2020 No. 1462

**The Import of, and Trade in, Animals and Animal Products
(Miscellaneous Amendments) (EU Exit) Regulations 2020**

PART 4

Savings and transitional provision and revocations

Saving of the effect of provision in respect of model forms of health certificates

69. Where Part 3 of these Regulations revokes any provision of retained direct EU legislation which would, but for that revocation, have had effect after IP completion day as part of retained EU law in relation to the model forms of health certificates to be used in respect of the importation and movement of animals and animal products into or through Great Britain, that provision is saved and continues to have effect from immediately after IP completion day until the end of the day on 31st July 2021.

General transitional provision relating to the presentation or other use of model forms of health certificates

70. Where Part 3 of these Regulations amends any provision of retained direct EU legislation which, on or after IP completion day, forms part of retained EU law so as to enable the presentation or other use of a model form of health certificate in “the form published by the appropriate authority from time to time”, that amendment does not preclude a model certificate in the form set out in the text of such legislation, as it had effect immediately before IP completion day, from being presented or otherwise used, on or after IP completion day, in connection with the importation and movement of animals or animal products into or through Great Britain instead of the equivalent model certificate, in the form published by the appropriate authority from time to time, from immediately after IP completion day until the end of the day on 31st July 2021.

Power to amend transitional dates

- (b) without the consent of the appropriate authority.

(3) If the appropriate authority asks the Secretary of State to make regulations under paragraph (1), the Secretary of State must have regard to that request.

(4) Regulations made under paragraph (1) are to be made by statutory instrument.
