16. For Article 10, substitute—

“Procedure for authorising the placing on the market of a novel food and updating the list

1. The procedure for authorising the placing on the market within [^{F10}Great Britain] of a novel food and updating the list provided for in Article 9 must start either on the initiative of the appropriate authority or following an application to the appropriate authority by an applicant. The appropriate authority must make the summary of the application, based on the information referred to in points (a), (b) and (e) of paragraph 2 of this Article, publicly available.

2. The application for an authorisation must include—

- (a) the name and address of the applicant;
- (b) the name and description of the novel food;
- (c) the description of the production process;
- (d) the detailed composition of the novel food;
- (e) scientific evidence demonstrating that the novel food does not pose a safety risk to human health;
- (f) where appropriate, the analysis method;
- (g) a proposal for the conditions of intended use and for specific labelling requirements which do not mislead the consumer or a verifiable justification why those elements are not necessary.

3. Upon request by the appropriate authority, the Food Safety Authority must give its opinion as to whether the update is liable to have an effect on human health.

4. When test methods are applied to engineered nanomaterials as referred to in points (a) (viii) and (ix) of Article 3(2), an explanation must be provided by the applicants of

their scientific appropriateness for nanomaterials and, where applicable, of the technical adaptations or adjustments that have been made in order to respond to the specific characteristics of those materials.

5. The procedure for authorising the placing on the market within [^{F10}Great Britain] of a novel food and updating the list as provided for in Article 9 ends when the appropriate authority prescribes an update of the list in respect of that novel food in accordance with Article 12.

6. By way of derogation from paragraph 5, the appropriate authority may terminate the procedure at any stage, and decide not to proceed with an update of the list where the appropriate authority considers that an update is not justified.

7. The applicant may withdraw its application at any time, thereby terminating the procedure.”.

17. For Article 11, substitute—

“Opinion of the Food Safety Authority

1. Where the appropriate authority requests an opinion from the Food Safety Authority, it must forward the valid application to the Food Safety Authority without delay, and not later than one month after having verified its validity. The Food Safety Authority must adopt its opinion within nine months from the date of receipt of a valid application.

2. In assessing the safety of novel foods, the Food Safety Authority must, where appropriate, consider whether—

- (a) the novel food concerned is as safe as food from a comparable food category already placed on the market within [^{F11}Great Britain];
- (b) the composition of the novel food and the conditions of its use do not pose a safety risk to human health in [^{F11}Great Britain];
- (c) a novel food, which is intended to replace another food, does not differ from that food in such a way that its normal consumption would be nutritionally disadvantageous for the consumer.

3. The Food Safety Authority must forward its opinion to the appropriate authority and, where applicable, to the applicant.

4. In duly justified cases, where the Food Safety Authority requests additional information from the applicant, the nine month period provided for in paragraph 1 may be extended. After consulting the applicant, the Food Safety Authority must specify a period within which that additional information is to be provided.

5. Where the additional information referred to in paragraph 4 is not provided to the Food Safety Authority within the additional period referred to in that paragraph, the Food Safety Authority must draw up its opinion on the basis of the available information.

6. Where an applicant submits additional information on its own initiative, it must send that information to the Food Safety Authority. In such cases, the Food Safety Authority must give its opinion within the nine month period provided for in paragraph 1.

7. The Food Safety Authority must make the additional information provided in accordance with paragraphs 4 and 6 available to the appropriate authority.”.

“Procedure for notifying the placing on the market of a traditional food from a third country

1. The appropriate authority must forward the valid notification provided for in Article 14 without delay, and not later than one month after having verified its validity, to the Food Safety Authority.

2. Within four months from the date on which a valid notification under Article 14 is received by the appropriate authority, the Food Safety Authority may issue to the appropriate authority duly reasoned safety objections to the placing on the market within [F14Great Britain] of the traditional food concerned.

3. The appropriate authority must inform the applicant of any duly reasoned safety objection as soon as it is issued.

4. Where no duly reasoned safety objections have been issued in accordance with paragraph 2 within the time limit laid down in that paragraph, the appropriate authority must authorise the placing on the market within [F14Great Britain] of the traditional food concerned by prescribing an update to the list without delay. The entry in the list must specify that it concerns a traditional food from a third country. Where applicable, certain conditions for use, specific labelling requirements, or post market monitoring requirements may be specified.

5. Where duly reasoned safety objections have been issued in accordance with paragraph 2, the appropriate authority must not authorise the placing on the market within [F14Great Britain] of the traditional food concerned or update the list. In that case, the applicant may submit an application to the appropriate authority in accordance with Article 16.”

“Confidentiality of applications for updates of the list

1. Applicants may request confidential treatment of certain information submitted under this Regulation where disclosure of such information may harm their competitive position.

2. For the purposes of paragraph 1, applicants must indicate which parts of the information provided they wish to be treated as confidential and provide all the necessary details to substantiate their request for confidentiality. Verifiable justification must be given in such cases.

3. After being informed of the appropriate authority's position on the request, applicants may withdraw their application within three weeks, during which the confidentiality of the information provided must be observed.

4. After expiry of the period referred to in paragraph 3, if an applicant has not withdrawn the application and in case of disagreement the appropriate authority must decide which parts of the information are to remain confidential and notify the applicant accordingly. However, the following information is not confidential—

- (a) the name and address of the applicant;
- (b) the name and description of the novel food;
- (c) the proposed conditions of use of the novel food;
- (d) a summary of the studies submitted by the applicant;
- (e) the results of the studies carried out to demonstrate the safety of the food;
- (f) where appropriate, the analysis method;
- (g) any prohibition or restriction imposed in respect of the food by a third country.

5. The appropriate authority and the Food Safety Authority must take necessary measures to ensure appropriate confidentiality of the information as referred to in paragraph 4 and received by them under this Regulation, except for information which is required to be made public in order to protect human health.

6. Where an applicant withdraws, or has withdrawn, its application, the appropriate authority and the Food Safety Authority must not disclose confidential information, including the information whose confidentiality is the subject of disagreement between the appropriate authority and the applicant.

7. The application of paragraphs 1 to 6 does not restrict the exchange of information concerning the application between the appropriate authority and the Food Safety Authority.

8. The appropriate authority may prescribe rules for the implementation of paragraphs 1 to 6.”.

“Annex 2**Template technical dossier**

1. The connection between the different pieces of information must be explained in an explanatory note. In particular, as regards the evidence presented to support a human consumption to a significant degree within the United Kingdom or the EU before 15 May 1997, where documents from a range of sources must be considered to be able to reach a conclusion.
2. Where only parts of the documents are relevant for the determination of the novel food status, those parts must be highlighted.
3. For all foods, Section 1 must be completed.
4. For extracts, in addition to Section 1, Section 2 must be completed.
5. For foods resulting from a production process not used for food production within the United Kingdom or the EU before 15 May 1997, Section 1 (points 1 to 3, and point 7) and Section 3 must be completed.

Section 1: All foods (for foods resulting from a production process not used for food production within the United Kingdom or the EU before 15 May 1997 only points 1 to 3 and point 7)

1. Description of the food

1.1 Name of the food.

1.2 Detailed description of the food, including information whether the food consists of engineered nanomaterials as referred to in points (a)(viii) and (ix) of Article 3(2) of Regulation (EU) 2015/2283.

1.3 Proposed category of the novel food in accordance with Article 3(2)(a) of Regulation (EU) 2015/2283, where applicable.

2. Further characterisation of the food and/or source of the food (where relevant)

A. Organisms (microorganisms, fungi, algae, plants, animals).

2.1 Taxonomic name (full Latin name with author name).

2.2 Synonyms, other names, where applicable.

2.3 Specification of which part of the organism the use for human consumption before 15 May 1997 within the United Kingdom or the EU refers to, where applicable.

2.4 Specification about purity/concentration.

B. Chemical substances.

2.5 CAS number(s) (if this has been attributed).

2.6 Chemical name(s) according to IUPAC nomenclature rules.

2.7 Synonyms, trade name, common name, where applicable.

2.8 Molecular and structural formulae.

2.9 Specification about purity/concentration.

3. *Conditions of use*

3.1 How is the food intended to be used?

3.2 Type of product(s) in which the food is intended to be used.

3.3 Level/concentration (or range of levels) in the product(s) in which the food is intended to be used.

4. *Production process*

4.1 Detailed description of the production process. Include a flow process chart to describe the production process.

5. *History of human consumption of the food within the United Kingdom or the EU before 15 May 1997*

5.1 To what extent was the food consumed to a significant degree throughout the United Kingdom or the EU before 15 May 1997? Details must be provided.

5.2 To what extent was the food consumed to a significant degree in one Member State before 15 May 1997? Details must be provided.

5.3 Was the food consumed only regionally/ on a small local scale in the United Kingdom

or the EU before 15 May 1997? Details must be provided.

5.4 Was the food available before 15 May 1997 in the United Kingdom or the EU as an ingredient designed for specific target population (e.g. food for a special medical purpose)? Details must be provided.

6. Consultations on availability in the United Kingdom or the EU: where food business operators are unsure whether the information in their possession is sufficient to prove that the food concerned has been used for human consumption to a significant degree within the United Kingdom or the EU before 15 May 1997, they may consult other food business operators or food business operator federations in order to gather sufficient information

6.1 Have other food business operators or food business operator federations been consulted? Details should be provided.

6.2 Is the food currently available on the market within the United Kingdom or the EU? Details should be provided.

7. Additional information

7.1 Is there any information that the product concerned is used within the United Kingdom or the EU as medicinal product in accordance with Directive [2001/83/EC](#)?

7.2 Is there any other information which would assist in determining the novel food status? Any information which is relevant even if not specifically requested must be submitted.

Section 2: Extracts

8. Extracts

8.1 Any further details of the source material for the extract, if not provided in Section 1. Details must be provided.

8.2 Specification of the extract. Details must be provided.

8.3 If extracted from a food source, will the intake of any extract components in the food be higher than the intake of these components in the food source? Details must be provided.

Section 3: Foods resulting from a production process not used for food production within the United Kingdom or the EU before 15 May 1997

9. Production process

9.1 Detailed description of the production process. Include a flow process chart to describe the production process.

9.2 Is the structure or composition of the food affecting its nutritional value, metabolism or level of undesirable substances because of the process by which the food has been prepared? Details must be provided.

9.3 Is the food produced from a source that in itself is not normally consumed as part of the diet? Details must be provided.”

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations are made in exercise of the powers conferred by section 8(1) of the European Union (Withdrawal) Act 2018 (c.16) in order to address failures of retained EU law to operate effectively and other deficiencies arising from the withdrawal of the United Kingdom from the European Union. In particular, the Regulations address the deficiency specified in section 8(2)(b) of that Act, namely the conferral of functions by retained EU law on, or in relation to, EU entities which no longer have functions in that respect under EU law in relation to the United Kingdom. These regulations make amendments to legislation relating to the safety of novel food. Part 2 amends subordinate legislation in England. Part 3 amends retained direct EU legislation for the whole of the United Kingdom.

An impact assessment has not been produced for this instrument as no, or no significant, impact on the public, private or voluntary sector is foreseen.

Changes to legislation:

There are currently no known outstanding effects for the The Novel Food (Amendment) (EU Exit) Regulations 2019.
