[^{F1}ANNEX II

[^{F2}List of composite products not subject to official controls as referred to in point (b) of Article 6(1)]

Textual Amendments

- F1** Substituted by Commission Implementing Decision (EU) 2016/1196 of 20 July 2016 amending the Annexes to Decision 2007/275/EC concerning the lists of animals and products to be subject to controls at border inspection posts under Council Directives 91/496/EEC and 97/78/EC (notified under document C(2016) 4494) (Text with EEA relevance).
- F2** Substituted by Commission Implementing Regulation (EU) 2019/2007 of 18 November 2019 laying down rules for the application of Regulation (EU) 2017/625 of the European Parliament and of the Council as regards the lists of animals, products of animal origin, germinal products, animal by-products and derived products and hay and straw subject to official controls at border control posts and amending Decision 2007/275/EC (Text with EEA relevance).

Column (1) — CN code

This column indicates the CN code. The CN, established by Regulation (EEC) No 2658/87, is based on the international Harmonised Commodity Description and Coding System (HS) drawn up by the Customs Cooperation Council, now the World Customs Organisation (WCO), adopted by the International Convention, concluded in Brussels on 14 June 1983 and approved on behalf of the European Economic Community by Decision 87/369/EEC ('the HS Convention'). The CN reproduces the headings and subheadings of the HS to six digits, with only the seventh and eighth figures creating further subheadings which are specific to it.

[^{F2}Where a four digit code is used: unless otherwise specified, all composite products prefixed with or covered by these four digits are not required to be submitted to official controls at a border control post.]

Where only certain specified products under any four, six or eight digit code contain animal products and no specific subdivision under this code exists in the CN, the code is marked **ex** (for example, **ex 2001 90 65**: veterinary checks not required for the products outlined in Column (2)).]
