Period of adjustment **U.K.**

114. —

(1) The proportion (if any) of the total input tax on a capital item which may be deducted under Part XIV shall be subject to adjustments in accordance with the provisions of this Part.

(2) Adjustments shall be made over a period determined in accordance with the following paragraphs of this regulation.

(3) The period of adjustment relating to a capital item of a description falling within—

- (a) regulation 113(a) shall consist of 5 successive intervals,
- (b) regulation 113(b), where the interest in the land, building or part of the building in question has less than 10 years to run at the time it is supplied to the owner, shall consist of 5 successive intervals, and
- (c) any other description shall consist of 10 successive intervals,

determined in accordance with paragraphs (4) to (7) below.

(4) Subject to paragraphs (6) and (7) below, the first interval applicable to a capital item shall be determined as follows—

- (a) where the owner is a registered person when he imports, acquires or is supplied with the item as a capital item, the first interval shall commence on the day of the importation, acquisition or supply and shall end on the day before the commencement of his tax year following that day;
- (b) where the owner is a registered person when he appropriates to use an item as a capital item, the first interval shall commence on the day he first so uses it and shall end on the day before the commencement of his tax year following that day;
- (c) where the capital item is of a description falling within regulation 113(c), the first interval shall commence on the day the owner's interest in, right over, or licence to occupy, the building or part of the building is treated as supplied to him under paragraph 1(5) of Schedule 10 to the Act and shall end on the day before the commencement of his tax year following that day;
- (d) where the capital item is of a description falling within regulation 113(d), the first interval shall commence on the later of the following days—

 - (ii) the day the owner first uses the building (or part of the building),

and shall end on the day before the commencement of his tax year following the day of commencement of the first interval;

- (e) where the capital item is of a description falling within regulation 113(e) or (f), the first interval shall commence on the day the owner first uses the building or the altered building or the extension or annex in question, and shall end on the day before the commencement of his tax year following that day;
- (f) where the owner is not a registered person when he first uses an item as a capital item, and subsequently—
 - (i) becomes a registered person, the first interval shall correspond with his registration period, or
 - (ii) is included among bodies treated as members of a group under section 43 of the Act, the first interval shall correspond with, or be that part still remaining of, the then current tax year of that group.

(5) Subject to paragraphs (6) and (7) below, each subsequent interval applicable to a capital item shall correspond with a longer period applicable to the owner, or if no longer period applies to him, a tax year of his.

(6) Where the owner of a capital item—

- (a) is a registered person and subsequently becomes a member of a group under section 43 of the Act during the period of adjustment applicable to the capital item, the interval then applying to it shall end on the day before the owner is first so included and each subsequent interval (if any) applicable to the capital item shall end on the last day of a longer period applicable to that group, or if no longer period applies, shall end on the last day of a tax year of that group;

Method of adjustment **U.K.**

115. —

(1) Where in a subsequent interval applicable to a capital item, the extent to which it is used in making taxable supplies increases from the extent to which it was so used in the first interval applicable to it, the owner may deduct for that subsequent interval an amount calculated as follows—

- (a) where the capital item falls within regulation 114(3)(a) or (b)—

$$\frac{\text{the total input tax on the capital item}}{5} \times \text{the adjustment percentage;}$$

- (b) where the capital item falls within regulation 114(3)(c)—

$$\frac{\text{the total input tax on the capital item}}{10} \times \text{the adjustment percentage.}$$

(2) Where in a subsequent interval applicable to a capital item, the extent to which it is used in making taxable supplies decreases from the extent to which it was so used in the first interval applicable to it, the owner shall pay to the Commissioners for that subsequent interval an amount calculated in the manner described in paragraph (1) above.

(3) Where the whole of the owner's interest in a capital item is supplied by him, or the owner is deemed or, but for the fact that the VAT on the deemed supply (whether by virtue of its value or because it is zero-rated or exempt) would have been not more than £250, would have been deemed to supply a capital item pursuant to paragraph 8(1) of Schedule 4 to the Act during an interval other than the last interval applicable to the capital item, then if the supply (or deemed supply) of the capital item is—

- (a) a taxable supply, the owner shall be treated as using the capital item for each of the remaining complete intervals applicable to it wholly in making taxable supplies, or
 (b) an exempt supply, the owner shall be treated as not using the capital item for any of the remaining complete intervals applicable to it in making any taxable supplies,

and the owner shall calculate for each of the remaining complete intervals applicable to it, in accordance with paragraph (1) or (2) above, as the case may require, such amount as he may deduct or such amount as he shall be liable to pay to the Commissioners,

provided that the aggregate of the amounts that he may deduct in relation to a capital item pursuant to this paragraph shall not exceed the output tax chargeable by him on the supply of that capital item.

- (4) If a capital item is—

- (a) irretrievably lost or stolen or is totally destroyed, or
 (b) is of a kind falling within regulation 114(3)(b) and the interest in question expires,

during the period of adjustment applicable to it, no further adjustment shall be made in respect of any remaining complete intervals applicable to it.

- (5) For the purposes of this regulation—

“the total input tax on the capital item” means, in relation to a capital item falling within—

- (a) regulation 113(a) or (b), the VAT charged on the supply to, or on the importation or acquisition by, the owner of the capital item, other than VAT charged on rent (if any),

- (b) regulation 113(c) or (d), the VAT charged on the supply which the owner is treated as making to himself under paragraph 1(5) or 6(1) of Schedule 10 to the Act, as the case may require,
- (c) regulation 113(e) or (f), the aggregate of the VAT charged on the supplies described in regulation 113(e) or (f), as the case may require, other than VAT charged on rent (if any), and shall include, in relation to any capital item, any VAT treated as input tax under regulation 111 which relates to the capital item, other than such VAT charged on rent (if any); and for the purposes of this paragraph references to the owner shall be construed as references to the person who incurred the total input tax on the capital item;

“the adjustment percentage” means the difference (if any) between the extent, expressed as a percentage, to which the capital item is used (or is regarded as being used) in making taxable supplies in the first interval applicable to it, and the extent to which it is so used or is treated under paragraph (3) above as being so used in the subsequent interval in question.

(6) [^{F40}Subject to paragraph (8) below] a taxable person claiming any amount pursuant to paragraph (1) above, or liable to pay any amount pursuant to paragraph (2) above, shall include such amount in a return for the second prescribed accounting period next following the interval to which that amount relates, except where the Commissioners allow another return to be used for this purpose,

provided that where an interval has come to an end under—

- (a) regulation 114(6)(b) because the owner of the capital item has ceased to be a member of a group under section 43 of the Act, any amount claimable from the Commissioners or payable to them (as the case may be) in respect of that interval shall be included in a return for that group for the second prescribed accounting period after the end of the tax year of the group in which the interval in question fell, or
- (b) regulation 114(7) because the owner has transferred part of his business as a going concern, and he remains a registered person after the transfer, any amount claimable from the Commissioners or payable to them (as the case may be) in respect of that interval shall be included in a return by him for the second prescribed accounting period after the end of his tax year in which the interval in question fell,

except where the Commissioners allow another return to be used for this purpose.

(7) [^{F41}Subject to paragraph (8) below] a taxable person claiming any amount or amounts, or liable to pay any amount or amounts, pursuant to paragraph (3) above, shall include such amount or amounts in a return for the second prescribed accounting period next following the interval in which the supply (or deemed supply) in question takes place except where the Commissioners allow another return to be used for this purpose.

[^{F42}(8) The Commissioners shall not allow the taxable person to use a return other than that specified in paragraph (6) above, paragraph (a) or (b) of that paragraph or paragraph (7) above (in each case, “the specified return”), as the case may be, unless it is the return for a prescribed accounting period commencing within 3 years of the end of the prescribed accounting period to which the specified return relates.]
