

## SCHEDULE 1

### PART 2

#### EEE to which these Regulations do not apply

**12.** Equipment which is necessary for the protection of the essential interests of the security of member States, including arms, munitions and war material intended for specifically military purposes.

**13.** Equipment designed to be sent into space.

**14.** Equipment which is specifically designed, and is to be installed, as part of another type of equipment to which these Regulations do not apply, which can fulfil its function only if it is part of that equipment, and which can be replaced only by the same specifically designed equipment.

**15.** Large-scale stationary industrial tools being a large-scale assembly of machines, equipment, and/or components—

- (a) functioning together for a specific application;
- (b) permanently installed and de-installed by professionals at a given place; and
- (c) used and maintained by professionals in an industrial manufacturing facility or research and development facility.

**16.** Large-scale fixed installations being a large-scale combination of several types of apparatus and, where applicable, other devices, which are—

- (a) assembled and installed by professionals;
- (b) intended to be used permanently in a pre-defined and dedicated location; and
- (c) de-installed by professionals.

**17.** Means of transport for persons or goods, excluding electric two-wheel vehicles which are not type-approved.

**18.** Non-road mobile machinery made available exclusively for professional use, being machinery, with an on-board power source, the operation of which requires either mobility or continuous or semi-continuous movement between a succession of fixed working locations while working, and which is made available exclusively for professional use.

**19.** Active implantable medical devices.

**20.** Photovoltaic panels intended to be used in a system that is designed, assembled and installed by professionals for permanent use at a defined location to produce energy from solar light for public, commercial, industrial and residential applications.

**21.** Equipment specifically designed solely for the purposes of research and development only made available on a business-to-business basis.
