PART 2

MAINTENANCE GRANT

Determination of amount of maintenance grant

4.—(1) The amount of maintenance grant payable for the financial year in question in respect of a school in respect of which these Regulations apply—

- (a) in the case of a school which becomes a grant-maintained school on or after 1st April in the financial year in question pursuant to proposals published under section 212 of the 1996 Act, shall be the aggregate of the following amounts—
 - (i) an amount (Direct AMG) determined in accordance with regulation 19,
 - (ii) an amount (Central AMG) determined in accordance with regulation 8 (or that regulation as it has effect in accordance with regulation 13 (apportionment)), and
 - (iii) an amount determined in accordance with regulation 10 (Section 11 funding), regulation 11 (as it has effect in accordance with regulation 20(1)) or regulation 20(2) (school meals), regulation 22 (contingencies) and regulation 23 (nursery education),subject, in the case of such a school which becomes a grant-maintained school after 1st April in the financial year in question, to apportionment under regulation 21; and
- (b) in any other case, subject to regulation 5 (which provides for the amount of maintenance grant payable for secondary schools in Rutland) and regulation 15 (which provides an alternative method of determining the amount of maintenance grant for schools which became grant-maintained schools in the financial year in question), shall be the aggregate of the following amounts—
 - (i) an amount (Direct AMG) determined in accordance with (as the case may be) regulation 6, 7 or 12,
 - (ii) an amount (Central AMG) determined in accordance with regulation 8 (or that regulation as it has effect in accordance with regulation 13 (apportionment)),
 - (iii) an amount (transitional funding) determined in accordance with regulation 9,
 - (iv) an amount determined in accordance with regulation 10 (Section 11 funding), regulation 11 (school meals) (or that regulation as it has effect in accordance with regulation 14 (apportionment)), regulation 22 (contingencies) and regulation 23 (nursery education),
 - (v) (where applicable) an amount determined in accordance with regulations 24, 25 and 26, (additions or deductions representing unspent sums from previous budget shares, budget deficits from previous years and deductions from current year's budget share), and
 - (vi) (where applicable) an amount determined in accordance with regulations 27 and 28 (deductions representing excessive surpluses in previous years and excessive severance payments).

(2) Where in the opinion of the funding authority precise calculation for the purpose of determining any of the amounts referred to in paragraph (1)—

- (a) would be impracticable;
- (b) would not significantly affect the amount; or
- (c) would be disproportionately costly having regard to the complexity of the calculation and the likely effect on the amount,

paragraph (1) shall have effect as if it required the funding authority to determine as the amount of maintenance grant payable for the financial year in question such amount as appears to them to be fair and reasonable having regard in particular to the local education authority's scheme.

Secondary Schools in Rutland

5.—(1) The funding authority shall determine as the amount of maintenance grant payable for the financial year in question in respect of the schools listed in the first column of the following table, the amount set out opposite thereto in the second column—

	£
Uppingham Community College, Rutland	1,626,086
Casterton Community College, Rutland	1,695,438
Vale of Catmose Community College, Rutland	1,536,111.

(2) Where regulation 30 (adjustments) applies and the funding authority decide to redetermine the amount of maintenance grant payable in respect of a school referred to in paragraph (1), the amount of the maintenance grant as so redetermined shall be such amount as the Secretary of State may redetermine for the purposes of this regulation and of section 244(2) of the 1996 Act.

Determination of Direct AMG for a complete financial year by reference to a comparable maintained school's budget share

6.—(1) Subject to regulation 7 (alternative method of determining Direct AMG where the school became a grant-maintained school before 1st April) and paragraph (2) below, this regulation applies in the case of a school which became a grant-maintained school on or before 1st April in the financial year in question.

(2) This regulation shall not apply in the case of a school which becomes a grant-maintained school on 1st April in the financial year in question pursuant to proposals published under section 212 of the 1996 Act.

(3) In any case to which this regulation applies, and subject to paragraph (9) and to regulation 7, the funding authority shall determine an amount which appears to them to be equal or approximate to an amount which the local education authority could have determined, by the application (subject to the following provisions of this regulation) of the allocation formula in their scheme in relation to a comparable maintained school covered by the scheme, as such a school's budget share for the financial year in question.

(4) Where—

- (a) at any time before the beginning of the financial year in question the allocation formula included a particular factor; and
- (b) the scheme has been revised, varied or replaced under section 111 or 114 of the 1996 Act at any time before the relevant date in relation to the school as initially determined in accordance with regulation 29(2), and for the financial year in question—
 - (i) no such provision is included in the allocation formula, or
 - (ii) the proportion of a comparable maintained school's budget share derived from the application of that provision would be less than it would have been had the scheme not been so revised, varied or replaced,

the allocation formula shall be deemed, for the purposes of determining the amount under paragraph (3), to include such provision for taking into account any such factor as it had effect immediately before the scheme was so revised, varied or replaced:

Provided that the funding authority shall add to, or subtract from, any sum derived from the application of the said provision such amount as appears to them to be fair and reasonable having regard to any increase or decrease in the actual or planned level of spending of the local education authority in respect of schools maintained by them occurring during or since the financial year which preceded the financial year in which such revision, variation or replacement occurred.

(5) Where, by or in consequence of a structural or boundary change (or both such changes) within the meaning of section 14 of the Local Government Act 1992(12), effected by an order made under section 17 of that Act, a local education authority (“the transferor authority”) ceases on a particular date to exercise functions in relation to an area, paragraph (4) shall apply as if the scheme of the transferor authority had been the scheme of the authority (“the transferee authority”) by which such functions are exercisable in relation to that area on and after that date and the transferee authority’s scheme was a revision, variation or replacement of the transferor authority’s scheme under section 111 or 114 of the 1996 Act.

(6) Where the local education authority in relation to a grant-maintained special school has been determined by the Secretary of State under part (c)(ii) of the definition of “local education authority” in regulation 2(1), and the allocation formula in that new authority’s scheme contains no provision for taking into account the needs of special schools, paragraph (4) above shall apply as if the scheme of the former maintaining authority had been the scheme of the new authority and the new authority’s scheme was a revision, variation or replacement of that scheme under section 111 or 114 of the 1996 Act.

(7) Where—

- (a) by the application of the allocation formula a part of a school’s budget share is determined by reference to—
 - (i) an amount of expenditure attributable to each registered pupil of each relevant age or falling within each relevant age group,
 - (ii) an amount or amounts (as the case may be) of expenditure attributable to any unit of measurement adopted for any factor included in the allocation formula, or
 - (iii) the amount or amounts (as the case may be) of expenditure attributable to any other such factor; and
- (b) the proportion that any such amount is of a comparable maintained school’s budget share is less in the financial year in question than it would have been in a previous financial year,

the amount or amounts of expenditure so attributable shall be deemed by the funding authority, in applying the allocation formula for the purpose of determining the amount under paragraph (3), to be the amount or amounts determined in accordance with paragraph (8).

(8) For the purposes of paragraph (7), the funding authority shall determine as the amount or amounts of expenditure so attributable for the purposes of the allocation formula the amount or amounts so attributable in such previous financial year as the funding authority shall decide, adjusted by such amount or amounts as appears or appear to them to be fair and reasonable having regard, in particular, to—

- (a) any increase or decrease in the actual or planned level of spending of the local education authority in respect of schools maintained by them occurring during or since that year; and
- (b) any significant change in the characteristics of the school occurring as aforesaid or which it appears to the funding authority will be likely to occur before the end of the financial year in question.

(9) Where a school which became a grant-maintained school pursuant to proposals published under section 212 of the 1996 Act possesses a characteristic which is relevant to its needs and the

allocation formula does not include a factor which relates to that characteristic then the funding authority may, after consultation with the local education authority and the governing body of the school, in determining the amount under paragraph (3) add such an amount in respect of that characteristic as appears to them to be fair and reasonable.

(10) Subject to paragraphs (11), (12) and (13), references in this Part to a maintained school are references to a school maintained by the local education authority in question, and references to a comparable maintained school are—

- (a) in the case of a primary or secondary school, references to a maintained county school, any characteristics of which relevant for the purposes of any formula of a kind referred to in paragraph (3) are identical to any such characteristics of the grant-maintained school and are references (in particular) to a school—
 - (i) the number of registered pupils in each age group at which is identical to the number of such pupils in each age group at the grant-maintained school, and
 - (ii) any other factors affecting the needs of which (including, in particular, the number of registered pupils at the school who have special educational needs and the nature of the special educational provision required to be made for them) are identical to any other factors affecting the needs of the grant-maintained school; and
- (b) in the case of a special school, references to a maintained special school any characteristics of which relevant for the purposes of any formula of a kind referred to in paragraph (3) are identical to any such characteristics of the grant-maintained special school.

(11) Where the allocation formula includes provision for taking into account the amount of any non-domestic rate payable in respect of a school, the funding authority shall, in applying the allocation formula for the purpose of determining the amount under paragraph (3), apply the provision as if the amount of the non-domestic rate payable was—

- (a) in the case of a school which was a charity before becoming a grant-maintained school, that payable in respect of a comparable maintained school which is a charity; and
- (b) in the case of a school which was not a charity before becoming a grant-maintained school, that payable in respect of a comparable maintained school which is not a charity.

(12) For the purposes of this regulation, it is to be assumed that there is a comparable maintained school covered by the local education authority's scheme whether or not there is in fact such a school; and, for the purposes of paragraph (11), it is to be further assumed that a comparable maintained school is capable of being a charity.

(13) In this regulation—

“charity” means an institution established for charitable purposes only;

“factor” means, in relation to the allocation formula, any circumstance, fact or matter affecting the needs of individual schools and subject to variation from school to school which is to be taken into account in accordance with the allocation formula; and

“relevant” in relation to “age” and “age group” means an age group separately treated in the allocation formula for the purposes of determining that part of each school's budget share which is to be determined by reference to numbers of registered pupils.

(14) References in these Regulations to any change in the characteristics of the school include, in particular, references to any change in the number of registered pupils thereat.

Alternative method of determining Direct AMG for a complete financial year by reference to historic data

7.—(1) Subject to paragraph (2), in any case where the school became a grant-maintained school before 1st April in the financial year in question, the funding authority may if they think fit, and after

consulting the local education authority and the governing body of the school, instead of determining an amount under regulation 6(3), determine an amount in accordance with paragraph (3).

(2) This regulation shall not apply in the case of a school which is situated in the area of a local education authority which, by or in consequence of a structural or a boundary change (or both such changes) within the meaning of section 14 of the Local Government Act 1992, effected by an order made under section 17 of that Act, is not the local education authority which maintained it in the preceding financial year.

(3) Where the funding authority decide to determine an amount in accordance with this paragraph they shall determine an amount by—

- (a) taking the amount which was determined under regulation 6, 7, 12 or 19 of the 1997 Regulations as the amount of maintenance grant, comparable to a maintained school's budget share, payable in respect of the school for the preceding financial year; and
- (b) adjusting that amount by such amount as appears to them to be fair and reasonable having regard, in particular, to—
 - (i) any increase or decrease in the actual or planned level of spending of the local education authority in respect of the schools maintained by them occurring since that financial year; and
 - (ii) any significant change in the characteristics of the school occurring as aforesaid or which it appears to them is likely to occur before the end of the financial year in question.

Determination of Central AMG

8.—(1) Subject to regulation 13 (apportionment), the funding authority shall determine an amount for Central AMG which is equal to the relevant percentage of the aggregate of the amount determined in respect of the school for Direct AMG.

(2) In these Regulations the relevant percentage is the percentage determined in accordance with Schedule 1.

Transitional funding

9.—(1) The funding authority shall determine an amount for transitional funding which is equal to the amount, if any, by which the school's protected level of funding in respect of the preceding financial year, determined in accordance with Schedule 2, is greater than the school's adjusted maintenance grant for the financial year in question, determined in accordance with Schedule 2.

(2) Where it appears to the funding authority that, by reason of the particular circumstances of the school, the amount determined in accordance with paragraph (1) is too low, they may, after consultation with the local education authority and the governing body of the school, increase it by such amount as they consider to be fair and reasonable having regard to all the circumstances of the case.

Section 11 funding

10.—(1) Subject to paragraph (2), the funding authority shall determine in respect of the period in the financial year in question during which the school is a grant-maintained school ("the period in question"), the amount, if any, which it appears to them, were the school maintained by the local education authority, could have been allocated for the purposes of the school in accordance with the authority's scheme in support of expenditure of the kind referred to in section 11 of the Local

Government Act 1966(13) in respect of posts approved by the Secretary of State for the purpose of making grants in respect of such expenditure, not being expenditure expected to be offset by income received as central government grants or grant from any of the European Communities.

(2) If no such amount as referred to in paragraph (1) could have been so allocated in respect of the period in question the funding authority shall determine—

- (a) the amount which could have been so allocated in respect of an equivalent period in the last financial year, if any, in which any amount could have been so allocated; or
- (b) if no such amount as is referred to in sub-paragraph (a) above could have been so allocated such amount as appears to them to be fair and reasonable, being not more than half of the amount of “approved expenditure” which they estimate will be incurred by the governing body of the school for the period in question.

(3) In paragraph (2)(b) “approved expenditure” means expenditure of the kind referred to in section 11 of the Local Government Act 1966 both in respect of posts and of an amount approved by the Secretary of State for the purpose of making grants in respect of such expenditure.

Calculation of an amount in respect of the provision of school meals

11.—(1) Subject to regulations 14 (apportionment) and 20 (schools becoming grant-maintained in the financial year in question pursuant to proposals published under section 212 of the 1996 Act), the funding authority shall determine an amount in respect of the provision of school meals calculated by the application of the following formula—

$$\frac{(M \times F)}{(P)} + \frac{(S \times G)}{(B)},$$

where

M is the number of registered pupils in receipt of free school meals at the school on a date in the preceding financial year determined by the funding authority;

F is the amount which, in the opinion of the funding authority, the local education authority will spend in the financial year in question in providing meals to pupils in receipt of free school meals at relevant schools, excluding any such expenditure falling within their aggregated budget;

P is the number of registered pupils in receipt of free school meals at relevant schools on a date in the preceding financial year determined by the funding authority;

S is the number of registered pupils at the school who bought meals at the school on a date in the preceding financial year determined by the funding authority;

G is the amount, which may not be less than zero, which, in the opinion of the funding authority, the local education authority will spend in the financial year on school meals, other than free school meals, at relevant schools and excluding—

- (i) expenditure to be met from any charges for such meals, and
- (ii) expenditure falling within their aggregated budget; and

B is the number of registered pupils at relevant schools who bought meals at those schools on a date in the preceding financial year determined by the funding authority.

(2) In paragraph (1) “relevant schools” means all primary or all secondary schools or all special schools maintained or formerly maintained by the authority required to be covered by a statement for the year under section 122(2) of the 1996 Act, according as to whether the school is a primary school, a secondary school or a special school.

(13) 1966 c. 42, as substituted by section 1(1) of the Local Government (Amendment) Act 1993 (c. 27). Section 11 is extended by section 211 of the Education Reform Act 1988 (c. 40) to which there are amendments not relevant to these Regulations.

Determination of Direct AMG for part of a financial year

12.—(1) This regulation applies in the case of a school which becomes a grant-maintained school after 1st April in the financial year in question, other than a school which does so pursuant to proposals published under section 212 of the 1996 Act (where regulation 19 applies).

(2) In any case to which this regulation applies the funding authority shall determine an amount in accordance with paragraph (3).

(3) The funding authority shall determine an amount which appears to them to be equal or approximate to that amount of the school's budget share for the financial year in question in respect of which, immediately before the school became grant-maintained, sums had neither been deducted by the maintaining local education authority in accordance with their scheme nor made available pursuant to section 116(2) and (3) of the 1996 Act, or, if made available, had not been spent by the governing body of the school in exercise of their powers under section 116(5) of the 1996 Act.

Determination of Central AMG—apportionment for schools becoming grant-maintained part way through a financial year

13.—(1) This regulation applies in the case of a school which becomes a grant-maintained school after 1st April in the financial year in question.

(2) Where this regulation applies, regulation 8 (determination of Central AMG) shall have effect as if it required the funding authority to determine the relevant percentage of the amount determined in accordance with the following formula—

$$\frac{(A \times J),}{365}$$

where

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations replace with modifications the Education (Grant-maintained and Grant-maintained Special Schools) (Finance) Regulations 1997 (“the 1997 Regulations”) which are revoked. The Regulations apply, in relation to the 1998—99 financial year, to grant-maintained schools and grant-maintained special schools situated in England but not to completely new grant-maintained schools. Such schools (i.e. those which are not former maintained schools or which are not established in place of existing independent schools) are subject to the Education (New Grant-maintained Schools) (Finance) Regulations 1998 (S.I. 1998/798). The main changes to the provision made by the revoked Regulations are set out below.

Part 2 of the Regulations now provides for the determination and redetermination of the amount of maintenance grant to be paid to the governing bodies of all schools in respect of which the Regulations apply. This is on a similar basis to that provided for under Part 2 of the 1997 Regulations, save that—

(1) The “relevant percentage” is no longer calculated under Schedule 1 on the basis of data from the preceding financial year. A list of percentages is therefore no longer included in a table in that Schedule. The relevant percentage is to be calculated under Schedule 1 on the basis of data from the current financial year.

(2) The provisions relating to cash protection for Central AMG and Section 11 funding are omitted.

(3) Specific provision is made for the maintenance grant payable in respect of grant-maintained secondary schools in Rutland.

There are no longer equivalent provisions to Part 3 of the 1997 Regulations so as to make different provision with respect to the determination and redetermination of the amount of maintenance grant payable in respect of a secondary school, or, in certain circumstances, a primary school situated in the area of specified authorities.

Regulation 9 and Schedule 2 make transitional provisions to protect the level of funding in the current financial year for those schools whose maintenance grant was determined in the preceding financial year under the 1997 Regulations.

Part 3 of the Regulations provides for the payment of capital and special purpose grants on the same basis as that provided under Part 4 of the 1997 Regulations.

Consequent on section 257 of the 1996 Act, Part 4 of the Regulations, as did Part 5 of the 1997 Regulations, prescribes the total amount of maintenance grant in respect of schools to which the Regulations apply which may be recovered by the Secretary of State from the local education authority named in a determination under that section.
