

Commission Decision of 4 July 2005 concerning the non-inclusion of triazamate in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing that substance (notified under document number C(2005) 1960) (Text with EEA relevance) (2005/487/EC)

COMMISSION DECISION

of 4 July 2005

concerning the non-inclusion of triazamate in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing that substance

(notified under document number C(2005) 1960)

(Text with EEA relevance)

(2005/487/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market⁽¹⁾, and in particular the fourth subparagraph of Article 8(2) thereof,

Whereas:

- (1) Article 8(2) of Directive 91/414/EEC provides that a Member State may, during a period of 12 years following the notification of that Directive, authorise the placing on the market of plant protection products containing active substances not listed in Annex I to that Directive that are already on the market two years after the date of notification, while those substances are gradually being examined within the framework of a programme of work.
- (2) Commission Regulations (EC) No 451/2000⁽²⁾ and (EC) No 703/2001⁽³⁾ lay down the detailed rules for the implementation of the second stage of the programme of work referred to in Article 8(2) of Directive 91/414/EEC. For the active substance triazamate the notifier informed the Commission on 7 July 2004 that it no longer wished to seek the inclusion of that substance in Annex I to Directive 91/414/EEC. Consequently, that active substance should not be included in that Annex and Member States should withdraw all authorisations for plant protection products containing triazamate.
- (3) A period of grace for disposal, storage, placing on the market and use of existing stocks should be provided to allow those stocks to be used in one further growing season.
- (4) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

Status: This is the original version as it was originally adopted in the EU. This legislation may since have been updated - see the latest available (revised) version

HAS ADOPTED THIS DECISION:

Article 1

Triazamate shall not be included as an active substance in Annex I to Directive 91/414/EEC.

Article 2

Member States shall ensure that:

1. authorisations for plant protection products containing triazamate are withdrawn by 4 January 2006;
2. no authorisations for plant protection products containing triazamate are granted or renewed from the date of publication.

Article 3

Any period of grace granted by Member States under Article 4(6) of Directive 91/414/EEC, for the disposal, storage, placing on the market and use of existing stocks shall be as short as possible and shall expire on 4 January 2007 at the latest.

Article 4

This Decision is addressed to the Member States.

Done at Brussels, 4 July 2005.

For the Commission

Markos KYPRIANOU

Member of the Commission
