “animal”, “herd”, “production herd” etc **U.K.**

- (1) In this Chapter—
  - (a) “animal” means any animal or other living creature,
  - (b) “herd” includes a flock and any other collection of animals (however named), and
  - (c) “production herd” means, in relation to a farmer, a herd of animals of the same species (irrespective of breed) kept by the farmer wholly or mainly for the products obtainable from the living animal which the animals produce for the farmer to sell.
- (2) For this purpose “the products obtainable from the living animal” means—
  - (a) the young of the animal, or
  - (b) any other product obtainable from the animal without slaughtering it.
- (3) For the purposes of this Chapter the general rule is that immature animals kept in a production herd are not part of the herd.
- (4) There is an exception to this rule if—
  - (a) the nature of the land on which the herd is kept means that animals which die or cease to be part of the herd can be replaced only by animals bred and reared on the land,
  - (b) the immature animals in question are bred in the herd and are maintained in the herd for the purpose of replacing other animals, and
  - (c) it is necessary to maintain the immature animals for that purpose.
- (5) In that case the immature animals are part of the herd for the purposes of this Chapter, but only so far as they are required to prevent a fall in the numbers of the herd.
- (6) References in this Chapter to an animal being added to a herd include references to an immature animal that is not part of the herd reaching maturity.
- (7) This Chapter applies—
  - (a) in relation to animals kept singly as it applies in relation to herds, and
  - (b) in relation to shares in animals as it applies in relation to animals themselves.

## 111 Other interpretative provisions **U.K.**

- (1) This section applies for the purposes of this Chapter.
- (2) A production herd kept by a farmer is of the same class as another production herd only if—
  - (a) the animals kept in both herds are of the same species (irrespective of breed), and
  - (b) the products produced for the farmer to sell (for which the herds are wholly or mainly kept) are of the same kinds in both herds.
- (3) References to the sale of an animal include references to its death or destruction.
- (4) References to the sale proceeds of an animal include references to—
  - (a) money received from an insurer because of the animal's death or destruction,
  - (b) compensation money received because of the animal's death or destruction, and

*Status: Point in time view as at 06/04/2020.*

- (c) the sale proceeds of the animal's carcass or any part of its carcass.
- (5) Female animals become mature—
  - (a) in the case of laying birds, when they first lay, and
  - (b) in any other case, when they produce their first young.
- (6) 20% or more of a herd is a substantial part of the herd, but a lesser percentage than 20% is capable of being a substantial part of the herd depending on the circumstances of the case concerned.

- (2) No deduction is allowed for the cost of the animal.
- (3) If, immediately before it was added to the herd, the animal was part of the farmer's trading stock, the balancing amount is brought into account as a receipt.
- (4) “The balancing amount” means—
  - (a) in the case of an animal bred by the farmer, the cost of breeding the animal and rearing it to maturity, and
  - (b) in any other case, the sum of the initial cost of acquiring the animal and the cost (if any) incurred by the farmer in rearing the animal to maturity.

#### **114 Replacement of animals in herd U.K.**

- (1) This section applies for the purpose of calculating the profits of the trade if—
  - (a) an animal (“the old animal”) is sold from the herd or otherwise ceases to be part of the herd, and
  - (b) it is replaced in the herd by another animal (“the new animal”).
- (2) The sale proceeds (if any) of the old animal are brought into account as a receipt.
- (3) But this needs to be read with—
  - (a) section 115 (amount of receipt if old animal slaughtered under disease control order),
  - (b) section 118 (acquisition of new herd begun within 5 years of sale), and
  - (c) section 120 (replacement of part sold begun within 5 years of sale).

- (1) This section applies for the purposes of section 114.
- (2) If—
- (a) the old animal was slaughtered under a disease control order, and
  - (b) the new animal is of worse quality than the old animal,
- the amount brought into account as a receipt under section 114 must not exceed the equivalent amount for the new animal.
- (3) For this purpose “a disease control order” means an order made under the law relating to the diseases of animals by—
- (a) central government,
  - (b) a devolved authority,
  - (c) a local authority, or
  - (d) another public authority.
- (4) If, immediately before it was added to the herd, the new animal was part of the farmer's trading stock, “the equivalent amount for the new animal” means—
- (a) in the case of an animal bred by the farmer, the cost of breeding the animal and rearing it to maturity, and
  - (b) in any other case, the sum of the initial cost of acquiring the animal and the cost (if any) incurred by the farmer in rearing the animal to maturity.
- (5) Otherwise “the equivalent amount for the new animal” means the cost of the new animal.

## 116 Sale of animals from herd U.K.

- (a) it is replaced in the herd by another animal (see section 114), or

- (2) A profit arising from the sale is brought into account as a receipt.
- (3) A deduction is allowed for a loss arising from the sale.
- (4) The amount of the profit or loss is the difference between the sale proceeds of the animal and the deductible amount for the animal.
- (5) “The deductible amount for the animal” means—
- (a) in the case of an animal bred by the farmer, the cost of breeding the animal and rearing it to maturity,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (b) in the case of an animal acquired by the farmer for valuable consideration, the sum of the initial cost to the farmer of acquiring the animal and the cost (if any) incurred by the farmer in rearing the animal to maturity, and
- (c) in the case of an animal acquired by the farmer but not for valuable consideration, the sum of the market value of the animal when acquired and the cost (if any) incurred by the farmer in rearing the animal to maturity.

#### **117 Sale of whole or substantial part of herd U.K.**

- (1) This section applies for the purpose of calculating the profits of the trade if, either all at once or over a period not longer than 12 months, the herd or a substantial part of the herd is sold unless—
  - (a) section 118 applies (acquisition of new herd begun within 5 years of sale), or
  - (b) section 120 applies (replacement of part sold begun within 5 years of sale), but paragraph (a) is subject to subsection (5) of section 118 (so far as that section provides for a case in which this section is to apply).

- (3) No deduction is allowed for a loss arising from the sale.

#### **118 Acquisition of new herd begun within 5 years of sale U.K.**

  - (b) if smaller, the number of animals in the new herd,had been sold from the old herd and replaced in that herd (but see section 119 (sale for reasons outside farmer's control)).
- (3) For the purposes of section 114, the sale proceeds of an animal that is treated as a result of subsection (2) above as if it had been—
  - (a) sold from the old herd, and
  - (b) replaced in that herd by another animal (“the new animal”),are not brought into account as a receipt until the new animal is acquired.
- (4) If—
  - (a) the number of animals in the new herd is smaller than the number of animals in the old herd, and
  - (b) the difference is not substantial,section 116 (sale of animals from herd) applies as if a number of animals equal to the difference had been sold from the old herd.

- (3) If, immediately before it was added to the herd, the new animal was part of the farmer's trading stock, “the equivalent amount for the new animal” means—
- (a) in the case of an animal bred by the farmer, the cost of breeding the animal and rearing it to maturity, and

  - (b) in any other case, the sum of the initial cost of acquiring the animal and the cost (if any) incurred by the farmer in rearing the animal to maturity.

- (1) A herd basis election must specify the class of production herd to which it relates.
- (2) A herd basis election must be made—
  - (a) not later than two years after the end of the first relevant accounting period (if the farmer is not a firm), or
  - (b) on or before the first anniversary of the normal self-assessment filing date for the tax year in which the first relevant period of account ends (if the farmer is a firm).

  - (a) has ceased to keep before making the election, or
  - (b) first keeps after making the election.
- (7) A herd basis election has effect—
  - (a) for every accounting period in which the farmer carries on the trade and keeps a production herd of the class to which the election relates (if the farmer is not a firm), or
  - (b) for every period of account in which the farmer carries on the trade and keeps a production herd of the class to which the election relates (if the farmer is a firm).
- (8) If the farmer is a firm and there is a change in the persons who are partners in the firm—
  - (a) any herd basis election made by the old firm ceases to have effect, and
  - (b) in relation to the new firm, “the first relevant period of account” means the first period of account in which the new firm keeps a production herd of the class to which the election relates.

### 123 Five year gap in which no production herd kept **U.K.**

- (1) This section applies if a farmer—
  - (a) keeps a production herd of a particular class, and
  - (b) ceases altogether to keep herds of that class for a period of at least 5 years.
- (2) If the farmer keeps a production herd of that class after the end of that period—
  - (a) the accounting period or (as the case may be) period of account in which the farmer starts to keep the herd is treated as the first accounting period or period of account in which the farmer keeps a production herd of that class, and
  - (b) any herd basis election previously made by the farmer in relation to production herds of that class ceases to have effect.

### 124 Slaughter under disease control order **U.K.**

  - (b) the circumstances of the slaughter are such that compensation is payable in respect of the animals slaughtered.

  - (a) in which the compensation falls to be brought into account in calculating the profits of the trade, or
  - (b) in which it would (but for the election) fall to be so brought into account, were the first accounting period or period of account in which the farmer keeps a production herd of that class.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (4) In this section “disease control order” means an order made under the law relating to the diseases of animals by—

  - (c) the control condition or herd basis benefit condition is met.
- (2) The control condition is met if—
  - (a) the transferor is a body of persons over which the transferee has control,
  - (b) the transferee is a body of persons over which the transferor has control, or
  - (c) both the transferor and transferee are bodies of persons and another person has control over both of them.
- (3) For this purpose “body of persons” includes a firm.
- (4) The herd basis benefit condition is met if—
  - (a) the transferor or transferee (or both) might (but for this section) have been expected to obtain a herd basis benefit as a result of the transfer or the transactions of which the transfer is one, and
  - (b) the herd basis benefit is the sole or main benefit, or one of the main benefits, that the person in question might have been expected to obtain.
- (5) For this purpose a “herd basis benefit” is a benefit resulting from—
  - (a) the obtaining of a right to make a herd basis election,
  - (b) the herd basis rules applying or not applying, or
  - (c) the herd basis rules having a greater or lesser effect.
- (6) For the purpose of calculating the profits of—

- (1) If the herd basis rules apply in calculating the profits of an accounting period after an assessment for that period has become final and conclusive, any assessment or repayment of tax that is necessary to give effect to the rules must be made.

### [<sup>F128</sup> CHAPTER 8A **U.K.**

#### COMPENSATION FOR COMPULSORY SLAUGHTER OF ANIMALS

##### Textual Amendments

**F128** Ch. 8A inserted (1.3.2012) (with effect in accordance with art. 12 of the amending S.I.) by [The Enactment of Extra-Statutory Concessions Order 2012 \(S.I. 2012/266\)](#), arts. 1, **10**

#### 127A Application of Chapter 8A **U.K.**

- (1) This Chapter applies if—
  - (a) an animal treated as trading stock of a farming trade is slaughtered under a disease control order,
  - (b) the animal is not part of a production herd of a class in respect of which a herd basis election may be made under section 124, and
  - (c) the farm company receives or will receive compensation for the animal.
- (2) Such an animal is referred to in this Chapter as a “relevant animal”.
- (3) “Disease control order” has the same meaning as in section 124.

#### 127B Right to make claim **U.K.**

- (1) The farm company may make a claim under this section.
- (2) A claim may only be made in respect of the total compensation profit for an accounting period.
- (3) The total compensation profit for an accounting period is the sum of the profits which the farm company makes for all the relevant animals slaughtered in that period.

---

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

---

- (4) For the purposes of this Chapter the profit which the farm company makes for a relevant animal is—
- (a) the amount by which the compensation for the animal exceeds its book value, or
  - (b) if the trade is carried on in partnership, the farm company's share of that amount, determined in accordance with Part 17.
- (5) Nothing in this section prevents a claim being made before the amount of the compensation has been finally determined.

### 127C Book value **U.K.**

- (1) For the purposes of this Chapter the book value of an animal is the value shown in the accounts as the value of the animal at the start of the accounting period in which it was slaughtered.
- (2) If, for an animal, no value is shown in the accounts as that value, the book value is as follows—
- (a) in the case of an animal which was born in the accounting period in which it was slaughtered and did not become part of the trading stock in any other way, the book value is 75% of the compensation payable for it,
  - (b) in the case of an animal in relation to which section 158 (trading stock supplied by trader) or 160 (acquisitions not made in the course of trade) applies, the book value is the cost treated as incurred under section 158(2) or 160(2) as the case may be, and
  - (c) in any other case, the book value is the cost of acquiring the animal for the purposes of the trade.

### 127D Effect of claim for spreading of profits **U.K.**

If the farm company makes a claim under section 127B in respect of the total compensation profit for an accounting period ("period X"), the profits of the trade carried on by the farm company are to be adjusted for corporation tax purposes as follows—

#### *Step 1*

Treat the compensation payable for all of the relevant animals slaughtered in period X as a receipt of that period (regardless of when the compensation is finally determined or paid).

#### *Step 2*

If the farm company makes a profit in the trade in period X, deduct from the profits of that period an amount equal to—

- (a) the total compensation profit for period X, or
- (b) if the total compensation profit exceeds the profits of period X, such portion of the total compensation profit as will reduce the profits to nil.

#### *Step 3*

In calculating the profits for each of the 3 consecutive accounting periods following period X, include an amount equal to one third of the amount deducted by virtue of step 2.

---

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

---

### 127E Adjustment: cessation of trading **U.K.**

If the farm company permanently ceases to carry on the farming trade before the end of the second consecutive accounting period following period X, step 3 in section 127D is to be replaced by the following two steps—

#### *Step 3*

Divide the amount deducted by virtue of step 2 by the number of accounting periods (“the remaining accounting periods”) in which, or in any part of which, the farm company carried on the farming trade, starting with period X.

#### *Step 4*

In calculating the profits for each of the remaining accounting periods, include the amount resulting from the division in step 3.

### 127F Time limits etc for spreading claim **U.K.**

- (1) A claim under section 127B must be made on or before the first anniversary of the filing date for the company tax return of the farm company for period X (see paragraph 14 of Schedule 18 to FA 1998).
- (2) If the profits for an accounting period are to be adjusted or further adjusted in accordance with this Chapter after an assessment for that period has become final and conclusive, any assessment or repayment or discharge of tax that is necessary to give effect to this Chapter must be made.
- (3) But repayment or discharge of tax is due only if a claim for it is made.

### 127G Interpretation **U.K.**

In this Chapter—

- “animal” means any animal or other living creature;
- “farming trade” means a trade of farming;
- “the farm company”, in relation to a farming trade, means the company that (alone or in partnership) carries on that trade;
- “the total compensation profit” has the meaning given by section 127B.]

## CHAPTER 9 **U.K.**

### TRADE PROFITS: OTHER SPECIFIC TRADES

#### *Dealers in securities etc*

### 128 Taxation of amounts taken to reserves **U.K.**

- (1) This section applies for the purpose of calculating the profits of a company's trade if—
  - (a) the company carries on a banking business, an insurance business or a business consisting wholly or partly of dealing in securities, and
  - (b) a profit on the sale of securities held by the company would be brought into account in calculating the trading profits of that business.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) Profits and losses from the securities that in accordance with generally accepted accounting practice are—
  - (a) calculated by reference to the fair value of the securities, and
  - (b) recognised in the company's statement of recognised gains and losses or statement of changes in equity,are brought into account in calculating the profits of the trade.
- (3) But subsection (2) does not apply—
  - (a) to an amount so far as deriving from or otherwise relating to an amount brought into account under that subsection in an earlier period of account, or
  - (b) to an amount recognised for accounting purposes by way of correction of a fundamental error.
- (4) In this section “securities” includes—
  - (a) shares,
  - (b) rights of unit holders in unit trust schemes to which TCGA 1992 applies as a result of section 99 of TCGA 1992, and
  - (c) in the case of a company with no share capital, interests in the company possessed by members of the company,but does not include a loan relationship (within the meaning of Part 5).

## **129 Conversion etc of securities held as circulating capital U.K.**

- (1) This section applies for the purpose of calculating the profits of a company's trade if—
  - (a) the company carries on a banking business, an insurance business or a business consisting wholly or partly of dealing in securities,
  - (b) a transaction falling within subsection (2) occurs in relation to securities (“the original holding”), and
  - (c) a profit on the sale of the securities would be brought into account in calculating the trading profits of that business.
- (2) A transaction falls within this subsection if—
  - (a) it results in a new holding being treated as the same as the original holding as a result of sections 126 to 136 of TCGA 1992 (roll-over relief in cases of conversion etc), or
  - (b) it is treated, as a result of section 134 of TCGA 1992 (compensation stock), as an exchange for a new holding which does not involve a disposal of the original holding.
- (3) This section does not apply to securities in respect of which unrealised profits or losses, calculated by reference to the fair value of the securities at the end of the period of account, are taken into account in the period of account in which the transaction occurs.
- (4) The transaction is treated as not involving a disposal of the original holding and the new holding is treated as the same asset as the original holding.
- (5) But if, under the transaction, the company carrying on the trade—
  - (a) receives consideration in addition to the new holding, or
  - (b) becomes entitled to receive such consideration,subsection (4) applies as if the references to the original holding were to the proportion of the original holding given by the following fraction.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

(6) The fraction is—

$$\frac{\text{NH}}{\text{NH} + \text{C}}$$

where—

NH is the market value of the new holding at the time of the transaction, and

C is the market value of the consideration at the time of the transaction or (if the consideration is cash) the amount of the consideration.

- (7) In determining whether subsection (2)(a) applies as a result of section 135 or 136 of TCGA 1992, the reference to capital gains tax in section 137(1) of TCGA 1992 is to be read as a reference to income tax.
- (8) In this section “securities” includes—
- (a) shares,
  - (b) rights of unit holders in unit trust schemes to which TCGA 1992 applies as a result of section 99 of TCGA 1992, and
  - (c) in the case of a company with no share capital, interests in the company possessed by members of the company.

2	Expenses which on the new basis fall to be brought into account in calculating the profits of a period of account after the change, so far as they were brought into account in calculating the profits of a period of account before the change.
3	Deductions in respect of opening trading stock or opening work in progress in the first period of account on the new basis, so far as they— <ol style="list-style-type: none"> <li>(a) are not matched by credits in respect of closing trading stock or closing work in progress in the</li> </ol>

- 

### Step 2

The amounts are—

### Amounts

- Receipts which were brought into account in a period of account before the change, so far as they would not have been so brought into account if the profits had been calculated on the new basis.
- 2
- Expenses which were not brought into account in calculating the profits of a period of account before the change, so far as they—
- (a) would have been brought into account for a period of account before the change if the profits had been calculated on the new basis, and
  - (b) would have been brought into account for a period of account after the change if the profits had continued to be calculated on the old basis.
- 3
- Credits in respect of closing trading stock or closing work in progress in the last period of account before the change, so far as they—

*Expenses previously brought into account*

**183 No adjustment for certain expenses previously brought into account U.K.**

- (1) This section applies if, as a result of a change of basis, expenses brought into account before the change on the old basis would on the new basis be brought into account over more than one period of account after the change.
- (2) In such a case—
- (a) no adjustment is made under this Chapter, and

*Realising or writing off assets*

**184 Cases where adjustment not required until assets realised or written off U.K.**

- (1) This section applies if there is a change of basis resulting from a tax adjustment affecting the calculation of any of the following amounts.

- (1) This section applies if there is a change of basis from—
- (a) not recognising a profit or loss on an asset until the asset is realised, to
  - (b) bringing assets into account in each period of account at a fair value.
- (2) So far as—
- (a) a receipt within item 1 of Step 1 in section 182 represents the fair value of an asset that is trading stock, or

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. the receipt of the trade or (as the case may be) the expense of the trade is treated as not arising until the period of account in which the value of the asset is realised.

- (3) In the case of a receipt of the trade, this is subject to any election under section 186 (election for spreading).
- (4) In this section “trading stock” has the same meaning as in section 163.

## **186 Election for spreading if section 185 applies U.K.**

- (1) If section 185 applies, the company carrying on the trade may elect for any receipt treated as arising under this Chapter to be spread over 6 periods of account.
- (2) The election must be made within 12 months of the end of the first accounting period to which the new basis applies.
- (3) If an election is made, an amount equal to one-sixth of the amount of the receipt—
  - (a) is treated as arising, and
  - (b) is brought into account in calculating the profits of the trade,in each of the 6 periods of account beginning with the first period to which the new basis applies.
- (4) But if, before the whole of the receipt has been so brought into account, the company permanently ceases to carry on the trade, the whole of the amount so far as not previously brought into account—

- (1) This section applies if—
  - (a) an asset to which section 185 or 186 applies is transferred from one insurance company to another,

- (2) For the purposes of section 185, the asset is not to be treated as realised by the transferor merely because of its transfer under the scheme.
- (3) If the transfer is of the transferor's whole business, the transferee is responsible under section 185 or 186 for bringing into account any amount required to be brought into account after the transfer.

*Status: Point in time view as at 06/04/2020.*

- (a) section 55 (bad debts), or
  - (b) section 35 of ITTOIA 2005 (bad and doubtful debts),

  - (c) after the cessation, all or part of the debt is released, and

## 194 Transfer of rights if transferee does not carry on trade **U.K.**

- (1) This section applies if—
  - (a) a company (“the transferor”) permanently ceases to carry on a trade,
  - (b) the transferor transfers to another person (“the transferee”) for value the right to receive sums arising from the carrying on of the trade, and
  - (c) the transferee does not subsequently carry on the trade.
- (2) The transferor is treated as receiving a post-cessation receipt.
- (3) The amount of the receipt is—
  - (a) the amount or value of the consideration for the transfer, if the transfer is at arm's length, or
  - (b) the value of the rights transferred as between parties at arm's length, if the transfer is not at arm's length.
- (4) Any sums mentioned in subsection (1)(b) which are received after the cessation of the trade are not post-cessation receipts.
- (5) This section is subject to section 195 (transfer of trading stock).

*Sums that are not post-cessation receipts*

## 195 Transfer of trading stock **U.K.**

- (1) When a company permanently ceases to carry on a trade, a sum realised by the transfer of trading stock is not a post-cessation receipt if a valuation of the stock is brought into account in accordance with Chapter 11 (valuation of stock).
- (2) In this section “trading stock” has the meaning given by section 163.

*Deductions*

## 196 Allowable deductions **U.K.**

- (1) In calculating the amount on which tax is charged under this Chapter, deductions are allowed in accordance with—
  - (a) this section, and
  - (b) section 197,
 from the amount which would otherwise be chargeable to tax under this Chapter.
- (2) A deduction is allowed for a loss, expense or debit which, if the person carrying on the trade had not permanently ceased to do so—
  - (a) would have been deducted in calculating the profits of the trade for corporation or income tax purposes, or
  - (b) would have been deducted from or set off against the profits of the trade for corporation or income tax purposes,
 but no deduction is allowed if the loss, expense or debit arises directly or indirectly from the cessation itself.
- (3) No deduction for an amount is allowed under this section if the amount has been allowed under any other provision of the Tax Acts.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

## **197 Further rules about allowable deductions** U.K.

- (1) An amount may not be deducted more than once under section 196.
- (2) A deduction under that section of a loss must be made from post-cessation receipts charged for an earlier accounting period in preference to those charged for a later accounting period.
- (3) But this does not authorise the deduction of a loss from post-cessation receipts charged for an accounting period before the accounting period in which the loss is made.

### *Election to carry back*

## **198 Election to carry back** U.K.

- (1) This section applies if a post-cessation receipt is received by a company in an accounting period beginning not later than 6 years after the company permanently ceased to carry on the trade.
- (2) The company may elect that the tax chargeable in respect of the receipt is to be charged as if the receipt had been received on the date of the cessation (but see sections 199 and 200).
- (3) The election must be made before the end of the period of two years beginning immediately after the end of the accounting period in which the receipt is received.

## **199 Deductions already made are not displaced** U.K.

- (1) This section applies if—
  - (a) a company which has permanently ceased to carry on a trade makes an election under section 198 in respect of a post-cessation receipt (“the carried back receipt”), and
  - (b) a deduction in respect of a loss has already been made under section 196 for an accounting period later than that in which the cessation occurred.
- (2) Nothing in section 196 (read with section 197(2)) requires or permits a deduction in respect of that loss to be allowed, as a result of the election, for the accounting period in which the cessation occurred instead of the accounting period for which the deduction has already been made.
- (3) But if the deduction was made for the accounting period in which the carried back receipt was received, subsection (2) applies to the loss only so far as it has been deducted from post-cessation receipts other than the carried back receipt.

## **200 Election given effect in accounting period in which receipt is received** U.K.

- (1) If a company makes an election under section 198, the additional tax is payable for the accounting period in which the receipt is received (and not for the accounting period in which the cessation occurred).
- (2) In subsection (1) “the additional tax” means an amount of tax equal to the difference between—
  - (a) the amount of tax that is chargeable on the company for the accounting period in which the cessation occurred (“amount A”), and

*Status: Point in time view as at 06/04/2020.*

- (3) If—
  - (a) the company has made, under section 198, one or more other elections for receipts to be treated as received in the period in which the cessation occurred, and
  - (b) effect has been given to those elections,
 the effect of those elections is taken into account in determining amounts A and B.

#### Introduction

### 215 Overview of Chapter **U.K.**

- (1) This Chapter provides for certain amounts (which would otherwise generally be amounts of a capital nature) to be brought into account as receipts in calculating the profits of a property business.
- (2) The amounts relate to short-term leases in the case of—
  - section 217 (lease premiums),
  - section 218 (amount treated as lease premium where work required),
  - section 220 (sums payable for surrender of lease), and
  - section 222 (assignments for profit of lease granted at undervalue).

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) The amounts relate to any lease in the case of—
  - section 219 (sums payable instead of rent), and
  - section 221 (sums payable for variation or waiver of terms of lease).
- (4) The amounts relate to the sale of any estate or interest in land in the case of—
  - section 224 (sales with right to reconveyance), and
  - section 225 (sale and leaseback transactions).
- (5) This Chapter also permits certain deductions in calculating the profits of property businesses carried on by tenants under certain leases (see sections 231 and 232).

## 216 Meaning of “short-term lease” **U.K.**

In this Chapter “short-term lease” means a lease whose effective duration is 50 years or less.

*Amounts treated as receipts: leases*

## 217 Lease premiums **U.K.**

- (1) This section applies if a premium is required to be paid—
  - (a) under a short-term lease, or
  - (b) otherwise under the terms subject to which a short-term lease is granted.
- (2) The company to which the premium is due is treated as—
  - (a) entering into a transaction mentioned in section 205 (if the land to which the lease relates is in the United Kingdom) or section 206 (if that land is outside the United Kingdom), and
  - (b) receiving the amount calculated under subsections (4) and (5) as a result of that transaction.
- (3) That amount is brought into account as a receipt in calculating the profits of the property business which consists of or includes that transaction for the accounting period in which the lease is granted.
- (4) The amount of the receipt is given by the formula—

$$P \times 50 - Y50$$

where—

P is the premium, and

Y is the number of complete periods of 12 months (other than the first) comprised in the effective duration of the lease.

- (5) But, if the rule in section 228 (the additional calculation rule) applies, the amount given by the formula in subsection (4) is reduced by the amount calculated in accordance with section 228.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. ## 218 Amount treated as lease premium where work required **U.K.**

- (1) This section applies if the terms subject to which a lease is granted impose on the tenant an obligation to carry out work on the premises.
- (2) The lease is treated for the purposes of section 217 (lease premiums) as requiring the payment of a premium to the landlord (in addition to any other premium).
- (3) The amount of the premium is the amount by which the value of the landlord's estate or interest immediately after the commencement of the lease exceeds what its value would have been at that time if the terms of the lease did not impose the obligation on the tenant.
- (4) An obligation, or part of an obligation, that requires the carrying out of excepted work is ignored for the purposes of this section.
- (5) Work is “excepted work” if the payment for carrying it out would, if the landlord and not the tenant were obliged to carry it out, be deductible as an expense in calculating the profits of the landlord's property business.

## 219 Sums payable instead of rent **U.K.**

- (1) This section applies if—
  - (a) under the terms subject to which a lease is granted a sum becomes payable by the tenant instead of the whole or a part of the rent for a period, and
  - (b) the period is 50 years or less.
- (2) The company to which the sum is due is treated as—
  - (a) entering into a transaction mentioned in section 205 (if the land to which the lease relates is in the United Kingdom) or section 206 (if that land is outside the United Kingdom), and
  - (b) receiving the amount calculated under subsections (4) and (5) as a result of that transaction.
- (3) That amount is brought into account as a receipt in calculating the profits of the property business which consists of or includes that transaction for the accounting period in which the sum becomes payable.
- (4) The amount of the receipt is given by the formula—

$$S \times 50 - Y50$$

where—

S is the sum payable instead of rent, and

Y is the number of complete periods of 12 months (other than the first) comprised in the period in relation to which the sum is payable.

- (5) But, if the rule in section 228 (the additional calculation rule) applies, the amount given by the formula in subsection (4) is reduced by the amount calculated in accordance with section 228.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (6) In determining for the purposes of this Chapter the duration of the period in relation to which the sum is payable, any part of the period that falls after the expiry of the effective duration of the lease is excluded.

## 220 Sums payable for surrender of lease **U.K.**

- (1) This section applies if, under the terms subject to which a short-term lease is granted, a sum becomes payable by the tenant as consideration for the surrender of the lease.
- (2) The company to which the sum is due is treated as—

  - (b) receiving the amount calculated under subsections (4) and (5) as a result of that transaction.
- (3) That amount is brought into account as a receipt in calculating the profits of the property business which consists of or includes that transaction for the accounting period in which the sum becomes payable.
- (4) The amount of the receipt is given by the formula—

$$S \times 50 - Y50$$

where—

S is the sum payable as consideration for the surrender of the lease, and

Y is the number of complete periods of 12 months (other than the first) comprised in the effective duration of the lease.

- (5) But, if the rule in section 228 (the additional calculation rule) applies, the amount given by the formula in subsection (4) is reduced by the amount calculated in accordance with section 228.

## 221 Sums payable for variation or waiver of terms of lease **U.K.**

- (1) This section applies if—
- (a) a sum becomes payable by the tenant (otherwise than by way of rent) as consideration for the variation or waiver of a term of a lease,
  - (b) the sum is due to the landlord or a company which is connected with the landlord, and
  - (c) the period for which the variation or waiver has effect is 50 years or less.
- (2) The company to which the sum is due is treated as—

- (3) That amount is brought into account as a receipt in calculating the profits of the property business which consists of or includes that transaction for the accounting period in which the contract providing for the variation or waiver is entered into.
- (4) The amount of the receipt is given by the formula—

$$S \times 50 - Y50$$

where—

S is the sum payable as consideration for the variation or waiver, and

Y is the number of complete periods of 12 months (other than the first) comprised in the period for which the variation or waiver has effect.

- (5) But, if the rule in section 228 (the additional calculation rule) applies, the amount given by the formula in subsection (4) is reduced by the amount calculated in accordance with section 228.
- (6) In determining for the purposes of this Chapter the duration of the period for which the variation or waiver has effect, any part of the period that falls after the expiry of the effective duration of the lease is excluded.

In this Chapter a receipt falling within paragraph (a), (b), (c) or (d) is referred to as a “taxed receipt”.

- (5) Condition B is that the taxed receipt, or if there is more than one, at least one of them, has an unused amount.
- (6) See section 230 for an explanation of when a taxed receipt has an “unused amount”.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

## 228 The additional calculation rule **U.K.**

- (1) The rule in this section applies if the conditions mentioned in section 227(2) are met.
- (2) The additional calculation rule is that the amount given by the formula in section 217, 219, 220, 221 or 222 must be reduced by the amount calculated in accordance with this section in order to give the amount of the receipt under calculation.
- (3) The amount of the reduction is—
  - (a) if there is one taxed receipt which has an unused amount, the basic relieving amount by reference to that receipt, and
  - (b) if there is more than one taxed receipt which has an unused amount, the total of the basic relieving amounts by reference to each receipt, adjusted, if necessary, in the light of section 229(5) (reduction not to exceed amount being reduced).
- (4) The basic relieving amount by reference to a taxed receipt is given by the formula—

$$\frac{A \times LRP}{TRP}$$

where—

A is the unreduced amount of the taxed receipt (which is, generally, the amount given by the formula in section 217, 219, 220, 221 or 222, or in section 277, 279, 280, 281 or 282 of ITTOIA 2005, but see section 230(2) to (4) of this Act),

LRP is the receipt period of the receipt under calculation, and

TRP is the receipt period of the taxed receipt.

- (5) But the basic relieving amount is different if section 229(2) or (4) applies (certain special cases).
- (6) For the purposes of this Chapter, the “receipt period” of a receipt is—
  - (a) in the case of a receipt under section 217 or 220, the effective duration of the lease,
  - (b) in the case of a receipt under section 219, the period in relation to which the sum payable instead of rent is payable,
  - (c) in the case of a receipt under section 221, the period for which the variation or waiver has effect,
  - (d) in the case of a receipt under section 222, the effective duration of the lease remaining at the date of the assignment, and
  - (e) in the case of a receipt under Chapter 4 of Part 3 of ITTOIA 2005 (profits of property businesses: lease premiums etc), its receipt period within the meaning of that Chapter (see section 288(6) of that Act).

## 229 The additional calculation rule: special cases **U.K.**

- (1) This section explains how section 228 operates in some special cases.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) If—
- (a) the receipt under calculation is under any of sections 217 to 221, and
  - (b) the lease does not extend to the whole of the premises subject to the taxed lease,
- the basic relieving amount by reference to a taxed receipt is calculated by multiplying the amount given by the formula in subsection (4) of section 228 by the fraction of those premises which is subject to the lease.
- (3) This fraction is calculated on a just and reasonable basis.
- (4) If the basic relieving amount given by section 228(4) or subsection (2) above by reference to a taxed receipt would otherwise exceed the unused amount of the taxed receipt, the basic relieving amount is the unused amount.
- (5) If the amount of the reduction under section 228 would otherwise exceed the amount given, in respect of the receipt under calculation, by the formula in section 217, 219, 220, 221 or 222, the amount of the reduction is equal to the amount given by the formula.

### **230 Meaning of “unused amount” and “unreduced amount” U.K.**

- (1) For the purposes of this Chapter, a taxed receipt has an “unused amount” if the unreduced amount exceeds the total of the reductions and deductions referred to in subsection (5).
- (2) In this Chapter the “unreduced amount” of a taxed receipt is the amount given, in respect of the taxed receipt, by the formula in—
- (a) section 217, 219, 220, 221 or 222 above, or
  - (b) section 277, 279, 280, 281 or 282 of ITTOIA 2005 (income tax provisions corresponding to those listed in paragraph (a)).
- (3) Subsection (4) applies—
- (a) to a taxed receipt under section 217 (lease premiums) as a result of section 218 (amount treated as lease premium where work required), and
  - (b) to a taxed receipt under section 277 of ITTOIA 2005 (lease premiums) as a result of section 278 of that Act (amount treated as lease premium where work required).
- (4) If the obligation to carry out work included the carrying out of work which gives, or will give, rise to qualifying expenditure under CAA 2001, the unreduced amount of the taxed receipt is calculated as if the obligation had not included the carrying out of that work.
- (5) The reductions and deductions mentioned in subsection (1) are—
- (a) the reductions under section 228 above or section 288 of ITTOIA 2005 (the additional calculation rule) by reference to the taxed receipt,
  - (b) the deductions made in calculating the profits of a trade, profession or vocation for expenses under section 63 above or section 61 of ITTOIA 2005 (tenant under taxed lease who uses land in connection with trade treated as incurring expenses) by reference to the taxed receipt, and
  - (c) the deductions made in calculating the profits of a property business for expenses under section 232 below or section 292 of ITTOIA 2005 (tenant

- (6) For the purposes of this Chapter references to a reduction under section 228 above or section 288 of ITTOIA 2005 by reference to a taxed receipt are to a reduction under the section concerned so far as attributable to the taxed receipt.

*Deductions in relation to certain receipts*

**231 Deductions for expenses under section 232 U.K.**

- (1) Section 232 (tenants under taxed leases treated as incurring expenses) applies in calculating the profits of a property business carried on by the tenant under a taxed lease for the purpose of making deductions for the expenses of the property business.
- (2) A deduction is allowed for an expense under section 232 for a qualifying day on which the whole or part of the premises subject to the taxed lease is—
  - (a) occupied by the tenant for the purpose of carrying on the property business, or
  - (b) sublet.
- (3) But any deduction for an expense under section 232 is subject to the application of any provision of Chapter 4 of Part 3 (as applied to property businesses by section 210).
- (4) The amount of the deduction for an expense under section 232 for a qualifying day by reference to a taxed receipt may be reduced in order to comply with section 235 (limit on reductions and deductions).

**232 Tenants under taxed leases treated as incurring expenses U.K.**

- (1) The tenant under a taxed lease is treated as incurring an expense of a revenue nature in respect of the premises subject to the taxed lease for each qualifying day.
- (2) If there is more than one taxed receipt, this section applies separately in relation to each of them.
- (3) A day is a “qualifying day”, in relation to a taxed receipt, if it falls within the receipt period of the taxed receipt.
- (4) The amount of the expense for the qualifying day by reference to the taxed receipt is given by the formula—

$$\frac{A}{\text{TRP}}$$

where—

A is the unreduced amount of the taxed receipt, and

TRP is the number of days in the receipt period of the taxed receipt.

- [<sup>F179</sup>(4A) No expense is to be determined under this section by reference to the taxed receipt if subsection (4B) or (4C) applies.
- (4B) This subsection applies if there would have been no taxed receipt but for the application of Rule 1 in section 243 in determining the effective duration of the lease.
- (4C) This subsection applies if there would have been no taxed receipt but for the application of Rule 1 in section 303 of ITTOIA 2005 in determining the effective duration of the lease for the purposes of Chapter 4 of Part 3 of that Act.]

### 233 Restrictions on section 232 expenses: the additional calculation rule **U.K.**

- (1) This section applies if—
- in calculating the amount of a receipt under this Chapter there is a reduction under section 228 (the additional calculation rule) by reference to a taxed receipt, or
  - in calculating the amount of a receipt under Chapter 4 of Part 3 of ITTOIA 2005 (profits of a property business: lease premiums etc) there is a reduction under section 288 of that Act (the additional calculation rule) by reference to a taxed receipt.

The receipt that is so reduced is referred to in this section as the “lease premium receipt”.

- (2) Subsections (3) to (5) provide for the application of section 232 for a qualifying day that falls within the receipt period of the lease premium receipt.
- (3) The tenant under the taxed lease is treated as incurring an expense under section 232 for the qualifying day by reference to the taxed receipt only if the daily amount of the taxed receipt exceeds the daily reduction of the lease premium receipt.
- (4) If the condition in subsection (3) is met, the amount of the expense under section 232 for the qualifying day by reference to the taxed receipt is equal to that excess.
- (5) If the qualifying day falls within the receipt periods of more than one lease premium receipt, the reference in subsection (3) to the daily reduction of the lease premium receipt is to be read as a reference to the total of the daily reductions of each of the lease premium receipts whose receipt period includes the qualifying day.

- (6) In this section—  
 the “daily amount” of the taxed receipt is given by the formula—

$$\frac{A}{TRP}$$

where—

A is the unreduced amount of the taxed receipt (see section 230(2) to (4)), and  
 TRP is the number of days in the receipt period of the taxed receipt, and  
 the “daily reduction” of a lease premium receipt is given by the formula—

$$\frac{AR}{RRP}$$

where—

AR is the reduction under section 228 above or section 288 of ITTOIA 2005 by reference to the taxed receipt (see section 230(6)), and

RRP is the number of days in the receipt period of the lease premium receipt.

- (7) Section 234 explains how this section operates if the lease premium receipt is in respect of a lease that has been granted out of the taxed lease and does not extend to the whole of the premises subject to the taxed lease.

## 234 Restrictions on section 232 expenses: lease of part of premises **U.K.**

- (1) This section applies if—

- (a) in calculating the amount of a receipt under any of sections 217 to 221 (receipts in respect of lease premiums or sums payable instead of rent, for surrender of lease or for variation or waiver of terms of lease) in respect of the lease, there is a reduction under section 228 by reference to a taxed receipt, or
  - (b) in calculating the amount of a receipt under any of sections 277 to 281 of ITTOIA 2005 (receipts in respect of lease premiums or sums payable instead of rent, for surrender of lease or for variation or waiver of terms of lease) in

respect of the lease, there is a reduction under section 288 of that Act (the additional calculation rule) by reference to a taxed receipt.

The receipt that is so reduced is referred to in this section as the “lease premium receipt”.

- (3) Subsections (4) to (6) apply for a qualifying day that falls within the receipt period of the lease premium receipt.
- (4) Sections 232 and 233 apply separately in relation to the part of the premises subject to the lease and to the remainder of the premises.

- (6) Where sections 232 and 233 apply in relation to a part of the premises, A becomes the amount calculated by multiplying the unreduced amount of the taxed receipt by the fraction of the premises constituted by the part.
- (7) This fraction is calculated on a just and reasonable basis.

### *Effective duration of lease*

### 243 Rules for determining effective duration of lease **U.K.**

- (1) The following rules apply for determining the effective duration of a lease for the purposes of this Chapter.

*Rule 1:* If—

- (a) the terms of the lease or any other circumstances make it unlikely that the lease will continue beyond a date before the end of the term for which the lease was granted, and
- (b) the premium was not substantially greater than it would have been had the term been one ending on that date,

the lease is treated as ending on that date (or the earliest such date).

*Rule 2:* If the terms of the lease include provision for the extension of the lease beyond a given date by notice given by the tenant, account may be taken of any circumstances making it likely that the lease will be so extended.

*Rule 3:* If the tenant or a person connected with the tenant is, or may become, entitled to a further lease or the grant of a further lease (whenever commencing)—

- (a) of the same premises, or
- (b) of premises including the whole or part of the same premises,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. the term of the lease may be treated as continuing until the end of the term of the further lease.

- (2) The rules are to be applied in accordance with section 244.
- (3) In Rule 1, “premium” includes—
  - (a) an amount treated as a premium under section 218 (amount treated as lease premium where work required),
  - (b) a sum payable by the tenant under the terms subject to which the lease is granted instead of the whole or a part of the rent for a period,
  - (c) a sum payable by the tenant under the terms subject to which the lease is granted as consideration for the surrender of the lease, and
  - (d) a sum payable by the tenant (otherwise than by way of rent) as consideration for the variation or waiver of a term of the lease.
- (4) In this section and section 244, in relation to Scotland, “term”, where referring to the duration of a lease, means period.

#### **244 Applying the rules in section 243 U.K.**

- (1) The rules in section 243 apply by reference to the facts known or ascertainable—
  - (a) at the time of the grant of the lease, or
  - (b) if the determination is for the purposes of section 221 (sums payable for variation or waiver of terms of lease), at the time when the contract for the variation or waiver is entered into.
- (2) In applying those rules, it is assumed that all parties concerned, whatever their relationship, act as if they were at arm's length.
- (3) Subsection (5) applies if—
  - (a) special benefits were conferred by the lease or in connection with its grant, or
  - (b) payments were made which one would not expect to be made by parties acting at arm's length unless such benefits had been conferred.
- (4) But subsection (5) does not apply if it can be shown that the special benefits were not conferred nor the payments made for the purpose of securing—
  - (a) a corporation tax advantage in the application of this Chapter, or
  - (b) an income tax advantage in the application of Chapter 4 of Part 3 of ITTOIA 2005 (profits of property business: lease premiums etc).
- (5) In applying paragraph (b) of Rule 1 in section 243, it is assumed that the special benefits would not have been conferred nor the payments made if the lease had been granted for a term ending on the date mentioned in that rule.
- (6) In this section “special benefits” means benefits other than—
  - (a) vacant possession and beneficial occupation of the premises, or
  - (b) the right to receive rent at a reasonable commercial rate in respect of the premises.

### *Other interpretative provisions*

#### **246 Provisions about premiums** **U.K.**

- (1) For the purposes of this Chapter, the presumption is that a sum paid on or in connection with the granting of a tenancy has been paid by way of premium.
- (2) This does not apply if the sum is rent.
- (3) This also does not apply so far as other sufficient consideration for the payment can be shown to have been given.
- (4) In this section “sum” includes the value of any consideration.
- (5) Where Rule 3 in section 243 (rules for determining effective duration of lease) applies, the premium, or an appropriate part of it, payable for or in connection with either lease mentioned in that rule may be treated for the purposes of this Chapter as having been required under the other.

#### **247 Interpretation** **U.K.**

- (1) In this Chapter “premium” includes any similar sum payable to the immediate or a superior landlord or to a person connected with such a person.
- (2) In subsection (1) “sum” includes the value of any consideration.
- (3) In the application of this Chapter to Scotland—
  - “premium” includes, in particular, a grassum payable to the landlord under the lease in respect of which the grassum is payable or the landlord under any other lease of the property, and
  - “reversion” means the interest of the landlord in the property subject to the lease.
- (4) In the application of this Chapter to Scotland—
  - (a) references to a lease being granted out of a taxed lease are to the grant of a sublease of land subject to the taxed lease, and

- (1) This section applies if—
- (a) a person (“the transferor”) permanently ceased to carry on a UK property business (including one within the charge to income tax) at any time,
  - (b) at that time the transferor transferred to another person (“the transferee”) the right to receive sums arising from the carrying on of any business (“the transferred business”) comprised in the transferor's UK property business, and
  - (c) the transferee subsequently carries on the transferred business.
- (2) Sums—
- (a) which the transferee receives as a result of the transfer, and
  - (b) which are not brought into account in calculating the profits of the transferor's UK property business for corporation or income tax purposes of any period before the cessation,
- are brought into account in calculating the profits of the transferee's UK property business in the accounting period in which they are received.
- (3) Any sums mentioned in subsection (1)(b) which are received after the cessation of the transferor's property business are not post-cessation receipts (see Chapter 9).

*Reverse premiums as receipts*

**250** **Reverse premiums** **U.K.**

- (1) This section applies if—

  - (b) the reverse premium is not brought into account under section 98(2) in calculating the profits of any trade carried on by the company.
- (2) The company is treated as—

  - (b) receiving the reverse premium as a result of that transaction.
- (3) Accordingly, the reverse premium is brought into account as a receipt in calculating the profits of the property business which consists of or includes that transaction.
- (4) Subsection (5) applies if—
- (a) two or more of the parties to the property arrangements are connected persons, and
  - (b) the terms of those arrangements are not such as would reasonably have been expected if those persons had been dealing at arm's length.

### *<sup>F185</sup>Deduction for replacement of domestic items*

#### **Textual Amendments**

**F185** S. 250A and cross-heading inserted (with effect in accordance with s. 73(8)(9) of the amending Act) by [Finance Act 2016 \(c. 24\)](#), [s. 73\(2\)](#)

#### **250A Replacement domestic items relief U.K.**

- (1) This section applies if conditions A to D are met.
- (2) Condition A is that a company (“C”) carries on a property business in relation to land which consists of or includes a dwelling-house.
- (3) Condition B is that—
  - (a) a domestic item has been provided for use in the dwelling-house (“the old item”),
  - (b) C incurs expenditure on a domestic item for use in the dwelling-house (“the new item”),
  - (c) the new item is provided solely for the use of the lessee,
  - (d) the new item replaces the old item, and
  - (e) following that replacement, the old item is no longer available for use in the dwelling-house.
- (4) Condition C is that a deduction for the expenditure is not prohibited by the wholly and exclusively rule but would otherwise be prohibited by the capital expenditure rule (see subsection (14)).
- (5) Condition D is that no allowance under CAA 2001 may be claimed in respect of the expenditure.
- (6) In calculating the profits of the business, a deduction for the expenditure is allowed.
- (7) But no deduction is allowed for expenditure in an accounting period if—
  - (a) the business consists of or includes the commercial letting of furnished holiday accommodation (see Chapter 6), and
  - (b) the dwelling-house constitutes some or all of that accommodation for the accounting period.
- (8) The basic amount of the deduction is as follows—
  - (a) where the new item is the same or substantially the same as the old item, the deduction is equal to the expenditure incurred by C on the new item;
  - (b) where the new item is not the same or substantially the same as the old item, the deduction is equal to so much of the expenditure incurred by C on the new item as does not exceed the expenditure which C would have incurred on an item which is the same or substantially the same as the old item.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

Subsections (9) to (12) make further provision about the calculation of the deduction in certain cases.

- (9) If C incurs incidental expenditure of a capital nature in connection with the disposal of the old item or the purchase of the new item, the deduction is increased by the amount of the incidental expenditure.
- (10) If the old item is disposed of in part-exchange for the new item—
- (a) the expenditure incurred by C on the new item is treated as including an amount equal to the value of the old item, and
  - (b) the deduction is reduced by that amount.
- (11) If the old item is disposed of other than in part-exchange for the new item, the deduction is reduced by the amount or value of any consideration in money or money's worth which C or a person connected with C receives, or is entitled to receive, in respect of the disposal.
- (12) For the purposes of subsection (11), where the old item is disposed of together with other consideration, the consideration in respect of the disposal mentioned in that subsection is taken not to include the amount of, or an amount equal to the value of, that other consideration.
- (13) In this section, “domestic item” means an item for domestic use (such as furniture, furnishings, household appliances and kitchenware), and does not include anything that is a fixture.
- “Fixture”—
- (a) means any plant or machinery that is so installed or otherwise fixed in or to a dwelling-house as to become, in law, part of that dwelling-house, and
  - (b) includes any boiler or water-filled radiator installed in a dwelling-house as part of a space or water heating system.
- “Plant or machinery” here has the same meaning as in Part 2 of CAA 2001.
- (14) In this section—
- “the capital expenditure rule” means the rule in section 53 (capital expenditure), as applied by section 210;
- “lessee” means the person who is entitled to the use of the dwelling-house under a lease or other arrangement under which a sum is payable in respect of the use of the dwelling-house;
- “the wholly and exclusively rule” means the rule in section 54 (expenses not wholly and exclusively for trade and unconnected losses), as applied by section 210.]

---

- (b) the company incurs expenditure in acquiring and installing an energy-saving item in the dwelling-house or in a building containing the dwelling-house (see subsections (5) to (7)),
  - (c) the expenditure is incurred before 1 April 2015,
  - (d) a deduction for the expenditure is not prohibited by the wholly and exclusively rule but would otherwise be prohibited by the capital prohibition rule (see subsection (8)), and
  - (e) no allowance under CAA 2001 may be claimed in respect of the expenditure.
- (2) In calculating the profits of the business, a deduction for the expenditure is allowed.
- (3) But any deduction is subject to—
- (a) section 252 (restrictions on relief), and
  - (b) any provision made by regulations under section 253.
- (4) If, on a just and reasonable apportionment of any expenditure, part of the expenditure would qualify for the relief (but the remainder would not), a deduction is allowed for that part.
- (5) “Energy-saving item” means an item of an energy-saving nature of such description as is for the time being specified in regulations made by the Treasury.
- (6) The Treasury may by regulations provide for an item to be an energy-saving item only if it satisfies such conditions as may be—
- (a) specified in, or
  - (b) determined in accordance with,
- the regulations.
- (7) The conditions may include conditions imposed by reference to information or documents issued by any body, person or organisation.
- (8) In this section—

## 252 Restrictions on relief **U.K.**

- (1) This section restricts deductions that would otherwise be allowable under section 251.
- (2) No deduction is allowed if, when the energy-saving item is installed, the dwelling-house—
- (a) is in the course of construction, or
  - (b) is comprised in land in which the company does not have an interest or is in the course of acquiring an interest or further interest.
- (3) No deduction is allowed in respect of expenditure in an accounting period if—
- (a) the business consists of or includes the commercial letting of furnished holiday accommodation (see Chapter 6), and
  - (b) the dwelling-house constitutes some or all of that accommodation for the accounting period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (4) No deduction is allowed in respect of expenditure treated by section 61 (as applied by section 210) as incurred on the date on which the company starts to carry on the business unless the expenditure was incurred not more than 6 months before that date.
- (5) No deduction is allowed in respect of expenditure incurred in acquiring and installing the energy-saving item in a building containing the dwelling-house in so far as the expenditure is not for the benefit of the dwelling-house.

## 253 Regulations **U.K.**

- (1) In relation to any deduction under section 251, the Treasury may make regulations for—
  - (a) restricting or reducing the amount of expenditure for which the deduction is allowable,
  - (b) excluding entitlement to the deduction in such cases as may be specified in, or determined in accordance with, the regulations,
  - (c) determining who is (and is not) entitled to the deduction if different persons have different interests in land that consists of or includes the whole or part of a building containing one or more dwelling-houses,
  - (d) making apportionments if the property business is carried on by persons in partnership or an interest in land is beneficially owned by persons jointly or in common.
- (2) The apportionments that may be made include apportionments to persons within the charge to income tax.
- (3) Regulations under this section may—
  - (a) make different provision for different cases, and
  - (b) contain incidental, supplemental, consequential and transitional provision and savings (including provision as to appeals in relation to apportionments mentioned in subsection (1)(d)).

### *Deductions for expenditure on sea walls*

## 254 Deduction for expenditure on sea walls **U.K.**

- (1) This section applies if in a tax year a person —
  - (a) is the owner or tenant of any premises, and
  - (b) incurs expenditure in making a sea wall or other embankment necessary for the preservation or protection of the premises against the encroachment or overflowing of the sea or any tidal river.
- (2) In calculating the profits of any property business (within the charge to tax under Chapter 3) carried on by the person in relation to the premises, a deduction is allowed for the expenditure in each tax year comprised in the deduction period.
- (3) The deduction period comprises—
  - (a) the tax year in which the expenditure is incurred, and
  - (b) the next 20 tax years.
- (4) The amount of the deduction is 1/21 of the expenditure.

---

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

---

- (5) The deduction is apportioned between the accounting period or periods comprised in the tax year, but—
  - (a) no apportionment is made to an accounting period which ends before the expenditure is incurred, and
  - (b) if the person is entitled to the deduction because of a transfer dealt with by section 255, no apportionment is made to an accounting period which ends before the transfer takes place.
- (6) In the case of the transfer of an interest in the premises dealt with by section 255, this section applies as if the reference to the person in subsection (2) above included the transferor and the transferee.
- (7) No deduction is allowed for any expenditure in respect of which a capital allowance has been made.

## **255 Transfer of interest in premises** **U.K.**

- (1) This section applies if, during the deduction period, the whole of the person's interest in the premises or in any part of them is transferred, whether by operation of law or otherwise.
- (2) For the tax year in which the transfer takes place—
  - (a) the transferor and the transferee are entitled to a part of any deduction under section 254, and
  - (b) the amount of the deduction is determined by what is just and reasonable.
- (3) For subsequent tax years in the deduction period, the entitlement to any deduction under section 254 depends on whether the interest transferred is in the whole of the premises or in part of them.
- (4) If the interest transferred is in the whole of the premises, the transferee (but not the transferor) is entitled to any deduction under section 254.
- (5) If the interest transferred is in part of the premises—
  - (a) the transferor and the transferee are entitled to a part of any deduction under section 254, and
  - (b) the amount of the deduction is determined by reference to what is properly referable to the part of the premises.
- (6) This section is supplemented by sections 256 (ending of lease of premises) and 257 (transfer involving person within the charge to income tax).

## **256 Ending of lease of premises** **U.K.**

- (1) If a person's interest in the premises is a lease that comes to an end before the end of the deduction period, the interest is treated as if transferred to the following persons.
- (2) If a new lease of the premises is granted and the new tenant makes a payment in respect of the embankment in question to the old tenant, the transferee is the new tenant.
- (3) Otherwise the transferee is the owner of the interest in immediate reversion on the lease (or, in Scotland, the landlord).

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

## 257 Transfer involving person within the charge to income tax **U.K.**

- (1) This section explains how section 255 works if—
  - (a) the transferor is a company within the charge to corporation tax and the transferee is a person within the charge to income tax, or
  - (b) the transferor is a person within the charge to income tax and the transferee is a company within the charge to corporation tax.
- (2) Section 255 applies only for the purpose of determining—
  - (a) whether the company within the charge to corporation tax is entitled to a deduction (or part of a deduction) under section 254, and
  - (b) the amount of any such deduction.
- (3) Accordingly, any reference to—
  - (a) whether a person is entitled to a deduction (or part of a deduction) under section 254, or
  - (b) the amount of any such deduction,
 is ignored if the person is within the charge to income tax.
- (4) For any entitlement of a person within the charge to income tax to a deduction for any of the expenditure, see sections 316 to 318 of ITTOIA 2005 (corresponding income tax provisions).

### *Adjustment on change of basis*

#### **261 Adjustment on change of basis** U.K.

- (1) Section 262 applies if—
  - (a) a company carrying on a UK property business changes, from one period of account to the next, the basis on which profits of the business are calculated for corporation tax purposes,
  - (b) the old basis accorded with the law or practice applicable in relation to the period of account before the change, and
  - (c) the new basis accords with the law and practice applicable in relation to the period of account after the change.
- (2) The practice applicable in any case means the accepted practice in cases of that description as to how profits of a UK property business should be calculated for corporation tax purposes.
- (3) Subsections (3) to (6) of section 180 (what is meant by a company changing the basis on which profits are calculated) apply for the purposes of this section as they apply for the purposes of that section (but as if any reference to a trade were to a UK property business).

#### **262 Giving effect to positive and negative adjustments** U.K.

- (1) An amount by way of adjustment must be calculated in accordance with section 182, which applies in relation to a UK property business as it applies in relation to a trade.
- (2) If the amount produced by the calculation is positive—
  - (a) the amount is brought into account as a receipt in calculating the profits of the UK property business, and
  - (b) the receipt is treated as arising on the first day of the first period of account for which the new basis is adopted.

*Status: Point in time view as at 06/04/2020.*

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) But if there is a change of basis resulting from a tax adjustment affecting the calculation of any amount brought into account in respect of depreciation, the receipt is treated as arising only when the asset to which it relates is realised or written off.
- (4) If the amount produced by the calculation is negative—
  - (a) a deduction is allowed for the amount as an expense of the UK property business in calculating the profits of that business, and
  - (b) the expense is treated as arising on the first day of the first period of account for which the new basis is adopted.
- (5) But if there is a change of basis resulting from a tax adjustment affecting the calculation of any amount brought into account in respect of depreciation, the expense is treated as arising only when the asset to which it relates is realised or written off.
- (6) This section is subject to section 183 (no adjustment for certain expenses previously brought into account) which applies in relation to a UK property business as it applies in relation to a trade.

### *Integral features*

### 319 General power to make regulations about changes in accounting policy **U.K.**

- (1) The Treasury may by regulations make provision for cases where there is a change of accounting policy in drawing up a company's accounts from one period of account to the next which affects the amounts to be brought into account for accounting purposes in respect of the company's loan relationships.
- (2) The regulations may provide for any credits or debits which would otherwise be brought into account for the purposes of this Part—
  - (a) not to be brought into account,
  - (b) to be brought into account only to a prescribed extent, or
  - (c) to be brought into account over a prescribed period or in prescribed circumstances.
- (3) Regulations under this section may, in particular, modify the operation of sections 315 to 318.
- (4) The regulations may make—
  - (a) different provision for different cases, and
  - (b) incidental, supplemental, consequential and transitional provision and savings.
- (5) The regulations may apply to periods of account beginning before they are made, but not earlier than the beginning of the calendar year in which they are made.

### 320 Credits and debits treated as relating to capital expenditure **U.K.**

- [<sup>F265</sup>(1) This section applies if—
- (a) an amount for an accounting period in respect of a company's loan relationship relates to any of the matters in section 306A(1),

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (b) generally accepted accounting practice allows the amount to be treated in the company's accounts as an amount recognised in determining the carrying value of an asset or liability, and
  - (c) any profit or loss for corporation tax purposes in relation to that asset or liability will not fall to be calculated in accordance with generally accepted accounting practice.
- (2) Despite that treatment, the amount is to be brought into account as a credit or debit for the purposes of this Part, for the accounting period for which it is recognised, in the same way as an amount which is brought into account as a credit or debit in determining the company's profit or loss for that period in accordance with generally accepted accounting practice.
- (3) But subsection (2) does not apply to an amount which relates to an intangible fixed asset to which an election under section 730 (writing down at fixed rate: election for fixed-rate basis) applies.]
- <sup>F266</sup>(4) .....
- [<sup>F267</sup>(5) If an amount relating to an asset or liability is brought into account as mentioned in subsection (2) as a debit, no debit may be brought into account for the purposes of this Part in respect of—
- (a) the writing down of so much of the value of the asset or liability as is attributable to that debit, or
  - (b) so much of any amortisation or depreciation representing a writing-off of that value as is attributable to that debit.]

  - (b) must not be brought into account for a later period of account even if they are subsequently transferred to become items of profit or loss for the later period.
- (5) This section applies in a case where part of an asset or liability representing a loan relationship of a company ceases to be recognised in the company's accounts as it applies in a case where the whole of an asset or liability representing a loan relationship ceases to be recognised, but as if the reference in subsection (1)(b) to amounts in respect of the loan relationship were a reference to so much of those amounts as are attributable to that part of the asset or liability.
- (6) In determining what amounts fall within subsection (1)(b) at any time in an accounting period, it is to be assumed that the accounting policy applied in drawing up the company's accounts for the period was also applied in previous accounting periods.
- (7) But if the company's accounts for the period are in accordance with generally accepted accounting practice drawn up on an assumption as to the accounting policy in previous accounting periods which differs from that mentioned in subsection (6), that different assumption applies in determining what amounts fall within subsection (1)(b) at the time in question.

### 329 Pre-loan relationship and abortive expenses U.K.

- (1) This section applies if—
- (a) a company may enter into a loan relationship or related transaction but has not yet done so,
  - (b) it incurs any expenses for purposes connected—
    - (i) with entering into it, or
    - (ii) with giving effect to any obligation which might arise under it, and
  - (c) had the company entered into the relationship or transaction, the expenses would be expenses within <sup>F294</sup>[section 306A(1)(c)].

### 330 Debits in respect of pre-trading expenditure U.K.

- (1) This section applies if—
- (a) a non-trading debit is given for an accounting period of a company for the purposes of this Part, and
  - (b) within the period of 2 years beginning with the end of the period the company makes an election for the purposes of this section in respect of the debit.
- (2) The debit must not be brought into account for the purposes of this Part as a non-trading debit for that period.
- (3) Instead, if conditions A and B are met in respect of a trade, the debit—
- (a) is treated for the purposes of this Part as if it were a debit for the accounting period in which the company begins to carry on the trade, and
  - (b) is to be brought into account in accordance with section 297(3) (trading debits).
- (4) Condition A is that the company begins to carry on the trade within the period of 7 years after the end of the accounting period for which a non-trading debit is given for the purposes of this Part.
- (5) Condition B is that that debit is such that, if it were given for the accounting period in which the company begins to carry on the trade, it would be brought into account by reference to that trade in accordance with section 297(3).

**330ZA Debits referable to times before UK property business etc carried on U.K.**

- (1) This section applies if—
  - (a) a non-UK resident company has debits in respect of a loan relationship to which it is a party for the purposes of its UK property business,
  - (b) the debits are referable to times (“the pre-rental times”) before (but not more than 7 years before) the date on which it starts to carry on the business, and
  - (c) the debits are not otherwise brought into account for tax purposes.
- (2) If, on the assumption that the company had been carrying on the business at the pre-rental times, the debits—
  - (a) would have been recognised in determining its profit or loss for a period consisting of or including those times, and
  - (b) would have been brought into account for the purposes of this Part,the debits are (so far as they exceed relevant credits) treated for the purposes of this Part as if they were debits for the accounting period in which it started to carry on the business.
- (3) For this purpose “relevant credits” means credits of the company in respect of the loan relationship which, on the assumption that the company had been carrying on the business at the pre-rental times—
  - (a) would have been recognised in determining its profit or loss for a period consisting of or including those times,
  - (b) would have been brought into account for the purposes of this Part, and
  - (c) would not otherwise have been brought into account for tax purposes.
- (4) This section is subject to section 327 (disallowance of imported losses etc).
- (5) This section also applies in relation to a non-UK resident company which is a party to a loan relationship for the purpose of enabling it to generate other UK property income (within the meaning given by section 5(6)).]

**330A Company is not, or has ceased to be, party to loan relationship U.K.**

- (1) This section applies if—

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (b) any of conditions A to D is met, and
- (c) in the absence of this section, the credits and debits brought into account by the company for the purposes of this Part or Part 7 for the current period would not include credits or debits representing the whole of those amounts.

(2) In this section “qualifying relationship” means—

- (a) a loan relationship, or
- (b) a relationship that would be a loan relationship if references in section 302(1) to a company were references to any person.

References in this section to a company being a party to a qualifying relationship are to be read accordingly.

(3) Condition A is that—

- (a) the company was a party to the qualifying relationship,
- (b) amounts in respect of the qualifying relationship were recognised in the company's accounts as an item of profit or loss when it was a party to the relationship, and
- (c) any amounts in respect of the relationship continue to be recognised in those accounts as an item of profit or loss.

(4) Condition B is that the amounts recognised as mentioned in subsection (1)(a) are recognised as a result of a transaction which has the effect of transferring to the company all or part of the risk or reward relating to the qualifying relationship without a corresponding transfer of rights or obligations under the relationship.

(5) Condition C is that the amounts recognised as mentioned in subsection (1)(a) are recognised as a result of a related transaction in relation to a qualifying relationship to which the company was, but has ceased to be, a party.

(6) Condition D is that—

- (a) the amounts recognised as mentioned in subsection (1)(a) are recognised because the company may enter into a qualifying relationship or related transaction but has not yet done so, and
- (b) the amounts are not expenses to which section 329 applies.

(7) The company must bring credits and debits into account for the purposes of this Part for the accounting period as if the company were a party to the qualifying relationship for the whole of the accounting period.

(8) The amounts that must be brought into account are those amounts in respect of the qualifying relationship that are recognised in the company's accounts for the accounting period as an item of profit or loss (but subject to the provisions of this Part).

(9) This section is subject to sections 330B and 330C.

(10) In this section—

- “item of profit or loss” has the meaning it has for accounting purposes;

  - (c) on which a person is charged to income tax.
- (2) In order to avoid a double charge to tax in respect of the amount, the relevant company may make a claim for one or more consequential adjustments to be made in respect of the amount to be brought into account as a credit.
- (3) On a claim under this section an officer of Revenue and Customs must make such of the consequential adjustments claimed (if any) as are just and reasonable.
- (4) Consequential adjustments may be made—

  - (b) for any subsequent such accounting period.

### 356 Exception to section 354: swapping debt for equity **U.K.**

  - (b) any entitlement to such shares.
- (4) Condition C is that there would be no connection between the two companies for the accounting period in which the consideration is given if the question whether there is such a connection were determined by reference only to times before the creditor company—

- (4) Condition C is that the creditor is in insolvent administrative receivership, and for this condition the relevant time is any time when the appointment of the administrative receiver is in force.

- (1) This Chapter applies if—
  - (a) there is (or was) a relevant consortium creditor relationship (see subsection (2)), and
  - (b) either—

- (2) For the purposes of this Chapter a relationship is a relevant consortium creditor relationship if—
  - (a) it is a creditor relationship of—
    - (i) a company (the “member company”), which is a member of a consortium by which a consortium company is owned, or
    - (ii) a company (a “group member”) which is a member of the same group of companies as the member company but is not itself a member of the consortium, and
  - (b) the consortium company or, if that company is a holding company, a consortium company which is a subsidiary of that company is (or was) the debtor (the “debtor consortium company”).
- (3) The provisions of this Chapter—
  - (a) reduce debits for impairment losses and release debits under relevant consortium creditor relationships where an amount surrendered as group relief

- (b) provide for a corresponding reduction in credits in respect of such relationships where a reduction within paragraph (a) has occurred (see section 367),
  - (c) reduce claims for group relief where debits within paragraph (a) for earlier group accounting periods exceed reductions within paragraph (b) (see section 368), and
  - (d) provide for such claims to be carried forward where they exceed such debits (see section 369).
- (4) In this Chapter “release debit” means a debit in respect of a release of liability under a relevant consortium creditor relationship<sup>F361</sup>, and
- “group relief” means—

### 365 Reduction of impairment loss debits where group relief claimed **U.K.**

- (1) This section applies for any group accounting period for which there is a net consortium debit.
- (2) For the purposes of this Chapter there is a net consortium debit for a group accounting period if—
  - (a) the total of the impairment losses and release debits brought into account for that period in respect of relevant consortium creditor relationships by—
    - (i) the member company, and
    - (ii) every group member,
 exceeds
  - (b) the total credits so brought into account by them in connection with debts owed by the companies which are the debtor consortium companies in respect of those relationships.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) The net consortium debit is equal to that excess.
- (4) If there is a claim for that group accounting period by the member company or a group member for group relief in respect of an amount which may be surrendered as group relief by the debtor consortium companies, the debits brought into account in respect of the impairment losses and the release debits mentioned in subsection (2)(a) are reduced.
- (5) The amount of reduction in the case of each of the debits referred to in subsection (4) (“the relevant debits”) is calculated as follows.

*Step 1*

Find the total amount which—

- (a) may be surrendered as group relief by the debtor consortium companies, and
- (b) is claimed as group relief for the group accounting period by the member company or any group member.

*Step 2*

If the amount found at Step 1 does not exceed the net consortium debit, apportion the amount found at Step 1 between the relevant debits in proportion to their respective amounts.

If the amount found at Step 1 exceeds the net consortium debit, apportion so much of the amount found at Step 1 as does not exceed it between the relevant debits in proportion to their respective amounts.

- (6) This section is subject to section 366.

**366 Effect where credit for release brought into account on amortised cost basis U.K.**

- (1) This section applies if—
  - (a) a company releases liability under a relevant consortium creditor relationship of the company (“the release amount”), and
  - (b) the debtor consortium company brings into account an amount in respect of the release for any accounting period in accordance with an amortised cost basis of accounting.
- (2) An amount equal to the release amount is treated for the purposes of this Chapter as not being a debit brought into account for that period in relation to the relevant consortium creditor relationship.

**367 Reduction of credits exceeding impairment losses U.K.**

- (1) This section applies if, apart from this section, for any group accounting period—
  - (a) the total of the impairment losses and release debits brought into account for that period in respect of relevant consortium creditor relationships by—
    - (i) the member company, and
    - (ii) every group member,is less than

- (b) the total credits so brought into account by them in connection with debts owed by the companies which are the debtor consortium companies in respect of those relationships.
- (2) Those credits are reduced (but not below nil) in accordance with subsection (3).
- (3) The amount of reduction in the case of each credit is calculated as follows.

*Step 1*

Find the total amount by which the debits in respect of the relationships for previous group accounting periods have been reduced under section 365(4).

*Step 2*

Deduct the total amount by which credits have previously been reduced under this section from the amount found at Step 1.

*Step 3*

Apportion the amount found at Step 2 between the credits in proportion to their respective amounts.

**368 Reduction of claims where there are earlier net consortium debts U.K.**

- (1) This section applies if—
- (a) for any group accounting period there is a claim by the member company or a group member for group relief in respect of an amount which may be surrendered as group relief by debtor consortium companies, and
  - (b) the total amount of the net consortium debts for earlier group accounting periods in respect of the relevant consortium creditor relationships exceeds any reductions in respect of those debts falling to be made under section 365(4).
- (2) In this section that excess is referred to as “the unreduced debits amount”.
- (3) If—
- (a) the claim is the only claim for that period, and
  - (b) it exceeds the unreduced debits amount,
- the claim is reduced by the unreduced debits amount.
- (4) If—
- (a) the claim is not the only claim for that period, and
  - (b) the total of the claims exceeds the unreduced debits amount,
- the claim is reduced by the same proportion of the unreduced debits amount as the claim bears to that total.
- (5) In any other case, the claim is reduced to nil.

**369 Carry forward of claims where there are no net consortium debts U.K.**

- (1) This section applies if for any group accounting period there is—
- (a) a claim by the member company or a group member for group relief in respect of an amount which may be surrendered as group relief by debtor consortium companies (as reduced under section 368, if it applies), and

- (b) no net consortium debit in respect of the relevant consortium creditor relationships.
- (2) The claim (as so reduced) is carried forward and treated for the purposes of section 365—
- (a) as increasing any such claim for group relief made by the claimant company for its next accounting period, or
  - (b) if apart from this subsection there would be no such claim, as being such a claim.

### 370 Group accounting periods **U.K.**

- (1) In this Chapter “group accounting period” means—
- (a) any accounting period of the member company beginning on or after 1 October 2002, or
  - (b) any accounting period of a group member which—
    - (i) begins on or after that date, and
    - (ii) corresponds to such an accounting period of the member company.
- (2) Any such accounting period of the member company and any such corresponding accounting periods of group members are treated for the purposes of this Chapter as being the same accounting period.
- (3) For the purposes of this Chapter an accounting period of a group member corresponds to an accounting period of the member company if condition A, B or C is met.
- (4) Condition A is that the periods coincide.
- (5) Condition B is that the accounting period of the member company includes more than half of the accounting period of the group member.
- (6) Condition C is that—

  - (b) any of the partners in the firm is a company (a “company partner”), and
  - (c) a money debt is owed by or to the firm.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) In calculating the profits and losses of the trade or business for corporation tax purposes under section 1259 (calculation of firm's profits or losses), no credits or debits may be brought into account under this Part—
  - (a) in relation to the money debt, or
  - (b) in relation to any loan relationship that would fall to be treated for the purposes of the calculation as arising from the money debt.
- (3) Instead, each company partner must bring credits and debits into account under this Part in relation to the debt or relationship for each of its accounting periods in which the conditions in subsection (1) are met.
- (4) The following provisions of this Chapter contain special rules about the credits and debits to be brought into account under subsection (3)—
  - (a) section 381 (determinations of credits and debits by company partners: general),
  - (b) section 382 (company partners using fair value accounting),
  - (c) section 383 (lending between partners and the partnership),
  - (d) section 384 (treatment of exchange gains and losses), and

  - (b) it were so owed for the purposes of the trade or business which the company partner carries on.
- (3) If the money debt arises from a transaction for the lending of money—
  - (a) it continues to be treated as so arising, and
  - (b) accordingly the company partner is treated as having a loan relationship.
- (4) Anything done by or in relation to the firm in connection with the money debt is treated as done by or in relation to the company partner.
- (5) The credits and debits in the case of each company partner are the partner's appropriate share of the total credits and debits determined in accordance with subsections (2) to (4) (without any reduction for the fact that the debt is treated as owed by or to each company partner).
- (6) A company partner's “appropriate share” is the share that would be apportioned to it on the assumption in subsection (7).
- (7) The assumption is that the total credits and debits determined in accordance with subsections (2) to (4) are apportioned between the partners in the shares in which any profit or loss would be apportioned between them in accordance with the firm's profit-sharing arrangements.

  - (b) if the debt is owed to the firm, the company partner stands in the position of a debtor and accordingly has a debtor relationship.
- (3) Condition B is that the company partner controls the firm either alone or taken together with one or more other company partners connected with the company partner (see subsection (7)).
- (4) Condition C is that the company partner or any other company partner is treated under section 381(3) as if—
  - (a) it had the debtor relationship which corresponds to the creditor relationship mentioned in subsection (2)(a), or

- (5) If this section applies, for the purposes of this Part for the relevant accounting period there is taken to be a connection between—
  - (a) the company partner, and

## 390 Meaning of “available profits” **U.K.**

- (1) For the purposes of section 389 the available profits of the company for an accounting period are its BLAGAB non-trading loan relationships profits for the period (see subsection (4)), less the unused part of the relevant deductions for the period (see subsection (5)).
- (2) If an accounting period ending within the permitted period begins before it, only a part of the amount which would otherwise be the available profit for that accounting period is available profit.
- (3) That part is so much as is proportionate to the part of the accounting period in the permitted period.
- (4) References in this section to a company's BLAGAB non-trading loan relationships profits for an accounting period are references to the amount (if any) [<sup>F400</sup>of the BLAGAB credits in respect of the company's loan relationships that count as income for the purposes of the I - E rules for that period (as determined by section 88(3) and (4) of FA 2012)].
- (5) The unused part of the relevant deductions for an accounting period is found as follows.

### *Step 1*

Add together—

- (a) [<sup>F401</sup>the amount for the purposes of section 73 of FA 2012 of the adjusted BLAGAB management expenses of the company for the period], and
- (b) so much of the sum of the deductions made in the case of the company in respect of [<sup>F402</sup>qualifying charitable donations] for that period as is [<sup>F403</sup>referable to BLAGAB].

### *Step 2*

Add together—

- [<sup>F404</sup>(a) so much of the amount for the purposes of section 73 of FA 2012 of the adjusted BLAGAB management expenses of the company for the period as, on the assumption that the company had no BLAGAB non-trading loan relationships profits for the period, could be subtracted at step 6 under that section without producing a negative amount, and]
- (b) the total amounts [<sup>F405</sup>referable to BLAGAB] which could be applied for the period in making deductions in respect of [<sup>F406</sup>qualifying charitable donations] if those profits were disregarded.

### *Step 3*

Subtract the amount found at Step 2 from the amount found at Step 1.

The result is the unused part of the relevant deductions for the accounting period.

- [<sup>F407</sup>(6) In the case of any claim under section 389, references in subsection (5) to the amount for the purposes of section 73 of FA 2012 of the adjusted BLAGAB management expenses of the company for the period are references to that amount as determined on the assumptions in subsections (7) and (8).]
- (7) The first assumption is that no account is taken of—
- (a) that claim, or
  - (b) any other claim under section 389 relating to a deficit for an accounting period after the deficit period.
- (8) The second assumption is that all such adjustments are made as are required as a result of any sum having been carried back under the Corporation Tax Acts to the accounting period mentioned in subsection (5), otherwise than as a result of—
- (a) the claim mentioned in subsection (6), or
  - (b) any such other claim as is mentioned in subsection (7)(b).

  - (b) conditions 1 to 3 are met.
- (2) Condition 1 is that company A is a party to a relevant hedging scheme at any time in the accounting period.
- (3) Condition 2 is that there is an increase in the [<sup>F429</sup>relevant] prices index between the times mentioned in subsection (1) of section 400.

- (8) For the purposes of this section the index-linked capital return on the security, or any proportion of that return, is “hedged” if (whether because of the operation of a swap or otherwise) the pre-tax economic profit or loss made by the relevant group or company in the accounting period is unaffected by it.
- (9) In subsection (8) “the relevant group or company” means—
  - (a) company A and every other company that is at any time in the accounting period—

**422 Transfer of loan relationship at notional carrying value U.K.**

- (1) This section applies if in the course of the transfer of business the transferor transfers an asset or liability representing a loan relationship to a transferee.
- (2) For the purpose of determining the credits and debits to be brought into account in respect of the loan relationship for the purposes of this Part, the transferor and the transferee are treated as having entered into the transfer of that asset or liability for consideration of an amount equal to the notional carrying value of the asset or liability.

- (4) This section is subject to section 423 (transferor using fair value accounting).

#### 423 Transferor using fair value accounting **U.K.**

- (1) This section applies instead of section 422 if, in a case where that section would otherwise apply, the transferor is regarded for the purposes of this section as using fair value accounting in respect of the loan relationship (see subsection (4)).
- (2) The amount which is to be brought into account by the transferor in respect of the transfer of the asset or liability mentioned in section 422(1) (“the transferor’s amount”) is—
- (a) if an asset is to be brought into account, its fair value as at the date when the transferee becomes a party to the loan relationship, or the fair value of the rights under or interest in it as at that date, and
  - (b) if a liability is to be brought into account, its fair value as at that date.
- (3) For any accounting period in which the transferee is a party to the loan relationship, for the purpose of determining the credits and debits to be brought into account in respect of it for the purposes of this Part, the transferee is treated as if it had acquired the asset or liability representing the relationship for consideration of an amount equal to the transferor’s amount.
- (4) The transferor is regarded for the purposes of this section as using fair value accounting in respect of the loan relationship only if the credits and debits to be brought into account for the purposes of this Part as respects the relationship are determined on that basis.
- (5) It does not matter for the purposes of subsection (4) if the transferor does not otherwise use fair value accounting in respect of the loan relationship.

#### 424 Reorganisations involving loan relationships **U.K.**

- (1) This section applies if—
- (a) sections 127 to 130 of TCGA 1992 (reorganisations: equation of original shares and new holding)—

- (ii) would so apply but for section 116(5) of that Act (which disapplies those sections where the original shares or the new holding consists of or includes a qualifying corporate bond),
- (b) the original shares consist of or include an asset representing a loan relationship, and
- (c) either—
  - (i) section 422 or 423 applies as a result of condition B in section 421 being met in relation to the transfer in the course of which the reorganisation occurs, or
  - (ii) condition C in section 421 is met in relation to that transfer.
- (2) For the purposes of this Part such debits and credits are to be brought into account as would be brought into account if the reorganisation were a disposal of the asset representing the loan relationship for consideration of an amount equal to its notional carrying value.

#### **441 Loan relationships for unallowable purposes** **U.K.**

- (1) This section applies if in any accounting period a loan relationship of a company has an unallowable purpose.
- (2) The company may not bring into account for that period for the purposes of this Part so much of any credit in respect of exchange gains from that relationship as on a just and reasonable apportionment is attributable to the unallowable purpose.
- (3) The company may not bring into account for that period for the purposes of this Part so much of any debit in respect of that relationship as on a just and reasonable apportionment is attributable to the unallowable purpose.

[<sup>F479</sup>(3A) If—

- (a) a credit brought into account for that period for the purposes of this Part by the company would (in the absence of this section) be reduced, and
  - (b) the reduction represents an amount which, if it did not reduce a credit, would be brought into account as a debit in respect of that relationship,
- subsection (3) applies to the amount of the reduction as if it were an amount that would (in the absence of this section) be brought into account as a debit.]
- (4) An amount which would be brought into account for the purposes of this Part as respects any matter apart from this section is treated for the purposes of section 464(1) (amounts brought into account under this Part excluded from being otherwise brought into account) as if it were so brought into account.
  - (5) Accordingly, that amount is not to be brought into account for corporation tax purposes as respects that matter either under this Part or otherwise.
  - (6) For the meaning of “has an unallowable purpose” and “the unallowable purpose” in this section, see section 442.

#### **446A Non-market loans** **U.K.**

- (1) This section applies as respects any accounting period if—
- a company has a debtor relationship in the period,
  - the amount recognised in the company's accounts in respect of the debt at the time the company became party to the debtor relationship was less than the transaction price,
  - credits in respect of the whole or part of the discount were not brought into account for the purposes of this Part, and
  - in a case where the creditor is a company, the non-qualifying territory condition is met.
- (2) The debits which are to be brought into account for the accounting period for the purposes of this Part by the debtor company in respect of the loan relationship are not to include debits relating to the relevant discount amount, to the extent that that amount is referable to the accounting period.
- (3) In this section “relevant discount amount” means—
- in a case where credits in respect of the whole of the discount were not brought into account for the purposes of this Part, an amount equal to the whole discount, and
  - in a case where credits in respect of part of the discount were not brought into account for the purposes of this Part, an amount equal to that part of the discount.

- resident for tax purposes in a non-qualifying territory at any time in the accounting period, or

*Transactions not at arm's length: exchange gains and losses*

**447 Exchange gains and losses on debtor relationships: loans disregarded under**  
**[<sup>F500</sup>Part 4 of TIOPA 2010] U.K.**

- (1) Subsections (2) and (3) apply if—
  - (a) a company has a debtor relationship in an accounting period,
  - (b) an exchange gain or loss arises in the period in respect of a liability representing the relationship, and
  - (c) as a result of [<sup>F501</sup>section 147(3) or (5) of TIOPA 2010] (provision not at arm's length) the profits and losses of the company are calculated for tax purposes for the period as if—
    - (i) the loan had not been made, or
    - (ii) part of the loan had not been made.
- (2) In a case where subsection (1)(c)(i) applies, the exchange gain or loss must be left out of account in determining the credits or debits to be brought into account for the purposes of this Part.
- (3) In a case where subsection (1)(c)(ii) applies, a proportion of the exchange gain or loss must be left out of account in determining those credits or debits.
- (4) That proportion is the proportion that the part of the loan that is treated as if it had not been made bears to the whole of the loan.
- [<sup>F502</sup>(4A) If the debtor relationship is to any extent matched, subsections (2) and (3) apply to leave out of account only the lesser of—
  - (a) the amount of the exchange gain or loss (in the case of subsection (2)) or the proportion of the exchange gain or loss (in the case of subsection (3)) which would be left out of account apart from this subsection, and
  - (b) the amount of the exchange gain or loss arising in respect of a liability representing the debtor relationship to the extent that the debtor relationship is unmatched (an amount which may be nil).]
- (5) Nothing in [<sup>F503</sup>Part 4 of TIOPA 2010] requires the amounts brought into account under this Part in respect of exchange gains or losses from loan relationships to be calculated on the assumption that the arm's length provision had been made instead of the actual provision.
- (6) But subsection (5) does not affect the application of subsections (2) and (3) under subsection (1).
- (7) In this section “the arm's length provision” and “the actual provision” have the same meaning as in [<sup>F504</sup>Part 4 of TIOPA 2010 (see sections 149 and 151 of that Act)].

- (4) Condition B is that such debits as are mentioned in subsection (5) would fall to be so brought into account in respect of exchange losses from that debtor relationship.
- (5) Those debits are debits corresponding to, and of the same amount as, the credits that would fall to be so brought into account in respect of exchange gains from the creditor relationship apart from section 449.
- (6) In determining for the purposes of this section whether credits or debits would fall to be so brought into account, section [<sup>F508</sup>328(3) to (7)] (as a result of which some exchange gains and losses are excluded from this Part) is ignored.

### 451 Exception to section 449 where loan exceeds arm's length amount **U.K.**

- (1) Section 449 does not apply if the circumstances are such that, had the parties to the relevant transaction been dealing at arm's length, the amount of the loan would have been an amount (“the arm's length amount”) greater than nil, but less than its actual amount.
  - (2) Accordingly, an exchange gain or loss which arises in the accounting period in respect of an asset representing the creditor relationship is not required by that section to be left out of account.
  - (3) But if—
    - (a) the circumstances are as mentioned in subsection (1), and
    - (b) there is no corresponding debtor relationship,only a proportion of the exchange gain or loss may be taken into account in determining the credits or debits to be brought into account for the purposes of this Part.
  - (4) That proportion is the proportion which the arm's length amount bears to the actual amount of the loan.
- [<sup>F509</sup>(4A) If the creditor relationship is to any extent matched, subsections (3) and (4) apply to leave out of account only the lesser of—
- (a) the proportion of the exchange gain or loss which would be left out of account apart from this subsection, and
  - (b) the amount of the exchange gain or loss arising in respect of an asset representing the creditor relationship to the extent that the creditor relationship is unmatched (an amount which may be nil).]
    - (5) In this section—

“corresponding debtor relationship” has the same meaning as in section 449 (see section 450), and

“the relevant transaction” means the transaction giving rise to the loan as a result of which the company has the creditor relationship in the accounting period in question.

#### 455A Debits arising from derecognition of creditor relationships **U.K.**

- (1) This section applies where—
  - (a) a company is at any time a party to tax avoidance arrangements,
  - (b) as a result of those arrangements, a creditor relationship to which the company is party, or any part of such a relationship, is (in accordance with generally accepted accounting practice) derecognised by the company, and
  - (c) the company continues to be a party to the creditor relationship immediately after the transaction or other event giving rise to the derecognition.
- (2) No debit that would apart from this section be brought into account by the company for the purposes of this Part as a result of the derecognition is to be so brought into account.
- (3) An amount that would be brought into account for the purposes of this Part as respects any matter apart from this section—
  - (a) is treated for the purposes of section 464(1) (priority of this Part for corporation tax purposes) as if it were so brought into account, and
  - (b) accordingly, may not be brought into account for any other corporation tax purposes as respects that matter.
- (4) For the purposes of this section a company is to be treated as a party to a creditor relationship even though it has disposed of its rights under the relationship to another person—
  - (a) under a repo or stock lending arrangement, or
  - (b) under a transaction which is treated as not involving any disposal as a result of section 26 of TCGA 1992 (mortgages and charges not to be treated as disposals).
- (5) For the purposes of this section arrangements are “tax avoidance arrangements” if the main purpose, or one of the main purposes, of any party to the arrangements, in entering into them, is to obtain a tax advantage.
- (6) In subsection (5) “arrangements” includes any arrangements, scheme or understanding of any kind, whether or not legally enforceable, involving a single transaction or two or more transactions.]

#### 455B Counteracting effect of avoidance arrangements **U.K.**

- (1) Any loan-related tax advantages that would (in the absence of this section) arise from relevant avoidance arrangements are to be counteracted by the making of such adjustments as are just and reasonable in relation to credits and debits to be brought into account for the purposes of this Part.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) Any adjustments required to be made under this section (whether or not by an officer of Revenue and Customs) may be made by way of an assessment, the modification of an assessment, amendment or disallowance of a claim, or otherwise.
- (3) For the meaning of “relevant avoidance arrangements” and “loan-related tax advantage”, see section 455C.

#### **455C Interpretation of section 455B** **U.K.**

- (1) This section applies for the interpretation of section 455B (and this section).
- (2) “Arrangements” include any agreement, understanding, scheme, transaction or series of transactions (whether or not legally enforceable).
- (3) Arrangements are “relevant avoidance arrangements” if their main purpose, or one of their main purposes, is to enable a company to obtain a loan-related tax advantage.
- (4) But arrangements are not “relevant avoidance arrangements” if the obtaining of any loan-related tax advantages that would (in the absence of section 455B) arise from them can reasonably be regarded as consistent with any principles on which the provisions of this Part that are relevant to the arrangements are based (whether expressed or implied) and the policy objectives of those provisions.
- (5) A company obtains a “loan-related tax advantage” if—
  - (a) it brings into account a debit to which it would not otherwise be entitled,
  - (b) it brings into account a debit which exceeds that to which it would otherwise be entitled,
  - (c) it avoids having to bring a credit into account,
  - (d) the amount of any credit brought into account by the company is less than it would otherwise be, or
  - (e) it brings a debit or credit into account earlier or later than it otherwise would.
- (6) In subsection (5), references to bringing a debit or credit into account are references to bringing a debit or credit into account for the purposes of this Part.

#### **455D Examples of results that may indicate exclusion not applicable** **U.K.**

- (1) Each of the following is an example of something which might indicate that arrangements whose main purpose, or one of whose main purposes, is to enable a company to obtain a loan-related tax advantage are not excluded by section 455C(4) from being “relevant avoidance arrangements” for the purposes of section 455B—
  - (a) the elimination or reduction, for purposes of corporation tax, of profits of a company arising from any of its loan relationships, where for economic purposes profits, or greater profits, arise to the company from that relationship;
  - (b) the creation or increase, for purposes of corporation tax, of a loss or expense arising from a loan relationship, where for economic purposes no loss or expense, or a smaller loss or expense, arises from that relationship;
  - (c) preventing or delaying the recognition as an item of profit or loss of an amount that would apart from the arrangements be recognised in the company's accounts as an item of profit or loss or be so recognised earlier;

*Status: Point in time view as at 06/04/2020.*

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (d) ensuring that a loan relationship is treated for accounting purposes in a way in which it would not have been treated in the absence of some other transaction forming part of the arrangements;
  - (e) enabling a company to bring into account for the purposes of this Part a debit in respect of an exchange loss, in circumstances where a corresponding exchange gain would not give rise to a credit or would give rise to a credit of a smaller amount;
  - (f) enabling a company to bring into account for the purposes of this Part a debit in respect of a fair value loss in circumstances where a corresponding fair value gain would not give rise to a credit or would give rise to a credit of a smaller amount;
  - (g) ensuring that the effect of the provisions of Chapter 4 is to produce an overall reduction in the credits brought into account for the purposes this Part or an overall increase in the debits brought into account for those purposes;
  - (h) bringing into account for the purposes of this Part an impairment loss or release debit in a case where the provisions of Chapter 6 would but for the arrangements have prevented this.
- (2) But in each case the result concerned is only capable of indicating that section 455C(4) is not available if it is reasonable to assume that such a result was not the anticipated result when the provisions of this Part that are relevant to the arrangements were enacted.
- (3) In subsection (1)(f) references to a fair value gain or a fair value loss, in relation to a company, are references respectively to—
- (a) a profit to be brought into account in relation to an asset or liability representing a loan relationship where fair value accounting is used for the period in question, or
  - (b) a loss to be brought into account in relation to such an asset or liability where fair value accounting is used for the period in question.
- (4) “Arrangements” and “loan-related tax advantage” have the same meaning as in section 455C.]

#### **457 Basic rule for deficits: carry forward to accounting periods after deficit period** **U.K.**

- (1) The basic rule is that the deficit must be carried forward and set off against non-trading profits of the company for accounting periods after the deficit period in accordance with subsection (3) and section 458.
- (2) That rule does not apply to so much of the deficit as—
  - (a) is surrendered as group relief under [<sup>F526</sup>Part 5 of CTA 2010], or
  - (b) is the subject of a claim by the company under section 459 (claim to set off deficit against profits of deficit period or earlier periods).
- (3) So much of the amount carried forward from the deficit period as is not the subject of a claim under section 458(1) must be set off against the non-trading profits of the company for the next accounting period after the deficit period.
- (4) Those profits are reduced accordingly.
- (5) In this Chapter “non-trading profits”, in relation to a company, means so much of the company's profits as does not consist of trading income for the purposes of [<sup>F527</sup>section 37 of CTA 2010 (deduction of trading losses from total)] profits of the same or an earlier period).

- (2) Any such claim must be made within the period of 2 years after the end of the first later period.
- (3) Subsection (4) applies if any amount is carried forward from the deficit period under section 457(1) which—
  - (a) cannot be set off under section 457(3) against non-trading profits of the first later period, or
  - (b) is the subject of a claim under subsection (1).
- (4) That amount is treated for the purposes of this Part as if it were—
  - (a) an amount of non-trading deficit from the company's loan relationships for the first later period, and
  - (b) an amount which falls to be carried forward and set against non-trading profits of later accounting periods under section 457(1).
- (5) Accordingly, section 457 and this section apply as if the first later period were the deficit period.

#### **459 Claim to set off deficit against profits of deficit period or earlier periods** U.K.

- (1) The company may make a claim for the whole or part of the deficit—
  - (a) to be set off against [<sup>F528</sup>any profits of the company (of whatever description)] for the deficit period, or
  - (b) to be carried back to be set off against profits for earlier accounting periods.
- (2) No claim may be made under subsection (1) in respect of a deficit which is surrendered as group relief under [<sup>F529</sup>Part 5 of CTA 2010].

- (1) This section applies if a claim is made under section 459(1)(a) for the whole or part of the deficit to be set off against profits for the deficit period.
- (2) The general rule is that the amount to which the claim relates must be set off against the profits of the company for the deficit period which are identified in the claim.

- (5) Relief for any deficit incurred in a trade in an earlier accounting period must be given before relief under this section.

- (1) This section applies if a claim is made under 459(1)(b) for the whole or part of the deficit to be carried back to be set off against profits for accounting periods before the deficit period.
- (2) The claim has effect only if it relates to an amount equal to the lesser of—
  - (a) so much of the deficit as is not an amount in relation to which a claim is made under section 459(1)(a), and
  - (b) the total amount of the profits available for relief under this section.
- (3) Section 463 explains which profits are so available.
- (4) The amount to which the claim relates is set off against those profits by treating them as reduced accordingly.

- (5) If those profits are profits for more than one accounting period, the relief is applied by setting off the amount to which the claim relates against profits for a later period before setting off any remainder of that amount against profits for an earlier period.

#### 463 Profits available for relief under section 462 U.K.

- (1) The profits available for relief under section 462 are the amounts which (apart from the relief) would be charged under this Part as profits for accounting periods ending within the permitted period, after giving every prior relief.

### 463A Introduction to Chapter U.K.

- (1) This Chapter applies if—
  - (a) for any accounting period beginning on or after 1 April 2017 a company has a non-trading deficit from its loan relationships under section 301(6), and
  - (b) at the end of that accounting period the company is not a charity.
- (2) In this Chapter “the deficit” and “the deficit period” mean that deficit and that period respectively.
- (3) Sections 463B and 463C deal with claims to set off the deficit against profits of the deficit period or earlier periods.
- (4) Sections 463D to 463F deal with the consequences of such claims.
- (5) Sections 463G to 463I provide for so much of the deficit as is not—
  - (a) set off against profits under section 463B, or
  - (b) surrendered as group relief under Part 5 of CTA 2010, to be carried forward to later accounting periods.

### 463B Claim to set off deficit against profits of deficit period or earlier periods U.K.

- (1) The company may make a claim for the whole or part of the deficit—
  - (a) to be set off against any profits of the company (of whatever description) for the deficit period, or
  - (b) to be carried back to be set off against profits for earlier accounting periods.
- (2) No claim may be made under subsection (1) in respect of so much of the deficit as is surrendered as group relief under Part 5 of CTA 2010.
- (3) For time limits and other provisions applicable to claims under subsection (1), see section 463C.
- (4) For what happens when a claim is made under subsection (1)(a), see section 463D.
- (5) For what happens when a claim is made under subsection (1)(b), and the profits available for relief when such a claim is made, see sections 463E and 463F.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

### **463C Time limits for claims under section 463B(1) U.K.**

- (1) A claim under section 463B(1) must be made within—
  - (a) the period of 2 years after the deficit period ends, or
  - (b) such further period as an officer of Revenue and Customs allows.
- (2) Different claims may be made in respect of different parts of a non-trading deficit for any deficit period.
- (3) But no claim may be made in respect of any part of a deficit to which another such claim relates.

### **463D Claim to set off deficit against profits for the deficit period U.K.**

- (1) This section applies if a claim is made under section 463B(1)(a) for the whole or part of the deficit to be set off against profits for the deficit period.
- (2) The amount of the deficit to which the claim relates must be set off against the profits of the company for the deficit period which are identified in the claim.
- (3) Those profits are reduced accordingly.
- (4) Relief under this section must be given before relief is given against profits for the deficit period—
  - (a) under section 37 or 62(1) to (3) of CTA 2010 (deduction of losses from total profits for the same or earlier accounting periods), or
  - (b) as a result of a claim under section 463B(1)(b) (carry-back) in respect of a deficit for a later period.
- (5) No relief may be given under this section against ring fence profits of the company within the meaning of Part 8 of CTA 2010 (oil activities) or contractor's ring fence profits of the company within the meaning of Part 8ZA of that Act (oil contractors).

### **463E Claim to carry back deficit to earlier periods U.K.**

- (1) This section applies if a claim is made under section 463B(1)(b) for the whole or part of the deficit to be carried back to be set off against profits for accounting periods before the deficit period.
- (2) The claim has effect only if it relates to an amount no greater than the lesser of—
  - (a) so much of the deficit as is not an amount in relation to which a claim is made under section 463B(1)(a), and
  - (b) the total amount of the profits available for relief under this section.
- (3) Section 463F explains which profits are so available.
- (4) The amount to which the claim relates is set off against those profits by treating them as reduced accordingly.
- (5) If those profits are profits for more than one accounting period, the relief is applied by setting off the amount to which the claim relates against profits for a later period before setting off any remainder of that amount against profits for an earlier period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

#### **463F Profits available for relief under section 463E** **U.K.**

- (1) The profits available for relief under section 463E are the amounts which (apart from the relief) would be charged under this Part as profits for accounting periods ending within the permitted period after giving every prior relief.
- (2) In this section—
  - “the permitted period” means the period of 12 months immediately before the deficit period, and
  - “prior relief” means a relief which subsection (5) provides must be given before relief under section 463E.
- (3) If an accounting period ending within the permitted period begins before it, only a part of the amount which (apart from the relief) would be chargeable under this Part for the period, after giving every prior relief, is available for relief under section 463E.
- (4) That part is so much as is proportionate to the part of the accounting period in the permitted period.
- (5) The reliefs which must be given before relief under section 463E are—
  - (a) relief as a result of a claim under section 459(1)(a) or section 463B(1)(a) (claim for deficit to be set off against total profits for the deficit period),
  - (b) relief in respect of a loss or deficit incurred or treated as incurred in an accounting period before the deficit period,
  - (c) relief under Part 6 of CTA 2010 (charitable donations relief in respect of payments made wholly and exclusively for the purposes of a trade),
  - (d) relief under section 37 of CTA 2010 (losses deducted from total profits of the same or an earlier accounting period), and
  - (e) if the company is a company with investment business for the purposes of Part 16 (companies with investment business)—
    - (i) any deduction in respect of management expenses under section 1219 (expenses of management of a company's investment business),
    - (ii) relief under Part 6 of CTA 2010 in respect of payments made wholly and exclusively for the purposes of its business, and
    - (iii) any allowance under Part 2 of CAA 2001 (plant and machinery allowances).

#### **463G Carry forward of unrelieved deficit against total profits** **U.K.**

- (1) This section applies if conditions A to D are met.
- (2) Condition A is that—
  - (a) any amount of the deficit (“the unrelieved amount”) is not—
    - (i) set off against profits on a claim under section 463B(1), or
    - (ii) surrendered as group relief under Part 5 of CTA 2010.
- (3) Condition B is that it is not the case—
  - (a) that the company ceased to be a company with investment business in the deficit period, or
  - (b) (if the company was a company with investment business immediately before the beginning of the deficit period) that its investment business became small or negligible in the deficit period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (4) Condition C is that (if the company is a Solvency 2 insurance company) it is not the case that the whole of the deficit is a shock loss.
- (5) Condition D is that (if the company is a general insurance company) the first accounting period after the deficit period is not an excluded accounting period.
- (6) The unrelieved amount is carried forward to the first accounting period after the deficit period.
- (7) The company may make a claim for the whole or part of the unrelieved amount to be set off against the company's total profits for the first accounting period after the deficit period.
- (8) If a claim is made under subsection (7)—
  - (a) the unrelieved amount, or the part of it to which the claim relates, must be set off against the company's total profits for the first accounting period after the deficit period, and
  - (b) those profits are reduced accordingly.
- (9) No claim may be made under subsection (7) in respect of so much of the unrelieved amount as is surrendered under Part 5A of CTA 2010 (group relief for carried-forward losses).
- (10) A claim under subsection (7) must be made within—
  - (a) the period of two years after the end of the first accounting period after the deficit period, or
  - (b) such further period as an officer of Revenue and Customs allows.
- (11) No relief may be given under this section against ring fence profits of the company within the meaning of Part 8 of CTA 2010 (oil activities) or contractor's ring fence profits of the company within the meaning of Part 8ZA of that Act (oil contractors).
- (12) If —
  - (a) the company is a Solvency 2 insurance company, and
  - (b) the deficit is partly (but not wholly) a shock loss,
 subsections (6) to (9) have effect as if references to the unrelieved amount were to the eligible amount (see subsection (13)).
- (13) In this section “the eligible amount” means so much of the unrelieved amount as is not a shock loss; and for the purpose of determining how much of the unrelieved amount is, or is not, a shock loss, it is to be assumed that in setting off or surrendering amounts as mentioned in subsection (2)(a)(i) and (ii) the company uses shock losses before other amounts.
- (14) In this Chapter—
  - “company with investment business” has the same meaning as in Part 16 (see section 1218B);
  - “excluded accounting period” has the meaning given by section 269ZG of CTA 2010;
  - “general insurance company” is to be interpreted in accordance with section 269ZG of CTA 2010;
  - “shock loss” has the meaning given by section 269ZK of CTA 2010;

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

“Solvency 2 insurance company” means an insurance company as defined in section 269ZP(2) of CTA 2010.

(15) In this Chapter references to a company's investment business are to be construed in accordance with section 1219(2).

#### **463H Carry forward of unrelieved deficit against non-trading profits** **U.K.**

- (1) Subsections (4) to (8) apply if—
  - (a) section 463G would apply but for the fact that the company's investment business became small or negligible in the accounting period mentioned in subsection (3)(b) of that section,
  - (b) section 463G would apply but for condition D in that section (no carry-forward to an excluded accounting period of a general insurance company), or
  - (c) the company is a Solvency 2 insurance company and any amount of the deficit would be eligible to be carried forward under section 463G(6) were that amount not a shock loss (see section 463G(4), (12) and (13)).
- (2) Subsections (4) to (8) also apply if—
  - (a) subsections (6) to (10) of section 463G would apply but for the fact that the company's investment business became small or negligible in the accounting period mentioned in section 463I(1)(c)(ii), or
  - (b) subsections (6) to (10) of section 463G would apply but for section 463I(1)(d) (no carry-forward under those subsections to an excluded accounting period of a general insurance company).
- (3) In this section the “unrelieved amount”—
  - (a) in a case within paragraph (a) or (b) of subsection (1), is to be interpreted in accordance with section 463G(2);
  - (b) in a case within paragraph (c) of subsection (1), means the amount mentioned in that paragraph;
  - (c) in a case within subsection (2), means so much of the deficit mentioned in section 463I(1)(a) as is not set off as mentioned in section 463I(1)(b)(i) or surrendered as mentioned in section 463I(1)(b)(ii).
- (4) The unrelieved amount is carried forward to the first accounting period (“period 2”) after—
  - (a) (in a case within subsection (1)) the deficit period, or
  - (b) (in a case within subsection (2)) the period mentioned in section 463I(1)(a).
- (5) So much of the unrelieved amount as is not the subject of a claim under subsection (7) must be set off against the non-trading profits of the company for period 2.
- (6) Those profits are reduced accordingly.
- (7) The company may make a claim for relief under subsection (5) not to be given in period 2 for the unrelieved amount or so much of it as is specified in the claim.
- (8) A claim under subsection (7) is effective if, and only if, it is made—
  - (a) within the period of two years after the end of period 2, or
  - (b) within such further period as an officer of Revenue and Customs may allow.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (9) Subsection (10) applies if any amount is carried forward under subsection (4) to an accounting period (“the carry forward period”) and—
- (a) cannot be set off under subsection (5) against non-trading profits of that period, or
  - (b) is the subject of a claim under subsection (7).
- (10) If the company continues to be a company with investment business throughout the carry forward period, subsections (4) to (8) have effect as if—
- (a) references to the unrelieved amount were to the amount mentioned in subsection (9), and
  - (b) references to—
    - (i) the deficit period, or
    - (ii) the period mentioned in section 463I(1)(a),
 were to the carry forward period.
- (11) In this section “non-trading profits”, in relation to a company, means so much of the company's profits as does not consist of trading income for the purposes of section 37 of CTA 2010 (deduction of trading losses from total profits of the same or an earlier period).

#### **463I Re-application of section 463G if any deficit remains after previous application U.K.**

- (1) This section applies if—
- (a) any amount of the deficit is carried forward to an accounting period (“the later period”) of the company under section 463G(6),
  - (b) any of that amount is not—
    - (i) set off against the company's total profits for the later period on a claim under section 463G(7), or
    - (ii) surrendered as group relief for carried-forward losses under Part 5A of CTA 2010,
  - (c) it is not the case—
    - (i) that the company ceased to be a company with investment business in the later period, or
    - (ii) (if the company was a company with investment business immediately before the beginning of the later period) that its investment business became small or negligible in the later period, and
  - (d) it is not the case that the first accounting period after the later period is an excluded accounting period of a general insurance company.
- (2) Subsections (6) to (10) of section 463G apply as if—
- (a) references to the unrelieved amount were to so much of the amount of the deficit carried forward to the later period as is not set off or surrendered as mentioned in subsection (1)(b), and
  - (b) references to the deficit period were to the later period.]

#### **474 Treatment of connected companies and partnerships for section 473** **U.K.**

- (1) For the purposes of section 473(2), all the interests, rights and powers of any company connected with another company are attributed to the other company before determining any question—
- (a) whether two persons taken together have control of a company at any time, or
  - (b) whether a person has at any time interests, rights and powers representing at least 40% of the holdings, rights and powers in respect of a company.
- (2) If section 1259 (calculation of firm's profits and losses) applies, any property, rights or powers held or exercisable for the purposes of the firm are treated for the purposes of section 473, as respects any time in an accounting period of the firm, on the basis of the assumptions in subsection (3).
- (3) The assumptions are that—
- (a) the property, rights or powers had been apportioned between, and were held or exercisable by, the partners in the firm severally, and

- (4) Subsection (5) applies if—
  - (a) a trade or business is carried on by a firm, and
  - (b) the firm stands in the position of a creditor or debtor as respects a money debt.
- (5) The questions in subsection (6) are to be determined as if each of the partners in the firm separately, instead of the firm, stood in the position of a creditor or, as the case may be, a debtor as respects the money debt to the extent of that partner's appropriate share (see subsection (8)).
- (6) The questions are—
  - (a) whether a company has a major interest in another company for an accounting period in the case of a loan relationship, or
  - (b) how far any amount is treated under this Part in any particular way as a result of a company having or, as the case may be, not having such a major interest.
- (7) The references to partners in subsections (3) and (5) do not include a reference to the general partner of a limited partnership which is a collective investment scheme.
- (8) For the purposes of subsection (5), a partner's "appropriate share" is the same share as the partner's share under the firm's profit-sharing arrangements of any profit or loss calculated in accordance with section 1259 for the accounting period in question.

## 480 Relevant non-lending relationships involving discounts **U.K.**

- (1) A company has a relevant non-lending relationship if—
- (a) the company stands in the position of creditor in relation to a money debt,
  - (b) the money debt did not arise from a transaction for the lending of money (and so, because of section 302(1)(b), there is no loan relationship),
  - (c) the money debt is one from which a discount arises to the company,
  - (d) the discount does not fall to be brought into account under section 509 (treatment of alternative finance arrangements as loan relationships etc) as a result of arrangements to which section 503 (purchase and resale arrangements) applies, and
  - (e) in a case where the money debt is some or all of the consideration payable for a disposal of property, conditions A and B are met.
- (2) Condition A is that the property in question is not—
- (a) an asset representing a loan relationship the disposal of which is a disposal to which subsection (3) applies, or
  - (b) an asset representing a derivative contract the disposal of which is such a disposal.
- (3) This subsection applies to a disposal if—
- (a) section 340 (group transfers and transfers of insurance business: transfer at notional carrying value) applies to it or would apply apart from section 341 (transferor using fair value accounting),

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (b) section 625 (group member replacing another as party to derivative contract) applies to it or would apply apart from section 628 (transferor using fair value accounting), or
  - (c) the whole of the consideration for the disposal is brought into account for the purposes of Part 5 (loan relationships) or Part 7 (derivative contracts).
- (4) Condition B is that, assuming that the money debt will be paid in full, it does not fall to be brought into account for corporation tax purposes as a trading receipt of the company.
- (5) For the purposes of this section, a discount is, in particular, taken to arise from a money debt if—
- (a) there is a sale of property for consideration some or all of which is money which falls to be paid after the sale,
  - (b) the amount or value of the whole consideration exceeds what the purchaser would have paid for the property if payment in full had been required at the time of the sale, and
  - (c) some or all of the excess can reasonably be regarded as representing a return on an investment of money at interest (and so as being a discount arising from the money debt).
- (6) It does not matter for the purposes of subsection (1)(c) whether the discount is of a revenue or capital nature.
- (7) This section is subject to section 485 (exclusion of debts where profits or losses within Part 7 or 8).

- (a) Part 5 (loan relationships) applies in relation to the relevant matters (see subsections (3) and (5)) as it applies in relation to such matters arising under or in relation to a loan relationship, but
  - (b) the only credits or debits to be brought into account for the purposes of that Part in respect of the relationship are those relating to those matters.
- (2) Accordingly, subject to subsection (1)(b), references in the Corporation Tax Acts to a loan relationship include a reference to a relevant non-lending relationship.
- (3) The relevant matters in the case of a relevant non-lending relationship within section 479 are—
- (a) interest payable to or by the company in respect of the relevant non-lending relationship,

  - (e) any reversal of any such impairment.
- (6) Subsection (7) applies if a company—
- (a) has a relevant non-lending relationship within section 479 because of a debt on which interest is payable to the company, but
  - (b) enters into a related transaction in respect of the right to receive interest as a result of which interest is not so payable.
- (7) Even though the interest is not payable to the company, for the purpose of bringing credits into account in respect of that or any other related transaction as a result of the application of subsection (3)(c), the company is still treated as having a relevant non-lending relationship within section 479.
- (8) Section 480(5) (when discount arises) applies for the purpose of this section as it applies for the purposes of section 480.

## 486A Overview U.K.

- (1) This Chapter provides for Part 5 to apply in relation to returns which are economically equivalent to interest (see section 486B).
- (2) For exclusions from this Chapter, see—
  - (a) section 486C (return otherwise taxable),
  - (b) section 486D (arrangement having no tax avoidance purpose), and
  - (c) section 486E (excluded shares).

## 486B Disguised interest to be regarded as profit from loan relationship U.K.

- (1) Where a company is party to an arrangement which produces for the company a return in relation to any amount which is economically equivalent to interest, Part 5 applies as if the return were a profit arising to the company from a loan relationship.
- (2) For the purposes of this Chapter a return produced for a company by an arrangement in relation to any amount is “economically equivalent to interest” if (and only if)—
  - (a) it is reasonable to assume that it is a return by reference to the time value of that amount of money,
  - (b) it is at a rate reasonably comparable to what is (in all the circumstances) a commercial rate of interest, and
  - (c) at the relevant time there is no practical likelihood that it will cease to be produced in accordance with the arrangement unless the person by whom it falls to be produced is prevented (by reason of insolvency or otherwise) from producing it.

*Status: Point in time view as at 06/04/2020.*

- (3) In subsection (2)(c) “ the relevant time ” means the time when the company becomes party to the arrangement or, if later, when the arrangement begins to produce a return for the company.
- (4) The credits and debits to be brought into account for the purposes of Part 5 in respect of the return must be determined on an amortised cost basis of accounting.
- (5) But if any of the return is not recognised in determining the company's profit or loss for any period it is to be treated as recognised using an amortised cost basis of accounting.
- (6) Where two or more persons are party to an arrangement which produces a return such as is mentioned in subsection (1)—
  - (a) for the persons (when taken together), but
  - (b) not for either (or any) of them individually,
 this section applies as if there were a profit arising to such (if any) of them as are companies from a loan relationship of so much of the return as is just and reasonable.
- (7) The only amounts which may be brought into account for corporation tax purposes in relation to a return such as is mentioned in subsection (1) in the case of any company are those which are brought into account in accordance with this section (but see section 486C).
- (8) In subsection (4) “credits” and “debits” include exchange gains and losses arising as a result of translating at different times the carrying value of the return or the amount by reference to which the return falls to be produced.
- (9) In this Chapter “ arrangement ” includes any agreement, understanding, scheme, transaction or series of transactions (whether or not legally enforceable), other than one which constitutes a finance lease (within the meaning given by section 219 of CAA 2001).

**486C Exclusion where return otherwise taxable U.K.**

- (1) This Chapter does not apply to an arrangement which produces a return for a company if or to the extent that the return—
  - (a) is charged to corporation tax as income of the company or brought into account as income of the company for corporation tax purposes no later than the time when amounts are brought into account in relation to the return in accordance with section 486B,
  - (b) arises from anything that would produce credits or debits in relation to the company under Part 7 (derivative contracts) or Part 8 (intangible fixed assets) but for any exception relating to particular credits or debits, or
  - (c) arises from anything that would produce credits or debits in relation to the company under Part 5 apart from this Chapter but for any exception relating to particular credits or debits.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. **486D Exclusion where arrangement has no tax avoidance purpose** **U.K.**

- (1) This Chapter does not apply in relation to a return produced by an arrangement to which a company is a party unless it is reasonable to assume that the main purpose, or one of the main purposes, of the company being a party to the arrangement is to obtain a relevant tax advantage.
- (2) But a company for which a return is produced by an arrangement to which this Chapter would otherwise be prevented from applying by subsection (1) may elect that this Chapter is to apply in relation to the return.
- (3) An election under subsection (2)—
- (a) may not be made by a company if section 486B applies to the company in relation to the return in accordance with subsection (6) of that section,
  - (b) must be made no later than the time when the arrangement begins to produce a return for the company, and
  - (c) is irrevocable.
- (4) In this section “ obtain a relevant tax advantage ” means secure that the return (or any part of it) is produced in a way which means that its treatment for corporation tax purposes is more advantageous to the company than it would be if it were—
- (a) charged to corporation tax as income of the company, or
  - (b) brought into account as income of the company for corporation tax purposes, at the time when amounts would be brought into account in relation to the return in accordance with section 486B.

#### 486E Excluded shares **U.K.**

- (1) This Chapter does not apply in relation to an accounting period (“ the relevant accounting period ”) of a company (“the holding company”) for which an arrangement produces a return for the company if the arrangement involves only relevant shares held by the company throughout the relevant period.
- (2) In this section “ the relevant period ” means the period—
  - (a) beginning with the later of—
    - (i) the time when the holding company becomes party to the arrangement, and

  - (b) ending with the earliest of—
    - (i) the end of the relevant accounting period,
    - (ii) the time when the holding company ceases to be party to the arrangement, and
    - (iii) the time when the arrangement ceases to produce a return for the company.
- (3) For the purposes of this section an arrangement “involves only” relevant shares if (and only if) the return produced reflects only an increase in the fair value of the shares.
- (4) For the purposes of subsection (3)—
  - (a) “ fair value ”, in relation to relevant shares held by the holding company, means an amount which the company would obtain from a knowledgeable and willing purchaser of the shares dealing at arm's length, and
  - (b) there is an increase in the fair value of shares even if the increase is realised by the payment of a distribution in respect of the shares.
- (5) In this section “ relevant shares ” means shares which, throughout the relevant period, are—
  - (a) fully paid-up shares of a relevant company, or
  - (b) shares of a company, other than a relevant company, which would be accounted for as a liability by the company in which they are shares in accordance with generally accepted accounting practice and which produce for the holding company a return in relation to any amount which is economically equivalent to interest (as to which see Chapter 6A).
- (6) For the purposes of subsection (5)(a) shares are fully paid-up if there are no actual or contingent obligations—
  - (a) to meet unpaid calls on the shares, or
  - (b) to make a contribution to the capital of the company in which they are shares that could affect the value of the shares.
- (7) For the purposes of subsection (5) a company is “a relevant company” if—
  - (a) it and the holding company are connected companies,
  - (b) it is a relevant joint venture company, or
  - (c) it is a [<sup>F590</sup>CFC within the meaning of Part 9A of TIOPA 2010].

  - (c) the second person has interests, rights and powers representing—
    - (i) at least 40%, but
    - (ii) no more than 55%,of the holdings, rights and powers in respect of which the holding company and the second person fall to be taken as controlling C.
- (10) For the purposes of subsection (9)—
- (a) section 371RB of TIOPA 2010 (read with section 371RD of that Act) applies for the purpose of determining if two persons, taken together, control a company, and

#### 521A Introduction to Chapter **U.K.**

- (1) This Chapter contains rules for Part 5 (and the other provisions of the Corporation Tax Acts) to apply in some cases as if at some times in the accounting period of a company (“A”) which holds shares of a certain kind in another company (“B”) the shares were rights under a creditor relationship of A.
- (2) See, in particular—
  - (a) section 521B (application of Part 5 to some shares as rights under creditor relationship), and
  - (b) section 521C (which describes the shares to which the rules apply).
- (3) In this Chapter references to the investing company are to A and references to the issuing company are to B.
- (4) For the purposes of this Chapter, the definition of “share” in section 476(1) only applies so far as it provides that “share” does not include a share in a building society.
- (5) Section 550(3) (repos: ignoring effect on borrower of sale of securities) does not apply for the purposes of this Chapter.
- (6) See section 116B of TCGA 1992 for the effect for chargeable gains purposes of shares beginning or ceasing to be shares to which section 521C applies.

#### 521B Application of Part 5 to certain shares as rights under creditor relationship **U.K.**

- (1) This section applies in relation to the times in a company's accounting period when—
  - (a) the company holds a share in another company, and
  - (b) section 521C (shares accounted for as liabilities) applies to the share.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) Part 5 (and the other provisions of the Corporation Tax Acts) apply as if at those times—
  - (a) the share were rights under a creditor relationship of the investing company, and
  - (b) any distribution in respect of the share were not a distribution (and accordingly is within Part 5).
- (3) Where Part 5 applies in relation to the investing company in accordance with subsection (2) it so applies as if the issuing company stood in the position of debtor as respects the debt in question.
- (4) No debits are to be brought into account by the investing company as respects the share but this does not affect debits to be brought into account in respect of exchange gains or losses.
- (5) Subsection (2)(b) does not affect the operation of Part 1 of Schedule 25 of ICTA (controlled foreign companies: acceptable distribution policy) (including as it continues to have effect in accordance with paragraph 8(1) of Schedule 16 to FA 2009).
- (6) In this Chapter references to “the share” are to the share mentioned in subsection (1).

#### **521C Shares accounted for as liabilities U.K.**

- (1) This section applies to the share if—
  - (a) the share would be accounted for by the issuing company as a liability in accordance with generally accepted accounting practice,
  - (b) the share produces for the investing company a return in relation to any amount which is economically equivalent to interest,
  - (c) the issuing company and the investing company are not connected companies,
  - (d) the condition in subsection (4) is met,
  - (e) the share is not an excepted share (see section 521D), and
  - (f) the investing company holds the share for an unallowable purpose (see section 521E).
- (2) For the purposes of this section a return produced for a company by an arrangement in relation to any amount is “economically equivalent to interest” if (and only if)—
  - (a) it is reasonable to assume that it is a return by reference to the time value of that amount of money,
  - (b) it is at a rate reasonably comparable to what is (in all the circumstances) a commercial rate of interest, and
  - (c) at the relevant time there is no practical likelihood that it will cease to be produced in accordance with the arrangement unless the person by whom it falls to be produced is prevented (by reason of insolvency or otherwise) from producing it.
- (3) In subsection (2)(c) “the relevant time” means the time when the investing company first holds the share or, if later, when the share begins to produce a return for the investing company.
- (4) The condition mentioned in subsection (1)(d) is that the share does not fall to be treated for the accounting period in question as if it were rights under a creditor relationship

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. of the investing company because of section 490 (holdings in OEICs, unit trusts and offshore funds treated as creditor relationship rights).

- (5) Section 466 (companies connected for an accounting period) applies for the purposes of this section.

**Modifications etc. (not altering text)**

**C99** S. 521C applied by 2010 c. 8, s. 371SQ(2) (as inserted (17.7.2012) by [Finance Act 2012 \(c. 14\)](#), [Sch. 20 para. 1](#))

**521D Excepted shares** **U.K.**

- (1) A share is an excepted share for the purposes of section 521C if it is—
- a qualifying publicly-issued share (see subsection (2)), or
  - a share which mirrors a public issue (see subsections (3) and (4)).
- (2) A share is a “qualifying publicly-issued share” if—
- it was issued by a company as part of an issue of shares to persons not connected with the company, and
  - less than 10% of the shares in that issue are held by the investing company or persons connected with it.
- (3) The first case where shares (“the mirroring shares”) mirror a public issue is where—
- a company (“company A”) issues shares (“the public issue”) to persons not connected with the company,
  - within 7 days of that issue, one or more other companies (“companies BB”) issue the mirroring shares to company A on the same terms as the public issue or substantially the same terms,
  - company A and companies BB are associated companies (see subsection (5)), and
  - the total nominal value of the mirroring shares does not exceed the nominal value of the public issue.
- (4) The second case where shares (“the second level mirroring shares”) mirror a public issue is where, in the circumstances of the first case—
- within 7 days of the public issue, one or more other companies (“companies CC”) issue the second level mirroring shares to one or more of companies BB on the same terms as the public issue or substantially the same terms,
  - company A, companies BB and companies CC are associated companies (see subsection (5)), and
  - the total nominal value of the second-level mirroring shares does not exceed the nominal value of the public issue.
- (5) For the purposes of subsections (3) and (4) companies are associated companies if they are members of the same group of companies for the purposes of <sup>F643</sup>Part 5 of CTA 2010 (group relief) (see section 152 of that Act)].

## 521E Unallowable purpose **U.K.**

- (1) For the purposes of section 521C, the investing company holds the share for an unallowable purpose if the main purpose, or one of the main purposes for which the company holds the share is to obtain a relevant tax advantage.
- (2) But the investing company may elect that this Chapter is to apply in relation to the share even though it would otherwise be prevented from applying by subsection (1) (f) of that section.

- (1) This section applies so far as in an accounting period a company is a party to a derivative contract for the purposes of a trade it carries on.
- (2) The credits in respect of the contract for the period are treated as receipts of the trade which are to be brought into account in calculating the profits of the trade for that period.
- (3) The debits in respect of the contract for the period are treated as expenses of the trade which are deductible in calculating those profits.
- (4) So far as subsection (3) provides for any amount to be deductible, it applies despite anything in—
  - (a) section 53 (capital expenditure),
  - (b) section 54 (expenses not wholly and exclusively for trade and unconnected losses), or
  - (c) section 59 (patent royalties).
- (5) For cases in which this section does not apply, see—
  - (a) section 616 (disapplication of fair value accounting for certain embedded derivatives), and
  - (b) Chapter 7 (chargeable gains arising in relation to derivative contracts).

**574 Non-trading credits and debits to be brought into account under Part 5 U.K.**

- (1) This section applies if, for an accounting period, there are credits or debits in respect of the derivative contracts of a company which are not brought into account in accordance with section 573.
- (2) Those credits or debits—
  - (a) are to be treated as non-trading credits or non-trading debits (within the meaning of Part 5 (loan relationships)) for the period, and
  - (b) are accordingly to be brought into account in determining whether the company has non-trading profits or a non-trading deficit from its loan relationships for the period.

[<sup>F673</sup>(2A) In the case of a non-UK resident company, subsection (2) needs to be read with section 5(3), (3A)(b) and (3B)(b) (territorial scope of charge to corporation tax).]

- (3) For cases in which this section does not apply, see—
  - (a) section 616 (disapplication of fair value accounting for certain embedded derivatives), and

## CHAPTER 2 U.K.

### CONTRACTS TO WHICH THIS PART APPLIES

#### *Introduction*

### 575 Overview of Chapter U.K.

- (1) This Chapter makes provision about the contracts to which this Part applies.
- (2) In particular, it—
  - (a) contains a definition of “derivative contract” (see section 576),
  - (b) contains other definitions (such as “relevant contract”, “option”, “future” and “contract for differences”) which are used in determining whether a contract is a derivative contract (see sections 577 to 583),
  - (c) makes provision about cases in which companies are treated as parties to relevant contracts (see sections 584 to 586),
  - (d) provides for certain contracts and transactions to be treated as derivative contracts (see sections 587 and 588), and
  - (e) provides for certain contracts to be treated as not being derivative contracts because of their underlying subject matter (see sections 589 to 593).

#### *Meaning of “derivative contract” and other basic definitions*

### 576 “Derivative contract” U.K.

- (1) For the purposes of this Part, a contract of a company is a derivative contract of the company for an accounting period if it—
  - (a) is a relevant contract (see sections 577 and 578),
  - (b) meets any of the accounting conditions for the accounting period (see section 579), and
  - (c) is not prevented from being a derivative contract by section 589 (contracts excluded because of underlying subject matter: general) or any other provision of the Corporation Tax Acts.
- (2) See also sections 587 and 588 (other contracts etc treated as derivative contracts).
- (3) But note section 701 which includes power to amend the provisions of this Chapter relating to the meaning of “derivative contract”.

### 577 “Relevant contract” U.K.

- (1) In this Part “relevant contract” means—
  - (a) an option,

- (b) a future, or
  - (c) a contract for differences.
- (2) For the meaning of “option”, “future” and “contract for differences”, see sections 580, 581 and 582 respectively.

### **578 Relevant contracts of a company and being party to such contracts** **U.K.**

- (1) For the purposes of this Part, references to a relevant contract of a company are references to a relevant contract entered into or acquired by the company (but see subsection (3)).
- (2) For the purposes of this Part, a relevant contract is acquired by a company if the company becomes—
- (a) entitled to the rights under the relevant contract, and
  - (b) subject to the liabilities under it.
- (3) For particular cases where companies are treated as parties to relevant contracts, see—
- (a) section 584 (hybrid derivatives with embedded derivatives),
  - (b) section 585 (loan relationships with embedded derivatives), and
  - (c) section 586 (other contracts with embedded derivatives).
- (4) References in this Part to a company being a party to a relevant contract are to be read in accordance with this section.

### **579 The accounting conditions** **U.K.**

- (1) The accounting conditions for any accounting period are that—
- (a) the relevant contract is treated for accounting purposes as a derivative,
  - (b) the relevant contract—
    - (i) is not so treated just because of not meeting the requirement in paragraph 9(b) of Financial Reporting Standard 26 issued in December 2004 by the Accounting Standards Board (requirement for no initial net investment or smaller initial net investment than comparable types of contract), but
    - (ii) is or forms part of a financial asset or liability for accounting purposes, or
  - (c) the relevant contract is not within paragraph (a) or (b), but is within subsection (2).
- (2) A relevant contract is within this subsection if—
- (a) its underlying subject matter is commodities, or
  - (b) it is a contract for differences whose underlying subject matter is—
    - (i) land,
    - (ii) tangible movable property, other than commodities which are tangible assets,

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) For the purposes of subsection (1)(a), a relevant contract of a company is treated for accounting purposes as a derivative for an accounting period if for that period—

  - (b) it would be so treated if the company used the relevant accounting standard for that period in respect of the contract.
- (4) For the purposes of subsection (1)(b), a relevant contract of a company is or forms part of a financial asset or liability for accounting purposes for an accounting period if for that period—
- (a) it is or does so for the purposes of the relevant accounting standard used by the company for that period, or
  - (b) it would be or would do so if the company used the relevant accounting standard for that period in respect of the contract.

- (6) For the meaning of “underlying subject matter”, see section 583.

**580 “Option” U.K.**

- (1) In this Part “option” includes a warrant.
- (2) References in this Part to an option do not include a contract whose terms—
- (a) provide—
    - (i) that, after setting off their obligations to each other under the contract, a cash payment is to be made by one party to the other in respect of the excess, if any, or
    - (ii) that each party is liable to make to the other party a cash payment in respect of all that party's obligations to the other under the contract, and
  - (b) do not provide for the delivery of any property.
- (3) Subsection (2) does not prevent an option whose underlying subject matter is currency from being an option.
- (4) But see—
- (a) section 652 (introduction to sections 653 to 655),
  - (b) section 665 (issuers of securities with embedded derivatives: equity instruments), and
  - (c) section 695 (transfers of value to connected companies),
- in which “option” is to be construed as if subsections (2) and (3) were omitted.

  - (a) the price is left to be determined by reference to the price at which a contract is to be entered into on a market or exchange or could be entered into at a time and place specified in the contract, or
  - (b) in a case where the contract is expressed to be by reference to a standard lot and quality, provision is made for a variation in the price to take account of any variation in quantity or quality on delivery.
- (3) References in this Part to a future do not include a contract whose terms—
  - (a) provide—
    - (i) that, after setting off their obligations to each other under the contract, a cash payment is to be made by one party to the other in respect of the excess, if any, or
    - (ii) that each party is liable to make to the other party a cash payment in respect of all that party's obligations to the other under the contract, and

  - section 526(2) (meaning of “non-qualifying share”), and
  - section 532 (meaning of “associated transaction” and “the associated transactions condition”).
- (3) Subsection (4) applies in a case which falls within section 523(1)(b)(ii) (loan relationships: non-qualifying shares) because the share mentioned in section 523(1)(a) is a non-qualifying share as a result of the associated transactions condition being met.
- (4) An associated transaction is treated for the purposes of this Part as a derivative contract or a transaction in respect of a derivative contract if it is not in fact such a contract or transaction.

**594A Matters in respect of which amounts are to be brought into account** **U.K.**

- (1) The matters in respect of which amounts are to be brought into account for the purposes of this Part in respect of a company's derivative contracts are—
  - (a) profits and losses of the company which arise to it from its derivative contracts and related transactions (excluding expenses), and
  - (b) expenses incurred by the company under or for the purposes of those contracts and transactions.
- (2) Expenses are only treated as incurred as mentioned in subsection (1)(b) if they are incurred directly—
  - (a) in bringing any of the derivative contracts into existence,
  - (b) in entering into or giving effect to any of the related transactions,
  - (c) in making payments under any of those contracts or as a result of any of those transactions, or
  - (d) in taking steps to secure the receipt of payments under any of those contracts or in accordance with any of those transactions.

- (4) In subsection (1) “profits and losses” include profits and losses of a capital nature.
- (5) For the meaning of “related transaction”, see section 596.]

*General principles*

**595 General principles about the bringing into account of credits and debits** **U.K.**

- (1) This Part operates by reference to the accounts of companies and amounts recognised for accounting purposes in those accounts.
- (2) The general rule is that the amounts to be brought into account by a company as credits or debits for any period for the purposes of this Part [<sup>F682</sup>in respect of the matters mentioned in section 594A(1)] are those which are recognised in determining the company's profit or loss for the period in accordance with generally accepted accounting practice <sup>F683</sup> ... .
- [<sup>F684</sup>(2A) Subsections (2B) and (2C) apply if an accounting period of a company does not coincide with one or more of its periods of account.
- (2B) The amounts referred to in subsection (2) are to be determined by apportionment in accordance with section 1172 of CTA 2010 (time basis).
- (2C) But if it appears that apportionment in accordance with that section would work unreasonably or unjustly for an accounting period, subsection (2) is to be read as referring to amounts that would have been recognised in determining the company's profit or loss for that period in accordance with generally accepted accounting practice if accounts had been drawn up for that period.]

#### **601 Contract relating to holding in OEIC, unit trust or offshore fund U.K.**

- (1) This section applies if a company is a party in an accounting period to a relevant contract which is treated as a derivative contract under section 587 (contract relating to holding in OEIC, unit trust or offshore fund).
- (2) The credits and debits which are to be brought into account in accordance with this Part in respect of the relevant contract are to be determined on the basis of fair value accounting.

#### **602 Contract becoming one relating to holding in OEIC, unit trust or offshore fund U.K.**

- (1) This section applies if—
  - (a) a company is a party to a relevant contract in two successive accounting periods,
  - (b) section 587 (contract relating to holding in OEIC, unit trust or offshore fund) applies in relation to the relevant contract for the second accounting period but not the first accounting period, and
  - (c) immediately before the beginning of the second accounting period the relevant contract was a chargeable asset.
- (2) For the purposes of section 601(2), the opening valuation of the contract as at the beginning of the second accounting period is taken to be equal to the market value of the contract.
- (3) In subsection (2) “the market value of the contract” means the amount which would have been the market value of the contract for the purposes of corporation tax on chargeable gains if it had been disposed of immediately before the end of the first accounting period.
- (4) For the rules which apply where the company ceases to be a party to the contract, see section 660 (company ceasing to be party to contract relating to holding in OEIC, unit trust or offshore fund).

#### **603 Associated transaction treated as derivative contract U.K.**

- (3) Subsection (4) applies if credits and debits are required to be brought into account in accordance with this Part in respect of any associated transaction because of section 588 (which treats such a transaction which is not a derivative contract as if it were).
- (4) Those credits and debits are to be determined on the basis of fair value accounting.

*Rules differing from generally accepted accounting practice*

**604 Credits and debits treated as relating to capital expenditure** **U.K.**

- [<sup>F700</sup>(1) This section applies if—
- (a) an amount for an accounting period in respect of a company's derivative contract relates to any of the matters in section 594A(1),
  - (b) generally accepted accounting practice allows the amount to be treated in the company's accounts as an amount recognised in determining the carrying value of an asset or liability, and
  - (c) any profit or loss for corporation tax purposes in relation to that asset or liability will not fall to be calculated in accordance with generally accepted accounting practice.
- (2) Despite that treatment, the amount must be brought into account as a credit or debit in accordance with this Part, for the accounting period in which it is recognised, in the same way as an amount which is brought into account as a credit or debit in determining the company's profit or loss for that period in accordance with generally accepted accounting practice.

**[<sup>F703</sup> 604A] Amounts recognised in other comprehensive income and not transferred to profit or loss **U.K.****

- (1) This section applies if—
  - (a) in a period of account a derivative contract of a company ceases in accordance with generally accepted accounting practice to be recognised in the company's accounts,
  - (b) amounts relating to the matters mentioned in section 594A(1) in respect of that derivative contract have in accordance with generally accepted accounting practice been recognised in the company's accounts as items of other comprehensive income and have not subsequently been transferred to become items of profit or loss, and
  - (c) condition A or B is met.
- (2) Condition A is that, at the time when the derivative contract ceases to be recognised, it is not expected that the amounts mentioned in subsection (1)(b) will in future be transferred to become items of profit or loss.
- (3) Condition B is that, at any later time, it is no longer expected that the amounts mentioned in subsection (1)(b) will in future be transferred to become items of profit or loss.
- (4) The amounts mentioned in subsection (1)(b)—
  - (a) must be brought into account for the purposes of this Part as credits or debits for the period of account in which the time mentioned in subsection (2) or (3) falls, in the same way as a credit or debit which is brought into account in determining the company's profit or loss for that period in accordance with generally accepted accounting practice, and
  - (b) must not be brought into account for a later period of account even if they are subsequently transferred to become items of profit or loss for the later period.
- (5) This section applies in a case where part of a derivative contract of a company ceases to be recognised in the company's accounts as it applies in a case where the whole of a derivative contract ceases to be recognised, but as if the reference in subsection (1)(b) to amounts in respect of a derivative contract were a reference to so much of those amounts as are attributable to that part of the derivative contract.
- (6) In determining what amounts fall within subsection (1)(b) at any time in an accounting period, it is to be assumed that the accounting policy applied in drawing up the company's accounts for the period was also applied in previous accounting periods.
- (7) But if the company's accounts for the period are in accordance with generally accepted accounting practice drawn up on an assumption as to the accounting policy in previous accounting periods which differs from that mentioned in subsection (6), that different assumption applies in determining what amounts fall within subsection (1)(b) at the time in question.
- (8) In this section “item of profit or loss” and “item of other comprehensive income” each has the meaning that it has for accounting purposes.]

#### 613 Introduction to sections 614 and 615 U.K.

- [<sup>F728</sup>(1) Sections 614 and 615 (adjustments on change of accounting basis) apply if—
- (a) a company changes, from one period of account or accounting period to the next, the basis of accounting on which credits and debits relating to its derivative contracts or any of them are calculated for the purposes of this Part,

    - (i) is made in order to comply with a provision made by or under this Part requiring those credits and debits to be determined on a particular basis of accounting, or
    - (ii) results from a change of the company's accounting policy,
  - (c) the change of basis is not made in order to comply with amending legislation not applicable to the previous period,

- (2) In this section and those sections—
- (a) the first of [<sup>F729</sup>the periods mentioned in subsection (1)] is referred to as “the earlier period”, and
  - (b) the next is referred to as “the later period”.
- <sup>F730</sup>(3) . . . . .
- (4) If an election is made under section 416, this section and sections 614 and 615 apply as if there were a change of accounting policy consisting of the company treating the assets referred to in section 416(1)(c) as mentioned in section 585(1) as from the date the election has effect.

**[<sup>F731</sup>614 Change of basis of accounting involving change of value U.K.]**

- (1) If there is a difference between—
- (a) the tax-adjusted carrying value of a derivative contract at the end of the earlier period, and
  - (b) the tax-adjusted carrying value of that derivative contract at the beginning of the later period,
- a credit or debit (as the case may be) of an amount equal to the difference must be brought into account for the purposes of this Part for the later period in the same way as a credit or debit which is brought into account in determining the company's profit or loss for that period in accordance with generally accepted accounting practice.
- (2) This section does not apply so far as the credit or debit falls to be brought into account apart from this section.]

**Textual Amendments**

  - (b) any amounts relating to the matters mentioned in section 594A(1) in respect of the derivative contract that have in accordance with generally accepted accounting practice been recognised in the company's accounts as items of other comprehensive income and not transferred to become items of profit or loss.]

- [<sup>F736</sup>(7) In determining what amounts fall within subsection (5)(b) at the beginning or end of a period, it is to be assumed that the accounting policy applied in drawing up the company's accounts for the period was also applied in previous periods.
- (8) But if the company's accounts for the period are in accordance with generally accepted accounting practice drawn up on an assumption as to the accounting policy in previous periods which differs from that mentioned in subsection (7), that different assumption applies in determining what amounts fall within subsection (5)(b) at the beginning or end of the period.]

### *Certain embedded derivatives*

## **616 Disapplication of fair value accounting U.K.**

- (1) This section applies if—
- (a) a company is treated as a party to a relevant contract under section 584(2)(a) or 586(2) (“the embedded derivative”),
  - (b) the embedded derivative is a derivative contract which meets the condition in section 579(1)(a) (contract treated for accounting purposes as derivative),
  - (c) section 592 (embedded derivatives treated as meeting condition in section 591 etc) does not apply in relation to the embedded derivative, and
  - (d) regulation 9 of the Disregard Regulations (interest rate contracts) does not apply to the embedded derivative.
- (2) If this section applies—
- (a) sections 573 and 574 (trading credits and debits to be brought into account under Part 3 and non-trading credits and debits to be brought into account under Part 5) do not apply in relation to the embedded derivative, and
  - (b) subsection (3) or subsections (4) to (6) apply in relation to the original contract, depending on whether that contract is a hybrid derivative or a contract within section 586(1).
- (3) If the original contract is a hybrid derivative, profits and losses are to be calculated for the purposes of this Part as if that contract—
- (a) were not one where the rights and liabilities are treated for accounting purposes as divided as mentioned in section 584(1) (hybrid derivatives with embedded derivatives), and
  - (b) were not one in relation to which a fair value basis of accounting is used.
- (4) If the original contract is a contract within section 586(1), profits and losses are to be brought into account for the purposes of the Corporation Tax Acts in relation to that contract as if that contract—
- (a) were not one where the rights and liabilities are treated for accounting purposes as divided as mentioned in section 586(1) (other contracts with embedded derivatives), and
  - (b) were not one in relation to which a fair value basis of accounting is used.
- (5) Accordingly, this Part does not apply to the original contract (except for the purposes of this section), but section 46 applies to that contract as if fair value accounting were not generally accepted accounting practice in relation to the company.
- (6) Subsections (4) and (5) apply despite section 699(1) (priority of this Part for corporation tax purposes).
- (7) In this section—

“the Disregard Regulations” means the Loan Relationships and Derivative Contracts (Disregard and Bringing into Account of Profits and Losses) Regulations 2004 (S.I. 2004/3256), and

“the original contract” means—

- (a) the hybrid derivative as a result of which the company falls to be treated under section 584(2) (hybrid derivatives with embedded derivatives) as a party to the embedded derivative, or
- (b) the contract within section 586(1) (other contracts with embedded derivatives) as a result of which the company falls to be treated under section 586(2) as a party to the embedded derivative.

### **617 Election for section 616 not to apply** **U.K.**

- (1) A company may elect that section 616 is not to apply in relation to its contracts.
- (2) But such an election does not apply to a contract if—
  - (a) the contract is a contract of long-term insurance, or
  - (b) the underlying subject matter of the embedded derivative is, or includes, commodities.
- (3) An election under this section—
  - (a) must be made before the end of the first applicable accounting period of the company, and
  - (b) is irrevocable.
- (4) In subsection (3) “the first applicable accounting period” means the first accounting period in which the conditions in section 616(1) are met.
- (5) Section 618 makes further provision about elections under this section.

### **618 Elections under section 617: groups of companies** **U.K.**

- (1) If—
  - (a) a company makes an election under section 617 in relation to its contracts, and
  - (b) another company, which is a member of the same group as the company making the election, is a party to a contract to which the election applies,
 the other company is treated, in relation to that contract, as if it had also made such an election.
- (2) If—
  - (a) a company (“the electing company”) makes an election under section 617 in relation to its contracts,
  - (b) another company (“the transferee”) becomes a party to a contract to which section 584 (hybrid derivatives with embedded derivatives) or section 586 (other contracts with embedded derivatives) applies, in place of the electing company (whether before or after the election is made), and
  - (c) the transferee is a member of the same group of companies as the electing company at the time of the transfer,
 the transferee is treated, in relation to the contract mentioned in paragraph (b), as if it had also made such an election.
- (3) If—

- (a) a company (“A”) is treated under section 584 or 586 as a party to a relevant contract in relation to which section 616(1) applies,
  - (b) another company (“B”) becomes a party to that contract in place of A,
  - (c) A and B are members of the same group of companies when B becomes a party to the contract, and
  - (d) section 616(1) does not apply in relation to B's other relevant contracts because of an election under section 617 (whenever made),
- subsection (4) applies, unless A, subsequent to B's becoming a party to the contract, makes such an election.
- (4) B is treated, in relation to the contract mentioned in subsection (3)(b), as if section 616(1) applied in relation to it.
  - (5) In this section, references to a company being a member of the same group of companies are to be read in accordance with section 170 of TCGA 1992 (interpretation of sections 171 to 181 of that Act: groups).

#### *Partnerships involving companies*

### **619 Partnerships involving companies** **U.K.**

- (1) This section applies if—
  - (a) a trade or business is carried on by a firm,
  - (b) any of the partners in the firm is a company (a “company partner”), and
  - (c) the firm is a party to a contract which is a derivative contract or would be a derivative contract if the firm were a company.
- (2) No credits or debits may be brought into account in accordance with this Part in respect of the contract in calculating the profits and losses of the trade or business for corporation tax purposes under section 1259 (calculation of firm's profits and losses).
- (3) Instead, each company partner must bring into account in accordance with this Part credits and debits in respect of the contract for each of its accounting periods in which the conditions in subsection (1) are met.
- (4) Sections 620 (determination of credits and debits by company partners) and 621 (company partners using fair value accounting) contain special rules about the credits and debits to be brought into account under subsection (3).
- (5) In sections 620 and 621 “company partner” has the same meaning as in this section.

### **620 Determination of credits and debits by company partners** **U.K.**

- (1) The credits and debits to be brought into account under section 619(3) are to be determined separately for each company partner as follows.
- (2) The contract entered into or acquired by the firm is treated as if it were instead entered into or acquired by the company partner for the purposes of the trade or business which the company partner carries on.
- (3) Anything done by or in relation to the firm in connection with the contract is treated as done by or in relation to the company partner.

- (a) statement of total recognised gains and losses,
  - (b) statement of recognised income and expense,
  - (c) statement of changes in equity, or
  - (d) statement of income and retained earnings,
- they are treated as if they had been recognised in the corresponding statement of the company partner.
- (5) The credits and debits in the case of each company partner are the partner's appropriate share of the total credits and debits determined in accordance with subsections (2) to (4).
- (6) A company partner's “appropriate share” is the share which would be apportioned to it on the assumption in subsection (7).
- (7) The assumption is that the total credits and debits determined in accordance with subsections (2) to (4) are apportioned between the partners in the shares in which any profit or loss would be apportioned between them in accordance with the firm's profit-sharing arrangements.

## **621 Company partners using fair value accounting** **U.K.**

- (1) This section applies if a company partner uses fair value accounting in relation to its interest in the firm.
- (2) The credits and debits to be brought into account by the company partner under section 619(3) are to be determined on the basis of fair value accounting.

- (2) The company is treated for the purposes of this Part as if it had disposed of the contract in a related transaction at the relevant time for consideration of an amount equal to the notional carrying value of the contract at that time.
- (3) In this section “the relevant time” means the time when the contract ceases to be a derivative contract.
- (4) For the purposes of this section, the “notional carrying value” of the contract at the relevant time is the amount which would have been [<sup>F737</sup>the tax-adjusted carrying value of the contract based on] the accounts of the company if a period of account had ended immediately before that time.

## 623 Index-linked gilt-edged securities with embedded contracts for differences **U.K.**

- (1) This section applies to a derivative contract of a company for an accounting period if each of conditions A to D is met.
- (2) Condition A is that the derivative contract is a relevant contract to which the company is treated as a party under section 585(2) (loan relationships with embedded derivatives) because of a creditor relationship of the company.
- (3) Condition B is that the derivative contract is treated as a contract for differences by section 585(3) (contract treated as option, future or contract for differences).
- (4) Condition C is that the creditor relationship is an index-linked gilt-edged security.

## CHAPTER 5 **U.K.**

### CONTINUITY OF TREATMENT ON TRANSFERS WITHIN GROUPS

#### *Introductory*

## 624 Introduction to Chapter **U.K.**

- (1) This Chapter makes provision—
  - (a) about continuity of treatment in some cases in which a company replaces a member of the same group of companies as a party to a derivative contract, and
  - (b) about cases in which the company ceases to be a member of the group.
- (2) For the meaning of references in this Chapter to a company replacing another as a party to a derivative contract, see section 627.

*Group member replacing another as party to derivative contract*

**625 Group member replacing another as party to derivative contract** U.K.

- (1) This section applies if—
- (a) there is a transaction within section 626(2) or a series of transactions within section 626(3),
  - (b) as a result one of the companies involved (“the transferee”) directly or indirectly replaces the other (“the transferor”) as a party to a derivative contract.
- (2) The credits and debits to be brought into account in accordance with this Part in respect of the derivative contract are determined in accordance with subsections (3) to (5).
- (3) For the accounting period in which the transaction or, as the case may be, the first of the transactions takes place, the transferor is treated as having entered into that transaction for consideration of an amount equal to the notional carrying value of the contract (see subsection (6)).
- (4) For any accounting period in which the transferee is a party to the contract, it is treated as if it had acquired the contract for consideration of an amount equal to its notional carrying value.
- (5) If a discount arises in respect of the transaction or series of transactions, the consideration is increased for the purposes of subsection (3) (but not subsection (4)) by the amount of the discount.
- (6) For the purposes of this section—
- (a) “discount” has same meaning as in section 480 (relevant non-lending relationships involving discounts), and
  - (b) the notional carrying value of a contract is the amount which would have been <sup>[F738]</sup>its tax-adjusted carrying value based on] the accounts of the transferor if a period of account had ended immediately before the date when the transferor ceased to be a party to the contract.
- (7) <sup>[F739]</sup>Part 4 of TIOPA 2010] (provision not at arm's length) does not apply in relation to the amounts in respect of which credits or debits are to be brought into account under this section.

### CHARGEABLE GAINS ARISING IN RELATION TO DERIVATIVE CONTRACTS

#### *Introduction*

### 639 Overview of Chapter **U.K.**

- (1) This Chapter makes provision about cases in which—
- (a) credits and debits are not to be brought into account in accordance with section 574 (non-trading credits and debits to be brought into account under Part 5: loan relationships) (see sections 640 and 643 to 650), but
  - (b) instead profits arising to a company from its derivative contracts are chargeable to corporation tax as chargeable gains (see sections 641 to 650).
- (2) This Chapter also makes provision about cases in which—
- (a) credits and debits are not to be brought into account in accordance with section 573 (trading credits and debits to be brought into account under Part 3: trading income) or section 574 (non-trading credits and debits to be brought into account under Part 5: loan relationships) (see section 651), but

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (b) instead provisions relating to corporation tax on chargeable gains apply in relation to derivative contracts (see sections 652 to 658).

*Some credits and debits not to be brought into account under Part 5*

#### **640 Credits and debits not to be brought into account under Part 5 U.K.**

- (1) If any of the provisions in subsection (2) applies to a derivative contract of a company for an accounting period, section 574 (non-trading credits and debits to be brought into account under Part 5: loan relationships) does not apply to the relevant credits and debits.
- (2) The provisions are—
- (a) section 643 (contracts relating to land or certain tangible movable property),
  - (b) section 645 (creditor relationships: embedded derivatives which are options),
  - (c) section 648 (creditor relationships: embedded derivatives which are exactly tracking contracts for differences), and
  - (d) section 650 (property based total return swaps).
- (3) For the meaning of “relevant credits” and “relevant debits”, see section 659.
- (4) For the treatment of the relevant credits and debits in the case of a derivative contract to which section 643, 645, 648 or 650 applies, see section 641 (derivative contracts to be taxed on a chargeable gains basis).

*Some derivative contracts to be taxed on a chargeable gains basis*

#### **641 Derivative contracts to be taxed on a chargeable gains basis U.K.**

- (1) This section applies to a derivative contract of a company for an accounting period if any of the provisions in subsection (2) applies to the derivative contract for the period.
- (2) The provisions are—
- (a) section 643 (contracts relating to land or certain tangible movable property),
  - (b) section 645 (creditor relationships: embedded derivatives which are options),
  - (c) section 648 (creditor relationships: embedded derivatives which are exactly tracking contracts for differences), and
  - (d) section 650 (property based total return swaps).
- (3) For the purposes of corporation tax on chargeable gains—
- (a) if C exceeds D, a chargeable gain equal to the amount of the excess is treated as accruing to the company in the accounting period,
  - (b) if D exceeds C, an allowable loss equal to the amount of the excess is treated as accruing to the company in the accounting period.
- (4) “C” means the sum of the relevant credits for the accounting period in respect of the derivative contract.
- (5) “D” means the sum of the relevant debits for the accounting period in respect of the derivative contract.
- (6) For a case in which this section does not apply, see section 642.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (7) See also section 663 (carry back of net losses on derivative contracts to which this section applies).

#### 642 Exception from section 641 **U.K.**

- (1) Section 641 does not apply to a derivative contract to which section 645 applies if, on the assumptions in subsection (2), paragraph 2 of Schedule 7AC to TCGA 1992 (substantial shareholding exemptions: gain on disposal of asset related to shares not a chargeable gain) would apply to the gain mentioned in subsection (2)(d).
- (2) Those assumptions are that—
- (a) the rights and liabilities treated as comprised in the derivative contract were contained in a separate contract,
  - (b) that separate contract was an option,
  - (c) that option was disposed of at the end of the accounting period, and

## Interpretation

### 659 Meaning of “relevant credits” and “relevant debits” **U.K.**

- (1) This section applies for the purposes of this Chapter.
- (2) In the case of a derivative contract which is not one to which section 650 (property based total return swaps) applies for an accounting period, the relevant credits and debits are the credits and debits which are given in relation to the derivative contract for the accounting period by section 595.
- (3) In the case of a derivative contract to which section 650 applies for an accounting period, the relevant credits and debits are the credits and debits which—

N is the amount which is the notional principal amount in the case of the derivative contract, and

R% is the percentage change (if any) in the capital value index over the relevant period.
- [<sup>F766</sup>(4A) But if the derivative contract has effect such that the return arising from the contract, so far as calculated by reference to that index, is calculated by reference to a percentage (“the capped percentage”) which is closer to zero than the full percentage change in that index over that period (or which is zero even though there has been a change in that index), for the purposes of subsection (4) R% is the capped percentage.]
- (5) In subsection (4) “the relevant period” means—
  - (a) the accounting period, if the company is a party to the derivative contract throughout that period,
  - (b) in any other case, any part of the accounting period throughout which the company is a party to the derivative contract.
- (6) For the meaning of “the capital value index”, see section 650(4).

- (2) The net section 641 gains for the gains period are reduced (but not below nil) by the amount in respect of which the claim is made.
- (3) And the net section 641 losses for the loss period are reduced by the amount in respect of which the claim is made.
- (4) For the purposes of this section—

$$\frac{A}{B}$$

where—

A is the number of days in the gains period which fall within the 24 month period mentioned in section 663(1)(c), and

## CHAPTER 9 U.K.

### EUROPEAN CROSS-BORDER TRANSFERS OF BUSINESS

#### *Introduction*

#### 674 Introduction to Chapter U.K.

- (1) This Chapter applies if—
- (a) condition A or B is met, and
  - (b) each of the companies mentioned in subsection (2)(a) or (3)(a) makes a claim under this section,
- but see section 677 (tax avoidance etc) and section 680 (disapplication of Chapter where transparent entities involved).
- (2) Condition A is that—
- (a) a company resident in one member State transfers to a company resident in another member State the whole or part of a business carried on in the United Kingdom,
  - (b) the transfer is wholly in exchange for shares or debentures issued by the transferee to the transferor, and
  - (c) immediately after the transfer the transferee is within the charge to corporation tax.
- (3) Condition B is that—
- (a) a company transfers part of its business to one or more companies,
  - (b) the transferor is resident in one member State,
  - (c) the part of the transferor's business which is transferred is carried on by the transferor in the United Kingdom,
  - (d) at least one transferee is resident in a member State other than that in which the transferor is resident (and each transferee is resident in a member State, but not necessarily the same one),
  - (e) the transferor continues to carry on a business after the transfer,
  - (f) immediately after the transfer each transferee is within the charge to corporation tax, and
  - (g) the transfer—
    - (i) is made in exchange for the issue of shares in or debentures of each transferee to each person holding shares in or debentures of the transferor, or
    - (ii) is not so made only because, and only so far as, a transferee is prevented from so issuing such shares or debentures by section 658 of the Companies Act 2006 (c. 46) (general rule against limited company acquiring own shares) or by a corresponding provision of the law of another member State preventing such an issue.
- (4) In this Chapter—
- “the transfer of business” means the transfer of business mentioned in subsection (2)(a) or (3)(a),
- “transferee” has the same meaning as in subsection (2) or (3), and

- (2) For the purpose of determining the credits and debits to be brought into account in respect of the derivative contract in accordance with this Part, the transferor and the transferee are treated as having entered into the transfer of those rights and liabilities for consideration of an amount equal to the notional carrying value of the contract.
- (3) For the purposes of this section, the notional carrying value of a contract is the amount which would have been [<sup>F770</sup>its tax-adjusted carrying value based on] the accounts of the transferor if a period of account had ended immediately before the date when the transferor ceased to be a party to the contract.
- (4) This section is subject to section 676 (transferor using fair value accounting).

**Textual Amendments**

**F770** Words in s. 675(3) substituted (with effect in accordance with Sch. 7 Pt. 6 of the amending Act) by Finance (No. 2) Act 2015 (c. 33), **Sch. 7 para. 87**

**676 Transferor using fair value accounting** **U.K.**

- (1) This section applies instead of section 675 if, in a case where that section would otherwise apply, the transferor uses fair value accounting as respects the derivative contract.
- (2) The amount which is to be brought into account by the transferor in respect of the transfer of the rights and liabilities mentioned in section 675(1) is the fair value of the derivative contract as at the date of transfer to the transferee.
- (3) For any accounting period in which the transferee is a party to the derivative contract, for the purpose of determining the credits and debits to be brought into account in respect of the contract in accordance with this Part, the transferee is treated as if it had acquired the contract for consideration of an amount equal to the fair value of the contract as at the date of transfer to it.

*Exception for tax avoidance cases and clearances*

- (1) The Commissioners for Her Majesty's Revenue and Customs must notify their decision on an application under section 677(2) to the applicant—
  - (a) within 30 days of receiving the application, or
  - (b) if they give a notice under section 678(3), within 30 days of the notice being complied with.

the applicant may within 30 days of the notification or of that time require them to transmit the application to the tribunal, together with any notice given and further particulars provided under section 678(3).
- (3) In that case any notification by the tribunal has effect for the purposes of section 677(2) (b) as if it were a notification by the Commissioners for Her Majesty's Revenue and Customs.

- [<sup>F790</sup>(3A) If the contract is to any extent matched, subsection (3) applies to leave out of account only the amount of the exchange gains or losses arising to the company in relation to the contract to the extent that the contract is unmatched (an amount which may be nil).]
- (4) Subsection (5) applies if as a result of [<sup>F791</sup>Part 4 of TIOPA 2010] the company's profits and losses are calculated for tax purposes as if the terms of the contract were those which would have been agreed by the company and the other party to the contract had they been dealing at arm's length (“the arm's length terms”).
- (5) The credits and debits which are to be brought into account in accordance with this Part in the case of the company are to be determined on the assumption that the amount of any exchange gain or loss arising to the company from the contract in the accounting period is the adjusted amount.

- (a) subsection (3) under subsection (2), or
  - (b) subsection (5) under subsection (4).
- (10) In subsection (8) “the actual provision” and “the arm's length provision” have the same meaning as in [<sup>F794</sup>Part 4 of TIOPA 2010 (see sections 149 and 151 of that Act)].
- [<sup>F795</sup>(11) For the purposes of this section a derivative contract of a company is matched if and to the extent that—

- and “unmatched” is to be construed accordingly.
- (12) A derivative contract is in a matching relationship with another derivative contract or loan relationship if one is intended by the company to act to eliminate or substantially reduce the economic risk of the other.

## 695 Transfers of value to connected companies **U.K.**

- (1) This section applies if—
- a company (“A”) paid an amount (“amount X”) to a company (“B”) for the grant of an option,
  - there is a failure to exercise in full all the rights under the option,
  - until the failure the option was a derivative contract of A,
  - as a result of the failure there is a transfer of value by A to B,
  - B is a connected company in relation to A, and
  - B is not chargeable to corporation tax in accordance with this Part in respect of the derivative contract.
- (2) A must bring into account a credit of the appropriate amount in respect of the derivative contract for the accounting period in which the option expired or would have expired if none of the rights under it had been exercised.
- (3) If the option expired, “the appropriate amount” means amount X.
- (4) If any rights under the option were exercised (in whole or in part), “the appropriate amount” means amount X less so much of it as is referable, on a just and reasonable basis, to the rights which have been so exercised.
- (5) In determining for the purposes of subsection (1)(d) whether there is a transfer of value, the assumption in subsection (6) is made.
- (6) That assumption is that if there had not been a connection between A and B—
- all the rights under the option would have been exercised in full, and
  - all of those rights would have been exercised on the latest date on which they were exercisable.

- (7) In this section “option” is to be construed as if section 580(2) and (3) (meaning of “option”) were omitted.
- (8) For the purposes of this section, B is a connected company in relation to A in an accounting period if there is a time in the period when—
- (a) A controls B,
  - (b) B controls A, or
  - (c) A and B are both controlled by the same person.
- (9) But A and B are not taken to be controlled by the same person just because they have been under the control of—
- [<sup>F796</sup>(za) the Crown,]
- (a) a Minister of the Crown,
  - (b) a government department,
  - (c) a Northern Ireland department,
  - (d) a foreign sovereign power, or

(b) NR becomes a party to a derivative contract to which A is a party, or  
(c) A and NR both become a party to a derivative contract.
- (2) For each accounting period for any part of which A and NR are both a party to a derivative contract which makes provision for notional interest payments, the credits and debits which fall to be brought into account in accordance with this Part in respect of the contract in the case of A do not include the amount of any excluded debit in relation to that contract.
- (3) The amount of an excluded debit is calculated by determining for the accounting period the amount (if any) by which—

  - (c) the company continues to be a party to the derivative contract immediately after the transaction or other event giving rise to the derecognition.
- (2) No debit that would apart from this section be brought into account by the company for the purposes of this Part as a result of the derecognition is to be so brought into account.

  - (b) accordingly, may not be brought into account for any other corporation tax purposes as respects that matter.
- (4) For the purposes of this section a company is to be treated as a party to a derivative contract even though it has disposed of its rights and liabilities under the contract to another person—
- (a) under a repo or stock lending arrangement, or
  - (b) under a transaction which is treated as not involving any disposal as a result of section 26 of TCGA 1992 (mortgages and charges not to be treated as disposals).

### **698B Counteracting effect of avoidance arrangements** **U.K.**

- (1) Any derivative-related tax advantages that would (in the absence of this section) arise from relevant avoidance arrangements are to be counteracted by the making of such adjustments as are just and reasonable in relation to credits and debits to be brought into account for the purposes of this Part.
- (2) Any adjustments required to be made under this section (whether or not by an officer of Revenue and Customs) may be made by way of an assessment, the modification of an assessment, amendment or disallowance of a claim, or otherwise.
- (3) For the meaning of “relevant avoidance arrangements” and “derivative-related tax advantage”, see section 698C.

### **698C Interpretation of section 698B** **U.K.**

- (1) This section applies for the interpretation of section 698B (and this section).

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) “Arrangements” include any agreement, understanding, scheme, transaction or series of transactions (whether or not legally enforceable).
- (3) Arrangements are “relevant avoidance arrangements” if their main purpose, or one of their main purposes, is to enable a company to obtain a derivative-related tax advantage.
- (4) But arrangements are not “relevant avoidance arrangements” if the obtaining of any derivative-related tax advantages that would (in the absence of section 698B) arise from them can reasonably be regarded as consistent with any principles on which the provisions of this Part that are relevant to the arrangements are based (whether expressed or implied) and the policy objectives of those provisions.
- (5) A company obtains a “derivative-related tax advantage” if—
  - (a) it brings into account a debit to which it would not otherwise be entitled,
  - (b) it brings into account a debit which exceeds that to which it would otherwise be entitled,
  - (c) it avoids having to bring a credit into account,
  - (d) the amount of any credit brought into account by the company is less than it would otherwise be, or
  - (e) it brings a debit or credit into account earlier or later than it otherwise would.
- (6) In subsection (5), references to bringing a debit or credit into account are references to bringing a debit or credit into account for the purposes of this Part.

#### **698D Examples of results that may indicate exclusion not applicable** **U.K.**

- (1) Each of the following is an example of something which might indicate that arrangements whose main purpose, or one of whose main purposes, is to enable a company to obtain a derivative-related tax advantage are not excluded by section 698C(4) from being “relevant avoidance arrangements” for the purposes of section 698B—
  - (a) the elimination or reduction, for purposes of corporation tax, of profits of a company arising from any of its derivative contracts, where for economic purposes profits, or greater profits, arise to the company from that contract;
  - (b) the creation or increase, for purposes of corporation tax, of a loss or expense arising from a derivative contract, where for economic purposes no loss or expense, or a smaller loss or expense, arises from that contract;
  - (c) preventing or delaying the recognition as an item of profit or loss of an amount that would apart from the arrangements be recognised in the company's accounts as an item of profit or loss or be so recognised earlier;
  - (d) ensuring that a derivative contract is treated for accounting purposes in a way in which it would not have been treated in the absence of some other transaction forming part of the arrangements;
  - (e) enabling a company to bring into account a debit in respect of an exchange loss, in circumstances where a corresponding exchange gain would not give rise to a credit or would give rise to a credit of a smaller amount;
  - (f) enabling a company to bring into account a debit in respect of a fair value loss in circumstances where a corresponding fair value gain would not give rise to a credit or would give rise to a credit of a smaller amount.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) But in each case the result concerned is only capable of indicating that section 698C(4) is not available if it is reasonable to assume that such a result was not the anticipated result when the provisions of this Part that are relevant to the arrangements were enacted
- (3) In subsection (1)(f) references to a fair value gain or a fair value loss are references respectively to—
  - (a) a profit to be brought into account in relation to a derivative contract where fair value accounting is used for the period in question, or
  - (b) a loss to be brought into account in relation to a derivative contract where fair value accounting is used for the period in question.
- (4) “Arrangements” and “derivative-related tax advantage” have the same meaning as in section 698C.]

## CHAPTER 12 U.K.

### PRIORITY RULES

#### 699 Priority of this Part for corporation tax purposes U.K.

- (1) The amounts which are brought into account in accordance with this Part in respect of any matter are the only amounts which may be brought into account for corporation tax purposes in respect of it.

  - (a) a company is a party to a loan relationship because of a derivative contract, and
  - (b) in accordance with this Part, a profit or loss accrues to the company on the contract for an accounting period (“the derivative profit or loss”).
- (2) The general rule is that this Part does not apply to the derivative profit or loss if—
  - (a) an amount representing the derivative profit or loss, or

is brought into account for that period for the purposes of Part 5 otherwise than because of section 574.
- (3) But in a case where section 585 (loan relationships with embedded derivatives) applies, the general rule does not apply so far as—
  - (a) the derivative profit or loss accrues from the rights and liabilities mentioned in section 585(1)(b) (rights and liabilities under derivative financial instruments or equity instruments), and
  - (b) that profit or loss is dealt with in accordance with that section and this Part.

  - (b) by way of royalty in respect of the use of the asset, or
  - (c) for the purpose of maintaining, preserving or enhancing, or defending title to, the asset.
- (2) No account may be taken of capital expenditure on tangible assets in determining for the purposes of this Part the amount of expenditure on an intangible asset.
- (3) In subsection (2) “capital expenditure” has the same meaning as in CAA 2001.

  - (a) by way of amortisation, or
  - (b) as a result of an impairment review,
 a corresponding debit must be brought into account for tax purposes.
- (2) The reference in subsection (1) to an “impairment review” does not include the valuation of an asset for the purpose of determining the amount of expenditure to be capitalised in the first place.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

where—

L is the amount of the loss recognised for accounting purposes,

E is the amount of expenditure on the asset that is recognised for tax purposes, and

CE is the amount capitalised in respect of expenditure on the asset.

- (4) For the purposes of subsection (3), subject to any adjustments required by this Part or [F829Part 4 of TIOPA 2010] (provision not at arm's length), the amount of expenditure on the asset that is recognised for tax purposes is the same as the amount of expenditure on the asset capitalised by the company.
- (5) In a subsequent period of account the amount of the debit for tax purposes in respect of the expenditure on an asset is—

$$L \times \frac{WDV}{AV}$$

where—

L is the amount of the loss recognised for accounting purposes,

WDV is the tax written-down value of the asset (see section 742) immediately before the amortisation charge is made or, as the case may be, the impairment loss is recognised for accounting purposes, and

AV is the value of the asset recognised for accounting purposes immediately before the amortisation charge or, as the case may be, the impairment review.

- (6) In this section “capitalised” means capitalised for accounting purposes.

- (4) The election applies to all expenditure on the asset that is capitalised for accounting purposes.
- (5) The election is irrevocable.

## 731 Writing down at fixed rate: calculation **U.K.**

- (1) If an election is made under section 730 for writing down at a fixed rate, a debit equal to the lesser of—
  - (a) 4% of the cost of the asset, and
  - (b) the balance of the tax written-down value,
 must be brought into account for tax purposes in each accounting period beginning with that in which the relevant expenditure is incurred.
- (2) If the accounting period is less than 12 months, the amount mentioned in subsection (1) (a) must be proportionately reduced.
- (3) In this section “the cost of the asset” means the cost recognised for tax purposes.

  - (a) the cost recognised for tax purposes in respect of the value of the asset recognised for accounting purposes immediately after the part realisation, and
  - (b) the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes.
- (7) If there is a further part realisation, subsection (6) applies again.

- (1) This section applies if—
  - (a) in a period of account a loss is recognised in determining a company's profit or loss (“the recognised loss”),

$$RL \times \frac{PC}{RG}$$

where—

RL is the recognised loss,

PC is the previous credit, and

RG is the reversed gain.

- (2) For the meaning of “realisation”, see section 734.
- (3) Sections 735 to 738 are subject to Chapter 7 (roll-over relief in case of realisation and reinvestment).
- (4) This Chapter is also relevant for determining—
  - (a) whether an asset is a chargeable intangible asset for the purposes of this Part, and
  - (b) whether a gain is a chargeable realisation gain for the purposes of this Part.
- (5) For the meaning of “chargeable intangible asset” and “chargeable realisation gain”, see section 741.

#### 734 Meaning of “realisation” U.K.

- (1) References in this Part to the realisation of an intangible fixed asset are to a transaction resulting, in accordance with generally accepted accounting practice—
  - (a) in the asset ceasing to be recognised in the company's balance sheet, or
  - (b) in a reduction in the accounting value of the asset.
- (2) In subsection (1) “transaction” includes any event giving rise to a gain recognised for accounting purposes.
- (3) In relation to an intangible fixed asset that has no balance sheet value (or no longer has a balance sheet value), subsections (1) and (2) apply as if it did have a balance sheet value.
- (4) References in this Part to a “part realisation” are to a realisation falling within subsection (1)(b).

#### 735 Asset written down for tax purposes U.K.

- (1) This section applies if there is a realisation of an intangible fixed asset in respect of which debits have been brought into account for tax purposes.
- (2) If the proceeds of realisation exceed the tax written-down value of the asset, a credit equal to the excess must be brought into account for tax purposes.
- (3) If the proceeds of realisation are less than the tax written-down value of the asset, a debit equal to the shortfall must be brought into account for tax purposes.
- (4) If there are no proceeds of realisation, a debit equal to the tax written-down value must be brought into account for tax purposes.
- (5) References in this section to the tax written-down value of an asset are to its tax written-down value immediately before the realisation.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (2) If the proceeds of realisation exceed the cost of the asset, a credit equal to the excess must be brought into account for tax purposes.
- (3) If the proceeds of realisation are less than the cost of the asset, a debit equal to the shortfall must be brought into account for tax purposes.
- (4) If there are no proceeds of realisation, a debit equal to the cost of the asset must be brought into account for tax purposes.
- (5) In this section “the cost of the asset” means the cost recognised for tax purposes.
- (6) The cost of the asset recognised for tax purposes is the same as the amount of expenditure on the asset capitalised by the company for accounting purposes.
- (7) Subsection (6) is subject to any adjustments required by this Part or [<sup>F831</sup>Part 4 of TIOPA 2010] (provision not at arm's length).
- (8) If this section has applied on a part realisation of an asset and applies again (on the realisation of the unrealised asset) the references in subsections (2) to (4) to the cost of the asset must be read as references to the sum of—
  - (a) the cost recognised for tax purposes in respect of the value of the asset recognised for accounting purposes immediately after the part realisation, and
  - (b) the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes.
- (9) If there is a further part realisation, subsection (8) applies again.

NIR is the Northern Ireland rate for the financial year.

- (4) If the relevant period falls within more than one financial year, take the following steps to find the appropriate reduction—

*Step 2* Where an amount is apportioned under step 1 to a financial year in which the Northern Ireland rate is lower than the main rate, multiply that amount by the following fraction—

$$\frac{MR - NIR}{MR}$$

where—

MR is the main rate for the financial year;

NIR is the Northern Ireland rate for the financial year.

*Step 3* To find the appropriate reduction, add together each amount determined under step 2.

  - (b) the transaction does not proceed to completion, but
  - (c) were it completed, it would constitute a realisation of an intangible fixed asset.
- (2) A corresponding debit must be brought into account for tax purposes.
- (3) The amount of the debit is the same as the amount of the loss recognised by the company for accounting purposes.
- (4) Subsection (3) is subject to any adjustments required by this Part or [<sup>F835</sup>Part 4 of TIOPA 2010] (provision not at arm's length).

## CHAPTER 7 U.K.

### ROLL-OVER RELIEF IN CASE OF REALISATION AND REINVESTMENT

#### *When the relief is given*

#### 754 The relief: the “old asset” and “other assets” U.K.

- (1) This Chapter provides for relief if a company realises an intangible fixed asset and incurs expenditure on other intangible fixed assets.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) In this Chapter references to the “old asset” are references to the asset that is realised and references to “other assets” are references to the other assets on which expenditure is incurred.
- (3) A company is entitled to relief under this Chapter only if—
  - (a) the conditions in section 755 are met in relation to the old asset and its realisation,
  - (b) the conditions in section 756 are met in relation to the expenditure on other assets, and
  - (c) the company claims the relief in accordance with section 757.
- (4) See also the following provisions (which extend or restrict the circumstances in which relief is available)—
  - (a) sections 777 to 779 (application of roll-over relief where there is reinvestment by group members),
  - (b) section 791 (application of roll-over relief in relation to degrouping charge),
  - (c) section 794 (application of roll-over relief in relation to reallocated charge),
  - (d) section 850 (part realisation involving related party acquisition: exclusion of roll-over relief), and
  - (e) sections 898 and 899 (roll-over relief for disposals of pre-FA 2002 assets).

## **755 Conditions relating to the old asset and its realisation** **U.K.**

- (1) The old asset must have been a chargeable intangible asset of the company throughout the period during which it was held by the company (but see subsection (5)).
- (2) The proceeds of realisation of the old asset must exceed—
  - (a) the cost of the asset,
  - (b) in the case of a part realisation, the appropriate proportion of the cost of the asset (see section 759(1) and (2)), or
  - (c) in the case of the realisation of an asset that has previously been the subject of a part realisation, the adjusted cost of the asset (see section 759(3)).
- (3) In subsection (2) “the cost of the asset” means the total capitalised expenditure on the asset recognised for tax purposes.
- (4) The condition in subsection (2) is met if the old asset has no cost as defined in subsection (3).
- (5) Subsection (6) applies if the old asset was a chargeable intangible asset of the company—
  - (a) at the time of its realisation, and
  - (b) for a substantial proportion of the period during which it was held by the company, but not for the whole of that period.
- (6) The same proportion of the asset is treated for the purposes of this Chapter as if it were a separate asset in relation to which the condition in subsection (1) was wholly met.
- (7) Any apportionment necessary for the purposes of subsections (5) and (6) must be made on a just and reasonable basis.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

## 756 Conditions relating to expenditure on other assets **U.K.**

- (1) The expenditure on other assets must be incurred in the period—
  - (a) beginning 12 months before the date of realisation of the old asset or at such earlier time as an officer of Revenue and Customs may by notice allow, and
  - (b) ending 3 years after the date of realisation of the old asset or at such later time as an officer of Revenue and Customs may by notice allow.
- (2) The expenditure on other assets must be capitalised by the company for accounting purposes.
- (3) Immediately after the expenditure is incurred the other assets must be chargeable intangible assets in relation to the company.
- (4) For the purposes of this section expenditure is treated as incurred when it is recognised for accounting purposes.

## 757 Claim for relief **U.K.**

A claim by a company for relief under this Chapter must specify—

- (a) the old assets to which the claim relates,
- (b) the amount of the relief claimed in relation to each old asset, and
- (c) in relation to each old asset, the expenditure on other assets by reference to which relief is claimed.

*How the relief is given*

## 758 How the relief is given: general **U.K.**

- (1) A company that is entitled to relief under this Chapter is treated for the purposes of this Part as if—
  - (a) the proceeds of realisation of the old asset, and
  - (b) the cost recognised for tax purposes of acquiring the other assets,
 were each reduced by the amount available for relief.
- (2) If the qualifying expenditure on other assets equals or exceeds the proceeds of realisation of the old asset, the amount available for relief is the amount by which the proceeds of realisation exceed the cost of the old asset.
- (3) If the qualifying expenditure on other assets is less than the proceeds of realisation of the old asset, the amount available for relief is the amount by which the qualifying expenditure on other assets exceeds the cost of the old asset.
- (4) In this section “qualifying expenditure” means expenditure in relation to which the conditions in section 756 are met.
- (5) In this section “the cost of the old asset” means the total capitalised expenditure on the asset recognised for tax purposes, but—
  - (a) in the case of a part realisation, references to the cost of the old asset are references to the appropriate proportion of the cost (see section 759(1) and (2)), and

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (b) in the case of the realisation of an asset that has previously been the subject of a part realisation, references to the cost of the old asset are references to the adjusted cost (see section 759(3)).
- (6) The relief does not affect the treatment of any other party to—
- any transaction involved in the realisation of the old asset, or
  - the expenditure on the other assets,
- for any purpose of the enactments relating to income tax, corporation tax or chargeable gains.

### 759 Determination of appropriate proportion of cost and adjusted cost **U.K.**

- (1) In the case of a part realisation, any reference in section 755 or 758 to the appropriate proportion of the cost of the old asset is to the following proportion of it—

$$\frac{AVB - AVA}{AVB}$$

where—

AVB is the accounting value immediately before the part realisation, and

AVA is the accounting value immediately after the part realisation.

- (2) If the old asset has previously been the subject of a part realisation, the reference in subsection (1) to the cost of the old asset is a reference to the adjusted cost.
- (3) References in sections 755 and 758 and subsection (2) to the adjusted cost are references to the cost of the old asset, less the sum of the amounts given by subsections (1) and (2) in relation to earlier part realisations.

### 760 References to cost of asset where asset affected by change of accounting policy **U.K.**

- (1) In the case of an asset to which Chapter 15 has applied (adjustments on change of accounting policy) the references in this Chapter to the cost of the asset must be read as follows.
- (2) If section 872 (adjustments in respect of change) applied, the references are unaffected.
- (3) If section 874 or 876 (change of accounting policy involving disaggregation) applied, the references to the cost of the asset must be read as references to the appropriate proportion of that cost.
- (4) For the purposes of subsection (3) the appropriate proportion is determined by applying to the cost of the asset the same fraction as is applied by section 875(2) or (3) or 876(3), as the case may be, to determine the tax written-down value of the asset after the change.

*Status: Point in time view as at 06/04/2020.*

#### **761 Declaration of provisional entitlement to relief U.K.**

- (1) A company realising an intangible fixed asset may make a declaration of provisional entitlement to relief under this Chapter.
- (2) While the declaration continues in force, this Chapter applies as if the conditions for relief under this Chapter were met.
- (3) A declaration of provisional entitlement is a declaration by the company, in its company tax return for the accounting period in which the realisation takes place, that the company—
- (a) has realised an intangible fixed asset,
  - (b) proposes to meet the conditions for relief under this Chapter, and
  - (c) accordingly is provisionally entitled to relief of a specified amount.
- (4) A declaration of provisional entitlement ceases to have effect if or to the extent that—
- (a) it is withdrawn, or
  - (b) it is superseded by a claim for relief under this Chapter.
- (5) So far as not previously withdrawn or superseded, a declaration of provisional entitlement ceases to have effect 4 years after the end of the accounting period in which the realisation took place.
- (6) If a declaration of provisional entitlement ceases to have effect, in whole or in part, all necessary adjustments must be made, by assessment or otherwise.
- (7) Subsection (6) applies despite any limitation on the time within which assessments or amendments may be made.

#### **762 Realisation and reacquisition U.K.**

If a company realises an asset and subsequently reacquires it, this Chapter applies as if what is reacquired were a different asset from that previously realised.

#### **763 Disregard of deemed realisations and reacquisitions U.K.**

- (1) This Chapter does not apply in relation to a realisation of an asset that does not actually occur but is treated as occurring, except as provided by—
- (a) section 791 (application of roll-over relief in relation to degrouping charge), or
  - (b) section 794 (application of roll-over relief in relation to reallocated charge).

- (1) This section applies if a grant or other payment is intended by the payer to meet, directly or indirectly, expenditure of a company on an intangible fixed asset.
- (2) A gain recognised in the company's profit and loss account in respect of the grant or other payment is treated for the purposes of section 721 (receipts recognised as they accrue) as a gain representing a receipt in respect of the intangible fixed asset.
- (3) This section does not apply to a grant within section 853.

#### **853 Grants to be left out of account for tax purposes **U.K.****

- (1) This section applies to the following grants (“exempt grants”)—

  - (b) grants made under Northern Ireland legislation and declared by the Treasury by order to correspond to a grant under that Part.
- (2) A gain in respect of an exempt grant to a company is ignored for the purposes of this Part, even though it is recognised in determining the company's profit or loss.
- (3) This subsection applies if, as a result of an exempt grant being brought into account by the company to which it is made, there is a reduction—
  - (a) in the amount of a loss recognised in determining the company's profit or loss, or

### **855 Further provision about regulations under section 854** **U.K.**

- (2) The regulations may provide that this Part applies as if the amount at which the asset is recognised in the finance lessor's balance sheet were capitalised expenditure on an intangible fixed asset, but that—
- (a) no election may be made under section 730 (writing down at fixed rate: election for fixed-rate basis) in respect of that amount, and
  - (b) that amount is not to be treated as capitalised expenditure for the purposes of section 756(2) (roll-over relief in case of realisation and reinvestment: conditions to be met in relation to expenditure on other assets).
- (3) The regulations may provide that if an asset formerly recognised by the finance lessor for accounting purposes as an intangible fixed asset becomes subject to a finance lease (and so comes to be accounted for as a financial asset), the value of the asset so created is recognised as realisation proceeds of the intangible fixed asset on the change of accounting treatment.
- (4) The regulations may provide that assets partially excluded from this Part by sections 810 to 813 <sup>F927</sup>... (assets excluded except as respects royalties) are entirely excluded from this Part as respects the finance lessor if they—
- (a) are subject to a finance lease, and
  - (b) are accounted for by the finance lessor as financial assets.
- (5) The regulations may provide for excluding from the regulations assets used by the finance lessee for the purposes of a trade or business in respect of which the finance lessee is liable to income tax.
- (6) The regulations may provide that an intangible asset counts as a pre-FA 2002 asset in the hands of the finance lessor if the finance lessee is—
- (a) a company for which the asset was the whole or part of a pre-FA 2002 asset, or
  - (b) a person who is a related party in relation to such a company.
- (7) The regulations may make incidental, supplemental, consequential and transitional provision and savings.

  - (a) a company is treated for the purposes of this Part as acquiring an asset at market value, but

## CHAPTER 15 **U.K.**

### ADJUSTMENTS ON CHANGE OF ACCOUNTING POLICY

#### *Introductory*

#### **871 Introduction to Chapter **U.K.****

- (1) This Chapter applies if—
  - (a) there is a change of accounting policy in drawing up a company's accounts from one period of account to the next, and
  - (b) the approach in each of those periods accords with the law and practice applicable in relation to that period.
- (2) In this Chapter—
  - (a) the first of those periods of account is referred to as “the earlier period”, and
  - (b) the next is referred to as “the later period”.
- (3) This Chapter applies, in particular, if—
  - (a) the company prepares accounts for the earlier period in accordance with UK generally accepted accounting practice and for the later period in accordance with international accounting standards, or
  - (b) the company prepares accounts for the earlier period in accordance with international accounting standards and for the later period in accordance with UK generally accepted accounting practice.

#### *Change of policy involving change of value*

#### **872 Adjustments in respect of change **U.K.****

- (1) This section and section 873 apply if—
  - (a) as a result of the change of accounting policy there is a difference (“the accounting difference”) between—
    - (i) the accounting value of an intangible fixed asset of the company at the end of the earlier period, and
    - (ii) the accounting value of that asset at the beginning of the later period, and
  - (b) no election has been made in respect of the asset under section 730 (writing down at fixed rate: election for fixed-rate basis).
- (2) If there is an increase in that value, a corresponding credit must be brought into account for tax purposes in the later period.
- (3) If there is a decrease in that value, a corresponding debit must be brought into account for tax purposes in the later period.
- (4) The amount of the credit or debit is—

$$D \times \frac{WDVE}{AVE}$$

where—

D is the accounting difference,

WDVE is the tax written-down value of the asset at the end of the earlier period, and

AVE is the accounting value of the asset at the end of the earlier period.

- (5) But if subsection (2) applies, the credit must not exceed—
- (a) the sum of debits brought into account for tax purposes in respect of the asset before the later period, less
  - (b) the sum of the credits so brought into account.
- (6) This section is subject to section 878 (exclusion of credits or debits brought into account under other provisions).

### 873 Effect of application of section 872 in later period and subsequently **U.K.**

- (1) A credit or debit that is required to be brought into account under section 872 is treated as arising at the beginning of the later period (“the relevant time”).
- (2) If a credit is to be brought into account, the tax written-down value of the asset at the relevant time is the sum of—
  - (a) the tax written-down value of the asset at the end of the earlier period, and
  - (b) the credit.
- (3) If a debit is to be brought into account, the tax written-down value of the asset at the relevant time is—
  - (a) the tax written-down value of the asset at the end of the earlier period, less
  - (b) the debit.
- (4) After the relevant time the cost recognised for tax purposes is the sum of—
  - (a) the tax written-down value given by subsection (2) or (3), and
  - (b) the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes.
- (5) After the relevant time the tax written-down value is determined taking account only of subsequent credits and debits.

*Change of policy involving disaggregation*

### 874 Original asset not subject to fixed-rate writing down **U.K.**

- (1) This section and section 875 apply if—
  - (a) the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original asset”) in the earlier

- period being treated as two or more assets (“the resulting assets”) in the later period,
- (b) there is a difference (“the accounting difference”) between—
    - (i) the accounting value of the original asset at the end of the earlier period, and
    - (ii) the sum of the accounting values of the resulting assets at the beginning of the later period,
  - (c) no election under section 730 (writing down at fixed rate: election for fixed-rate basis) has been or is subsequently made in respect of the original asset, and
  - (d) no such election is subsequently made in respect of any of the resulting assets.
- (2) If the accounting difference is an increase, a corresponding credit must be brought into account for tax purposes in the later period.
- (3) If the accounting difference is a decrease, a corresponding debit must be brought into account for tax purposes in the later period.
- (4) The credit or debit is—

$$D \times \frac{\text{WDVE}}{\text{AVE}}$$

where—

D is the accounting difference,

WDVE is the tax written-down value of the original asset at the end of the earlier period, and

AVE is the accounting value of that asset at the end of that period.

- (5) But if subsection (2) applies the credit must not exceed—
- (a) the sum of the debits brought into account for tax purposes in respect of the original asset before the later period, less
  - (b) the sum of the credits so brought into account.
- (6) This section is subject to section 878 (exclusion of credits or debits brought into account under other provisions).

### **875 Effect of application of section 874 in later period and subsequently** **U.K.**

- (1) A credit or debit that is required to be brought into account under section 874 is treated as arising at the beginning of the later period (“the relevant time”).
- (2) If section 874(2) applies, the tax written-down value of each resulting asset at the relevant time is—

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. $$(WDVE + C) \times \frac{AV}{TAV}$$

where—

WDVE is the tax written-down value of the original asset at the end of the earlier period,

C is the credit,

AV is the accounting value of the resulting asset in question at the relevant time, and

TAV is the sum of the accounting values of all the resulting assets at the relevant time.

- (3) If section 874(3) applies, the tax written-down value of each resulting asset at the relevant time is—

$$(WDVE - D) \times \frac{AV}{TAV}$$

where—

WDVE, AV and TAV have the same meaning as in subsection (2), and

D is the debit.

- (4) After the relevant time the cost recognised for tax purposes for each resulting asset is taken to be the sum of—
- (a) the tax written-down value given by subsection (2) or, as the case may be, subsection (3), and
  - (b) the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes.
- (5) After the relevant time the tax written-down value for each resulting asset is determined taking account only of subsequent credits and debits.

**876 Original asset subject to fixed-rate writing down U.K.**

- (1) This section applies if—
- (a) the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original asset”) in the earlier period being treated as two or more assets (“the resulting assets”) in the later period, and
  - (b) an election under section 730 (writing down at fixed rate: election for fixed-rate basis) has been or is subsequently made in respect of the original asset.

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) That election has effect—
- (a) in relation to the original asset, for periods up to and including the earlier period, and
  - (b) in relation to each of the resulting assets, for the later period and subsequent periods.
- (3) The tax written-down value of each resulting asset at the beginning of the later period (“the relevant time”) is—

$$\text{WDVE} \times \frac{\text{AVL}}{\text{TAVL}}$$

where—

WDVE is the tax written-down value of the original asset at the end of the earlier period,

AVL is the accounting value of the asset in question at the beginning of the later period, and

TAVL is the sum of the accounting values of all the resulting assets at the beginning of that period.

- (4) After the relevant time the cost recognised for tax purposes for each resulting asset is the sum of—
- (a) the tax written-down value given by subsection (3), and
  - (b) the cost recognised for tax purposes of any subsequent expenditure on the asset that is capitalised for accounting purposes.
- (5) After the relevant time the tax written-down value for each resulting asset is determined taking account only of subsequent credits and debits.

### 877 Election for fixed-rate writing down in relation to resulting asset **U.K.**

- (1) This section applies if—
- (a) the change of accounting policy results in an intangible fixed asset of the company that was treated as one asset (“the original undivided asset”) in the earlier period being treated as two or more assets (“the resulting assets”) in the later period, and
  - (b) no election under section 730 (writing down at fixed rate: election for fixed-rate basis) has been or is subsequently made in respect of the original undivided asset.
- (2) An election under that section may be made in respect of any of the resulting assets.
- (3) But such an election may be made only within the period during which such an election could have been made in relation to the original undivided asset.
- (4) The effect of the election is that—

- (a) the original undivided asset is treated as if it had at all material times consisted of as many assets (“notional original assets”) as there are resulting assets,
  - (b) each notional original asset is taken to be the same asset as one of the resulting assets (its “corresponding resulting asset”),
  - (c) the appropriate proportion of every amount falling to be taken into account in relation to the original undivided asset is attributed to each of the notional original assets, and
  - (d) this Part applies in relation to each of the notional original assets and its corresponding resulting asset accordingly.
- (5) For the purposes of subsection (4)(c) the appropriate proportion of every amount falling to be taken into account in relation to the original undivided asset that is to be attributed to each notional original asset is found by reference to the notional original asset's corresponding resulting asset.
- (6) The appropriate proportion in relation to each resulting asset is—

$$\frac{AVL}{TAVL}$$

where—

AVL is the accounting value of that resulting asset at the beginning of the later period, and

TAVL is the sum of the accounting values of all the resulting assets at the beginning of that period.

For the purposes of this Chapter a relevant asset of a company is a pre-FA 2019 relevant asset if—

- (a) the company acquired or created the asset during the period beginning with 8 July 2015 and ending with 31 March 2019, and
- (b) the asset was a chargeable intangible asset in relation to the company at any time during the period beginning with 29 October 2018 and ending with 31 March 2019.

  - (b) the asset was not a pre-FA 2019 relevant asset in the hands of that company immediately before the acquisition.
- (3) Case B is where C acquired the asset from a person (“the intermediary”) who acquired the asset on or after 1 April 2019 from a third person—

- (ii) if the intermediary was not a company, to a company in relation to which the intermediary was a related party, and
  - (b) who is not, at the time of the acquisition by C, a related party in relation to C.
- (4) References in this section to one person being (or not being) a related party in relation to another person are to be read as including references to the participation condition being met (or, as the case may be not being met) as between those persons.
- (5) References in subsection (4) to a person include a firm in a case where, for section 1259 purposes, references in this section to a company are read as references to the firm.

#### **879F Pre-FA 2019 relevant asset: the third case U.K.**

- (1) For the purposes of this Chapter a relevant asset of a company (“C”) is a pre-FA 2019 relevant asset if—
- (a) the relevant asset was created on or after 29 October 2018,
  - (b) C acquired the relevant asset on or after 1 April 2019 from a person (“the transferor”) who was a related party in relation to C at the time of the acquisition,
  - (c) the value of the relevant asset derives in whole or in part from another asset (“the other asset”), and
  - (d) the other asset meets the preserved status condition (see section 879G).
- (2) But if only part of the value of the relevant asset derives from the other asset—
- (a) the relevant asset is to be treated for the purposes of this Chapter as if it were two separate assets—
    - (i) one representing the part of the value of the relevant asset that does so derive, and
    - (ii) the other representing the part of the value of the relevant asset that does not so derive, and
  - (b) subsection (1) applies only in relation to the separate asset representing the part of the value of the relevant asset that does so derive.
- (3) For the purposes of this section the cases in which the value of a relevant asset may be derived from another asset include any case where—
- (a) assets have been merged or divided,
  - (b) assets have changed their nature, or
  - (c) rights or interests in or over assets have been created or extinguished.
- (4) Section 879G supplements this section.

- (2) This subsection applies if the other asset—
- (a) was acquired or created by a company during the period beginning with 8 July 2015 and ending with 31 March 2019, and
  - (b) was a chargeable intangible asset in the hands of that company at any time during the period beginning with 29 October 2018 and ending with 31 March 2019 when—
    - (i) that company and C were related parties, or
    - (ii) that company and the transferor were related parties.
- (3) This subsection applies if the other asset was a pre-FA 2019 relevant asset in the hands of a company at any time during the period beginning with 1 April 2019 and ending with the acquisition mentioned in section 879F(1)(b) when—
- (a) that company and C were related parties, or
  - (b) that company and the transferor were related parties.
- (4) It does not matter for the purposes of section 879F(1)(a) who created the relevant asset.
- (5) Any apportionment necessary for the purposes of section 879F(2) must be made on a just and reasonable basis.
- (6) Section 879E(4) to (7) applies for the purposes of section 879F and this section.
- (7) Expressions used in this section have the same meaning as in section 879F.

**879H Pre-FA 2019 relevant asset: the fourth case U.K.**

- (1) For the purposes of this Chapter a relevant asset of a company is a pre-FA 2019 relevant asset if—
- (a) the company acquired the asset on or after 1 April 2019 directly or indirectly in consequence of, or otherwise in connection with, a disposal of a relevant asset by another person, and
  - (b) the asset disposed of would have been a pre-FA 2019 relevant asset in the hands of the company had the person transferred it to the company at the time of the disposal.
- (2) For the purposes of this section it does not matter whether—
- (a) the asset disposed of is the same asset as the acquired asset,
  - (b) the acquired asset is acquired at the time of the disposal, or
  - (c) the acquired asset is acquired by merging assets or otherwise.

*Restrictions on debits: no business or no qualifying IP assets acquired*

**879I Restrictions on debits: no business or no qualifying IP assets acquired U.K.**

### **879J**    **Meaning of qualifying IP asset** **U.K.**

- (1) In section 879I “qualifying IP asset”, in relation to a company, means an intangible fixed asset that meets the following two conditions.
- (2) The first condition is that the asset is—

  - (b) in any other case, the business or (as the case may be) the part of the business mentioned in the paragraph of that subsection within which the relevant asset falls.
- (3) The transferor acquires something in a “third party acquisition” if—
  - (a) the transferor acquires it from a company (“C”) and, at the time of that acquisition—
    - (i) if the transferor is an individual, the transferor is not a related party in relation to C, or
    - (ii) if the transferor is a firm, no individual who is a member of the transferor is a related party in relation to C, or
  - (b) the transferor acquires it from a person (“P”) who is not a company and, at the time of that acquisition—
    - (i) if the transferor is an individual, P is not connected with the transferor, or
    - (ii) if the transferor is a firm, no individual who is a member of the transferor is connected with P.
- (4) But an acquisition is not a “third party acquisition” if—

#### *Partial restrictions on debits*

### **879M When the partial restrictions apply: qualifying IP assets** U.K.

- (1) Section 879O (the partial restrictions on debits) applies in respect of a relevant asset (“the asset concerned”) of a company if—
- (a) the company acquires the asset concerned on or after 1 April 2019 as part of the acquisition of a business,
  - (b) the company also acquires qualifying IP assets as part of the acquisition of the business for use on a continuing basis in the course of the business, and
  - (c) the amount in subsection (3) is less than 1.
- (2) But section 879O does not apply in respect of the asset concerned if either of the following sections applies in respect of it—
- (a) section 879C (restrictions on debits: pre-FA 2019 relevant assets);
  - (b) section 879K (restrictions on debits: acquisition from individual or firm).

(3) The amount is—

$$A \times N B$$

where—

A is the expenditure incurred by the company for or in connection with the acquisition of the qualifying IP assets mentioned in subsection (1)(b),

B is the expenditure incurred by the company for or in connection with the acquisition of the asset concerned and any other relevant assets acquired with the business, and

N is 6.

(4) The Treasury may by regulations amend the meaning of N.

(5) In this section—

“expenditure” means expenditure that is—

- (a) capitalised for accounting purposes, or
- (b) recognised in determining the profit or loss of the company concerned without being capitalised for accounting purposes,

subject to any adjustments under this Part or Part 4 of TIOPA 2010;

“qualifying IP asset” has the same meaning as in section 879I (see section 879J).

### **879N When the partial restrictions apply: acquisition from individual or firm** U.K.

- (1) Section 879O (the partial restrictions on debits) also applies in respect of a relevant asset of a company if—
- (a) the company acquires the asset on or after 1 April 2019 directly or indirectly from an individual or firm (“the transferor”),
  - (b) the related party condition is met,

- (d) the amount in subsection (6) is less than 1.
- (2) But section 879O does not apply in respect of the relevant asset if either of the following sections applies in respect of it—
- (a) section 879C (restrictions on debits: pre-FA 2019 relevant assets);
  - (b) section 879I (restrictions on debits: no business or no qualifying IP assets acquired).
- (3) The related party condition is met if—
- (a) in a case where the transferor is an individual, the transferor is a related party in relation to the company at the time of the acquisition;
  - (b) in a case where the transferor is a firm, any individual who is a member of the transferor is a related party in relation to the company at that time.
- (4) The third party acquisition condition is met if—
- (a) in a case where the relevant asset is goodwill—
    - (i) the transferor acquired all or part of the relevant business in one or more third party acquisitions as part of which the transferor acquired goodwill, and
    - (ii) the relevant asset is acquired by the company as part of an acquisition of all the relevant business;
  - (b) in a case where the relevant asset is not goodwill—
    - (i) the transferor acquired the relevant asset in a third party acquisition, and
    - (ii) the relevant asset is acquired by the company as part of an acquisition of all the relevant business.
- (5) Section 879L (meaning of relevant business and third party acquisition) applies for the purposes of this section.
- (6) The amount is—
- A B
- where—
- A is the relevant accounting value of third party acquisitions (see subsections (7) to (9)), and
- B is the expenditure incurred by the company for or in connection with the acquisition of the relevant asset that is—
- (a) capitalised by the company for accounting purposes, or
  - (b) recognised in determining the company's profit or loss without being capitalised for accounting purposes,
- subject to any adjustments under this Part or Part 4 of TIOPA 2010.
- (7) In a case in which the relevant asset is goodwill, the relevant accounting value of third party acquisitions is the notional accounting value of the goodwill mentioned in subsection (4)(a)(i) (“the previously acquired goodwill”).

- (9) The “notional accounting value” of the previously acquired goodwill, or the relevant asset, is what its accounting value would have been in GAAP-compliant accounts drawn up by the transferor—
- immediately before the relevant asset was acquired by the company, and
  - on the basis that the relevant business was a going concern.

### 879O The partial restrictions on debits **U.K.**

- (1) Where this section applies in respect of a relevant asset of a company, the following restrictions have effect.
- (2) If a debit in respect of the relevant asset is to be brought into account by the company for tax purposes under a provision of Chapter 3 (debts in respect of intangible fixed assets) or Chapter 15 (adjustments on change of accounting policy), the amount of that debit is—

$$D \times RA$$

where—

D is the amount of the debit that would be brought into account disregarding this section (and, accordingly, for the purposes of any calculation of the tax written-down value of the relevant asset needed to determine D, this section's effect in relation to any debits previously brought into account is to be disregarded), and

RA is the relevant amount (see subsection (6)).

- (3) If, but for this section, a debit in respect of any of the relevant assets would be brought into account by the company for tax purposes under a provision of Chapter 4 (realisation of intangible fixed assets), the following two debits are to be brought into account under that provision instead—
- a debit determined in accordance with subsection (4), and
  - a debit determined in accordance with subsection (5), which is to be treated for the purposes of Chapter 6 as a non-trading debit (“the non-trading debit”).
- (4) The amount of the debit determined in accordance with this subsection is—

$$D \times RA$$

where—

D is the amount of the debit that would be brought into account under Chapter 4 disregarding this section (and, accordingly, for the purposes of any calculation of the tax written down value of the relevant asset needed to determine D, this section's effect in relation to any debits previously brought into account is to be disregarded), and

RA is the relevant amount (see subsection (6)).

- (5) The amount of the non-trading debit is—

### *Supplementary*

#### **879P Date of acquisition of relevant asset** **U.K.**

- (1) A company that acquires a relevant asset in pursuance of an unconditional obligation under a contract is to be treated for the purposes of this Chapter as having acquired the asset on the date on which the company became subject to that obligation or (if later) the date on which that obligation became unconditional.

*When expenditure treated as incurred*

#### 887 General rule **U.K.**

- (1) For the purposes of section 883 (assets treated as created or acquired when expenditure incurred) the general rule is that expenditure on the acquisition of an asset is treated as incurred when it is recognised for accounting purposes.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) This is subject to—  
section 888 (cases where chargeable gains rule applies), and  
section 889 (cases where capital allowances general rule applies).

### **888 Cases where chargeable gains rule applies** **U.K.**

- (1) This section applies if—
- expenditure on the acquisition of an asset does not qualify for any form of tax relief against income under the law as it was before 1 April 2002,
  - that expenditure would be treated as incurred on or after that date under the general rule in section 887, and
  - the relevant disposal of the asset is treated as occurring before that date for the purposes of TCGA 1992 or would be so treated under the law as it was before 1 April 2002.
- (2) For the purposes of section 883 (assets treated as created or acquired when expenditure incurred), the expenditure is treated as incurred before 1 April 2002.
- (3) In subsection (1) “the relevant disposal” means the disposal on which the acquisition mentioned in subsection (1)(a) occurred.

### **889 Cases where capital allowances general rule applies** **U.K.**

- (1) This section applies if under the law as it was before 1 April 2002 expenditure on the creation or acquisition of an asset is qualifying expenditure for the purposes of any allowance under CAA 2001.
- (2) For the purposes of section 883 (assets treated as created or acquired when expenditure incurred) the expenditure is treated as incurred when an unconditional obligation to pay it arises.
- (3) For this purpose the fact that the whole or part of the expenditure is not required to be paid until a later date does not prevent there being an unconditional obligation to pay it.

#### *Fungible assets*

### **890 Fungible assets: application of section 858** **U.K.**

- (1) This section and section 891 apply for the purposes of this Chapter in relation to assets to which section 858 (treatment of fungible assets) applies.
- (2) Section 858 applies as if—
- pre-FA 2002 assets, and
  - intangible fixed assets that are not pre-FA 2002 assets, were assets of different kinds.
- (3) If section 858 applies (whether or not it is a case where subsection (2) has effect)—
- a single asset comprising pre-FA 2002 assets is treated as itself being a pre-FA 2002 asset, and
  - a single asset comprising intangible fixed assets that are not pre-FA 2002 assets is treated as itself being an asset to which this Part applies.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

## **891 Realisation and acquisition of fungible assets** U.K.

- (1) Subsection (2) applies if—
  - (a) a company realises a fungible asset, and
  - (b) apart from section 890(2), the asset would be treated as part of a single asset comprising both pre-FA 2002 assets and assets that are not pre-FA 2002 assets.
- (2) The realisation is treated as diminishing the single asset of the company comprising pre-FA 2002 assets in priority to diminishing the single asset of the company comprising assets that are not pre-FA 2002 assets.
- (3) Fungible assets acquired by a company that would not otherwise be treated as pre-FA 2002 assets are so treated so far as they are identified, in accordance with the following rules, with pre-FA 2002 assets realised by the company.
- (4) Rule 1 is that assets acquired are identified with pre-FA 2002 assets of the same kind realised by the company within the period beginning 30 days before and ending 30 days after the date of the acquisition.
- (5) The reference in subsection (4) to assets “of the same kind” is to assets that are, or but for section 890(2) would be, treated as part of a single asset because of section 858.
- (6) Rule 2 is that assets realised earlier are identified before assets realised later.
- (7) Rule 3 is that assets acquired earlier are identified before assets acquired later.
- (8) In this section “fungible asset” means an intangible fixed asset to which section 858 applies.

*Assets treated as pre-FA 2002 assets*

## **892 Certain assets acquired on transfer of business** U.K.

- (1) This section applies if—
  - (a) a company (“the transferor”) transfers to another company (“the transferee”) an asset that is a pre-FA 2002 asset in the hands of the transferor company,
  - (b) the transfer is one in relation to which the transferor is treated for the purposes of TCGA 1992 as disposing of the asset for a consideration that secures that neither a gain nor a loss accrues to it, and
  - (c) it is so treated because of a provision specified in subsection (2).
- (2) The provisions are—
  - (a) section 139 of TCGA 1992 (reconstruction involving transfer of business),
  - (b) section 140A of that Act (transfer or division of UK business), and
  - (c) section 140E of that Act (merger leaving assets within UK tax charge).
- (3) In the hands of the transferee the asset is treated for the purposes of this Part as a pre-FA 2002 asset.
- (4) This section does not apply if the transfer mentioned in subsection (1) occurred before 28 June 2002.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date.   - (b) the acquired asset is created on or after 1 April 2002,
  - (c) at the time of the acquisition the transferor and the acquiring company are related parties,
  - (d) the value of the acquired asset derives in whole or in part from any other asset (“the other asset”), and
  - (e) the other asset meets the preserved status conditions (see section 894).
- (2) In the hands of the acquiring company the acquired asset is treated for the purposes of this Part as a pre-FA 2002 asset so far as its value derives from the other asset.
- (3) If only part of the value of the acquired asset derives from the other asset—
  - (a) this Part applies as if there were a separate asset representing the part of the value that does not so derive, and
  - (b) the alternative enactments apply as if there were a separate asset representing the part of the value that does so derive.
- (4) In subsection (3) “the alternative enactments” means the enactments that apply where this Part does not apply.
- (5) For the purposes of this section the cases in which the value of an asset may be derived from any other asset include any case where—
  - (a) assets have been merged or divided,
  - (b) assets have changed their nature, or
  - (c) rights or interests in or over assets have been created or extinguished.
- (6) Section 894 supplements this section.

### **894 The preserved status conditions etc** **U.K.**

- (1) For the purposes of section 893(1) the other asset meets the preserved status conditions if subsections (2) and (3) apply.
- (2) This subsection applies if on or after 1 April 2002 the other asset—

    - (i) the other person and the acquiring company were related parties, or
    - (ii) the other person and the transferor were related parties.
- (3) This subsection applies if the other asset has not at any time on or after 5 December 2005 been a chargeable intangible asset in the hands of—
  - (a) the acquiring company,
  - (b) a person who is a related party in relation to that company, or
  - (c) the transferor.
- (4) It does not matter for the purposes of section 893(1)(b) who created the acquired asset.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. - (5) Any apportionment necessary for the purposes of section 893(3) must be made on a just and reasonable basis.

  - the time at which a disposal of an asset is made is the time at which it is made for the purposes of that Act.
- (4) For the purposes of this section it does not matter whether—

## CHAPTER 3 U.K.

### BENEFICIARIES' INCOME FROM ESTATES IN ADMINISTRATION

#### *Introduction*

#### **934 Charge to tax on estate income** U.K.

- (1) The charge to corporation tax on income applies to estate income.
- (2) In this Chapter—
  - “estate” means the estate of a deceased person (whether a UK estate or a foreign estate), and
  - “estate income” means the income treated under this Chapter as arising from an absolute, limited or discretionary interest in the whole or part of the residue of an estate.
- (3) If different parts of an estate are subject to different residuary dispositions, those parts are treated for the purposes of this Chapter as if they were separate estates.

#### **935 Absolute, limited and discretionary interests** U.K.

- (1) A person has an absolute interest in the whole or part of the residue of an estate for the purposes of this Chapter if—
  - (a) the capital of the residue or that part is properly payable to the person, or
  - (b) it would be so payable if the residue had been ascertained.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) A person has a limited interest in the whole or part of the residue of an estate during any period for the purposes of this Chapter if—
  - (a) the person does not have an absolute interest in it, and
  - (b) the income from it would be properly payable to the person if the residue had been ascertained at the beginning of that period.
- (3) A person has a discretionary interest in the whole or part of the residue of an estate for the purposes of this Chapter if—
  - (a) a discretion may be exercised in the person's favour, and
  - (b) on its exercise in the person's favour any of the income of the residue during the whole or part of the administration period (see section 938) would be properly payable to the person if the residue had been ascertained at the beginning of that period.
- (4) For the purposes of this section, an amount is only treated as properly payable to a person (“A”) if—
  - (a) it is properly payable to A, or to another person in A's right, for A's benefit, or
  - (b) A is a personal representative and subsection (5) applies.
- (5) The personal representatives of a deceased person (“B”) are to be treated as having an absolute or limited interest in the whole or part of the residue of the estate of another deceased person (“C”) if—
  - (a) they have a right in their capacity as B's personal representatives, and
  - (b) were the right vested in them for their own benefit, they would have that interest in C's estate.
- (6) For the purposes of subsection (4), it does not matter whether the amount is payable directly by the personal representatives or through a trustee or other person.

### **936 Meaning of “UK estate” and “foreign estate” U.K.**

- (1) In this Chapter—

“UK estate”, in relation to a tax year, means an estate which meets conditions A and B, or condition C, for that year, and

“foreign estate”, in relation to a tax year, means an estate which is not a UK estate in relation to that year.
- (2) Condition A is that all the income of the estate either—
  - (a) has borne United Kingdom income tax by deduction, or
  - (b) is income in respect of which the personal representatives are directly assessable to United Kingdom income tax for the tax year.
- (3) Condition B is that none of the income of the estate is income for which the personal representatives are not liable to United Kingdom income tax for the tax year because they are not UK resident<sup>F989</sup>....
- (4) For the purposes of conditions A and B, sums within section 963(3) or (4) (sums treated as bearing income tax) are ignored.
- (5) Condition C is that the aggregate income of the estate for the tax year consists only of sums within section 963(3) or (4).

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. ### Textual Amendments

**F989** Words in s. 936(3) omitted (with application in accordance with Sch. 46 para. 139(2) of the amending Act) by virtue of [Finance Act 2013 \(c. 29\)](#), [Sch. 46 para. 139\(1\)](#)

## *Types of estate income*

### 937 Absolute interests in residue **U.K.**

- (1) Income is treated as arising in an accounting period from a company's absolute interest in the whole or part of the residue of an estate if—
  - (a) the company has an assumed income entitlement for the accounting period in respect of the interest (see sections 948 to 952), and
  - (b) condition A or B is met.
- (2) Condition A is that a payment is made in respect of the interest in the accounting period and before the end of the administration period (see section 938).
- (3) Condition B is that the accounting period is the final accounting period (see section 938).
- (4) Income treated as arising as a result of this section is estate income for the purposes of this Chapter.

### 938 Meaning of “the administration period”, “the final accounting period” and “the final tax year” **U.K.**

- (1) In this Chapter “the administration period”, in relation to the estate of a deceased person, means the period beginning with the deceased's death and ending with the completion of the administration of the estate.
- (2) In the application of subsection (1) to Scotland, the reference to the completion of the administration is to be taken as a reference to the date at which, after discharge of, or provision for, liabilities falling to be met out of the deceased's estate, the free balance held in trust for the residuary legatees or for the persons with the right to the intestate estate has been ascertained.
- (3) In this Chapter “the final accounting period” means the accounting period in which the administration period ends.
- (4) In this Chapter “the final tax year” means the tax year in which the administration period ends.

### 939 Limited interests in residue **U.K.**

- (1) Income is treated as arising in an accounting period from a company's limited interest in the whole or part of the residue of an estate in cases A, B and C.
- (2) Case A is where—
  - (a) the interest has not ceased before the beginning of the accounting period, and
  - (b) a sum is paid in respect of the interest in that period and before the end of the administration period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) Case B is where—
- (a) the accounting period is the final accounting period,
  - (b) the interest has not ceased before the beginning of that period, and
  - (c) a sum remains payable in respect of the interest at the end of the administration period.
- (4) Case C is where—
- (a) the accounting period is a period before the final accounting period,
  - (b) the interest ceases in the accounting period, and
  - (c) a sum is paid in respect of the interest in a later accounting period but before the end of the administration period, or remains payable in respect of it at the end of the administration period.
- (5) This section does not apply to limited interests to which section 957 (successive interests: holders of limited interests) applies.
- (6) Income treated as arising as a result of this section or section 957 is estate income for the purposes of this Chapter.

#### **940 Discretionary interests in residue** **U.K.**

- (1) Income is treated as arising in an accounting period from a company's discretionary interest in the whole or part of the residue of an estate if a payment is made in the accounting period in exercise of the discretion in the company's favour.
- (2) Income treated as arising as a result of this section is estate income for the purposes of this Chapter.

#### *Income charged*

#### **941 UK estates** **U.K.**

- (1) In the case of a UK estate, tax is charged under section 934 on the amount of estate income treated as arising in the accounting period.
- (2) That amount is the basic amount of that income for the accounting period (see subsection (4)), grossed up by reference to the applicable rate for the relevant tax year (see section 946).
- (3) The gross amount is treated as having borne income tax by deduction at that rate.
- (4) In this Chapter “the basic amount”, in relation to estate income, has the meaning given by—
- (a) section 943 (basic amount of estate income: absolute interests),
  - (b) section 944 (basic amount of estate income: limited interests),
  - (c) section 945 (basic amount of estate income: discretionary interests), and
  - (d) section 958 (basic amount of estate income: successive limited interests).

#### **942 Foreign estates** **U.K.**

- (1) In the case of a foreign estate, tax is charged under section 934 on the amount of estate income treated as arising in the accounting period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) That amount depends on whether the estate income arising in the accounting period is paid from sums within section 963(3) or (4) (sums treated as bearing income tax).
- (3) So far as the estate income is paid from such sums, that amount is the basic amount of that income for the accounting period grossed up by reference to the applicable rate for the relevant tax year (see section 946).
- (4) That gross amount is treated as having borne income tax by deduction at that rate.
- (5) So far as the estate income is not paid from sums within section 963(3) or (4), the amount of estate income treated as arising in the accounting period is the basic amount of that income for that period.

*Basic amount of estate income: general calculations rules*

#### 943 Absolute interests **U.K.**

- (1) The basic amount of estate income relating to a company's absolute interest in the whole or part of the residue of an estate for an accounting period before the final accounting period is the lower of—
  - (a) the total of all sums paid in the accounting period in respect of that interest, and
  - (b) the amount of the company's assumed income entitlement for the accounting period in respect of it.
- (2) The basic amount for the final accounting period is equal to the amount of the company's assumed income entitlement for that accounting period in respect of that interest.
- (3) But if the residuary income of the estate for the final tax year is nil because the allowable estate deductions exceed the aggregate income of the estate, the basic amount for the final accounting period is reduced—
  - (a) where the company has an absolute interest in the whole of the residue of the estate, by an amount equal to the excess, and
  - (b) in any other case, by an amount equal to such part of the excess as is just and reasonable.
- (4) See sections 948 to 952 for the meaning of references to assumed income entitlement and residuary income of an estate.
- (5) See sections 947 and 949(2) for the meaning of aggregate income of an estate and allowable estate deductions respectively.
- (6) This section is subject to sections 953 to 956 (successive interests).

#### 944 Limited interests **U.K.**

- (1) The basic amount of estate income relating to a company's limited interest in the whole or part of the residue of an estate for an accounting period is the total of the sums within section 939(2)(b), (3)(c) and (4)(c) for that period.
- (2) This does not apply, and section 958 applies instead, if the limited interest is one to which section 957 (successive interests: holders of limited interests) applies.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

#### **945 Discretionary interests** U.K.

The basic amount of estate income relating to a company's discretionary interest in the whole or part of the residue of an estate for an accounting period is the total of the payments made in the accounting period in exercise of the discretion in favour of the company.

#### **946 Applicable rate for grossing up basic amounts of estate income** U.K.

- (1) The applicable rate by reference to which a basic amount of estate income is grossed up for the purposes of sections 941 and 942 depends on the rate at which income tax is borne by the aggregate income of the estate for the relevant tax year (see subsection (5)).
- (2) If the aggregate income of the estate all bears income tax at the same rate, the applicable rate is that rate.
- (3) If—
  - (a) different parts of the aggregate income of the estate bear income tax at different rates, and
  - (b) the same rate applies to all the income from which section 962 treats the basic amount as having been paid,the applicable rate is that rate.
- (4) If—
  - (a) different parts of the aggregate income of the estate bear income tax at different rates, and
  - (b) different rates apply to different parts of the income from which section 962 treats the basic amount as having been paid,each of those rates is the applicable rate by reference to which the corresponding part of the basic amount is grossed up.
- (5) In this Chapter “the relevant tax year” in relation to an amount of estate income, means the tax year in which the amount of estate income would be treated as arising if—
  - (a) the references in this Chapter to accounting periods were references to tax years, and
  - (b) section 950(3) (apportionment between accounting periods) were ignored.

#### **947 Aggregate income of the estate** U.K.

- (1) For the purposes of this Chapter the aggregate income of the estate for a tax year is the total of the income and amounts specified in subsection (2), but excluding the income specified in subsection (5).
- (2) The income and amounts are—
  - (a) the income of the deceased's personal representatives in that capacity which is charged to United Kingdom income tax for the tax year,
  - (b) the income of the deceased's personal representatives in that capacity on which such tax would have been charged for the tax year if—
    - (i) it was income of a UK resident<sup>F990</sup> ..., and
    - (ii) it was income from a source in the United Kingdom,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (c) any amount of income treated as arising to the personal representatives under section 410(4) (stock dividends) of ITTOIA that would be charged to income tax under Chapter 5 of Part 4 of that Act if income arising to personal representatives were so charged (see section 411 of that Act),
  - (d) in a case where section 419(2) of ITTOIA applies (release of loans to participator in close company: loans and advances to persons who die), the amount that would be charged to income tax under Chapter 6 of Part 4 of that Act apart from that section, and
  - (e) any amount that would have been treated as income of the personal representatives in that capacity under section 466 of ITTOIA if the condition in section 466(2) had been met (gains from contracts for life insurance).
- (3) In calculating the amount of the income within subsection (2)(a), any allowable deductions are to be taken into account.
- (4) In calculating the amount of the income within subsection (2)(b), any deductions which would be allowable if the income had been charged to United Kingdom income tax are to be deducted from the full amount of the income actually arising in the tax year.
- (5) The excluded income is—
- (a) income to which any person is or may become entitled under a specific disposition, and
  - (b) income from property devolving on the personal representatives otherwise than as assets for payment of the deceased's debts.
- (6) In subsection (5)(a) “specific disposition” means a gift of specific property under a will, including—
- (a) the disposition of personal chattels by section 46 of the Administration of Estates Act 1925 (c. 23) (succession on intestacy), and
  - (b) any disposition which under the law of another country has a similar effect to a gift of specific property by will under the law of England and Wales,
- but excluding real property included in a residuary gift made by will by a specific or general description of it or, in Scotland, heritable estate included in such a gift.

*Further provisions for calculating estate income relating to absolute interests*

#### 948 Assumed income entitlement **U.K.**

- (1) Whether a company has an assumed income entitlement for an accounting period in respect of an absolute interest in the whole or part of the residue of an estate depends on the results of the following steps.

*Step 1*

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

Find the amount of the company's share of the residuary income of the estate that is attributable to that interest for that accounting period and each previous accounting period during which the company had that interest (see sections 949 to 951).

*Step 2*

If the estate is a UK estate in relation to any tax year by reference to which the amount of that share for any accounting period is determined under section 950, deduct from that amount income tax on that amount at the applicable rate for that year (see section 952).

*Step 3*

Add together the amounts found under step 1 after making any deductions necessary under step 2.

*Step 4*

Add together the basic amounts relating to the company's absolute interest in respect of which the company was liable for corporation tax for all previous accounting periods (or would have been so liable if the company had been a company liable for corporation tax for those accounting periods).

- (2) For the purposes of this Chapter the company has an assumed income entitlement for the accounting period if the amount resulting from step 3 exceeds the amount resulting from step 4.
- (3) The assumed income entitlement is equal to the excess.
- (4) This section is subject to—
  - section 954 (successive absolute interests), and
  - section 955 (successive interests: assumed income entitlement of holder of absolute interest following limited interest).

**949 Residuary income of the estate U.K.**

- (1) For the purposes of this Chapter the residuary income of an estate for a tax year is the aggregate income of the estate for that year, less the allowable estate deductions for that year.
- (2) The allowable estate deductions for a tax year are—
  - (a) all interest paid in that year by the personal representatives in that capacity (but see section 233(3) of IHTA 1984: exclusion of interest on unpaid inheritance tax),
  - (b) all annual payments for that year which are properly payable out of residue,
  - (c) all payments made in that year in respect of expenses incurred by the personal representatives in that capacity in the management of the assets of the estate, and
  - (d) any excess deductions from the previous tax year.

This is subject to subsections (3) to (5).

- (3) No sum is to be treated as an allowable estate deduction if it is allowable in calculating the aggregate income of the estate.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (4) No sum is to be counted twice as an allowable estate deduction.
- (5) Payments in respect of expenses are only allowable estate deductions if they are properly chargeable to income (ignoring any specific direction in a will).
- (6) In this section “excess deductions from the previous tax year” means so much of the allowable deductions for the previous tax year as exceeded the aggregate income of the estate for that year.

## 950 Shares of residuary income of estate **U.K.**

- (1) In the case of a company which has an absolute interest in the whole of the residue of an estate for a whole tax year, the company's share of the residuary income of the estate in respect of that interest for that year is equal to the whole of that income for that year.
- (2) In the case of a company which—
  - (a) has an absolute interest in the whole of the residue of an estate for part of the tax year, or
  - (b) an absolute interest in part of the residue of an estate for the whole or part of the tax year,
 the company's share of the residuary income of the estate for that year is a proportionate part of that income for that year.
- (3) The company's share of the residuary income of an estate in respect of an absolute interest for each of the accounting periods (if more than one) comprising a tax year is found by apportioning the company's share of the residuary income of the estate for that year between the accounting periods.
- (4) Subsections (1) and (2) are subject to section 951 (reduction in share of residuary income of estate).

## 951 Reduction in share of residuary income of estate **U.K.**

- (1) This section applies if a company has an absolute interest in the whole or part of the residue of an estate at the end of the administration period and—
  - (a) the total of the company's shares of the residuary income of the estate in respect of that interest for all tax years (apart from this section), exceeds
  - (b) the total of all sums paid during or payable at the end of the administration period in respect of that interest to any person (grossed up where subsection (5) applies).
- (2) In the final accounting period the company's share of the residuary income of the estate is to be reduced by that excess.
- (3) If that excess is greater than the company's share of that income for the final accounting period, the company's share of that income for the previous accounting period is to be reduced, and so on.
- (4) If subsection (3) applies, all necessary adjustments and repayments of corporation tax are to be made.
- (5) For the purposes of calculating the total mentioned in subsection (1)(b)—
  - (a) if the estate is a UK estate in relation to a tax year in which a sum is paid, the sum is to be grossed up by reference to the basic rate for that year, and

- (b) if the estate is a UK estate in relation to the final tax year, a sum payable at the end of the administration period is to be grossed up by reference to the basic rate for that year.
- (6) For the application of this section where two or more absolute interests in the whole or the same part of the residue are held successively by different persons, see section 954(5) and (6).

## 952 Applicable rate for determining assumed income entitlement (UK estates) **U.K.**

- (1) The applicable rate by reference to which income tax on a company's share of the residuary income of the estate is calculated for the purposes of step 2 of the calculation in section 948(1) depends on the rate at which income tax is borne by the aggregate income of the estate for the tax year in question.
- (2) If the aggregate income of the estate all bears income tax at the same rate, the applicable rate is that rate.
- (3) If different parts of the aggregate income of the estate bear income tax at different rates, the applicable rate is the rate that applies to the income to which the company's share of the residuary income of the estate relates.
- (4) If different rates apply to different parts of that income, each of those rates is the applicable rate that applies to the corresponding part of the income to which the company's share of the residuary income of the estate relates.
- (5) For the purposes of this section, if there is more than one person with an absolute interest in the residue of the estate, such apportionments of parts of the aggregate income of the estate bearing income tax at different rates are to be made as are just and reasonable for their different interests.
- (6) Section 650(1) of ITTOIA 2005 (absolute interests) applies for the purposes of subsection (5) in the case of any person who is not a company chargeable to corporation tax.

### *Successive interests*

## 953 Introduction **U.K.**

- (1) Sections 954 to 959 relate to cases where two or more interests in the whole or part of the residue of an estate are held successively during the administration period by different persons.
- (2) For the purposes of this section and those sections, two interests are held successively even where one is not held immediately before or after the other.
- (3) It is assumed for the purposes of those sections—
  - (a) that each of the persons holding the interests in question is a company within the charge to corporation tax (but without prejudice to the references to interests ceasing otherwise than by death), and
  - (b) that in the case of a person who is not a company the person's accounting periods correspond with tax years.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

#### 954 **Successive absolute interests** **U.K.**

- (1) This section applies if two or more absolute interests in the whole or part of the residue of an estate are held successively during the administration period by different persons.
- (2) In determining whether a company with a later such interest (“the later holder”) has an assumed income entitlement in respect of that interest and, if so, its amount—
  - (a) the later holder's share of the residuary income of the estate in respect of that interest for any accounting period is to be treated as including the share of any person with a previous such interest (“a previous holder”), and
  - (b) the basic amounts relating to the later holder's interest are to be treated as including the basic amounts relating to any previous such interest.
- (3) In applying subsection (2), all determinations under that subsection or section 955(2) that fall to be made in relation to a person with an earlier interest are to be made before determinations under those provisions relating to a person with a later interest.
- (4) A company which is a previous holder in the final accounting period is to be taxed for that period, in relation to the interest as to which that company is a previous holder, as if that period were not the final accounting period, and the later holder's assumed income entitlement is to be calculated accordingly (or, where the previous holder is not a company, having regard to the application of section 671(4) of ITTOIA 2005 to the previous holder).
- (5) The calculation under section 951(1)(a) and (b) (amount of reduction in the share of the residuary income of the company with an absolute interest at the end of the administration period) is to be made by reference to all the absolute interests taken together.
- (6) If the amount resulting from that calculation is greater than the total amount of the reductions which can be made under section 951(2) and (3), the share of the residuary income of the estate of the last previous holder of the interest for the last accounting period in which that last holder had that interest is to be reduced, and so on.
- (7) But if subsection (6) applies in a case where the last previous holder or any earlier previous holder is not a company, in applying that subsection regard must be had to the application of section 671(6) of ITTOIA 2005 to the previous holder.

#### 955 **Assumed income entitlement of holder of absolute interest following limited interest** **U.K.**

- (1) This section applies if—
  - (a) two or more interests in the whole or part of the residue of an estate are held successively during the administration period by different persons,
  - (b) each later interest arises or is created on the cessation of the previous interest otherwise than by death,
  - (c) at least one of the interests is an absolute interest, and
  - (d) at least one of the interests preceding that interest is a limited interest.
- (2) Rules A and B apply to determine in relation to such an absolute interest—
  - (a) whether the company with the interest has an assumed income entitlement in respect of the interest, and
  - (b) if so, its amount.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) Rule A is that the company's share of the residuary income of the estate in respect of the absolute interest for any accounting period is treated as including any amount which would be included in it if—
  - (a) the interest had subsisted throughout the period when any such limited interest subsisted, and
  - (b) no such limited interest had ever subsisted.
- (4) Rule B is that the basic amounts relating to the absolute interest are treated as including the basic amounts relating to any such limited interest.

#### **956 Payments in respect of limited interests followed by absolute interests** **U.K.**

- (1) This section applies if—
  - (a) two or more interests in the whole or part of the residue of an estate are held successively during the administration period by different persons,
  - (b) each later interest arises or is created on the cessation of the previous interest otherwise than by death,
  - (c) at least one of the interests is an absolute interest, and
  - (d) at least one of the interests preceding that interest is a limited interest.
- (2) A sum to which a company (“C”) with such an absolute interest is entitled in respect of any such limited interest which is paid while C has the absolute interest is treated as paid in respect of the absolute interest (and not the limited interest).
- (3) Subsection (4) applies if—
  - (a) C's absolute interest ceases during the administration period, and
  - (b) a sum to which C is entitled in respect of any such limited interest—
    - (i) is paid after the absolute interest ceases but before the end of the administration period, or
    - (ii) remains payable at the end of it.
- (4) This Chapter applies as respects any such sum as if the limited interest had continued to subsist while that absolute interest subsisted and had been held by C.
- (5) Subsection (4) is subject to subsection (6).
- (6) For the purposes only of section 951 (reduction in share of residuary income of estate), any such sum is treated as paid or payable in respect of the absolute interest.

#### **957 Holders of limited interests** **U.K.**

- (1) This section applies if—
  - (a) two or more interests in the whole or part of the residue of an estate are held successively during the administration period by different persons,
  - (b) the earlier or, if there are more than two, the earliest of the interests is a limited interest, and
  - (c) each later interest arises or is created on the cessation of the previous interest otherwise than by death.
- (2) Income is treated as arising from a limited interest in the whole or part of the residue of the estate in an accounting period in cases A, B and C.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) Case A is where—
- (a) one of the successive interests subsists at the beginning of the accounting period of a company which has or has had one of the interests which is a limited interest (the “limited holder”),
  - (b) a sum is paid in respect of one of the interests in that period and before the end of the administration period, and
  - (c) the limited holder is entitled to receive the payment.
- (4) Case B is where—
- (a) the accounting period of a limited holder is the final accounting period,
  - (b) one of the successive interests subsists at the beginning of that period,
  - (c) a sum remains payable in respect of one of the interests at the end of the administration period, and
  - (d) the limited holder is entitled to receive the payment.
- (5) Case C is where—
- (a) the accounting period of a limited holder is a period before the final accounting period,
  - (b) the last of the successive interests ceases in the accounting period,
  - (c) a sum is either—
    - (i) paid in respect of one of the interests in a later accounting period but before the end of the administration period, or
    - (ii) remains payable in respect of it at the end of the administration period, and
  - (d) the limited holder is entitled to receive the payment.

**958 Basic amount of estate income: successive limited interests** U.K.

The basic amount of estate income relating to a limited interest within section 957 for an accounting period is the total of the sums within section 957(3)(b), (4)(c) and (5)(c) for that period.

**959 Apportionments** U.K.

- (1) Such apportionments as are just and reasonable are to be made for the purposes of this Chapter if—
- (a) the part of a residuary estate in which an interest within any of the provisions specified in subsection (2) subsists does not wholly correspond with the part in which another such interest held successively subsists, or
  - (b) one of those interests is in the whole of the residuary estate and the other is only in part of it.
- (2) The provisions are—
- section 954 (successive absolute interests),
  - section 955 (successive interests: assumed income entitlement of holder of absolute interest following limited interest),
  - section 956 (successive interests: payments in respect of limited interests followed by absolute interests),

  - (b) the estate is a foreign estate in relation to the relevant tax year, and
  - (c) United Kingdom income tax has already been borne by part of the aggregate income of the estate for the relevant tax year.
- (2) If the company makes a claim under this section, the corporation tax charged on the company on that estate income is to be reduced by an amount equal to—

#### *General*

### 962 Income from which basic amounts are treated as paid **U.K.**

- (1) The part of the aggregate income of the estate from which a basic amount is treated as paid is determined by applying assumptions A and B in that order.
- (2) Assumption A is that if there are different persons with interests in the residue of the estate, payments in respect of their basic amounts are paid out of the different parts of the aggregate income of the estate in such proportions as are just and reasonable for their different interests.
- (3) Assumption B is that payments are made from those parts in the following order—
  - (a) income bearing income tax at the basic rate, and
  - (b) income bearing income tax at the dividend ordinary rate.
- (4) If some, but not all, of the aggregate income of the estate is income treated under section 963 as bearing income tax, assumption C is applied before assumptions A and B.
- (5) Assumption C is that the basic amount is paid from income that is not within section 963 before it is paid from income within that section.
- (6) Assumptions A and B then apply—
  - (a) first to determine the part of the income not within that section from which the basic amount is paid, and
  - (b) then to determine the part of the income within that section from which the basic amount is paid.

### 963 Income treated as bearing income tax **U.K.**

- (1) This section has effect for the purposes of—
  - section 946 (the applicable rate for grossing up basic amounts of estate income),

section 952 (applicable rate for determining assumed income entitlement (UK estates)), and

section 962 (income from which basic amounts are treated as paid).

- (2) If the aggregate income of the estate includes a sum within subsection (3) or (4), the sum is treated as bearing income tax at the rate specified for it in that subsection.
- (3) The following sums are treated as bearing income tax at the dividend ordinary rate—
  - (a) a sum charged under Chapter 3 of Part 4 of ITTOIA 2005 (dividends etc. from UK resident companies etc.), or
  - (b) a sum that is part of the aggregate income of the estate because of falling within—
    - (i) section 947(2)(c) (stock dividends), or
    - (ii) section 947(2)(d) (release of loan to participator in close company where debt due from personal representatives).
- (4) A sum that is part of the aggregate income of the estate because of falling within section 947(2)(e) (gains from life insurance contracts etc.) is treated as bearing income tax at the basic rate.
- (5) Income tax treated as borne under section 941(3) or 942(4) (gross amount of estate income treated as bearing tax at the applicable rate) is not repayable so far as the basic amount of the estate income in question is paid from sums within this section.

#### **964 Transfers of assets etc treated as payments** **U.K.**

- (1) For the purposes of this Chapter—
  - (a) a transfer of assets, or
  - (b) the appropriation of assets by personal representatives to themselves,is treated as the payment of an amount equal to the assets' value at the date of transfer or appropriation.
- (2) The set off or release of a debt is treated for the purposes of this Chapter as the payment of an amount equal to it.
- (3) If at the end of the administration period—
  - (a) there is an obligation to transfer assets to any person, or
  - (b) personal representatives are entitled to appropriate assets to themselves,an amount equal to the assets' value at that time is treated as payable then for the purposes of this Chapter.
- (4) If at the end of the administration period—
  - (a) there is an obligation to release or set off a debt owed by any person, or
  - (b) personal representatives are entitled to release or set off a debt in their own favour,a sum equal to the debt is treated as payable then for the purposes of this Chapter.

#### **965 Assessments, adjustments and claims after the administration period** **U.K.**

- (2) If subsection (1) applies—
  - (a) the company may be assessed and taxed for the accounting period, and
  - (b) any relief or additional relief to which the company may be entitled for the accounting period is to be allowed if a claim is made.
- (3) This subsection applies if after the administration period ends it is apparent that a company which previously appeared to be liable for corporation tax on estate income for any accounting period is not so liable or is liable for tax on a lesser amount.
- (4) If subsection (3) applies—
  - (a) all necessary adjustments and repayments of corporation tax for the accounting period are to be made, and
  - (b) if the company has been allowed relief which exceeds the relief that could have been given by reference to the amount actually charged for the accounting period, the excess is to be treated as chargeable for that accounting period under the charge to corporation tax on income.
- (5) An assessment or adjustment made for the purposes of this Chapter or a claim made as a result of this Chapter may be made after the end of the period otherwise allowed if it is made on or before the third anniversary of the 31 January following the accounting period in which the administration period ends.

## CHAPTER 6 U.K.

### SALE OF FOREIGN DIVIDEND COUPONS

#### 974 Charge to tax under this Chapter U.K.

- (1) The charge to corporation tax on income applies to income treated under subsection (2) as arising from foreign holdings.
  - (2) Income is treated as arising from such holdings in the following cases.
  - (3) The first case is where a bank's office in the United Kingdom—
    - (a) pays over the proceeds of a sale or other realisation of [<sup>F994</sup>taxable] dividend coupons in respect of the holdings which has been effected by the bank, or
    - (b) carries such proceeds into an account.
  - (4) The second case is where proceeds of sale arise from a sale of [<sup>F995</sup>taxable] dividend coupons in respect of the holdings by a person who is not a bank or a dealer to a person dealing in coupons in the United Kingdom.
- [<sup>F996</sup>(4A) For the purposes of subsections (3) and (4) a dividend coupon is “taxable” if the associated dividend would not have been exempt for the purposes of Part 9A (company distributions) had it been paid to the holder of the shares.]
- (5) The amount of the income that is treated as arising is equal to the proceeds of the sale or realisation.

## CHAPTER 5 U.K.

### PROVISIONAL ENTITLEMENT TO RELIEF

#### 1212 Introduction U.K.

- (1) In this Chapter—
- “the company” means the film production company in relation to a film,
  - “the completion period” means the accounting period of the company—
    - (a) in which the film is completed, or
    - (b) if the company does not complete the film, in which it abandons film-making activities in relation to it,
  - “interim accounting period” means any earlier accounting period of the company during which film-making activities are carried on in relation to the film,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

“interim certificate” and “final certificate” refer to certificates under Schedule 1 to the Films Act 1985 (c. 21) (certification of films as British films for purposes of film tax relief),

“the separate film trade” means the company's separate trade in relation to the film (see section 1188), and

“special film relief” means—

- (a) film tax relief, or
- (b) relief under section 1211 (transfer of terminal losses from one qualifying film to another).

- (2) The company's company tax return for the completion period must state that the film has been completed or that the company has abandoned film-making activities in relation to it (as the case may be).

### **1213 Certification as a British film** **U.K.**

- (1) The company is not entitled to special film relief for an interim accounting period unless its company tax return for the period is accompanied by an interim certificate.
- (2) If an interim certificate ceases to be in force (otherwise than on being superseded by a final certificate) or is revoked, the company—
  - (a) is not entitled to special film relief for any period for which its entitlement depended on the certificate, and
  - (b) must amend accordingly its company tax return for any such period.
- (3) If the film is completed by the company—
  - (a) its company tax return for the completion period must be accompanied by a final certificate,
  - (b) if that requirement is met, the final certificate has effect for the completion period and for any interim accounting period, and
  - (c) if that requirement is not met, the company—
    - (i) is not entitled to special film relief for any period, and
    - (ii) must amend accordingly its company tax return for any period for which such relief was claimed.
- (4) If the company abandons film-making activities in relation to the film—
  - (a) its company tax return for the completion period may be accompanied by an interim certificate, and
  - (b) the abandonment of film-making activities does not affect any entitlement to special film relief in that or any previous accounting period.
- (5) If a final certificate is revoked, the company—
  - (a) is not entitled to special film relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

### **1214 The UK expenditure condition** **U.K.**

- (1) The company is not entitled to special film relief for an interim accounting period unless—

Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (a) its company tax return for the period states the amount of planned core expenditure on the film that is UK expenditure, and
- (b) that amount is such as to indicate that the condition in section 1198 (the UK expenditure condition) will be met on completion of the film.

If those requirements are met, the company is provisionally treated in relation to that period as if that condition was met.

- (2) If such a statement is made but it subsequently appears that the condition will not be met on completion of the film, the company—
  - (a) is not entitled to special film relief for any period for which its entitlement depended on such a statement, and
  - (b) must amend accordingly its company tax return for any such period.
- (3) When the film is completed or the company abandons film-making activities in relation to it (as the case may be), the company's company tax return for the completion period must be accompanied by a final statement of the amount of the core expenditure on the film that is UK expenditure.
- (4) If that statement shows that the condition in section 1198 is not met, the company—
  - (a) is not entitled to special film relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

### PROVISIONAL ENTITLEMENT TO RELIEF

#### 1216E Introduction **U.K.**

- (1) In this Chapter—
- “the company” means the television production company in relation to a relevant programme,
- “the completion period” means the accounting period of the company—
- (a) in which the relevant programme is completed, or
- (b) if the company does not complete the relevant programme, in which it abandons television production activities in relation to it,
- “interim accounting period” means any earlier accounting period of the company during which television production activities are carried on in relation to the relevant programme,

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

“interim certificate” and “final certificate” have the meaning given by section 1216CC,

“the separate programme trade” means the company's separate trade in relation to the relevant programme (see section 1216B), and

“special television relief” means—

- (a) television tax relief, or
- (b) relief under section 1216DC (transfer of terminal losses from one relevant programme to another).

- (2) The company's company tax return for the completion period must state that the relevant programme has been completed or that the company has abandoned television production activities in relation to it (as the case may be).

### **1216EA Certification as a British programme** U.K.

- (1) The company is not entitled to special television relief for an interim accounting period unless its company tax return for the period is accompanied by an interim certificate.
- (2) If an interim certificate ceases to be in force (otherwise than on being superseded by a final certificate) or is revoked, the company—
  - (a) is not entitled to special television relief for any period for which its entitlement depended on the certificate, and
  - (b) must amend accordingly its company tax return for any such period.
- (3) If the relevant programme is completed by the company—
  - (a) its company tax return for the completion period must be accompanied by a final certificate,
  - (b) if that requirement is met, the final certificate has effect for the completion period and for any interim accounting period, and
  - (c) if that requirement is not met, the company—
    - (i) is not entitled to special television relief for any period, and
    - (ii) must amend accordingly its company tax return for any period for which such relief was claimed.
- (4) If the company abandons television production activities in relation to the relevant programme—
  - (a) its company tax return for the completion period may be accompanied by an interim certificate, and
  - (b) the abandonment of television production activities does not affect any entitlement to special television relief in that or any previous accounting period.
- (5) If a final certificate is revoked, the company—
  - (a) is not entitled to special television relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

- (a) its company tax return for the period states the amount of planned core expenditure on the relevant programme that is UK expenditure, and
- (b) that amount is such as to indicate that the condition in section 1216CE (the UK expenditure condition) will be met on completion of the programme.

If those requirements are met, the company is provisionally treated in relation to that period as if that condition was met.

- (2) If such a statement is made but it subsequently appears that the condition will not be met on completion of the programme, the company—
  - (a) is not entitled to special television relief for any period for which its entitlement depended on such a statement, and
  - (b) must amend accordingly its company tax return for any such period.
- (3) When the relevant programme is completed or the company abandons television production activities in relation to it (as the case may be), the company's company tax return for the completion period must be accompanied by a final statement of the amount of core expenditure on the programme that is UK expenditure.
- (4) If that statement shows that the condition in section 1216CE is not met, the company—
  - (a) is not entitled to special television relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

- (1) In this Chapter—
- “the company” means the video games development company in relation to a video game,
  - “the completion period” means the accounting period of the company—

  - “interim accounting period” means any earlier accounting period of the company during which video game development activities are carried on in relation to the video game,
  - “interim certificate” and “final certificate” have the meaning given by section 1217CC,
  - “the separate video game trade” means the company's separate trade in relation to the video game (see section 1217B), and
  - “special video games relief” means—
    - (a) video games tax relief, or
    - (b) relief under section 1217DC (transfer of terminal losses from one video game to another).
- (2) The company's company tax return for the completion period must state that the video game has been completed or that the company has abandoned video game development activities in relation to it (as the case may be).

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

### 1217EA Certification as a British video game **U.K.**

- (1) The company is not entitled to special video games relief for an interim accounting period unless its company tax return for the period is accompanied by an interim certificate.
- (2) If an interim certificate ceases to be in force (otherwise than on being superseded by a final certificate) or is revoked, the company—
  - (a) is not entitled to special video games relief for any period for which its entitlement depended on the certificate, and
  - (b) must amend accordingly its company tax return for any such period.
- (3) If the video game is completed by the company—
  - (a) its company tax return for the completion period must be accompanied by a final certificate,
  - (b) if that requirement is met, the final certificate has effect for the completion period and for any interim accounting period, and
  - (c) if that requirement is not met, the company—
    - (i) is not entitled to special video games relief for any period, and
    - (ii) must amend accordingly its company tax return for any period for which such relief was claimed.
- (4) If the company abandons video game development activities in relation to the video game—
  - (a) its company tax return for the completion period may be accompanied by an interim certificate, and
  - (b) the abandonment of video game development activities does not affect any entitlement to special video games relief in that or any previous accounting period.
- (5) If a final certificate is revoked, the company—
  - (a) is not entitled to special video games relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

### 1217EB The <sup>F1418</sup>EEA expenditure] condition **U.K.**

- (1) The company is not entitled to special video games relief for an interim accounting period unless—
  - (a) its company tax return for the period states the amount of planned core expenditure on the video game that is <sup>F1419</sup>EEA expenditure], and
  - (b) that amount is such as to indicate that the condition in section 1217CE (the <sup>F1419</sup>EEA expenditure] condition) will be met on completion of the video game.

If those requirements are met, the company is provisionally treated in relation to that period as if that condition was met.

- (2) If such a statement is made but it subsequently appears that the condition will not be met on completion of the video game, the company—
  - (a) is not entitled to special video games relief for any period for which its entitlement depended on such a statement, and
  - (b) must amend accordingly its company tax return for any such period.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) When the video game is completed or the company abandons video game development activities in relation to it (as the case may be), the company's company tax return for the completion period must be accompanied by a final statement of the amount of core expenditure on the video game that is [<sup>F1420</sup>EEA expenditure].
- (4) If that statement shows that the condition in section 1217CE is not met, the company—
  - (a) is not entitled to special video games relief for any period, and
  - (b) must amend accordingly its company tax return for any period for which such relief was claimed.

#### *Introduction*

### 1217F Overview **U.K.**

- (1) This Part contains provision about tax relief for production companies in respect of their theatrical productions.
- (2) Sections 1217FA to 1217FC define “production company” and “theatrical production”.
- (3) Section 1217G sets out the conditions a production company must meet to qualify for relief in relation to its theatrical production.
- (4) Section 1217H provides for relief by way of additional deductions in respect of certain expenditure (and section 1217J is about the amount of the additional deduction).

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (5) This Part also contains provision—
  - (a) for a company that claims relief to be treated as carrying on a separate trade relating to the theatrical production (see section 1217H(3)), and
  - (b) about the calculation of the profits and losses of that trade (see sections 1217I to 1217IF).
- (6) Sections 1217K to 1217KC—
  - (a) provide for relief by way of payments (called “theatre tax credits”) to be made on the company's surrender of certain losses of that trade, and
  - (b) set out an upper limit on relief, in connection with State aid legislation.
- (7) Sections 1217LA and 1217LB are about certain cases involving tax avoidance arrangements or arrangements entered into otherwise than for genuine commercial reasons.
- (8) Sections 1217M to 1217MC contain provision about the use of losses of the separate trade (including provision about relief for terminal losses).
- (9) Sections 1217N and 1217NA are concerned with the provisional nature of relief given for periods preceding the period in which the company ceases to carry on the separate theatrical trade.

#### **1217FA “Theatrical production” U.K.**

- (1) In this Part “theatrical production” means a dramatic production or a ballet (and any ballet is therefore a theatrical production, whether or not it is also a dramatic production).

But see section 1217FB.

- (2) “Dramatic production” means a production of a play, opera, musical, or other dramatic piece (whether or not involving improvisation) in relation to which the following conditions are met—
  - (a) the actors, singers, dancers or other performers are to give their performances wholly or mainly through the playing of roles,
  - (b) each performance in the proposed run of performances is to be live, and
  - (c) the presentation of live performances is the main object, or one of the main objects, of the company's activities in relation to the production.
- (3) “Dramatic piece” may also include, for example, a show that is to be performed by a circus.
- (4) For the purposes of this section a performance is “live” if it is to an audience before whom the performers are actually present.

#### **1217FB Productions not regarded as theatrical U.K.**

- (1) A dramatic production or ballet is not regarded as a theatrical production if—
  - (a) the main purpose, or one of the main purposes, for which it is made is to advertise or promote any goods or services,
  - (b) the performances are to consist of or include a competition or contest,
  - (c) a wild animal is to be used in any performance,
  - (d) the production is of a sexual nature (see subsection (3)), or

*Status: Point in time view as at 06/04/2020.*

- (e) the making of a relevant recording is the main object, or one of the main objects, of the company's activities in relation to the production.
- (2) For the purposes of subsection (1)(c) an animal is used in a performance if the animal performs, or is shown, in the course of the performance.
- (3) A production is of a sexual nature for the purposes of subsection (1)(d) if the performances are to include any content the nature of which is such that, ignoring financial gain, it would be reasonable to assume the content to be included solely or principally for the purpose of sexually stimulating any member of the audience (whether by verbal or other means).
- (4) “Relevant recording” means a recording of a performance—
  - (a) as a film (or part of a film) for exhibition to the paying general public at the commercial cinema, or
  - (b) for broadcast to the general public.
- (5) In this section—
  - “broadcast” means broadcast by any means (including television, radio or the internet);
  - “film” has the same meaning as in Part 15 (see section 1181);

#### **1217FC “Production company” U.K.**

- (1) A company is the production company in relation to a theatrical production if the company (acting otherwise than in partnership)—
  - (a) is responsible for producing, running and closing the theatrical production,
  - (b) is actively engaged in decision-making during the production, running and closing phases,
  - (c) makes an effective creative, technical and artistic contribution to the production, and
  - (d) directly negotiates for, contracts for and pays for rights, goods and services in relation to the production.
- (2) No more than one company can be the production company in relation to a theatrical production.
- (3) If more than one company meets the conditions in subsection (1) in relation to a theatrical production, the company that is most directly engaged in the activities mentioned in subsection (1) is the production company.
- (4) If there is no company meeting the conditions in subsection (1), there is no production company in relation to the production.

*Companies qualifying for relief*

#### **1217G How a company qualifies for relief U.K.**

- (1) A company qualifies for relief in relation to a theatrical production if—

*Status: Point in time view as at 06/04/2020.*

  - (b) provided for educational purposes.
- (2) The reference in subsection (1) to “live performances” is to be read in accordance with section 1217FA(4).
- (3) A performance is not regarded as provided for educational purposes if the production company is, or is associated with, a person who—
- (a) has responsibility for the beneficiaries, or
  - (b) is otherwise connected with the beneficiaries (for instance, by being their employer).
- (4) For the purposes of subsection (3), a production company is associated with a person (“P”) if—
- (a) P controls the production company, or

- (2) In this Part “EEA expenditure” means expenditure on goods or services that are provided from within the European Economic Area.
- (3) Any apportionment of expenditure as between EEA and non-EEA expenditure for the purposes of this Part is to be made on a just and reasonable basis.

### 1217GC “Core expenditure” **U.K.**

- (1) In this Part “core expenditure”, in relation to a theatrical production, means expenditure on the activities involved in—
  - (a) producing the production, and
  - (b) closing the production.
- (2) The reference in subsection (1)(a) to “expenditure on the activities involved in producing the production”—
  - (a) does not include expenditure on any matters not directly involved in producing the production (for instance, financing, marketing, legal services or storage);
  - (b) does not include expenditure on the ordinary running of the production; but expenditure incurred on or after the date of the first performance of the production to the paying general public may fall within subsection (1)(a) (for instance, if it is incurred in connection with a substantial recasting or a substantial redesign of the set).

*Claim for additional deduction*

### 1217H Claim for additional deduction **U.K.**

- (1) A company which qualifies for relief in relation to a theatrical production may claim an additional deduction in relation to the production.
- (2) A claim under subsection (1) is made with respect to an accounting period.  
 (See Schedule 18 to FA 1998, and in particular Part 9D, for provision about the procedure for making claims.)
- (3) Where a company has made a claim under subsection (1)—
  - (a) the company's activities in relation to the theatrical production are treated for corporation tax purposes as a trade separate from any other activities of the company (including activities in relation to any other theatrical production), and
  - (b) the company is entitled to make an additional deduction, in accordance with section 1217J, in calculating the profit or loss of the separate trade for the accounting period concerned.
- (4) The company is treated as beginning to carry on the separate trade—
  - (a) when the production phase begins, or
  - (b) if earlier, at the time of the first receipt by the company of any income from the theatrical production.
- (5) Where the company tax return in which a claim under subsection (1) is made is for an accounting period later than that in which the company begins to carry on the separate trade, the company must make any amendments of company tax returns for earlier periods that may be necessary.
- (6) Any amendment or assessment necessary to give effect to subsection (5) may be made despite any limitation on the time within which an amendment or assessment may normally be made.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (7) If the company ceases at any time to meet the conditions in section 1217FC(1) (meaning of “production company”) in relation to the production, it is treated as ceasing to carry on the separate trade at that time.

### *The separate theatrical trade*

#### **1217I Introduction to sections 1217IA to 1217IF** U.K.

Where a company is treated under section 1217H(3)(a) as carrying on a separate trade (“the separate theatrical trade”), the profits or losses of the trade are calculated for corporation tax purposes in accordance with sections 1217IA to 1217IF.

#### **1217IA Calculation of profits or losses of separate theatrical trade** U.K.

- (1) For the first period of account during which the separate theatrical trade is carried on, the following are brought into account—
- (a) as a debit, the costs of the theatrical production incurred (and represented in work done) to date;
  - (b) as a credit, the proportion of the estimated total income from the production treated as earned at the end of that period.
- (2) For subsequent periods of account the following are brought into account—
- (a) as a debit, the difference between the amount (“C”) of the costs of the theatrical production incurred (and represented in work done) to date and the amount corresponding to C for the previous period, and
  - (b) as a credit, the difference between the proportion (“PI”) of the estimated total income from the production treated as earned at the end of that period and the amount corresponding to PI for the previous period.
- (3) The proportion of the estimated total income treated as earned at the end of a period of account is—

$$C T \times I$$

where—

C is the total to date of costs incurred (and represented in work done);

T is the estimated total cost of the theatrical production;

I is the estimated total income from the theatrical production.

#### **1217IB Income from the production** U.K.

- (1) References in this Part to income from a theatrical production are to any receipts by the company in connection with the making or exploitation of the production.
- (2) This includes—
- (a) receipts from the sale of tickets or of rights in the theatrical production;
  - (b) royalties or other payments for use of aspects of the theatrical production (for example, characters or music);
  - (c) payments for rights to produce merchandise;
  - (d) receipts by the company by way of a profit share agreement.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) Receipts that (apart from this subsection) would be regarded as being of a capital nature are treated as being of a revenue nature.

### **1217IC Costs of the production** **U.K.**

- (1) References in this Part to the costs of a theatrical production are to expenditure incurred by the company on—
- (a) the activities involved in developing, producing, running and closing the production, or
  - (b) activities with a view to exploiting the production.
- (2) This is subject to any provision of the Corporation Tax Acts prohibiting the making of a deduction, or restricting the extent to which a deduction is allowed, in calculating the profits of a trade.
- (3) Expenditure which, apart from this subsection, would be regarded as being of a capital nature only because it is incurred on the creation of an asset (i.e. the theatrical production) is treated as being of a revenue nature.

### **1217ID When costs are taken to be incurred** **U.K.**

- (1) For the purposes of this Part, the costs that have been incurred on a theatrical production at a given time—
- (a) are those costs of the production that are represented in the state of completion of the work in progress, but
  - (b) do not include any amount that has not been paid unless it is the subject of an unconditional obligation to pay.
- (2) In accordance with subsection (1)(a)—
- (a) payments in advance of work to be done are ignored until the work has been carried out;
  - (b) deferred payments are recognised to the extent that the goods or services in question are represented in the state of completion of the work in progress (but this is subject to subsection (1)(b)).
- (3) Where an obligation to pay an amount is linked to income being earned from the theatrical production, the obligation is not treated as having become unconditional unless an appropriate amount of income is or has been brought into account under section 1217IA.
- (4) In determining for the purposes of this Part the amount of costs incurred on a theatrical production at the end of a period of account, any amount that has not been paid 4 months after the end of that period is to be ignored.

### **1217IE Pre-trading expenditure** **U.K.**

- (1) This section applies if, before the company begins to carry on the separate theatrical trade, it incurs expenditure on activities falling within section 1217IC(1)(a).
- (2) The expenditure may be treated as expenditure of the separate theatrical trade and as if incurred immediately after the company begins to carry on that trade.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (3) If expenditure so treated has previously been taken into account for other tax purposes, the company must amend any relevant company tax return accordingly.
- (4) Any amendment or assessment necessary to give effect to subsection (3) may be made despite any limitation on the time within which an amendment or assessment may normally be made.

### **1217IF Estimates** **U.K.**

Estimates for the purposes of section 1217IA must be made as at the balance sheet date for each period of account, on a just and reasonable basis taking into consideration all relevant circumstances.

#### *Amount of additional deduction*

### **1217J Amount of additional deduction** **U.K.**

- (1) The amount of an additional deduction to which a company is entitled as a result of a claim under section 1217H is calculated as follows.
- (2) For the first period of account during which the separate theatrical trade is carried on, the amount of the additional deduction is E, where—  
E is—
  - (a) so much of the qualifying expenditure incurred to date as is EEA expenditure, or
  - (b) if less, 80% of the total amount of qualifying expenditure incurred to date.
- (3) For any period of account after the first, the amount of the additional deduction is—  
$$E \div P$$
where—  
E is—
  - (a) so much of the qualifying expenditure incurred to date as is EEA expenditure, or
  - (b) if less, 80% of the total amount of qualifying expenditure incurred to date, and  
P is the total amount of the additional deductions given for previous periods.
- (4) The Treasury may by regulations amend the percentage specified in subsection (2) or (3).

### **1217JA “Qualifying expenditure”** **U.K.**

- (1) In this Part “qualifying expenditure”, in relation to a theatrical production, means core expenditure (see section 1217GC) on the theatrical production that—
  - (a) falls to be taken into account under sections 1217IA to 1217IF in calculating the profit or loss of the separate theatrical trade for tax purposes, and
  - (b) is not excluded by subsection (2).
- (2) The following expenditure is excluded—
  - (a) expenditure in respect of which the company is entitled to an R&D expenditure credit under Chapter 6A of Part 3;

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (b) expenditure in respect of which the company has obtained relief under Part 13 (additional relief for expenditure on research and development).

### *Theatre tax credits*

#### **1217K Theatre tax credit claimable if company has surrenderable loss** U.K.

- (1) A company which—
  - (a) is treated under section 1217H(3) as carrying on a separate trade during the whole or part of an accounting period, and
  - (b) has a surrenderable loss in that period,
 may claim a theatre tax credit for that accounting period.
- (2) Section 1217KA sets out how to calculate the amount of any surrenderable loss that the company has in the accounting period.
- (3) A company making a claim may surrender the whole or part of its surrenderable loss in the accounting period.
- (4) The amount of the theatre tax credit to which a company making a claim is entitled for the accounting period is—
  - (a) 25% of the amount of the loss surrendered if the theatrical production is a touring production, or
  - (b) 20% of the amount of the loss surrendered if the theatrical production is not a touring production.
- (5) The company's available loss for the accounting period (see section 1217KA(2)) is reduced by the amount surrendered.
- (6) A theatrical production is a “touring production” only if the company intends at the beginning of the production phase—
  - (a) that it will present performances of the production in 6 or more separate premises, or
  - (b) that it will present performances of the production in at least two separate premises and that the number of performances will be at least 14.
- (7) See Schedule 18 to FA 1998 (in particular, Part 9D) for provision about the procedure for making claims under subsection (1).

#### **1217KA Amount of surrenderable loss** U.K.

- (1) The company's surrenderable loss in the accounting period is—
  - (a) the company's available loss for the period in the separate theatrical trade (see subsections (2) and (3)), or
  - (b) if less, the available qualifying expenditure for the period (see subsections (4) and (5)).

- (2) The company's available loss for an accounting period is—

L+RUL

  - (b) company B is carrying on that trade when company A ceases to carry on trade 1, and
  - (c) company B is in the same group as company A for the purposes of Part 5 of CTA 2010 (group relief).
- (5) Company A may surrender the loss (or a part of it) to company B.
- (6) On the making of a claim by company B the amount surrendered is treated<sup>[F1443]</sup>—
- (a) in a case where the amount could have been carried forward under section 45 of CTA 2010 had trade 1 not ceased, as if it were a loss carried forward by company B under that section to be set against the profits of company B’s trade of the first accounting period beginning after the cessation and so on, and
  - (b) in a case where the amount could have been carried forward under section 45B of CTA 2010 had trade 1 not ceased, as if it were a loss made in company B’s trade which has been carried forward under that section to the first accounting period beginning after the cessation.]
- (7) The Treasury may by regulations make administrative provision in relation to the surrender of a loss under subsection (5) and the resulting claim under subsection (6).
- (8) “Administrative provision” means provision corresponding, subject to such adaptations or other modifications as appear to the Treasury to be appropriate, to that made by Part 8 of Schedule 18 to FA 1998 (company tax returns: claims for group relief).

[ A deduction under section 45 or 45B of CTA 2010 which is made in reliance on this <sup>F1444</sup>(9) section is to be ignored for the purposes of section 269ZB of that Act (restriction on deductions from trading profits).]

## Interpretation

### 1218ZA “Exhibition” U.K.

- (1) In this Part “exhibition” means a curated public display of an organised collection of objects or works (or of a single object or work) considered to be of scientific, historic, artistic or cultural interest.
- (2) But a display is not an exhibition if—
  - (a) it is organised in connection with a competition of any kind,
  - (b) its main purpose, or one of its main purposes, is to sell anything displayed or to advertise or promote any goods or services,
  - (c) it includes a live performance by any person,
  - (d) anything displayed is for sale, or
  - (e) anything displayed is alive.
- (3) Subsection (2) does not prevent a display being an exhibition if it includes a live performance by a person which is merely incidental to, or forms a merely incidental part of, the collection displayed.
- (4) A display is “public” if the general public is admitted to it, whether or not the public is charged for admission.
- (5) A display does not fall outside subsection (4) just because visitors other than the general public are admitted to it for a single session or a small number of sessions.

### 1218ZAB “Touring exhibition” U.K.

- (1) In this Part an exhibition is a “touring exhibition” if conditions A to E are met.
- (2) Condition A is that—
  - (a) there is a primary production company for the exhibition (see section 1218ZAC), and
  - (b) the primary production company is within the charge to corporation tax.
- (3) Condition B is that the primary production company intends, when planning the exhibition, that conditions C, D and E should be met in relation to it.
- (4) Condition C is that the exhibition is held at two or more venues.
- (5) Condition D is that at least 25% of the objects or works displayed at the first venue at which the exhibition is held are also displayed at every subsequent venue at which the exhibition is held.
- (6) Condition E is that the period between the deinstalling of the exhibition at one venue and the installation of the exhibition at the next venue does not exceed 6 months.

### 1218ZAC “Primary production company” U.K.

- (1) In this Part a company is the primary production company for an exhibition if the company (acting otherwise than in partnership) meets conditions A and B.
- (2) Condition A is that the company—

- (a) makes an effective creative, technical or artistic contribution to the exhibition, and
  - (b) directly negotiates for, contracts for and pays for rights, goods and services in relation to the exhibition.
- (3) Condition B is that—
- (a) where the exhibition is held at just one venue, the company is responsible for the production of the exhibition at that venue;
  - (b) where the exhibition is held at two or more venues, the company is responsible for the production of the exhibition at (at least) the first of those venues.
- (4) For the purposes of this section and section 1218ZAD, a company is responsible for the production of the exhibition at a venue if—
- (a) it is responsible for producing and running the exhibition at the venue,
  - (b) where the exhibition is at the venue for a limited time, it is responsible for deinstalling and closing the exhibition at the venue, and
  - (c) it is actively engaged in decision-making in relation to the exhibition at the venue.
- (5) If more than one company meets conditions A and B in relation to the production of the exhibition, the company that most directly meets those conditions is the primary production company for the exhibition.
- (6) If no company meets conditions A and B in relation to the production of the exhibition, there is no primary production company for the exhibition.

### **1218ZAB Secondary production company** U.K.

- (1) If an exhibition is held at two or more venues, there may be one or more secondary production companies for the exhibition.
- (2) In this Part a company is the secondary production company for an exhibition at a venue if the company meets conditions C and D.
- (3) Condition C is that the company (acting otherwise than in partnership) is responsible for the production of the exhibition at the venue.
- (4) Condition D is that the company is not the primary production company.
- (5) If more than one company meets conditions C and D in relation to the production of the exhibition at the venue, the company that is most directly responsible for the production of the exhibition at the venue is the secondary production company for the exhibition at the venue.
- (6) If no company meets conditions C and D in relation to the production of the exhibition at the venue, there is no secondary production company for the exhibition at the venue.

## CHAPTER 2 **U.K.**

### TAXATION OF ACTIVITIES OF PRODUCTION COMPANY

#### *Separate exhibition trade*

#### **1218ZB Separate exhibition trade U.K.**

- (1) Subsection (2) applies to a company in relation to an exhibition if, and only for so long as, the company qualifies for museums and galleries exhibition tax relief in relation to the production of the exhibition (see section 1218ZCA).
- (2) The company's activities in relation to the production of the exhibition are treated as a trade separate from any other activities of the company (including activities in relation to the production of any other exhibition).
- (3) In this Part the separate trade mentioned in subsection (2) is called "the separate exhibition trade".
- (4) Subsections (5) and (6) apply where the company is the primary production company for the exhibition.
- (5) The company is treated as beginning to carry on the separate exhibition trade—
  - (a) at the beginning of the production stage of the exhibition at the first venue at which it is held, or
  - (b) if earlier, at the time of the first receipt by the company of any income from the production of the exhibition.
- (6) The company is treated as ceasing to carry on the separate trade when the exhibition closes at the last venue at which it is held.
- (7) Subsections (8) and (9) apply where the company is a secondary production company for the exhibition.
- (8) The company is treated as beginning to carry on the separate exhibition trade—
  - (a) at the beginning of the production stage of the exhibition at the first venue for which the company is the secondary production company, or
  - (b) if earlier, at the time of the first receipt by the company of any income from the production of the exhibition.
- (9) The company is treated as ceasing to carry on the separate trade when the exhibition closes at the last venue for which the company is the secondary production company.

#### *Profits and losses of separate exhibition trade*

#### **1218ZBA Calculation of profits or losses of separate exhibition trade U.K.**

- (1) This section applies for the purpose of calculating the profits or losses of the separate exhibition trade.

  - (a) as a debit, the costs of the production of the exhibition incurred to date;

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (b) as a credit, the proportion of the estimated total income from that production treated as earned at the end of that period.
- (3) For subsequent periods of account the following are brought into account—
  - (a) as a debit, the difference between the amount (“C”) of the costs of the production of the exhibition incurred to date and the amount corresponding to C for the previous period, and
  - (b) as a credit, the difference between the proportion (“PI”) of the estimated total income from that production treated as earned at the end of that period and the amount corresponding to PI for the previous period.
- (4) The proportion of the estimated total income treated as earned at the end of a period of account is—

$$CT \times I$$

where—

- C is the total to date of costs incurred;
- T is the estimated total cost of the production of the exhibition;
- I is the estimated total income from the production of the exhibition.

#### **1218ZBB**Income from the production **U.K.**

- (1) References in this Chapter to income from a production of an exhibition are to any receipts by the company in connection with the production or exploitation of the exhibition.
- (2) This includes—
  - (a) receipts from the sale of tickets or of rights in the exhibition;
  - (b) royalties or other payments in connection with the exploitation of the exhibition or aspects of it (such as a particular exhibit);
  - (c) payments for rights to produce merchandise;

  - (a) activities involved in developing, producing, running, deinstalling and closing the exhibition, or
  - (b) activities with a view to exploiting the exhibition.
- (2) This is subject to any provision of the Corporation Tax Acts prohibiting the making of a deduction, or restricting the extent to which a deduction is allowed, in calculating the profits of a trade.

#### **1218ZBD**When costs are taken to be incurred **U.K.**

- (1) For the purposes of this Chapter, the costs that have been incurred on a production of an exhibition at a given time do not include any amount that has not been paid unless it is the subject of an unconditional obligation to pay.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details)*

- (2) Where an obligation to pay an amount is linked to income being earned from the production of the exhibition, the obligation is not treated as having become unconditional unless an appropriate amount of income is or has been brought into account under section 1218ZBA.

### **1218ZB** Pre-trading expenditure **U.K.**

- (1) This section applies if, before the company begins to carry on the separate exhibition trade, it incurs expenditure on activities falling within section 1218ZBC(1)(a).
- (2) The expenditure may be treated as expenditure of the separate exhibition trade and as if incurred immediately after the company begins to carry on that trade.
- (3) If expenditure so treated has previously been taken into account for other tax purposes, the company must amend any relevant company tax return accordingly.
- (4) Any amendment or assessment necessary to give effect to subsection (3) may be made despite any limitation on the time within which an amendment or assessment may normally be made.

### **1218ZB** Estimates **U.K.**

Estimates for the purposes of section 1218ZBA must be made as at the balance sheet date for each period of account, on a just and reasonable basis taking into consideration all relevant circumstances.

### **1218ZC** Overview of museums and galleries exhibition tax relief **U.K.**

- (1) Relief under this Chapter (“museums and galleries exhibition tax relief”) is given by way of—
  - (a) additional deductions (see sections 1218ZCE to 1218ZCG), and

### **1218ZC Interpretation of section 1218ZCA(3)(b) and (c) U.K.**

- (1) For the purposes of section 1218ZCA(3)(b) a company is “wholly owned by a charity which maintains a museum or gallery” if condition A or B is met.

*Status: Point in time view as at 06/04/2020.*

*Changes to legislation: Corporation Tax Act 2009 is up to date with all changes known to be in force on or before 04 August 2024. There are changes that may be brought into force at a future date. ### **1218ZCC** The EEA expenditure condition **U.K.**

- (1) The “EEA expenditure condition” is that at least 25% of the core expenditure on the production of the exhibition incurred by the company is EEA expenditure.

### **1218ZCB** Core expenditure” **U.K.**

- (1) Subject to the following provisions of this section, in this Part “core expenditure”, in relation to a company’s production of an exhibition, means expenditure on the activities involved in producing, deinstalling and closing the exhibition at every relevant venue.
- (2) For the purposes of subsection (1) a venue is a “relevant venue” in relation to a company if the company’s activities in relation to the exhibition at the venue form part of the company’s separate exhibition trade.
- (3) Expenditure on the activities involved in deinstalling and closing the exhibition at a venue is core expenditure only if the period between the opening and closing of the exhibition at the venue is 12 months or less.
- (4) Expenditure on the storage of exhibits for an exhibition which is held at just one venue is not core expenditure.
- (5) Where a company incurs expenditure on the storage of exhibits for an exhibition which is held at two or more venues, the amount of such expenditure which is core expenditure is limited to the amount of relevant storage expenditure (if any) incurred by the company in respect of a period of 4 months or less.
- (6) For the purposes of subsection (5) expenditure in relation to the exhibition is “relevant storage expenditure” if—
