Addasiadau i Fanyleb Safonau Prentisiaethau Cymru

1. Yn lle'r rhagarweiniad i Fanyleb Safonau Prentisiaethau Cymru rhodder y testun a ganlyn:

“1. The Specification of Apprenticeship Standards for Wales (SASW) sets out the minimum requirements to be included in a recognised Welsh apprenticeship framework. Compliance with the SASW is a statutory requirement of the Apprenticeships, Skills, Children and Learning Act 2009, this version incorporates modifications made to the original SASW published in May 2013.

It incorporates modifications to allow “proxy” qualifications as a recognised alternative to Essential Skills as detailed under each apprenticeship framework level. SASW has also been modified to allow a greater flexibility in obtaining occupational competence by allowing learning to be underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not. The final modification to SASW is to Employer Rights and Responsibilities (ERR) which are no longer compulsory in SASW frameworks. Other consequential changes have also been made as well as some reordering.

Updated guidance for Welsh issuing authorities is also being issued in a separate document. Welsh issuing authorities must have regard to this updated guidance in reaching a decision on whether a framework submission complies with SASW.

The modifications to SASW have been made by order by the Welsh Ministers.”

2. Yn lle paragraffau 2 i 42 o Fanyleb Safonau Prentisiaethau Cymru rhodder y testun a ganlyn:

<i>“All apprenticeship frameworks</i>	<i>Section reference</i>
2. An apprenticeship framework must specify its level using the national level descriptors described in the Credit and Qualifications Framework for Wales (‘CQFW’). A framework must be at Level 2 to qualify as a Foundation Apprenticeship, be at Level 3 to qualify as an Apprenticeship and be at a Level between 4 and 7 to qualify as a Higher Apprenticeship.	Section 31(2)(a)
3. An apprenticeship framework must include a two digit Standard Occupational Code (SOC) to identify the sector to which it relates. Frameworks identified by the same two digit SOC code (‘duplicate frameworks’) are not permitted.	Section 31(2)(a)
4. A framework level must specify as a Welsh certificate requirement the total volume of learning in the form of CQFW credits. The number of credits must reflect the learning required to achieve full competency in the skill, trade or occupation to which it relates.	Section 31(2)(a)
5. The calculation of credit should be derived from the definition contained in the CQFW and be consistent with the sum of published learning hours given for each	Section 31(2)(a)

qualification by the relevant awarding bodies or organisation(s).	
6. A framework must be at a minimum of 37 credits but may where appropriate exceed this; in many cases frameworks will significantly exceed 37 credits. A framework must not be so narrow that it is only relevant to a specific workplace where the apprenticeship was attained.	Section 31(2)(a)
<i>Qualifications – competence and knowledge</i>	<i>Section reference</i>
7. The framework must identify the qualification(s) that demonstrate(s) the relevant occupational competencies as the 'occupational competencies qualification' and the occupational knowledge as the 'technical knowledge qualification' in relation to the framework.	Section 31(2)(c)(ii) and (iii)
8. The occupational competencies and technical knowledge qualification(s) must be either:	Section 31(2)(a) Section 31(2)(c)(ii)
<p>a. one offered by an awarding body or awarding organisation that is recognised by a UK qualifications regulator or by a Further Education Institution or Higher Education Institution regulated by QAA (or any successor); or</p> <p>b. one offered by a recognised professional body provided its achievement confers eligibility for professional recognition.</p> <p>Both the occupational competencies and technical knowledge qualification must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate.</p>	
9. An apprenticeship framework must include:	Section 31(2)(c)(ii)
<p>a. an integrated competencies qualification that also contains the relevant technical knowledge within it; or</p> <p>b. an occupational competencies qualification and relevant technical knowledge qualifications which taken together, demonstrate the relevant occupational competencies and the relevant technical knowledge.</p>	

<i>Qualifications – competence and knowledge</i>	<i>Section reference</i>
<p>10. The framework developer will decide the balance of credits between occupational competencies and relevant technical knowledge qualifications. However the framework must specify:</p> <p>a. a minimum of ten credits achieved from an occupational competence based qualification or the competence element of an integrated qualification, which specifically relates to the skill, trade or occupation and is based on the National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not for the employment sector for which the framework is designed and be at a level which reflects the job role; and</p> <p>b. a minimum of ten credits from a technical knowledge qualification or knowledge element of an integrated qualification, which provides the technical knowledge and understanding of the theoretical concepts specifically relating to the skill, trade or occupation to underpin occupational competence. The knowledge qualification element must equip the apprentice with the knowledge and understanding of the industry and its market; or</p> <p>c. a minimum of ten credits from an equivalent competencies qualification (non-CQFW) recognised by a professional body for a Higher Apprenticeship at Levels 4 -7 where the successful completion of such an apprenticeship is a recognised pathway to professional registration.</p>	<p>Section 31(2)(a)</p>
<p>11. The majority of the content of the occupational competencies qualification must be capable of being assessed from evidence gained through on-the job training in a workplace. This requirement applies at all framework levels, including any Higher Education qualifications specified either as the occupational competencies qualification or the integrated competencies qualification;</p> <p>the learning content must be achieved through:</p>	<p>Section 31(2)(b) Section 31(2)(c)(ii)</p>

<i>Qualifications – competence and knowledge</i>	<i>Section reference</i>
<p>a. an occupational competence based qualification or competence element of an integrated qualification, must be based on the National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not, for the employment sector to which the framework relates, specifically relating to the skill, trade or occupation of the framework and be at a level which reflects the job role; and</p> <p>a technical knowledge qualification or the knowledge element of an integrated qualification, must provide the technical knowledge and understanding of the theoretical concepts specifically relating to the skill, trade or occupation to underpin occupational competence. The knowledge qualification/element must equip the apprentice with the knowledge and understanding of the industry and its market; or,</p> <p>b. the learning content from an equivalent competencies qualification recognised by a professional body for a Higher Apprenticeship where the successful completion of such an apprenticeship is a recognised pathway to professional registration.</p>	
<p>12. Where the knowledge and competence elements are combined and recognised as a single integrated qualification, the two elements must be separately identified and separately assessed.</p>	<p>Section 31(2)(a) Section 31(2)(c) (ii) and (iii)</p>
<p>13. Where a qualification contained in an apprenticeship framework refers to a national framework (such as the CQFW, RQF or SCQF), it must be identified by Title, Level and where applicable the Qualification Reference Code.</p>	Section 31(2)(a)
<p>14. A framework must be reviewed periodically to ensure it is current and continues to meet the needs of the sector.</p>	Section 31(2)(a)
<p>15. A framework must carry both the date of its issue and the date by which it will be formally reviewed.</p>	Section 31(2)(a)
<p>16. A qualification for occupational competence must test the ability to carry out</p>	Section 31(2)(a)

activities to the standards required for that occupation.	
<i>Additional occupational requirements</i>	<i>Section reference</i>
17. A framework may specify additional programmes of learning to meet specific occupational requirements. The framework developer must consult with the issuing authority for that sector before any additional occupational requirement is included in a framework.	Section 31(2)(a)
18. Where additional occupational standards are included in a framework the framework must specify the learning outcomes to be attained. The learning outcomes may be specified as a formal qualification or be capable of independent assessment where attainment is not measured by means of a qualification.	Section 31(2)(a)
19. A higher apprenticeship framework at Levels 4 - 7 may specify additional professional qualification(s) as recognised by the sector if they confer eligibility for professional status.	Section 31(2)(a)
<i>Foundation apprenticeship frameworks (Level 2) - qualifications related to the sector</i>	<i>Section reference</i>
20. A foundation apprenticeship framework must identify the occupational competencies qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate, and which is the qualification required to demonstrate competence in performing the skill, trade or occupation to which the framework relates. The competencies qualification must be at Level 2 and be underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not.	Section 31(2)(c)(iii)
21. A foundation apprenticeship must identify a technical knowledge qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate. A technical knowledge qualification is the qualification required to demonstrate achievement of the technical skills, knowledge and understanding of the theoretical concepts and knowledge and understanding of the industry and its market	Section 31(2)(c)(ii)

learning hours that an apprentice must receive to complete the framework.	
29. The balance of hours between on-the-job and off-the job training must relate to the proportion of workplace-based assessment required for the achievement of the competencies qualification.	Section 31(2)(b)
30. A foundation apprenticeship framework must specify that on-and off-the-job training must either have been received:	Section 31(2)(b)
a. whilst working under an apprenticeship agreement; or	
b. during a qualifying period prior to working under an apprenticeship agreement ending on the date of application for an apprenticeship certificate. A qualifying period of five years is recommended, but to meet the needs of their sector, frameworks may set a shorter or longer timescale than five years as the qualifying period.	

Apprenticeship frameworks (Level 3) – Section reference qualifications related to the sector

31. An apprenticeship framework at Level 3 must identify the occupational competencies qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate, and which is the qualification required to demonstrate competence in performing the skill, trade or occupation to which the framework relates. The competencies qualification must be at Level 3; underpinned by National Occupational Standards (NOS) where they exist, or industry-wide standards or professional standards where they do not.	Section 31(2)(c)(iii)
32. An apprenticeship framework at Level 3 must identify a technical knowledge qualification which must be achieved by the apprentice to qualify for a Welsh apprenticeship certificate. A technical knowledge qualification is the qualification required to demonstrate achievement of the technical skills, knowledge and understanding of the theoretical concepts and knowledge and understanding of the industry and its market relevant to the skill, trade or occupation to which the framework relates. NODYN ESBONIADOL

(Nid yw'r nodyn hwn yn rhan o'r Gorchymyn)

Mae'r Gorchymyn hwn wedi ei wneud o dan adran 29(1) o Ddeddf Prentisiaethau, Sgiliau, Plant a Dysgu 2009 ("Deddf 2009"). Mae'r Gorchymyn hwn yn addasu Manyleb Safonau Prentisiaethau Cymru (y 'SASW') y rhoddwyd effaith iddi yn wreiddiol ym mis Mai 2013 gan Orchymyn Prentisiaethau (Manyleb Safonau Prentisiaethau Cymru) 2013.

Mae'r SASW yn pennu'r gofynion y mae rhaid eu bodloni er mwyn i fframweithiau prentisiaethau Cymreig cydnabyddedig gael eu dyroddi o dan adran 19(1) o Ddeddf 2009.

Effaith y Gorchymyn hwn yw addasu'r SASW yn y modd a nodir yn yr Atodlen i'r Gorchymyn hwn.

Er mwyn helpu'r darlennydd mae Gweinidogion Cymru wedi cyhoeddi fersiwn wedi ei chydgrynhoi o'r SASW sy'n ymgorffori'r addasiadau a ddangosir yn yr Atodlen i'r Gorchymyn hwn.

Ystyriwyd Cod Ymarfer Gweinidogion Cymru ar gynnal Asesiadau Effaith Rheoleiddiol mewn perthynas â'r Gorchymyn hwn. O ganlyniad, ystyriwyd nad oedd yn angenrheidiol cynnal asesiad effaith rheoleiddiol o'r costau a'r manteision sy'n debygol o ddeillio o gydymffurfio â'r Gorchymyn hwn.
