(2) A section of a road is subject to a variable speed limit in relation to a vehicle being driven along it if—

- (a) the road is specified in the Schedule;
- (b) the vehicle has passed a speed limit sign; and
- (c) the vehicle has not subsequently passed—
 - (i) another speed limit sign indicating a different speed limit; or
 - (ii) a traffic sign which indicates that the national speed limit is in force.

(3) In relation to a vehicle, the speed limit indicated by a speed limit sign is the speed shown at the time the vehicle passes the sign, or, if higher, the speed limit shown by the sign ten seconds before the vehicle passed the sign.

(4) For the purpose of this regulation a speed limit sign is to be taken as not indicating any speed limit if, ten seconds before the vehicle passed it, the sign had indicated no speed limit or that the national speed limit was in force.

(5) In this regulation—

“national speed limit” has the meaning given by regulation 5(2) of the 2002 Regulations and a traffic sign which indicates that the national speed limit is in force means a traffic sign of the type shown in diagram 671 in Schedule 2 to the 2002 Regulations which is—

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations introduce variable speed limits to the M3 Motorway from junctions 2 to 4a and on associated slip roads and linking carriageways.

Regulation 3 provides for variable speed limits to have effect on the roads specified in the Schedule. Where variable speed limit signs are in operation a vehicle may not be driven at a speed above the maximum indicated by each speed limit sign passed by the vehicle until it passes a sign indicating that the national speed limit applies or the vehicle leaves the roads covered by the regulation. Where a speed limit changes less than ten seconds before a vehicle passes the sign and the sign had indicated a higher speed limit, the regulation allows the driver to proceed at a speed up to the maximum applicable before the change. Where the speed limit sign indicates a speed limit when it is passed by a vehicle but less than ten seconds previously it was either giving no indication of a speed limit or that the national speed limit applied, the sign is to be taken as giving no indication of a speed limit to the vehicle passing it.

Regulation 4 makes a changes to the definition of the westbound carriageway of the M3 in the M3 and M25 (Thorpe Interchange) (Speed Limit) Regulations 2009 which links with the scheme for the M3 at junctions 2 to 4a.

Contravention of these Regulations is an offence under section 17(4) of the Road Traffic Regulation Act 1984.
