EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations provide for circumstances in which a Revenue and Customs official may supply information which is held by Her Majesty's Revenue and Customs for council tax purposes in Scotland.

Information may be supplied to a Scottish local authority, a person authorised to exercise any function of such an authority relating to council tax, and a person providing services to such an authority relating to council tax ("qualifying persons").

Four purposes are prescribed in regulation 2 for supply of information. These relate to determination of applications for a council tax reduction, review of and appeals against such determinations, the prevention or detection of fraud or error in reductions that are awarded, and action as a result of a fraudulent application.

Regulation 3 sets out the same four purposes as purposes for which information supplied by a Revenue and Customs official can be used or supplied to another qualifying person.
