2016 No. 765

CIVIL AVIATION

The Air Navigation Order 2016

<i>Made</i>	- - - -	<i>13th July 2016</i>
<i>Laid before Parliament</i>		<i>20th July 2016</i>
<i>Coming into force</i>		<i>25th August 2016</i>

THE AIR NAVIGATION ORDER 2016

1. Citation and commencement

PART 1

Interpretation and categorisation

CHAPTER 1

Interpretative matter

2. Interpretation
3. Meaning of “in flight”
4. Meaning of “operator”
5. Meaning of “aerodrome traffic zone”
6. Meaning of “public transport”
7. Meaning of “commercial operation”

CHAPTER 2

Categorisation as public transport or commercial operation

8. Application of Chapter
9. Public transport – special rule for associations of persons
10. Public transport – special rule for groups of companies
11. Public transport and commercial operations – exceptions – flying displays
12. Public transport and commercial operations – exceptions – charity flights
13. Public transport and commercial operations – exceptions – cost sharing
14. Public transport and commercial operations – exceptions – parachuting
15. Public transport – exceptions – introductory flights
16. Public transport and commercial operations – exceptions – glider towing

Status: This is the original version (as it was originally made).

PART 2

Application of the Order

17. Extra-territorial effect of the Order
18. Aircraft in transit over certain United Kingdom territorial waters
19. Application of the Order to British-controlled aircraft registered elsewhere than in the United Kingdom
20. Application of the Order to the Crown
21. Application of the Order to visiting forces
22. Application of the Order to military aircraft
23. Exceptions from application of provisions of the Order for certain classes of aircraft

PART 3

Registration and marking

24. Aircraft to be registered
25. CAA to register aircraft in the United Kingdom
26. Who may register aircraft in the United Kingdom
27. Application for registration
28. Changes to the register
29. Aircraft which are entered in the Register of Aircraft Mortgages
30. Aircraft subject to an international interest
31. General provisions concerning registration
32. Nationality and registration marks

PART 4

Airworthiness of Aircraft

CHAPTER 1

Airworthiness – general

33. Certificate of airworthiness to be in force
34. Issue of airworthiness directives for EASA aircraft
35. Requirement for a certificate of release to service for EASA aircraft
36. Licensing of maintenance engineers

CHAPTER 2

Initial airworthiness – non-EASA aircraft

37. Certificate of airworthiness for State aircraft registered in the United Kingdom
38. Issue and renewal of national certificates of airworthiness
39. National certificate of airworthiness ceasing to be in force and issue of airworthiness directives for non-EASA aircraft
40. Issue of national permits to fly
41. National permits to fly ceasing to be in force and issue of airworthiness directives for permit aircraft
42. Limitations of national permits to fly
43. Aircraft weight schedule

CHAPTER 3

Continuing airworthiness for non-EASA aircraft

44. Requirement for a certificate of release to service for non-EASA aircraft
45. Circumstances where a certificate of release to service is not required
46. Certificate of release to service issued by pilot owner
47. Contents of a certificate of release to service
48. Who may issue a certificate of release to service
49. Requirement for and validity of a national airworthiness review certificate
50. Validity of the national airworthiness review certificate
51. Other circumstances in which an aircraft must not fly
52. Initial issue of national airworthiness review certificate
53. Subsequent issue of national airworthiness review certificate
54. Aircraft maintenance programme
55. Commercial air transport aircraft, public transport aircraft and non-military State aircraft
56. Extension of a national airworthiness review certificate of an aircraft in a controlled environment
57. Extension of a national airworthiness review certificate of certain aircraft which are not in a controlled environment
58. Extension of a national airworthiness review certificate of other aircraft which are not in a controlled environment
59. Conduct of an airworthiness review
60. Conduct of an annual review
61. Approval of continuing airworthiness management organisation
62. Approval of aeroplane and rotorcraft maintenance organisation
63. General provisions concerning airworthiness reviews

PART 5

Operations

CHAPTER 1

Interpretation and application

64. Meaning of “non-EASA aircraft” in this Part
65. Application of Chapters 2 and 7

CHAPTER 2

Operational rules for non-EASA aircraft

SECTION 1

Crew required to be carried

66. Flight crew required by aircraft registered elsewhere than in the United Kingdom
67. Flight crew required by aircraft registered in the United Kingdom

Status: This is the original version (as it was originally made).

SECTION 2

Duties of Pilot in Command

68. Responsibilities and authority of pilot in command
69. Obligations of pilot in command
70. Pilot to remain at controls and be secured in seat
71. Passengers to be seated and properly secured
72. Survival equipment
73. Passenger briefings
74. Demonstration and use of oxygen

SECTION 3

Take-off and landing conditions

75. Take-off and landing conditions
76. Aerodrome operating minima

SECTION 4

Equipment of aircraft

77. Equipment of aircraft
78. Minimum equipment requirements

SECTION 5

Operation of radio and navigation equipment

79. Operation of radio in aircraft
80. Operation of, and training in operation of, airborne collision avoidance system
81. Minimum navigation performance
82. Height keeping performance – aircraft registered in the United Kingdom
83. Height keeping performance – aircraft registered elsewhere than in the United Kingdom
84. Area navigation and required navigation performance capabilities – aircraft registered in the United Kingdom
85. Area navigation and required navigation performance capabilities – aircraft registered elsewhere than in the United Kingdom

CHAPTER 3

Specialised activities

86. Flying displays
87. Towing of gliders
88. Towing, picking up and raising of persons and articles
89. Dropping of articles and animals
90. Dropping of persons and grant of parachuting permissions
91. Dropping articles for purposes of agriculture etc. and grant of aerial application certificates

CHAPTER 4

Other aerial activities

92. Mooring, tethering, towing, use of cables, etc.
93. Release of small balloons
94. Small unmanned aircraft
95. Small unmanned surveillance aircraft
96. Rockets

CHAPTER 5

Dangerous goods

97. Carriage of dangerous goods
98. Carriage of weapons and of munitions of war – requirement for permission and for pilot in command to be informed
99. Prohibition on carrying on board sporting weapons or munitions of war
100. Exceptions concerning carriage of weapons and munitions of war

CHAPTER 6

Air operator certificates

101. Requirement for and grant of national air operator's certificate
102. Requirement for an EU-OPS air operator certificate
103. Requirement for a Part-CAT air operator certificate
104. Offering commercial transport and public transport flights

CHAPTER 7

Additional requirements for public transport operations

SECTION 1

Duties of the pilot in command

105. Public transport of passengers – pilot in command to ensure demonstration of lifejackets
106. Public transport of passengers – pilot in command to ensure crew, passengers and baggage secure
107. Public transport of passengers – pilot in command to ensure demonstration of use of oxygen

SECTION 2

Crew to be carried

108. Pilots required on public transport flights by flying machines over 5,700kg
109. Pilots required on public transport flights by aeroplanes of 5,700kg or less
110. Pilots required on public transport flights by helicopters of 5,700kg or less
111. Flight navigators or navigational equipment required on public transport flights
112. Required cabin crew of aircraft

Status: This is the original version (as it was originally made).

SECTION 3

Operator responsibilities

- 113. Flight data monitoring, accident prevention and flight safety programme
- 114. Public transport – operator’s responsibilities in relation to crew
- 115. Public transport – operator’s responsibilities in relation to routes and aerodromes

SECTION 4

Operations and training manuals

- 116. Operations manual
- 117. Training manual

SECTION 5

Equipment

- 118. Wearing of survival suits by crew
- 119. Equipment of public transport aircraft
- 120. Functioning of exits – commercial air transport aeroplanes and public transport aeroplanes and helicopters
- 121. Marking of exits – commercial air transport aeroplanes and public transport aeroplanes and helicopters

SECTION 6

Loading

- 122. Operator’s duty concerning the loading of public transport aircraft
- 123. Requirement to load in accordance with loading instructions
- 124. Requirement for a load sheet
- 125. Carriage of baggage
- 126. Loading instructions: exceptions

SECTION 7

Performance requirements and operating minima

- 127. Aeroplanes registered in the United Kingdom – public transport operating conditions and performance requirements
- 128. Helicopters registered in the United Kingdom – public transport operating conditions and performance requirements
- 129. Helicopters registered in the United Kingdom carrying out Performance Class 3 operations
- 130. Helicopters registered in the United Kingdom carrying out Performance Class 1 operations and Performance Class 2 operations
- 131. Public transport aircraft registered in the United Kingdom – aerodrome operating minima
- 132. Public transport aircraft registered elsewhere than in the United Kingdom – aerodrome operating minima
- 133. A to A commercial air transport aeroplane operations and public transport flights by aeroplanes at night or in specified meteorological conditions

SECTION 8

State aircraft operations

- 134. Requirement for, and grant of, police air operator's certificate
- 135. Police operations manual

PART 6

Aircrew

CHAPTER 1

Flight crew licensing – requirement for licence

- 136. Requirement for appropriate licence to act as member of flight crew of EASA aircraft registered in the United Kingdom
- 137. Requirement for appropriate licence to act as member of flight crew of non-EASA aircraft registered in the United Kingdom
- 138. Appropriate licence
- 139. Flight crew licence requirement – exception to act as flight radiotelephony operator
- 140. Flight crew licence requirement – exception for solo flying training in non-EASA aircraft
- 141. Flight crew licence requirement – exception for dual flying training in non-EASA aircraft
- 142. Flight crew licence requirement – exception for balloons
- 143. Flight crew licence requirement – exception for pilot undergoing training or tests in non-EASA aircraft
- 144. Flight crew licence requirement – exception for navigators and flight engineers in non-EASA aircraft
- 145. Flight crew licence requirement – exception for members of HM Forces
- 146. Flight crew licence requirement – exception for non-EASA gliders
- 147. Flight crew licence requirement – exception for non-EASA aircraft where CAA permission granted
- 148. Requirement for appropriate licence to act as member of flight crew of non-EASA aircraft registered elsewhere than in the United Kingdom
- 149. Requirement for appropriate licence to act as member of flight crew of EASA aircraft and specified non-EASA aircraft registered elsewhere than in the United Kingdom
- 150. Deeming a non-United Kingdom flight crew licence and any Part-FCL licence valid for non-EASA aircraft registered in the United Kingdom and deeming a non-United Kingdom radiotelephony licence valid for any aircraft
- 151. Permission required where pilot's licence does not meet relevant minimum standards

CHAPTER 2

Flight crew licensing – grant of licence and maintenance of privileges

- 152. Grant, renewal and privileges of United Kingdom flight crew licences
- 153. Ratings and certificates

Status: This is the original version (as it was originally made).

154. Maintenance of privileges of aircraft ratings specified in Chapter 1 of Part 2 of Schedule 8 in United Kingdom pilot licences for balloons, airships and gyroplanes
155. Maintenance of privileges of aircraft ratings specified in Chapter 1 of Part 2 of Schedule 8 in United Kingdom aeroplane and helicopter licences
156. Maintenance of privileges of other certificates and ratings specified in Chapter 1 of Part 2 of Schedule 8
157. Maintenance of privileges of certificates and ratings specified in Chapters 2 and 3 of Part 2 of Schedule 8
158. Maintenance of privileges of Flight Engineers' Licences
159. Maintenance of privileges of Flight Navigators' Licences

CHAPTER 3

Medical certificates

160. Requirement for a medical certificate for a United Kingdom licence
161. Issue and validity of a medical certificate for a United Kingdom licence
162. Requirement for a Part MED medical certificate for a Part-FCL licence
163. Medical requirements for specified United Kingdom licences and National Private Pilot's Licences
164. Issue of Light Aircraft Pilot Licence medical certificates
165. Occupational health medical practitioners
166. Licence holder not to act as member of flight crew when unfit

CHAPTER 4

Flight crew licensing – general provisions

167. Person not to fly after failing test
168. Approval of training and testing
169. Validation of licences
170. Instruction in flying
171. Glider pilots – minimum age
172. Licences and ratings no longer to be granted
173. Status of licences issued by the CAA

CHAPTER 5

Fatigue of crew and protection of crew from cosmic radiation

174. Application and interpretation of this Chapter
175. Fatigue of crew – operator's responsibilities
176. Fatigue of crew – responsibilities of crew
177. Flight times – responsibilities of flight crew
178. Protection of air crew from cosmic radiation
179. Fatigue of crew – responsibilities of EU-OPS and Part-CAT operators

PART 7

Air traffic services

CHAPTER 1

Air traffic services

180. Requirement for an air traffic control approval
181. Duty of person in charge to be satisfied as to competence of controllers
182. Manual of air traffic services
183. Provision of air traffic services
184. Making of an air traffic direction in the interests of safety
185. Making of a direction for airspace policy purposes
186. Use of radio call signs at aerodromes
187. Approval of instrument flight procedures

CHAPTER 2

Licensing of air traffic controllers

188. Prohibition of unlicensed student air traffic controllers and air traffic controllers
189. Period for which a student air traffic controller licence remains in force
190. Inclusion of national endorsements
191. Fatigue of air traffic controllers
192. Acting under the influence of psychoactive substances or medicines
193. Failing exams, assessments or tests
194. Use and approval of simulators
195. Approval of courses, persons and simulators
196. Certification of training organisations
197. Certified training organisation: production of records
198. Meaning of terms used in this Chapter

CHAPTER 3

Flight information services and licensing of flight information service officers

199. Prohibition of unlicensed flight information service officers
200. Licensing of flight information service officers
201. Flight information service manual

CHAPTER 4

Certificate of competence to operate an aeronautical radio station

202. Prohibition of unauthorised operation of an aeronautical radio station
203. Aeronautical radio station operator certificate of competence
204. Approval of courses, persons, examinations and simulators

Status: This is the original version (as it was originally made).

CHAPTER 5

Air traffic service equipment

- 205. Air traffic service equipment
- 206. Air traffic service equipment records

PART 8

Aerodromes and lighting

CHAPTER 1

Aerodromes, aeronautical lights and dangerous lights

- 207. Requirement to use national licensed, EASA certified or Government aerodrome
- 208. Flights which must use licensed or Government aerodrome
- 209. Aerodromes – use for purposes of flying instruction and testing
- 210. Helicopters flying for public transport at night
- 211. Use of Government aerodromes
- 212. Licensing of aerodromes
- 213. Issue of aerodrome safety directives for national licensed aerodromes
- 214. Public use licence
- 215. Charges at aerodromes with a public use licence
- 216. Use of aerodromes by aircraft of Contracting States and of the Commonwealth
- 217. Powers of aerodrome firefighters in an emergency
- 218. Noise and vibration caused by aircraft on aerodromes
- 219. Customs and Excise aerodromes
- 220. Aviation fuel at aerodromes

CHAPTER 2

Lights and lighting

- 221. Aeronautical lights
- 222. Lighting of en-route obstacles
- 223. Lighting of wind turbine generators in United Kingdom territorial waters
- 224. Lights liable to endanger
- 225. Lights which dazzle or distract

PART 9

Documents and records

- 226. Aircraft continuing airworthiness record system for non-EASA aircraft
- 227. Technical log for non-EASA aircraft
- 228. Personal flying log
- 229. Documents to be carried
- 230. Keeping and production of records of exposure to cosmic radiation
- 231. Use of flight recording systems
- 232. Preservation of records of aeroplane flight data recorder
- 233. Preservation of records of helicopter flight data recorder

- 234. Preservation of records of helicopter cockpit voice recorder and flight data recorder
- 235. Production of documents and records
- 236. Production of air traffic service equipment documents and records
- 237. Power to inspect and copy documents and records
- 238. Preservation of documents, etc

PART 10

Prohibited behaviour, directives, rules, powers and penalties

CHAPTER 1

Prohibited behaviour

- 239. Power to prohibit or restrict flying
- 240. Endangering safety of an aircraft
- 241. Endangering safety of any person or property
- 242. Drunkenness in aircraft
- 243. Smoking in aircraft
- 244. Authority of pilot in command of an aircraft
- 245. Acting in a disruptive manner
- 246. Stowaways
- 247. Flights over any foreign country

CHAPTER 2

Directives and rules of the air

- 248. Operational directives
- 249. Rules of the Air

CHAPTER 3

Foreign registered aircraft

- 250. Restriction on carriage, where valuable consideration is given or promised, in aircraft registered elsewhere than in the United Kingdom
- 251. Filing and approval of tariffs
- 252. Restriction on commercial operations in aircraft registered elsewhere than in an EEA state

CHAPTER 4

Powers and penalties

- 253. Revocation, suspension and variation of certificates, licences and other documents
- 254. Provisional suspension or variation of EASA certificates, licences and other documents
- 255. Revocation, suspension and variation of permissions, etc granted under article 250 or article 252
- 256. Prohibitions in relation to documents and records
- 257. CAA's power to prevent aircraft flying

Status: This is the original version (as it was originally made).

- 258. Grounded aircraft not to fly
- 259. Secretary of State's power to prevent aircraft flying
- 260. Directions to operators of aircraft to make data available
- 261. Right of access to aerodromes and other places
- 262. Access and inspection for airworthiness purposes
- 263. Obstruction of persons
- 264. Directions and directives
- 265. Offences and penalties
- 266. Exemption from Order
- 267. Appeal to County Court or Sheriff Court
- 268. Approval of persons to supply reports
- 269. Certificates, authorisations, approvals and permissions
- 270. Competent authority
- 271. Functions under the Basic EASA Regulation to be exercised by the CAA
- 272. Functions under the EASA Aircrew Regulation to be exercised by the CAA
- 273. Functions under the Occurrence Reporting Regulation to be exercised by the CAA

PART 11

Revocations and savings, consequential amendments and transitional arrangements

- 274. Revocations and savings, consequential amendments and transitional arrangements

PART 12

Review

- 275. Review
Signature

SCHEDULES

SCHEDULE 1 — INTERPRETATION

- 1. In this Order— “the 2015 Regulations” means the International Interests...
- 2. References in this Order to— (a) a certificate of airworthiness...
- 3. The expressions appearing in the “Classification of Aircraft” in Part...

SCHEDULE 2 — PARTS OF STRAITS SPECIFIED IN CONNECTION WITH THE FLIGHT OF AIRCRAFT IN TRANSIT OVER UNITED KINGDOM TERRITORIAL WATERS

- 1. The parts of straits specified in paragraph 2 are specified...
- 2. (1) In the Straits of Dover, the territorial waters adjacent...

SCHEDULE 3 — A, B AND E CONDITIONS AND CATEGORIES OF CERTIFICATE OF AIRWORTHINESS

PART 1 — A, B and E Conditions

CHAPTER 1

A Conditions

- 1. A non-EASA aircraft registered in the United Kingdom may fly...

2. The purposes in the case of an aircraft falling within...
3. The purposes in the case of an aircraft falling within...
4. The aircraft, including any modifications, must be of a design...
5. The aircraft and its engines must be certified as fit...
6. The aircraft must carry the minimum flight crew specified—
7. The aircraft must not carry any persons or cargo except...
8. For the purpose of this Schedule, “a previously approved modification”...

CHAPTER 2

B Conditions

1. A non-EASA aircraft may fly for a purpose set out...
2. The purposes referred to in paragraph 1 are—
3. The flight must be operated by a person approved by...
4. If not registered in the United Kingdom—
5. No person may act as pilot in command of the...
6. The aircraft must not carry any cargo, or any persons...

CHAPTER 3

E Conditions

1. Subject to the conditions set out in paragraph 3, a...
2. The purposes referred to in paragraph 1 are—
3. (1) The aircraft may only fly if any certificate of...
4. An E Conditions Declaration must— (a) be signed by an...
5. (1) An E Conditions competent person means a person who...
6. (1) An E Conditions competent person is entitled to make...
7. The flight test programme is deemed to be completed if...
8. The CAA must issue a written acknowledgement of receipt in...
PART 2 — Categories of Certificate of Airworthiness and Purposes for which
Aircraft May Fly

SCHEDULE 4 — CLASSIFICATION AND MARKING OF AIRCRAFT

PART 1 — Classification of aircraft

1. (1) Aircraft are to be classified in accordance with the...
PART 2 — Marking of aircraft

1. General
2. Position and size of marks – heavier than air aircraft
3. Position and size of marks – airships and free balloons
4. Width, spacing and thickness of marks

SCHEDULE 5 — EQUIPMENT FOR NON-EASA AIRCRAFT ON NON-COMMERCIAL AND COMMERCIAL OPERATIONS AND MARKING OF BREAK-IN AREAS

1. Instruments and equipment — general
2. Operating lights
3. Seats, seat safety belts, restraint systems and child restraint devices
4. Supplemental oxygen — pressurised flying machines
5. Supplemental oxygen — non-pressurised flying machines
6. Hand fire extinguishers
7. Marking of break-in areas

Status: This is the original version (as it was originally made).

8. Flight over water
9. Operations under Visual Flight Rules — flight and navigational instruments and associated equipment – aeroplanes
10. Operations under Instrument Flight Rules — flight and navigational instruments and associated equipment – aeroplanes
11. Operations under Visual Flight Rules — flight and navigational instruments and associated equipment – helicopters and gyroplanes
12. Operations under Instrument Flight Rules — flight and navigational instruments and associated equipment – helicopters and gyroplanes
13. Additional equipment for single pilot operations under Instrument Flight Rules – helicopters and gyroplanes
14. Terrain awareness warning system
15. Radio communication equipment
16. Navigation equipment
17. Transponder
18. Airborne collision avoidance system II

SCHEDULE 6 — EQUIPMENT OF NON-EASA AIRCRAFT ON PUBLIC TRANSPORT OPERATIONS AND MARKING OF BREAK-IN AREAS

PART 1 — General equipment

1. Equipment which must be carried
2. Calculation of flying time
3. Equipment not requiring type approval
4. Table of required equipment
5. Scales of equipment
6. Marking of break-in areas

PART 2 — Radio communication and radio navigation equipment

1. Subject to paragraph 2, every aircraft which must carry equipment...
2. (1) In the case of sub-paragraphs (1), (2), (3), (4),...
3. The Table is as follows— Aircraft and Circumstances of Flight...
4. The scales of radio communication and radio navigation equipment indicated...
5. In this Part— “Airborne collision avoidance system” means an aeroplane...

SCHEDULE 7 — AIRCRAFT CONTINUING AIRWORTHINESS RECORDS

1. Aircraft continuing airworthiness records
2. Aircraft log book
3. Engine, propeller and component logs
4. Retention of records
5. Operator’s technical log

SCHEDULE 8 — FLIGHT CREW OF AIRCRAFT – LICENCES, RATINGS, QUALIFICATIONS AND MAINTENANCE OF LICENCE PRIVILEGES

PART 1 — Flight Crew Licences

CHAPTER 1

General conditions

1. Recent experience condition
2. Exception to the recent experience condition

3. Excepted flights condition
4. Remuneration condition

CHAPTER 2

United Kingdom Licences

SECTION 1

Aeroplane pilots

SECTION 2

Helicopter and gyroplane pilots

SECTION 3

Balloon and airship pilots

SECTION 4

Other flight crew

CHAPTER 3

National Private Pilot's Licence

PART 2 — Ratings, certificates and qualifications

CHAPTER 1

Ratings, certificates and qualifications which may be included in United Kingdom licences but not in National Private Pilot's Licences

SECTION 1

Aircraft ratings

1. When included in a pilot licence an aircraft rating entitles...
2. When included in a Flight Engineer's Licence an aircraft rating...

SECTION 2

Other ratings

Instrument rating (aeroplane)
Instrument rating (helicopter)
Instrument meteorological conditions rating (aeroplanes)
Night rating (helicopters)
Night rating (gyroplanes)
Night rating (balloons and airships)

Status: This is the original version (as it was originally made).

SECTION 3

Instructor certificates

Flight instructor certificate (aeroplane)
Flight instructor certificate (helicopter)
Flight instructor certificate (gyroplanes)
Flight instructor certificate (restricted) (gyroplanes)
Type rating instructor certificate (multi-pilot aeroplane)
Type rating instructor certificate (helicopter)
Class rating instructor certificate (single-pilot aeroplane)
Instrument rating instructor certificate (aeroplane)
Instrument rating instructor certificate (helicopter)

CHAPTER 2

Aircraft and instructor ratings and certificates which may be included in United Kingdom aeroplane pilot licences and in National Private Pilot's Licences (Aeroplanes)

Night rating (aeroplanes)
Flight instructor's certificate (microlight)
Flight instructor's certificate (SLMG)

CHAPTER 3

Ratings which may be included in National Private Pilot's Licences (Helicopters)

Helicopter type rating
PART 3 — Maintenance of Licence Privileges

CHAPTER 1

Requirement for revalidation and renewal

1. Validity, revalidation and renewal of certificates and ratings
2. Issue of certificate of revalidation
3. Form of certificate of revalidation

CHAPTER 2

Requirement for a Certificate of Revalidation to maintain the validity of, or renew, a rating specified in Chapter 2 or 3 of Part 2

4. (1) A certificate of revalidation required by article 157 for...
5. (1) A certificate of revalidation required by article 157 for...
6. (1) A certificate of revalidation required by article 157 for...

SCHEDULE 9 — PUBLIC TRANSPORT – OPERATIONAL REQUIREMENTS

PART 1 — Information and Instructions which must be included in an Operations Manual

1. Information and instructions relating to the following matters must be...
2. In relation to any flight which is not one of...

PART 2 — Information and Instructions which must be included in a Training Manual

1. The following information and instructions must be included in a...
PART 3 — Required Crew Training, Experience, Practice and Periodical Tests
 1. Crew
 2. Pilots
 3. Flight engineers
 4. Flight radiotelephony operators and flight navigators
 5. Pilot in Command of Aircraft
 6. Deemed compliance
 7. Contents of records
 8. Production of records to authorised person
 9. Supply of records to crew member
 10. Definitions and validity periods

SCHEDULE 10 — DOCUMENTS TO BE CARRIED

1. Circumstances in which documents are to be carried
2. Description of documents
3. Exceptions

SCHEDULE 11 — AIR TRAFFIC SERVICE EQUIPMENT – RECORDS REQUIRED AND MATTERS TO WHICH THE CAA MAY HAVE REGARD

PART 1 — Records to be kept in accordance with Article 206(1)(a)

1. A record of any functional tests, flight checks and detailed...
2. Subject to paragraph 3, the record must be kept in...
3. In any particular case the CAA may direct that the...

PART 2 — Records required in accordance with Article 206(5)(b)

1. Each record made by the apparatus provided in compliance with...

PART 3 — Matters to which the CAA may have regard in granting an approval if apparatus in accordance with Article 206(6)

1. The purpose for which the apparatus is to be used...
2. The manner in which the apparatus has been specified and...
3. The adequacy, in relation to the purpose for which the...
4. The manner in which the apparatus has been or will...
5. The manner in which the apparatus has been or will...

SCHEDULE 12 — INFORMATION AND INSTRUCTIONS WHICH MUST BE INCLUDED IN AN AERODROME MANUAL

1. The name and status of the accountable manager having corporate...
2. The names and status of other senior aerodrome operating staff...
3. Details of the safety management system.
4. The system of aeronautical information service available.
5. Procedures for promulgating information concerning the aerodrome's state.
6. Procedures for the control of access, vehicles and work in...
7. Procedures for the removal of disabled aircraft.
8. In the case of an aerodrome which has facilities for...
9. (1) Subject to sub-paragraph (2), plans to an appropriate scale...
10. For an aerodrome in relation to which there is a...
11. Description, height and location of obstacles which infringe standard obstacle...
12. Data for and method of calculation of declared distances and...
13. Method of calculating reduced declared distances and the procedure for...
14. Details of surfaces and bearing strengths of runways, taxiways and...

Status: This is the original version (as it was originally made).

15. The system of the management of air traffic in the...
16. Operational procedures for the routine and special inspection of the...
17. If operations are permitted during periods of low visibility, procedures...
18. Procedures for the safe integration of all aviation activities undertaken...
19. Details of or reference to the bird control management plan....
20. Procedures for the use and inspection of the aeronautical ground...
21. The scale of rescue, first aid and fire service facilities,...

SCHEDULE 13 — PENALTIES

PART 1 — Provisions Referred to in Article 265(5)

CHAPTER 1

CHAPTER 2
