EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations, which apply to Great Britain, come into force on 30th June 1995.

The Regulations amend the Extraction Solvents in Food Regulations 1993 (S.I.1993/1658) in implementation of Council Directive [88/344/EEC](#) (OJNo. L157, 24.6.88, p.28) (as amended by Council Directive [92/115/EEC](#) (OJ No. L409, 31.12.92, p.31)) on the approximation of the laws of the Member States on extraction solvents used in the production of foodstuffs and food ingredients, as now further amended by Directive [94/52/EC](#) of the European Parliament and the Council (OJ No. L331, 21.12.94, p.10).

The extraction solvent Cyclohexane is now introduced as an extraction solvent the use of which is permitted in the preparation of flavourings from natural flavouring materials subject to a maximum residue limit of 1mg of Cyclohexane in 1 kg of food. Appropriate amendments are made to Schedules 3 and 1 to, and regulation 4(2)(e) of, the 1993 Regulations (regulation 2).
