

SCHEDULE 1

SPECIFICATION OF MAPS, PLANS AND OTHER DRAWINGS

PART 2

DESCRIPTION OF AREA OF COMMUNITY

3. Maps or drawings must—

- (a) be drawn to a metric scale corresponding to a scale used by the Ordnance Survey for that land;
- (b) be taxative and not demonstrative only;
- (c) show the compass orientation of north;
- (d) contain map grid reference numbers and sufficient surrounding details (fences, houses etc.) to enable the position of the area of the community to be fixed accurately;
- (e) show the boundaries of the area of the community; and
- (f) where measurements are given, give those measurements to one decimal place.
