EXPLANATORY NOTE

(This note is not part of the Regulations)

Sections 35C and 46A of the Road Traffic Regulation Act 1984 contain new powers whereby local authorities may vary charges payable at off-street and designated (on-street) parking places respectively. These powers take the form of giving notice, the procedures in relation to which may be regulated by the Secretary of State.

These Regulations make provision for publication of such notices, their notification to other traffic authorities in certain instances and the contents and display of the notices.
