

SCHEDULE 3

Sampling and Testing

5.—(1) Subject to sub-paragraph (2), the provisions of Part 1 of Annex A, other than paragraphs 3.1, 3.2 and 4, and of Part II of Annex A, other than paragraph 1.4, must be complied with in the sampling of cosmetic products and the laboratory preparation of test portions.

(2) Where, because of the way in which a cosmetic product is put up for sale, it is not practicable for Part II of Annex A to be complied with, it must be prepared for testing in accordance with good analytical practice, and the person so preparing it must record in writing the method of preparation which has been used.
