**COMMISSION DECISION****of 6 January 2004****establishing the list of third countries and parts of territory thereof from which Member States authorise imports of live equidae and semen, ova and embryos of the equine species, and amending Decisions 93/195/EEC and 94/63/EC***(notified under document number C(2003) 5242)***(Text with EEA relevance)**

(2004/211/EC)

*Article 1***Subject matter and scope**

This Decision establishes a list of third countries, or parts thereof where regionalisation applies, from which Member States authorise the importation of equidae and semen, ova and embryos thereof, and indicates the other conditions applicable to such imports.

*Article 2***Definitions**

For the purpose of this Decision the following definitions shall apply:

‘category of equidae’: shall mean equidae as defined in Article 2 (c), (d) and (e) of Directive 90/426/EEC and registered horses;

‘importation’: shall mean the introduction onto Community territory of live equidae in accordance with the conditions specifically laid down for the particular type of importation, notably temporary admission, re-entry after temporary export and imports.

*Article 3***Importation of live equidae**

Member States shall authorise the importation into the Community of live equidae from the third countries or parts of the territories of those third countries listed in columns 2 and 4 of the Annex in accordance with the indications set out in Annex I, as follows:

- the temporary admission of registered horses as indicated in column 6,
- the re-entry after temporary export of registered horses for racing, competition and cultural events as indicated in column 7,
- the import of registered horses as indicated in column 8,
- the import of equidae for slaughter as indicated in column 9,
- the import of registered equidae and equidae for breeding and production as indicated in column 10.

*Article 4***Imports of semen of the equine species**

Member States shall authorise imports of semen of the equine species from third countries or parts of the territory of third countries listed in columns 2 and 4 of Annex I respectively from which permanent imports of registered horses, registered equidae or equidae for breeding and production are also authorised. Such imports shall be subject to the condition that the semen was collected for export to the Community only from equidae belonging to the category of live equidae authorised for permanent imports and such imports shall meet the requirements which correspond to the indications set out in columns 11, 12 and 13 of Annex I.

*Article 5***Imports of ova and embryos of the equine species**

Member States shall authorise imports of ova and embryos of the equine species from third countries or parts of the territory of third countries listed in columns 2 and 4 of Annex I respectively from which permanent imports of registered equidae and equidae for breeding and production are also authorised. Such imports shall meet the requirements which correspond to the indications set out in column 14 of Annex I.

*Article 6***Conditions for importation of equidae from third countries**

Member State shall only authorise importation of equidae, which fulfil the following conditions:

- (a) the equidae shall meet the animal health requirements laid down in the corresponding model certificate provided for in Decisions 92/260/EEC, 93/195/EEC, 93/196/EEC and 93/197/EEC in respect of the relevant category of equidae, the type of importation and the sanitary group as indicated in column 5 of Annex I to which the third country or part of the territory of a third country of export was assigned;
- (b) where applicable, the importation of equidae shall be subject to the supplementary guarantees or conditions referred to in column 15 of the table in the Annex I to this Decision;
- (c) the equidae shall not be transported in a means of transport carrying other equidae that are not destined for the Community;
- (d) unless otherwise authorised in the specific animal health conditions for importation into the Community, equidae shall not be transported in a means of transport carrying equidae of a lower health status;
- (e) during the transport to the Community, the equidae shall not be unloaded in the territory of a third country or part of the territory of a third country that is not approved for importation of equidae into the Community;

▼B

- (f) during the transport to the Community, the equidae shall not be transported on road, railway or on foot through the territory or part of the territory of a third country that is not approved for at least one type of importation of at least one category of equidae;
- (g) the equidae shall arrive at a border inspection post at the point of entry into the Community within 10 days of being certified in the exporting third country for transport or movement to the Community. In the case of transport by sea, the period of 10 days shall be prolonged by the time of the sea voyage.

*Article 7***Conditions for imports of equine semen from third countries**

Imports into the Community of semen of the equine species shall only be allowed, if such semen is collected in a semen collection centre approved in accordance with Directive 92/65/EEC and listed in Decision 2000/284/EC and fulfils the conditions laid down in the animal health certificate provided for in Commission Decision 96/539/EC.

*Article 8***Conditions for imports of ova and embryos of the equine species from third countries**

Imports into the Community of ova and embryos of the equine species shall only be allowed if such ova and/or embryos fulfil the conditions laid down in the animal health certificate provided for in Commission Decision 96/540/EC.

*Article 9***Amendments**

1. Annex I and II of Decision 93/195/EEC are amended in accordance with Annex II to this Decision.
2. Decision 94/63/EC is amended as follows:
 - (a) The title of the Decision is replaced by the following:

‘Commission Decision of 31 January 1994 drawing up a list of third countries from which Member States authorise imports of semen, ova and embryos of the ovine and caprine species and ova and embryos of the porcine species’.
 - (b) In Article 1, the second paragraph is deleted.
 - (c) In the Annex, Part II is deleted.

*Article 10***Repeals**

Decisions 92/160/EEC and 95/461/EC are repealed.
