### **Provision of financial assistance**

**8.—**(1) A Health Authority may make payments of financial assistance for preparatory work within the meaning of section 34(2) of the Act.

(2) Subject to the provisions of this regulation, such payments may be made only following receipt by the Health Authority of a written application from a person (“the applicant”), who—

- (a) where the financial assistance is requested for preparatory work falling within section 34(2)(a) of the Act, wishes to provide piloted services; or
- (b) where the financial assistance is requested for preparatory work falling within section 34(2)(b) of the Act, is named as a proposed provider of piloted services in a pilot scheme which has been approved, or in that scheme as varied, and such a pilot scheme is referred to below in this regulation as “the approved pilot scheme”.

(3) Payments of financial assistance may be made under paragraph (1) only if the following conditions are all satisfied—

- (a) the applicant’s application specifies the purposes for which he intends to use the payment of financial assistance for which he has applied;
- (b) the Health Authority has notified the applicant in writing that it is willing to make a payment of financial assistance to him for the purposes so specified, and of the maximum amount of the payment which it is willing to make; and
- (c) the applicant has satisfied the Health Authority that—
  - (i) he has incurred costs which are not less than the amount of the payment of financial assistance for which he has applied, and
  - (ii) those costs were incurred before the relevant date, for the purposes specified in his application.

(4) Where two or more persons have together applied for financial assistance, payment may be made to any one of them on behalf of them all; but otherwise in such a case “the applicant” means all of them together.

(5) In relation to applications made by persons referred to in paragraph (2)(b), subject to any directions given by the Secretary of State under paragraph 7(1) of Schedule 2 to the Act as to implementation of proposals—

- (a) if the approved pilot scheme does not specify the date by which it is to be implemented, a Health Authority may give notification to an applicant under paragraph (3)(b) only if it has agreed with him the date by which it is to be implemented; but
- (b) where a Health Authority and the applicant have agreed a date by which the approved pilot scheme is to be implemented, they may, at any time before that date, agree a different date as the date by which it is to be implemented, in substitution for that date.

(6) In paragraph (3)(c)(ii) and in regulation 9(1), “the relevant date” means—

- (a) in relation to applications made by persons referred to in paragraph (2)(a), the date on which the Health Authority submits the proposals in question to the Secretary of State or,

- (i) the date on which the approved pilot scheme is implemented,
  - (ii) the date on which the Health Authority receives notification from an applicant to whom it has given notification under paragraph (3)(b) in respect of the approved pilot scheme that he wishes to withdraw before that scheme is implemented<sup>(13)</sup>, or
  - (iii) the date specified in the approved pilot scheme or, as the case may be, for the time being agreed under paragraph (5) as the date by which the scheme is to be implemented.

### **Conditions on payment of financial assistance**

9.—(1) Notwithstanding that the applicant has satisfied the Health Authority as mentioned in regulation 8(3)(c), the Health Authority must upon making a payment of financial assistance under regulation 8(1) also require all the costs in respect of which the payment is made to have been incurred before the relevant date and for the purposes specified in the application for that payment.

(2) An applicant receiving such a payment must comply with any conditions which the Health Authority may impose in writing in connection with that requirement.

(3) Where a Health Authority, despite having been satisfied as mentioned in regulation 8(3)(c), subsequently discovers that the applicant has not complied with any conditions imposed under paragraph (2) it may demand repayment of any part of the payment that was not properly incurred and the applicant shall forthwith repay the sum demanded.

## EXPLANATORY NOTE

*(This note is not part of the Regulations)*

These Regulations make provision in connection with the establishment of pilot schemes for the provision of local pharmaceutical services under Chapter 1 of Part 2 of the Health and Social Care Act 2001.

Regulation 2 defines “local pharmaceutical services”. Regulation 3 allows a Health Authority to designate a neighbourhood or premises at which local pharmaceutical services are to be provided under a pilot scheme, and that regulation, together with regulations 4, 5 and 6, provides for the circumstances in which designations may or must be made, varied, reviewed or cancelled.

Regulation 10 amends the National Health Service (Pharmaceutical Services) Regulations 1992 to allow a Health Authority to defer consideration of certain applications to be included in a pharmaceutical list where the pharmaceutical services are to be provided from premises which are the subject of a designation.

Regulation 7 makes provision regarding the supply of information in connection with requests to a Health Authority by persons wishing to participate in a pilot scheme.

Regulation 8 allows a Health Authority to make a payment of financial assistance to a person who wishes to participate in a pilot scheme. Payments may be made in respect of work reasonably undertaken in connection with preparing proposals for a pilot scheme or, as the case may be, preparing for the provision of piloted services. An application for either type of financial assistance must specify the purposes for which the applicant intends to use the payment and payments may be made only in respect of costs which have been incurred for those purposes by the relevant date. Regulation 9 provides that a Health Authority may impose conditions designed to require a person who is given financial assistance to return all or part of the payment made, if it is subsequently discovered that costs were not in fact incurred by the relevant date or for the purposes specified in the application.
