1996 No. 2090

**The Packaging, Labelling and Carriage of
Radioactive Material by Rail Regulations 1996**

**PART V: GENERAL CARRIAGE PROHIBITIONS
AND OPERATING REQUIREMENTS**

Radiation level limits

22.—(1) Subject to paragraph (2), no person shall cause or permit to be carried in any freight container, tank container, tank wagon or wagon any radioactive material where the radiation level, under conditions likely to be encountered in routine carriage, would exceed 2 mSv/h at any point on, and 0·1 mSv/h at 2 m from, the external surfaces of the freight container, tank container, tank wagon or wagon concerned.

(2) No person shall cause or permit to be carried in any freight container, tank container, tank wagon or wagon a consignment under exclusive use where the radiation level exceeds the limits specified in Schedule 11.
