

SCHEDULES

SCHEDULE 8

PROTECTIVE PROVISIONS

PART 4

PROTECTION FOR ELECTRICITY, GAS, WATER AND SEWERAGE UNDERTAKERS

Retained apparatus: protection and plan approval

48.—(1) Not less than 28 days before starting the execution of any works of the type referred to in paragraph 46(1) that are near to, or will or may affect, any apparatus the removal of which has not been required by LUL under paragraph 46(1), LUL must submit to the undertaker in question plans of those works.

(2) Those works are to be executed only in accordance with the plans submitted under sub-paragraph (1) and in accordance with such reasonable requirements as may be made in accordance with sub-paragraph (3) by the undertaker for the alteration or otherwise for the protection of the apparatus, or for securing access to it, and an officer of the undertaker is entitled to watch and inspect the execution of those works.

(3) Any requirements made by the undertaker under sub-paragraph (2) must be made within a period of 21 days beginning with the date on which the plans under sub-paragraph (1) are submitted to it.

(4) If an undertaker in accordance with sub-paragraph (3) and in consequence of the works proposed by LUL, reasonably requires the removal of any apparatus and gives written notice to LUL of that requirement, paragraphs 42 to 47 apply as if the removal of the apparatus had been required by LUL under paragraph 46(1).

(5) Nothing in this paragraph precludes LUL from submitting at any time or from time to time, but in no case less than 28 days before commencing the execution of any works, new plans instead of the plans previously submitted, and having done so the provisions of this paragraph apply to and in respect of the new plans.

(6) LUL is not required to comply with sub-paragraph (1) in a case of emergency but in that case it must give to the undertaker in question notice as soon as is reasonably practicable and plans of those works as soon as reasonably practicable subsequently and must comply with sub-paragraph (2) in so far as is reasonably practicable in the circumstances.

(7) Nothing in sub-paragraph (6) entitles LUL to carry out works to any apparatus but, upon receipt of notice from LUL, the undertaker must proceed to carry out such works as may be required without unreasonable delay.

Changes to legislation: There are currently no known outstanding effects for the The London Underground (Northern Line Extension) Order 2014, Cross Heading: Retained apparatus: protection and plan approval. (See end of Document for details)
