**The Food Safety (Fishery Products) Regulations 1992**

**Placing aquaculture products on the market**

5.—(1) Subject to regulation 24(1), no person shall place aquaculture products on the market which do not meet the following requirements:—

- (a) that they were slaughtered under appropriate conditions of hygiene and, in particular,—
  - (i) that they are not soiled with earth, slime or faeces and
  - (ii) if not processed immediately after slaughtered, that they are kept chilled; and
- (b) the requirements of regulation 3(c) to (g).
