- (bb) if the decision is not so accompanied, the day after the date on which the economic operator is informed of a summary of those reasons; and
 - (c) where sub-paragraphs (a) and (b) do not apply but the decision is published, 10 days beginning with day on which the decision is published.
- (5) Subject to paragraph (6), the Court may extend the time limit imposed by paragraph (3) where the Court considers that there is good reason for doing so.

- (7) For the purposes of this regulation, proceedings are to be regarded as started when the claim form is issued.
- (8) Subject to paragraph (9), but otherwise without prejudice to any other powers of the Court in proceedings brought under this regulation, the Court may—

- (9) In proceedings under this regulation the Court does not have power to order any remedy other than an award of damages in respect of a breach of the duty owed in accordance with paragraph (1) if the contract in relation to which the breach occurred has been entered into.
- (10) Where, in proceedings under this regulation, the Court is satisfied that an economic operator would have had a real chance of being awarded a contract or winning a design contest if that chance had not been adversely affected by a breach of the duty owed to it by the incumbent undertaker in accordance with paragraph (1), the economic operator shall be entitled to damages amounting to its costs in preparing its tender and in participating in the procedure leading to the award of the contract or its costs of participating in the procedure leading to the determination of the design contest.
- (11) Paragraph (10) does not affect a claim by an economic operator that it has suffered other loss or damage or that it is entitled to relief other than damages, and is without prejudice to the matters on which an economic operator may be required to satisfy the Court in respect of any other such claim.”]
