STATUTORY RULES OF NORTHERN IRELAND

---

**2002 No. 20**

**AGRICULTURE  
PESTICIDES**

**Pesticides (Maximum Residue Levels in Crops, Food  
and Feeding Stuff) Regulations (Northern Ireland) 2002**

*Made* - - - - *28th January 2002*

*Coming into operation* *4th March 2002*

The Department of Agriculture and Rural Development, being a Department designated<sup>(1)</sup> for the purposes of section 2(2) of the European Communities Act 1972<sup>(2)</sup> in relation to the common agricultural policy of the European Community, in exercise of the powers conferred on it by the said section 2(2), and, in respect of the provisions of these Regulations relating to Part I of Schedule 2 to these Regulations, in exercise of the powers conferred on it by section 16(2) of the Food and Environment Protection Act 1985<sup>(3)</sup>, and of every other power enabling it in that behalf, after consultation in accordance with section 16(9) of the said Act of 1985 with the Advisory Committee on Pesticides for Northern Ireland established under section 16(7) of that Act<sup>(4)</sup>, hereby makes the following Regulations:

**Citation and commencement**

1. These Regulations may be cited as the Pesticides (Maximum Residue Levels in Crops, Food and Feeding Stuff) Regulations (Northern Ireland) 2002 and shall come into operation on 4th March 2002.

**Interpretation**

2.—(1) In these Regulations—

---

(1) [S.I. 2000/2812](#)

(2) [1972 c. 68](#); the powers conferred by section 2(2) were extended by virtue of the amendment of section 1(2) of the European Communities Act 1972 by section 1 of the European Economic Area Act [1993 \(c. 51\)](#)

(3) [1985 c. 48](#); section 16 was amended by the Pesticides (Fees and Enforcement) Act [1989 \(c. 27\)](#) and by the Pesticides Act [1998 \(c. 26\)](#); *see also* section 25(2) and Article 3(4) of the Department (Northern Ireland) Order [1999 S.I. 1999/283 \(N.I.1\)](#), and section 25(2A) as inserted by section 1(5) of the Pesticides Act 1998

(4) Established by [S.R. 1987 No. 341](#)

“EEA State” means a State which is a Contracting Party to the Agreement on the European Economic Area signed at Oporto on 2nd May 1992<sup>(5)</sup> as adjusted by the Protocol signed at Brussels on 17th March 1993<sup>(6)</sup>;

“the maximum permitted level” means the level mentioned in regulation 3(1) or 4(1);

“product” means any crop, food or feeding stuff specified in Schedule 2;

“putting into circulation” means any handing over, whether or not for a consideration, of any product—

(a) in the case of fruit and vegetables, after they have been harvested, and

(b) in any other case, at any time.

“the Residues Directives” means Council Directive 86/362/EEC<sup>(7)</sup> (as amended by Council Directives 88/298/EEC<sup>(8)</sup>, 90/654/EEC<sup>(9)</sup>, 93/57/EEC<sup>(10)</sup>, 94/29/EC<sup>(11)</sup>, 95/39/EC<sup>(12)</sup>, 96/33/EC<sup>(13)</sup>, 97/41/EC<sup>(14)</sup> and Commission Directives 97/71/EC<sup>(15)</sup>, 98/82/EC<sup>(16)</sup>, 1999/65/EC<sup>(17)</sup>, 1999/71/EC<sup>(18)</sup>, 2000/24/EC<sup>(19)</sup>, 2000/42/EC<sup>(20)</sup>, 2000/48/EC<sup>(21)</sup> and 2000/58/EC<sup>(22)</sup>), together with Council Directive 86/363/EEC<sup>(23)</sup> (as amended by Council Directives 93/57/EEC, 94/29/EC, 95/39/EC, 96/33/EC, 97/41/EC and Commission Directives 97/71/EC, 98/82/EC, 1999/71/EC, 2000/24/EC, 2000/42/EC and 2000/58/EC) and Council Directive 90/642/EEC<sup>(24)</sup> (as amended by Council Directives 93/58/EEC<sup>(25)</sup>, 94/30/EC<sup>(26)</sup>, 95/38/EC<sup>(27)</sup>, 95/61/EC<sup>(28)</sup>, 96/32/EC<sup>(29)</sup>, 97/41/EC and Commission Directives 97/71/EC, 98/82/EC, 1999/65/EC, 1999/71/EC, 2000/24/EC, 2000/42/EC, 2000/48/EC, 2000/57/EC<sup>(30)</sup>, 2000/58/EC and 2001/35/EC<sup>(31)</sup>).

(2) The words and expressions “dried”, “processed”, “composite food”, “drying” and “processing” when used either in regulation 4 or in paragraphs (d) and (e) of regulation 6 shall have the same meaning as when used in the Residues Directives and any related expressions shall be construed accordingly.

(3) Any reference in these Regulations, in relation to a pesticide, to a pesticide residue is a reference to the substance named in column 2 of Schedule 1 opposite the reference to that pesticide in column 1 of that Schedule.

(4) Any reference in any Schedule to these Regulations to any product, figure or pesticide includes any qualifying words relating to that product, figure or pesticide in that Schedule.

(5) The Interpretation Act (Northern Ireland) 1954(32) shall apply to these Regulations as it applies to an Act of the Northern Ireland Assembly.

### **Maximum permitted residue level in certain crops, food or feeding stuffs not subject to Residues Directives**

3.—(1) The maximum level of any pesticide residue which may be left in any product named in Part I of Schedule 2 shall be the number of milligrams of the pesticide residue per kilogram of the product specified opposite the name of that product under the name of the pesticide concerned.

(2) In the case of any product named in paragraph 3, 4 or 5 of Part I of Schedule 2 which has been dried, paragraph (1) applies to the maximum level of pesticide residue applicable under that Part of that Schedule as it has effect by virtue of regulation 6(c).

### **Maximum permitted residue level in crops, food or feeding stuffs subject to Residues Directives**

4.—(1) A person shall not put into circulation any product named in Part II of Schedule 2 which contains a level of pesticide residue greater than the number of milligrams of that pesticide residue per kilogram of the product specified opposite the name of that product under the name of the pesticide concerned.

(2) Subject to paragraph (3), paragraph (1) shall apply in relation to—

(a) any product (in this regulation a “dried or processed product”) which after drying or processing is obtained from any of the products named in Part II of Schedule 2, and

(b) any composite food which includes any of the products named in that Part of that Schedule, and the reference in paragraph (1) to a product named in that Part of that Schedule shall be construed accordingly.

(3) Where—

(a) paragraph (1) applies in relation to a dried or processed product or a composite food by virtue of paragraph (2), and

(b) no maximum permitted level has been expressly specified in Part II of Schedule 2 as the amount of pesticide residue which may be contained in that dried or processed product or composite food,

paragraph (1) applies by reference to the maximum permitted level of pesticide residue applicable under that Part of that Schedule as it has effect by virtue of regulation 6(d) or, as the case may be, (e).

(4) Any person who, without reasonable excuse, contravenes or causes or permits any other person to contravene any provision of this regulation shall be guilty of an offence, and shall be liable—

(a) on summary conviction, to a fine not exceeding the statutory maximum; and

(b) on conviction on indictment, to a fine.

(5) In any proceedings for an offence under this regulation, it is a defence for the person charged to prove that when the product in question (or, as appropriate, the dried or processed product or the composite food) was put into circulation—

(a) it was so put with the intention of its being exported to a country which is not an EEA State and the offence was caused by a treatment applied to that product being a treatment—

- (i) required by the country of destination in order to prevent the introduction of harmful organisms into its territory; or
- (ii) necessary to protect the product from harmful organisms during transport to the country of destination and storage there, or
- (b) it was so put with the intention that—
  - (i) it be used in the manufacture of things other than foodstuffs and animal feed; or
  - (ii) it be used for sowing or planting.

(6) Sections 19 and 22 of, and Schedule 2 to, the Food and Environment Protection Act 1985 shall apply for the purposes of this regulation as they apply for the purposes of that Act taking references therein to that Act or any part of it to be references to this regulation.

### **Seizure or disposal of crops, food or feeding stuffs**

5. If any product contains a level of pesticide residue exceeding the maximum permitted level under either regulation 3(1) or 4(1), any Northern Ireland department may—

- (a) seize or dispose of the consignment containing that product, or any part of it, or require that some other person shall dispose of it, or
- (b) direct some other person to take such remedial action as appears to that department to be necessary.

### **Sampling and Analysis**

6. In determining for the purposes of regulation 3(1) or 4(1) whether the level of pesticide residue left or contained in any product exceeds the maximum permitted level—

- (a) the whole or such part only of that product shall, so far as is practicable, be taken into account as specified in column 3 of Schedule 3 opposite the name of that product in column 2 of that Schedule;
- (b) the procedure laid down in the Codex Recommended Method of Sampling for the Determination of Pesticide Residues<sup>(33)</sup> shall so far as is practicable be followed;
- (c) in the case of any product named in paragraph 3, 4 or 5 of Part I of Schedule 2 which has been dried that Part of that Schedule shall have specified opposite the name of that product there were substituted that number of milligrams divided by the fraction of 1 kilogram to which 1 kilogram of the product is reduced by the drying process;
- (d) in the case of any product named in Part II of Schedule 2 which has been dried or processed, that Part of that Schedule shall have effect where no such maximum permitted level of pesticide residue is specified therein for the product in its dried or processed form as if the maximum permitted level of pesticide residue specified opposite the name of the product in that Part of that Schedule has been modified to take account of the concentration of the product caused by the drying process or, as the case may be, the dilution or concentration of the product caused by the processing; and
- (e) in a case where two or more products have been mixed to form a single composite food in relation to which no such maximum permitted levels are specified in Part II of Schedule 2, that Part of that Schedule shall have effect as if such maximum permitted levels had been specified in relation to that composite food for each of the pesticide residues which are

---

specified therein opposite the names of each of the products which have been mixed to form the composite food, taking into account—

- (i) the relative concentrations of each of the constituent production the mixture; and
- (ii) the provisions of paragraph (d).

### **Revocations**

- 7. The Regulations specified in Schedule 4 are hereby revoked.

Sealed with the Official Seal of the Department of Agriculture and Rural Development on 28th January 2002.

L.S.

*Liam McKibben*  
A senior officer of the  
Department of Agriculture and Rural  
Development

## SCHEDULE 1

Regulation 2(3)

Column 1 <i>Pesticide</i>	Column 2 <i>Residues</i>
Acephate	acephate
Aldicarb	sum of aldicarb, its sulfoxide and its sulfone, expressed as aldicarb
Aldrin & Dieldrin	singly or combined, expressed as dieldrin (HEOD)
2-Aminobutane	2-aminobutane
Aminotriazole	aminotriazole
Aminotriazole (Amitrole)	aminotriazole
Amitraz	amitraz plus its metabolites containing 2,4-dimethylaniline, expressed as amitraz
Aramite	aramite
Atrazine	atrazine
Azinphos-methyl	azinphos-methyl
Azoxystrobin	azoxystrobin
Barban	barban
Benalaxyl	benalaxyl
Benfuracarb	benfuracarb
Binapacryl	binapacryl
Biphenthrin	biphenthrin
Bitertanol	bitertanol
Bromophos-ethyl	bromophos-ethyl
Bromopropylate	bromopropylate
Camphechlor (Toxaphene)	camphechlor (toxaphene)
Captafol	captafol
Captan	captan
Carbaryl	carbaryl
Carbendazim, Benomyl and Thiophanate-methyl	carbendazim, benomyl and thiophanate-methyl (expressed as carbendazim)
Carbofuran	sum of carbofuran and 3-hydroxy-carbofuran, expressed as carbofuran
Carbon disulphide	carbon disulphide
Carbon Tetrachloride	carbon tetrachloride
Carbophenothion	sum of carbophenothion, its sulphoxide and its sulphone, expressed as carbophenothion

Column 1 <i>Pesticide</i>	Column 2 <i>Residues</i>
Carbosulfan	carbosulfan
Cartap	cartap
Chlorbenside	chlorbenside
Chlorbufam	chlorbufam
Chlordane	(1) for products of animal origin; sum of <i>cis</i> - and <i>trans</i> -isomers and oxychlordane expressed as chlordane; (2) for cereals, fruit and vegetables: sum of <i>cis</i> and <i>trans</i> -isomers expressed as chlordane
Chlorfenson	chlorfenson
Chlorfenvinphos	sum of E- and Z-isomers of chlorfenvinphos
Chlormequat	chlormequat
Chlorobenzilate	chlorobenzilate
Chlorothalonil	chlorothalonil
Chloroxuron	chloroxuron
Chlorpyrifos	chlorpyrifos
Chlorpyrifos-methyl	chlorpyrifos-methyl
Cyfluthrin	cyfluthrin, including other mixed isomeric constituents (sum of isomers)
Cypermethrin	cypermethrin (sum of isomers)
Daminozide	sum of daminozide and 1,1-dimethyl-hydrazine expressed as daminozide
DDT	sum of pp'-DDT, op'-DDT, pp'-DDE and pp' TDE (DDD) expressed as DDT
Deltamethrin	deltamethrin
Diallate	diallate
Diazinon	diazinon
1,1-Dichloro-2, 2-bis (4-ethyl-phenyl-) ethane	1,1-dichloro-2, 2-bis (4-ethyl-phenyl-) ethane
1,2-Dibromoethane	1,2-dibromoethane
Dichlofluanid	dichlofluanid
Dichlorprop	dichlorprop (including dichlorprop P)
Dichlorvos	dichlorvos
Dicofol	dicofol
Diflubenzuron	diflubenzuron
Dimethipin	dimethipin
Dimethoate	dimethoate

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Pesticide</i>	Column 2 <i>Residues</i>
Dinoseb	dinoseb
Dioxathion	dioxathion
Diphenylamine	diphenylamine
Disulfoton	sum of disulfoton, disulfoton sulphoxide and disulfoton sulphone expressed as disulfoton
Endosulfan	sum of alpha- and beta-isomers and of endosulfan sulphate, expressed as endosulfan
Endrin	endrin
Ethephon	ethephon
Ethion	ethion
Etrimfos	etrimfos
Fenarimol	fenarimol
Fenbutatin oxide	fenbutatin oxide
Fenchlorphos	fenchlorphos (sum of fenchlorphos and fenchlorphos oxon, expressed as fenchlorphos)
Fenitrothion	fenitrothion
Fentin	fentin expressed as triphenyltin cation
Fenvalerate	fenvalerate (sum of isomers)
Fenvalerate and esfenvalerate	fenvalerate and esfenvalerate (sum of isomers)
Fluazifop	fluazifop and esters (including conjugates) of fluazifop, expressed as free acid
Flucythrinate	sum of isomers
Flurochloridone	flurochloridone
Folpet	folpet
Furathiocarb	furathiocarb
Glyphosate	glyphosate
Haloxyfop	haloxyfop and esters (including conjugates) of haloxyfop, expressed as free acid
Heptachlor	sum of heptachlor and heptachlor epoxide, expressed as heptachlor
Hexachlorobenzene (HCB)	hexachlorobenzene
Hexachlorocyclohexane (HCH)	hexachlorocyclohexane (HCH) alpha, beta and gamma isomers individually or summed as in Schedule 2
Hydrogen cyanide	cyanides expressed as hydrogen cyanide
Hydrogen phosphide	phosphides expressed as hydrogen phosphide

Column 1 <i>Pesticide</i>	Column 2 <i>Residues</i>
Imazalil	imazalil
Inorganic bromide	determined and expressed as total bromine from all sources
Ioxynil	ioxynil
Iprodione	iprodione
Kresoxim-methyl	kresoxim-methyl (for plants) 2-methoxyimino-2-[2-(O-tolyloxymethyl)phenyl] acetic acid (for meat, liver, fat and 2- [2-(4-hydroxy-2-methylphenoxy)methyl)phenyl]-2-methoxy-iminoacetic acid (for milk)
Lambda-cyhalothrin	lambda-cyhalothrin
Malathion	sum of malathion and malaoxon, expressed as malathion
Maleic hydrazide	maleic hydrazide
Maneb, Mancozeb, Metiram Propineb and Zineb }	determined and expressed as carbon disulphide (CS <sub>2</sub> )
Mecarbam	mecarbam
Mercury compounds	determined as total mercury and expressed as mercury
Metalaxyl	metalaxyl
Methacrifos	methacrifos
Methamidophos	methamidophos
Methidathion	methidathion
Methomyl thiodicarb	sum of methomyl and thiodicarb expressed as methomyl
Methoxychlor	methoxychlor
Methyl bromide (bromomethane)	methyl bromide (bromomethane)
Mevinphos	sum of <i>cis</i> - and <i>trans</i> -mevinphos
Monocrotophos	monocrotophos
Omethoate	omethoate (from use of formothion, dimethoate and omethoate)
Paraquat	paraquat
Parathion	parathion
Parathion-methyl	parathion-methyl
Permethrin	permethrin (and sum of isomers)
Phorate	sum of phorate, its oxygen analogue and their sulfoxides and sulphones expressed as phorate

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Pesticide</i>	Column 2 <i>Residues</i>
Phosalone	phosalone
Phosmet	phosmet
Phosphamidon	sum of phosphamidon (E- and Z-isomers) and N-desethylphosphamidon (E- and Z-isomers) expressed as phosphamidon
Phoxim	phoxim
Pirimiphos-methyl	pirimiphos-methyl
Procymidone	procymidone
Profenophos	profenophos
Propargite	propargite
Propiconazole	propiconazole
Propoxur	propoxur
Propyzamide	propyzamide
Pyrethrins	sum of pyrethrins I and II, cinerins I and II, jasmolins I and II
Quinalphos	quinalphos
Quintozene	sum of quintozene, pentachloroaniline and methyl pentachlorophenyl sulphide expressed as quintozene
Tecnazene	tecnazene
TEPP	TEPP
Thiabendazole	thiabendazole
Triazophos	triazophos
Trichlorfon	trichlorfon
Triforine	triforine
2, 4, 5-T	2, 4, 5-T
Vinclozolin	sum of vinclozolin and all metabolites containing 3, 5-dichloroaniline moiety, expressed as vinclozolin

## SCHEDULE 2

Regulation 3(1)

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

## Part I

Group to which the food belongs  
 Group to include the products  
 Aldrin  
 2-Amino-2-naphthol  
 Azinphos methyl  
 Bifenthrin  
 Cyfluthrin  
 Cypermethrin  
 Carbaryl  
 Carbendazim  
 Carbosulfen  
 Chlorpyrifos  
 Deltamethrin  
 Fenprophate  
 Imidacloprid  
 Permethrin  
 Spiromesifen  
 Thiamethoxam  
 Trifluralin  
 Dieldrin

### 1. Fruit, fresh, dried or uncooked, preserved by freezing not containing added sugar: nuts

#### (i) CITRUS FRUIT

Grapefruit	0.05	5	2	0.1	7	2	0.02* 1	5	0.1
Lemons	0.05	5	2	0.1	7	2	0.02* 1	5	0.1

Eggs <sup>(6)</sup>			0.05*	0.05*					

UNITS:

Maximum residue levels (MRLs) are expressed in milligrammes of residue per kilogramme of food.

KEY:

\* Level at or about the limit of determination.

FOOTNOTES:

- (1) Paddy or rough rice, husked rice and semi-milled or wholly milled rice.
- (2) Other cereals do not include rice.
- (3) Levels are measured on fat, except in the case of foods with a fat content of 10% or less by weight. In these cases the residue is related to the total weight of the boned foodstuff and the MRL is one tenth of the value given in the table, but must be no less than 0.01mg/kg.
- (4) These levels are for fresh raw cow's milk and fresh whole cream cow's milk expressed on the whole milk.
- (5) For preserved, concentrated or sweetened cow's milk, for raw milk and whole cream milk of another animal origin: and for butter, cheese or curd whether made from cow's milk or other milk of a combination, the following levels apply:
  - if the fat content is less than 2% by weight, the MRL is taken as half that set for raw milk and whole cream milk;
  - if the fat content is 2% or more by weight, the MRL is expressed in mg/kg of fat and is set at 25 times that set for raw milk and whole cream milk.
- (6) Birds' eggs in shell (other than eggs for hatching) and whole egg products and egg yolk products (whether fresh, dried or otherwise prepared).

Regulation 4

Part II

UNITS:

Maximum residue levels (MRLs) are expressed in milligrammes of residue per kilogramme of food.

KEY:

\* Level at or about the limit of determination *no MRL* – refers to the particular active/commodity combination

FOOTNOTES:

- (1) Paddy or rough rice, husked rice and semi-milled or wholly milled rice.
- (2) Other cereals do not include rice.
- (3) Levels are measured on fat, except in the case of foods with a fat content of 10% or less by weight. In these cases the residue is related to the total weight of the boned foodstuff and the MRL is one tenth of the value given in the table, but must be no less than 0.01 mg/kg.
- (4) These levels are for fresh raw cow's milk and fresh whole cream cow's milk expressed on the whole milk.
- (5) For preserved, concentrated or sweetened cow's milk; for raw milk and whole cream milk of another animal origin; and for butter, cheese or curd whether made from cow's milk or other milk of a combination, the following levels apply:
  - if the fat content is less than 2% by weight, the MRL is taken as half that set for raw milk and whole cream milk;
  - if the fat content is 2% or more by weight, the MRL is expressed in mg/kg of fat and is set at 25 times that set for raw milk and whole cream milk.
- (6) Birds' eggs in shell (other than eggs for hatching) and whole egg products and egg yolk products (whether fresh, dried or otherwise prepared).
- (7) For eggs and egg products with a fat content higher than 10%, the maximum level is expressed in mg/kg fat. In this case, the maximum level is 10 times higher than the maximum level for fresh eggs.
- (9) Poultrymeat only.

Eggs <sup>(6)</sup>	0.05*	0.05*			0.1*	0.1*			

UNITS:

Maximum residue levels (MRLs) are expressed in milligrammes of residue per kilogramme of food.

KEY:

\* Level at or about the limit of determination *no MRL* – refers to the particular active/commodity combination

FOOTNOTES:

- (1) Paddy or rough rice, husked rice and semi-milled or wholly milled rice.
- (2) Other cereals do not include rice.
- (3) Levels are measured on fat, except in the case of foods with a fat content of 10% or less by weight. In these cases the residue is related to the total weight of the boned foodstuff and the MRL is one tenth of the value given in the table, but must be no less than 0.01 mg/kg.
- (4) These levels are for fresh raw cow’s milk and fresh whole cream cow’s milk expressed on the whole milk.
- (5) For preserved, concentrated or sweetened cow’s milk; for raw milk and whole cream milk of another animal origin; and for butter, cheese or curd whether made from cow’s milk or other milk of a combination, the following levels apply:
  - if the fat content is less than 2% by weight, the MRL is taken as half that set for raw milk and whole cream milk;
  - if the fat content is 2% or more by weight, the MRL is expressed in mg/kg of fat and is set at 25 times that set for raw milk and whole cream milk.
- (6) Birds' eggs in shell (other than eggs for hatching) and whole egg products and egg yolk products (whether fresh, dried or otherwise prepared).

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

FOOTNOTES:

- (1) Paddy or rough rice, husked rice and semi-milled or wholly milled rice.
- (2) Other cereals do not include rice.
- (3) Levels are measured on fat, except in the case of foods with a fat content of 10% or less by weight. In these cases the residue is related to the total weight of the boned foodstuff and the MRL is one tenth of the value given in the table, but must be no less than 0.01 mg/kg.
- (4) These levels are for fresh raw cow’s milk and fresh whole cream cow’s milk expressed on the whole milk.
- (5) For preserved, concentrated or sweetened cow’s milk; for raw milk and whole cream milk of another animal origin; and for butter, cheese or curd whether made from cow’s milk or other milk of a combination, the following levels apply:
  - if the fat content is less than 2% by weight, the MRL is taken as half that set for raw milk and whole cream milk;
  - if the fat content is 2% or more by weight, the MRL is expressed in mg/kg of fat and is set at 25 times that set for raw milk and whole cream milk.
- (6) Birds' eggs in shell (other than eggs for hatching) and whole egg products and egg yolk products (whether fresh, dried or otherwise prepared).
- (8) All meat except poultrymeat.
- h** Poultrymeat only.
- (14) The residue definition for this MRL is: 2-methoxyimino-2-[2-(0-tolyloxymethyl)phenyl]acetic acid.
- (15) Meat, liver, fat.
- (16) Kidney.
- (18) The residue definition for this MRL is: 2-[2-(4-hydroxy-2-methylphenoxy)methyl]phenyl]-2-methoxy-iminoacetic acid.
- (26) Sheepmeat only.
- (27) All meat except sheepmeat.
- (28) For animal products MRLs relate to cyhalothrin (sum of isomers).

SCHEDULE 3

Regulation 6(a)

*Note:* The word “fresh” is taken to extend to products which have been chilled.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
1. Fruit, fresh, dried or uncooked, preserved by freezing, not containing added sugar: nuts		
(i) Citrus Fruit	Grapefruit  Lemons  Limes  Mandarins (including clementines and similar hybrids)  Oranges  Pomelos  Others	} Whole Product
(ii) Tree Nuts (shelled or unshelled)	Almonds  Brazil nuts	} Whole product after removal of shell

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Cashew nuts	
	Chestnuts	
	Coconuts	
	Hazelnuts	
	Macadamia nuts	
	Pecans	
	Pine nuts	
	Pistachios	
	Walnuts	
	Others	
(iii) Pome Fruit	Apples	} Whole product after removal of stems
	Pears	
	Quinces	
	Others	
(iv) Stone Fruit	Apricots	} Whole product after removal of stems
	Cherries	
	Peaches (including nectarines and similar hybrids)	
	Plums	
	Others	
(v) Berries and Small Fruit	(a) (a) <i>Table and wine grapes</i>	} Whole product after removal of caps and stems (if any) and, in the case of currants, fruits with stems
	Table grapes	
	Wine grapes	
	(b) <i>Strawberries</i> (other than wild)	
	(c) <i>Cane fruit</i> (other than wild)	
	Blackberries	
	Dewberries	
	Loganberries	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Raspberries Others	
	(d) <i>Other small fruit and berries (other than wild)</i> Bilberries Cranberries Currants (red, black and white) Gooseberries Others	
	(e) <i>Wild berries and wild fruit</i>	
(vi) Miscellaneous Fruit	Avocados	} Whole fruit after removal of stems (if any) and in the case of pineapple, after removal of the crown
	Bananas	
	Dates	
	Figs	} † Whole fruit after removal of stems (if any) after removal of soil (if any) by rinsing in running water
	Kiwi fruit	
	Kumquats	
	Litchis	
	Mangoes	
	Olives (table consumption)†	
	Olives (oil extract)	
	Papaya	
	Passion fruit	
	Pineapples	
	Pomegranates	
	Others	
2. Vegetables, fresh or uncooked, frozen or dry		
(i) Root and Tuber Vegetables	Beetroot	} Whole product after removal of tops and adhering soil (if any) (removal of soil by
	Carrots	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Celeraiac	rinsing in running water or by gentle brushing of the dry product)
	Horseradish	
	Jerusalem artichokes	
	Parsnips	
	Parsley root	
	Radishes	
	Salisfy	
	Sweet potatoes	
	Swedes	
	Turnips	
	Yams	
	Others	
(ii) Bulb Vegetables	Garlic	} For dry onions, shallots and garlic: whole product after removal of easily detachable skin and soil (if any) Onions, shallots and garlic other than dry, spring onions: whole product after removal of roots and soil (if any)
	Onions	
	Shallots	
	Spring Onions	
	Others	
(iii) Fruiting Vegetables	(a) (a) <i>Solancea</i> Tomatoes Peppers Chilli peppers Aubergines Others	} Whole product after removal of stems
	(b) <i>Cucurbits-edible peel</i> Cucumbers Gherkin Courgettes Others	
	(c) <i>Cucurbits-inedible peel</i> Melons Squashes	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Watermelons Others	
(iv) Brassica Vegetables	(d) (d) <i>Sweet corn</i>	} Kernels or cobs without husks
	(a) (a) <i>Flowering brassicas</i> Broccoli Cauliflower Others	} Cauliflower and broccoli curd only
	(b) (b) <i>Head brassicas</i> Brussels sprouts Head cabbage Others	} Product after removal of decayed leaves (if any)
	(c) <i>Leafy brassicas</i> Chinese cabbage Kale Others	
(v) Leaf Vegetables and Fresh Herbs	(d) (d) <i>Kohlrabi</i>	} Whole product after removal of tops and adhering soil (if any) (removal of soil by rinsing in running water or by gentle brushing of the dry product)
	(a) (a) <i>Lettuce and similar</i> Cress Lamb's lettuce Lettuce Scarole Others	} Whole product after removal of decayed outer leaves, root and soil (if any)
	(b) <i>Spinach and similar</i> Spinach Beet leaves (chard) Others	
	(c) <i>Watercress</i>	
	(d) <i>Witloof</i>	
	(e) <i>Herbs</i> Chervil Chives Parsley Celery leaves Others	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
(vi) Legume Vegetables (Fresh)	Beans (with pods)	} Whole product after removal of pods or with pods if they are intended to be eaten
	Beans (without pods)	
	Peas (with pods)	
	Peas (without pods)	
	Others	
(vii) Stem Vegetables	Asparagus	} Whole product after removal of decayed tissue and soil (if any); leeks and fennel: whole product after removal of roots and soil (if any)
	Cardoons	
	Celery	
	Fennel	
	Globe artichokes	
	Leeks	
	Rhubarb	
	Others	
(viii) Fungi	Mushrooms (other than wild)	} Whole product after removal of soil or growing medium
	Wild Mushrooms	
3. Pulses	Beans	} Whole product
	Lentils	
	Peas	
	Others	
4. Oil seeds	Linseed	} Whole seed or kernal after removal of shell and husk, when possible
	Peanuts	
	Poppy seed	}* Whole seed including shell, when present, and whole seed without shell, when shell is absent
	Rape seed	
	Sesame seed	

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Sunflower seed*	
	Soya bean	
	Others	
5. Potatoes	Early potatoes	} Whole product after removal of soil (if any) (removal of soil by rinsing in running water or by gentle brushing of the dry product)
	Ware potatoes	
6. Tea (dried leaves and stalks, fermented or otherwise, <i>Camellia sinensis</i> )		} Whole product
7. Hops (dried), including hop pellets and unconcentrated powder		} Whole product
8. Cereal grains	Wheat	} Whole commodity without husk
	Rye	
	Barley	
	Sorghum	
	Oats	
	Triticale	
	Maize	
	Buckwheat	
	Millet	
	Rice	
	Other cereals	
9. Products of animal origin	Meat, fat and preparations of meat	} Whole commodity (for fat soluble pesticides a portion of carcass fat is analysed and MRLs apply to carcass fat)
	Milk	} Whole commodity

**Status:** This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

Column 1 <i>Group of products</i>	Column 2 <i>Products included in the groups</i>	Column 3 <i>Part of product to which maximum residue levels apply</i>
	Eggs	} Whole egg whites and yolks combined after removal of shells
10. Spices	Cumin seed	} Whole product
	Juniper berries	
	Nutmeg	
	Pepper, black and white	
	Vanilla pods	
	Others

## EXPLANATORY NOTE

*(This note is not part of the Regulations.)*

These Regulations are made under section 2(2) of the European Communities Act 1972 and section 16(2) of the Food and Environment Protection Act 1985 and consolidate and replace the provisions of the Pesticides (Maximum Residue Levels in Crops, Food and Feeding Stuff) (EEC Limits) Regulations (Northern Ireland) 1995 ([S.R. 1995 No. 33](#) as amended by [S.R. 1995 No. 461](#), [S.R. 1996 No. 527](#), [S.R. 1997 No. 244](#), [S.R. 1999 No. 114](#) and [S.R. 1999 No. 321](#)) and the Pesticides (Maximum Residue Levels in Crops, Food and Feeding Stuff) (National Limits) Regulations (Northern Ireland) 1995 ([S.R. 1995 No. 32](#) as amended by [S.R. 1995 No. 460](#), [S.R. 1996 No. 526](#), [S.R. 1997 No. 243](#) and [S.R. 1999 No. 320](#)).

To the extent that the Regulations are made under the European Communities Act 1972, regulation 4 and Schedule 2 Part II specify maximum levels of pesticide residues which crops, food and feeding stuffs may contain in implementation of Council Directive [86/362/EEC](#) (O.J. No. L221, 7.8.86, p. 37) and Council Directive [86/363/EEC](#) (O.J. No. L221, 7.8.86, p. 43) as regards cereals and products of animal origin, each as last amended by Commission Directive [2000/58/EC](#) (O.J. No. L244, 29.9.2000, p. 78) and Council Directive [90/642/EEC](#) (O.J. No. L350, 14.12.90, p. 71) as regards certain products of plant origin (including fruit and vegetables), (as amended by Council Directives [93/58/EEC](#) (O.J. No. L211, 23.8.93, p. 6), [94/30/EC](#) (O.J. No. L189, 23.7.94, p. 70), [95/38/EC](#) (O.J. No. L197, 22.8.95, p. 14), [95/61/EC](#) (O.J. No. L292, 7.12.95, p. 27), [96/32/EC](#) (O.J. No. L144,

*Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

18.6.96, p. 12), [97/41/EC](#), (O.J. No. L184, 12.7.97, p. 33) and Commission Directives [97/71/EC](#) (O.J. No. L347, 18.12.97, p. 42), [98/82/EC](#) (O.J. No. L290, 29.10.98, p. 25), [1999/65/EC](#) (O.J. No. L172, 8.7.99, p. 40), [1999/71/EC](#) (O.J. No. L194, 27.7.99, p. 36), [2000/24/EC](#) (O.J. No. L107, 4.5.2000, p. 28), [2000/42/EC](#) (O.J. No. L158, 30.6.2000, p. 51), [2000/48/EC](#) (O.J. No. L197, 3.8.2000, p. 26), [2000/57/EC](#) (O.J. No. L244, 29.9.2000, p. 76), [2000/58/EC](#) (O.J. No. L244, 29.9.2000, p. 78) and [2001/35/EC](#) (O.J. No. L136, 18.5.2001, p. 42)) (these Directives as so amended being referred to in these Regulations as “the Residues Directives”). In particular, these Regulations specify for the first time maximum residue levels for the pesticide Azoxystrobin in implementation of Commission Directive [1999/71/EC](#). Regulation 4 also creates offences, specifies penalties, provides defences and confers enforcement powers where these maximum residue levels have been exceeded in respect of products put into circulation.

To the extent that these Regulations are made under the Food and Environment Protection Act 1985, they specify maximum levels of pesticide residues which may be left in crops, food and feeding stuffs which are not the subject of the Residues Directives. Since they are made under section 16(2) (k) of that Act, regulation 3 and Schedule 2 Part I do no more than specify the maximum residue level which may be left in a particular product. Offences and penalties for contravention of regulation 3 are prescribed respectively by sections 16(12) and 21(3) of that Act.

The Regulations also confer powers to seize and dispose of products where maximum residue levels have been exceeded (regulation 5) and prescribe how much of a particular product is to be taken into account in determining whether a maximum residue level has been exceeded in accordance with Council Directive [90/642/EEC](#) (regulation 6 and Schedule 3). Provision is also made with regard to the manner for determining whether maximum residue levels have been exceeded when found in dried or processed products or composite foods, so far as these are subject of the Residues Directives (regulation 6).

The Regulations include certain drafting improvements to the preceding legislation, in particular omitting reference to the means by which a pesticide residue may come to be in any product (see regulations 2(3), 3(1) and 4(1)) and clarifying the provisions setting maximum residue levels in their application to dried or processed products or composite foods (see regulations 3(2), 4(2) and (3)).

These Regulations revoke the Pesticides (Maximum Residue Levels in Crops, Food and Feeding Stuff) (EEC Limits) Regulations (Northern Ireland) 1995 (S.R. 1995 No. 33 as amended by S.R. 1995 No. 461, S.R. 1996 No. 527, S.R. 1997 No. 244, S.R. 1999 No. 114 and S.R. 1999 No. 321) and the Pesticides (Maximum Residue Levels in Crops, Food and Feeding Stuff) (National Limits) Regulations (Northern Ireland) 1995 (S.R. 1995 No. 32 as amended by S.R. 1995 No. 460, S.R. 1996 No. 526, S.R. 1997 No. 243 and S.R. 1999 No. 320).
