

Commission Decision of 17 April 2007 concerning lists of animals and products to be subject to controls at border inspection posts under Council Directives 91/496/EEC and 97/78/EC (notified under document number C(2007) 1547) (Text with EEA relevance) (2007/275/EC)

Article 5

Certification to accompany composite products subject to veterinary checks

Those composite products containing processed meat product shall be accompanied at introduction into the Community by the relevant certificate for meat products laid down in Community legislation, regardless of any other animal product content.

Those composite products referred to in Article 4(b) and 4(c), containing processed milk product, shall be accompanied at introduction into the Community by the relevant certificate laid down in Community legislation.

Composite products containing only processed fishery or egg products of animal origin shall be accompanied at introduction into the Community by the relevant certificate laid down in Community legislation or a commercial document where there is no certificate so required.
